Neo4j Certified Professional Jun 20 2020 This book contains two high-quality practice tests of 80 questions each - with answers and explanations - to help you pass or improve your score on the free online Neo4j Certified Professional exam.* All questions are closely emulated from those currently found in the actual exam, so you'll not waste time on anything else.* Unlike the real exam, you'll know right away what questions you missed, and what the correct answers are.* Detailed explanations with external references for any possible choice, in each practice test question.* Quiz types distributed close to 50% multi-choice + 25% multi-select + 25% True/False.* Domains distributed close to the real exam: 40% Cypher + 30% Intro + 20% Modeling + 10% Developer.* Questions will test you on Neo4j version 3.x, but explanations will have updates on deprecated features and change history.Why not just trying again and again the free online exam, until I pass? Because starting May 2020, you can try only once a day the real online exam.* Because the high number of multi-answer questions and the gotcha tricks may give you no idea what went wrong.* Because it is time consuming and you can easily get stuck at the same low scoring mark.* Because nothing tells you where and what you failed, and next time you will likely make the same wrong choices.* Because you can hardly improve without knowing what went wrong.* Because you may want to get a better passing score anyway, as long as it appears on your issued certificate.Same e-book as LIVE practice tests on Udemy: "Neo4j Certified Professional - Practice Exams"
