"Paul Farmer brings his considerable intellect, empathy, and expertise to bear in this powerful and deeply researched account of the Ebola outbreak that struck West Africa in 2014. It is hard to imagine a more timely or important book." —Bill and Melinda Gates "[The] history is as powerfully conveyed as it is tragic . . . Illuminating . . . Invaluable." —Steven Johnson, *The New York Times Book Review* In 2014, Sierra Leone, Liberia, and Guinea suffered the worst epidemic of Ebola in history. The brutal virus spread rapidly through a clinical desert where basic health-care facilities were few and far between. Causing severe loss of life and economic disruption, the Ebola crisis was a major tragedy of modern medicine. But why did it happen, and what can we learn from it? Paul Farmer, the internationally renowned doctor and anthropologist, experienced the Ebola outbreak firsthand—Partners in Health, the organization he founded, was among the international responders. In *Fevers, Feuds, and Diamonds*, he offers the first substantive account of this frightening, fast-moving episode and its implications. In vibrant prose, Farmer tells the harrowing stories of Ebola victims while showing why the medical response was slow and insufficient. Rebutting misleading claims about the origins of Ebola and why it spread so rapidly, he traces West Africa's chronic health failures back to centuries of exploitation and injustice. Under formal colonial rule, disease containment was a priority but care was not - and the region's health care woes worsened, with devastating consequences that Farmer traces up to the present. This thorough and hopeful narrative is a definitive work of reportage, history, and advocacy, and a crucial intervention in public-health discussions around the world. "I used to be a lesbian." In *Gay Girl, Good God*, author Jackie Hill Perry shares her own story, offering practical tools that helped her in the process of finding wholeness. Jackie grew up fatherless and experienced gender confusion. She embraced masculinity and homosexuality with every fiber of her being. She knew that Christians had a lot to say about all of the above. But was she supposed to change herself? How was she supposed to stop loving women, when homosexuality felt more natural to her than heterosexuality ever could? At age nineteen, Jackie came face-to-face with what it meant to be made new. And not in a church, or through contact with Christians. God broke in and turned her

heart toward Him right in her own bedroom in light of His gospel. Read in order to understand. Read in order to hope. Or read in order, like Jackie, to be made new. Claims our true devotion is found in material pursuit of "just a little bit more." A collection of Southern recipes People are too busy to trade their time to see another financial professional, all of whom look alike - so they believe. Clients screen calls. Prospects make excuses. Many hang up. Some politely just say no. But a no is a no - shrinking your potential success. Is it worse today than years past? Yes! A dramatic change has occurred. Prospects are becoming harder to access and clients harder to keep loyal. If you remain asleep at the wheel, the damage will be irreversible. That's a hefty price to pay for not knowing the new rules for prospect attraction. In his latest book, Robert Krumroy delivers the new psychology for building deep client loyalty and creating a compelling personal prospect attraction for the financial professional. You will be introduced to the new prospect-attraction model, turning the old rules of engagement on their ear. "Many advisors think that prospect attraction is defined as sending pre-approach letters to initiate their introduction," he observes. "Some think it is perfecting their elevator speech. Others think it is their phone approach. Some think it's their quarterly financial newsletter. Some think it's about specializing. But it's none of these. It's about how you add unique and relevant texture to your prospect's personal world." Krumroy describes step by step how to become "a little bit famous" in your local market, sharing unique approaches for cutting through the skepticism prevalent among consumers today to gain welcomed access when requesting appointments or soliciting referrals. He explains what works and what doesn't through dozens of examples and true stories. This is the book that shows you: · Where

to find the most approachable affluent prospects · How to heighten your prospect's awareness for you in ways that attract them to you. · How to establish a business characteristic uniqueness that trumps the competition. · How to engage meaningful prospect connection strategies, building competitive preference for you within your market. · How to solve the "getting in" problem with affluent prospects, ones that you thought were impossible to access. · How to avoid ineffective marketing methods still being promoted today. Prospect attraction begins by delivering an experience that is creative, distinctive, and personally relevant. Attraction is not your product, nor your planning process. It's not even most differentiation strategies. Today's prospect wants more. They want YOU to be a "little bit FAMOUS!" In today's world many things are banded around and get quoted. Just as quickly they are forgotten. So what do we tell our children, to give them a guiding light into life and through their lives? Jesus came to a mixed up world, calling us to be like children and start our lives again, on a sound track. After two thousand years millions of people throughout the world find extraordinary wisdom in what Jesus had to say. His teaching has an eternal quality, an eternal goodness. What did Jesus actually teach? Here it is explained to a child, in a way that the years of growing up will only enhance. "Life's too short. I'm not." You might know her as a Tony Award-winning Broadway star, who originated the role of Galinda the Good Witch in the smash musical Wicked and won a Tony for 1999's You're a Good Man, Charlie Brown. Or you may recognize her from her starring roles on TV -- The West Wing, Pushing Daisies, Sesame Street...oh, and her Huge Hit Sitcom Kristin on NBC. (Huge hit. L.A. breast-implant huge. Ask either of the people who watched it.) Or maybe you saw her sexy spread in FHM magazine? Or her appearance on Pat Robertson's The 700 Club? Kristin is a wonderful collection of contradictions -- but everyone who's ever met her remembers her as the little girl with the big voice. At four foot eleven, Kristin Chenoweth is an immense talent in a petite but powerful package. In this lively, laugh-out-loud book, Kristin shares her journey from Oklahoma beauty queen to Broadway leading lady, reflecting on how faith and family have kept her grounded in the dysfunctional rodeo of show biz. The daughter of an engineer and a nurse, Kristin was singing in front of thousands at Baptist conventions by age twelve and winning beauty pageants by age twenty-two. (Well, actually she was second runner-up almost every freaking time. But, hey, she's not bitter.) On her way to a career as a professional opera singer, she stopped in New York to visit a friend and went on a whim to an audition. Through a combination of talent, hard work, and (she's quick to add) the grace of God, Kristin took Broadway by storm. But of course, into every storm, the occasional drizzle of disaster must fall. Filled with wit, wisdom, and backstage insight, A Little Bit Wicked is long on love and short on sleep; it's essential reading for Kristin's legions of fans and an uplifting story for anyone seeking motivation to follow his or her dreams -- over the rainbow and beyond. As one of the most celebrated musicians in the world, Alicia Keys has enraptured the globe with her heartfelt lyrics, extraordinary vocal range, and soul-stirring piano compositions. Yet away from the spotlight, Alicia has grappled with private heartache—over the challenging and complex relationship with her father, the people-pleasing nature that characterized her early career, the loss of privacy surrounding her romantic relationships, and the oppressive expectations of female perfection. Since Alicia rose to fame, her public persona has belied a deep personal truth: she has spent years not fully recognizing or honoring her own worth. After withholding parts of herself for so long, she is at last exploring the questions that live at the heart of her story: Who am I, really? And once I discover that truth, how can I become brave enough to embrace it? *More Myself* is part autobiography, part narrative documentary. Alicia's journey is revealed not only through her own candid recounting, but also through vivid recollections from those who have walked alongside her. The result is a 360-degree perspective on Alicia's path, from her girlhood in Hell's Kitchen and Harlem to the process of growth and self-discovery that we all must navigate. In *More Myself*, Alicia shares her quest for truth—about herself, her past, and her shift from sacrificing her spirit to celebrating her worth. With the raw honesty that epitomizes Alicia's artistry, *More Myself* is at once a riveting account and a clarion call to readers: to define themselves in a world that rarely encourages a true and unique identity.
