Exam Board: AQA Level: AS/A-level Subject: PE First Teaching: September 2016 First Exam: June 2017 Inspire, motivate and give confidence to your students with AQA PE for A Level Book 1. This reliable and accessible textbook will offer your students comprehensive support for both the academic and practical elements of the course. This Student's Book has been selected for AQA's official approval process. - Key questions to direct thinking and help students focus on the key points - Diagrams to aid understanding - Summaries to aid revision and help students access the main points - Extension questions, stimulus material and suggestions for further reading to stretch, challenge and encourage independent thinking and a deeper understanding - Definition of key terms - again to aid and consolidate understanding of technical vocabulary and concepts - Activities to build conceptual understanding and sound knowledge and understanding, analysis, evaluation and application skills

Contents: Section 1 Applied Anatomy and Physiology 1.1 The cardiovascular system (Sue Young) 1.2 The respiratory system (Sue Young) 1.3 The neuromuscular system (Sue Young) 1.4 The musco-skeletal system and analysis of movement in physical activities (Sue Young) Section 2 Skill

acquisition 2.1 Skill acquisition (Carl Atherton) 2.2 Principles and theories of learning and performance (Carl Atherton) Section 3 Sport and society 3.1 Emergence of globalization of sport in the 21st century (Symond Burrows) 3.2 The impact of sport on society and of society on sport (Symond Burrows) Section 4 Exercise physiology 4.1 Diet and nutrition and their effect on physical activity and performance (Sue Young) 4.2 Preparation and training methods in relation to maintaining physical activity and performance (Sue Young) Section 5 Biomechanical movement 5.1 Biomechanical principles and levers (Sue Young) Section 6 Sport psychology 6.1 Physiological influences on the individual (Carl Atherton) 6.2 Further psychological effects on the individual (Carl Atherton) 6.3 Psychological influences on the team (Carl Atherton) Section 7 The role of technology in physical activity and sport 7.1 The role of technology in physical activity and sport (Symond Burrows) Section 8 Assessment 8.1 Tackling the AS exam (Ross Howitt) 8.2 Tackling the non-examined assessment (Ross Howitt) Fully revised and updated for the new linear qualification, written and checked by curriculum and specification experts, this Student Book supports and extends students through the new course while delivering the breadth, depth, and skills needed to succeed in the new A Levels and beyond. Exam Board: AQA Level: AS/A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2016 Ensure your students get to grips with the core practicals and develop the skills needed to succeed with an in-depth assessment-driven approach that builds and reinforces understanding; clear summaries of practical work with sample questions and answers help to improve exam technique in order to achieve higher grades. Written by experienced teachers Tim Waite and Amber Waite, this Student Guide for practical Chemistry: - Help students easily identify what they need to know with a concise summary of required practical work examined in the A-level specifications. - Consolidate understanding of practical work, methodology, mathematical and other

skills out of the laboratory with exam tips and knowledge check questions, with answers in the back of the book. - Provide plenty of opportunities for students to improve exam technique with sample answers, examiners tips and exam-style questions. - Offer support beyond the Student books with coverage of methodologies and generic practical skills not focused on in the textbooks. With My Revision Notes: AQA A Level Physics you can: - Manage your own revision with step-by-step support from experienced teacher and examiner Keith Gibbs - Apply biological terms accurately with the help of definitions and key words - Plan and pace your revision with the revision planner - Test understanding with questions throughout the book - Get exam ready with last minute quick quizzes available on the Hodder Education website Exam Board: AQA Level: AS/A-level Subject: Biology First Teaching: September 2015 First Exam: June 2016 AQA Approved Develop students' experimental, analytical and evaluation skills with contemporary and topical biology examples, practical assessment guidance and differentiated end of topic questions, with this AQA Year 1 student book (includes AS-level). - Provides support for all 12 required practicals with plenty of activities and data analysis guidance - Develops understanding with engaging and contemporary examples to help students apply their knowledge, analyse data and evaluate findings - Gives detailed guidance and examples of method with a dedicated 'Maths in Biology' chapter and mathematical support throughout to consolidate learning - Offers regular opportunities to test understanding with Test Yourself Questions, Differentiated End of Topic Questions and Stretch and Challenge Questions - Supports exam preparation with synoptic questions, revision tips and skills - Develops understanding with free online access to 'Test yourself' answers and an extended glossary. Fully revised and updated for the new linear qualification, written and checked by curriculum and specification experts, this Student Book supports and extends students through the new course while delivering the breadth, depth, and

skills needed to succeed in the new A Levels and beyond. Boost confidence with our all-in-one textbook for AQA A-level Physical Education. This updated and accessible textbook combines Year 1 and Year 2 content with brand new assessment preparation to provide detailed support for both the academic and practical elements of the course. This book: - Develops conceptual understanding with thorough coverage of topics on the AQA A-level specification together in one book - Includes updates to 'end of chapter practice' questions and assessment preparation - Contains summaries, diagrams and key questions to direct thinking and aid revision - Stretches, challenges and encourages independent thinking and a deeper understanding through extension questions, stimulus material and suggestions for further reading - Features definitions of key terms to aid and consolidate understanding of technical vocabulary and concepts - Builds sound knowledge and understanding, analysis, evaluation and application skills through activities This Student Book has been approved by AQA This book offers targeted support to meet the demands of the 2015 AQA A Level English Literature B specification. Offering new material, and flagging AS specification requirements, it builds the skills students will be assessed on. From a highly experienced and trusted author team, this book aims to help all students achieve their potential. AQA (A) AS Biology provides comprehensive coverage of the two modules examined at AS. Printed in full colour throughout, the textbook describes and explains the biological concepts examined in each unit. Regular examiner's tips and margin comments throughout the book, and a set of short-answer questions at the end of each chapter, will help students improve their understanding of key points about each topic. Some of these questions require simple recall; others are AQA-style exam questions for more extensive revision. Develop experimental, analytical and evaluation skills with topical biology examples, practical assessment guidance and differentiated end-of-topic questions in this updated, all-in-one textbook for Years 1 and 2. Written for the AQA A-level

Biology specification, this revised textbook will: - Provide support for all 12 required practicals with plenty of activities and data analysis guidance. - Develop understanding with engaging and contemporary examples to help you apply your knowledge, analyse data and evaluate findings. - Give detailed guidance on the mathematical skills needed with support throughout, examples of method and a dedicated 'Developing mathematical skills' chapter. - Offer regular opportunities to test understanding with 'Test yourself' questions, differentiated end-of-topic questions and 'Stretch and challenge' questions. - Support exam preparation with synoptic questions, revision tips and skills. - Develop understanding with free online access to 'Test yourself' answers, 'Practice' question answers and extended glossaries*. AQA A-level Computer Science has been selected for AQA's official approval process. Designed for teaching the AS and A-level specifications from September 2015, this student's book: * Helps build a thorough understanding of the fundamental principles examined in the AQA A Level Computer Science specifications (including programming, algorithms, data structures and representation, systems, databases and networks, uses and consequences) * Provides clear coverage and progression through the AS and A Level specifications, written by a leading computer science author * Prepares students to tackle the various demands of the course, from programming and theoretical assessments to the investigative project at A Level * Helps students develop key skills through frequent coding and exam practice, in order that they can demonstrate and apply their knowledge of the principles of computer science, and design, program and evaluate problem-solving computer systems. Bob Reeves is an experienced teacher and examiner, and well-respected author of resources for Computing and ICT across the curriculum. This book offers targeted support to meet the demands of the 2015 AQA A Level English Language specification. Offering up-to-date material, and flagging AS specification requirements, it builds the skills students will be assessed on. From a highly

experienced and trusted author team, this new book aims to help all students achieve their potential. A new series of bespoke, full-coverage resources developed for the 2015 A Level English qualifications. Endorsed for the AQA A/AS Level English Language specifications for first teaching from 2015, this print Student Book is suitable for all abilities, providing stretch opportunities for the more able and additional scaffolding for those who need it. Helping bridge the gap between GCSE and A Level, the unique three-part structure provides essential knowledge and allows students to develop their skills through a deeper study of key topics, whilst encouraging independent learning. An enhanced digital version and free Teacher's Resource are also available. This book helps students meet the demands of the 2015 AQA A Level English Language and Literature specification. With up-to-date material, and flagging AS specification requirements, it builds the skills on which students will be assessed. From a very experienced author team, this entirely new book aims to help all students achieve their potential. 'AQA GCSE Geography B' is the only resource to have been developed with and exclusively endorsed by AQA. With a real focus on tracking individual progress, you can improve your students' chance of exam success through a unique blend of print and electronic resources. Exam Board: AQA Level: AS/A-level Subject: Spanish First Teaching: September 2017 First Exam: June 2018 Our Student Book has been approved by AQA.
