At once laugh-out-loud funny, deliciously dark, and remarkably smart, Struck By Lightning unearths the dirt that lies just below the surface of high school. The film Stuck By Lightning features Colfer's own original screenplay. Colfer also stars in the film alongside Allison Janney, Christina Hendricks, Dermot Mulroney, Sarah Hyland, and Polly Bergen. Writing in the style of Louis L'Amour, Zane Grey, Larry McMurry and William W. Johnstone, Best-Selling Western Author John Spiars, author of Riders of the Lone Star, Hell and Half of Texas, and Bound for Vengeance, returns with BLOOD TRAIL, the fourth novel in the Heck Carson Series. Texas Ranger, Jesse "Heck" Carson, is living the life he has always dreamed of, chasing down and capturing the outlaws who ply their evil trade along the Mexican border. When orders come from the Federals that the Rangers are to be disbanded, Heck decides that the time has come for him to begin building a life for himself that doesn't involve getting shot at by killers and horse thieves, but he has one last mission to complete first. The O'Shea gang is a group of former Union soldiers from the famed and infamous Irish Brigade, who have come to Texas to exact their own revenge for the war by butchering as many Southerners as they can. Before Heck can start the next chapter of his life, he must put a stop to this scourge before the gang makes it across the Mexican border to safety. As he chases the gang across the Texas frontier, Heck meets many who are on the same quest, but with motives far different than his own. The brutality of the O'Shea gang is matched only by those who seek to make a name for themselves by putting them in the ground, and Heck Carson finds himself caught in the middle. To accomplish his job and rid the state of this scourge, Heck will have to figure out whom he can trust, and together they will have to make the fight of their lives. "What kind of man are you?" Bard asked. "I'm the man I have to be to get the job done. It's best ya keep that in mind on our way back." "I've shot many men in my time, and not one of 'em was by accident," "I'm Ranger Carson," he said, showing the man his silver star, "and I hope you don't make me do this the hard way." "The truth's a funny thing, sonny. It tends to change depending on how a person's asked. I've tried asking proper, but I reckon I'll have to find another way. I killed your friend, but spared you, so don't go making me wish I'd chosen otherwise. I plunged my knife into his belly and took him quick, but believe me, I can do it much slower if I'm of a mind. It's best you just remember that." "That was a bloody thrill," O'Shea said, cleaning the blood from his saber. "Tell me you gentlemen didn't feel the sensation when those men walked in here. For a moment, I thought it could go either way." "If a man's gonna make his life in a hard country, he's gotta make himself hard. Ya just set your mind to what's gotta be done, and then ya do it. If a man lets fear get in the way, then he won't act when he has to. "You seem like a good man, Mister Abbott, but if your men don't let us pass, you'll die here, right along with me." "Names mean nothing to me, mister. I've killed many men, and to tell ya the truth, I don't remember one of their names. It would be best if you just handed me that shotgun. If you do, ya might make it outta this town alive." John Spiars is the author of The Heck Carson Western Series. He is a writer and amateur historian with a passion for the history and myths of the "Old West". He is a native Texan and lives in North Texas with his wife and four children. When not writing western novels, he maintains a blog about Texas history and travel entitled Under the Lone Star. Love, courage, and commitment take center stage as the Carsons, a family of time travelers, continue their saga in the great American West. For the Carson children, ages 19 to 29, an unplanned stop in 1962 is a chance to grow. Adam, Greg, and Natalie begin lives with new spouses in Boulder, Colorado, while twins Cody and Caitlin get their first taste of college. All plan to resume the search for their missing parents as soon as they can. For Tim and Caroline Carson, a planned stop in the rendezvous year of 1972 is a nightmare. While reading about their children's lives in 1962, they learn that one has crossed paths with a killer. Faced with limited options, they race back to the past to reroute history and prevent a series of murders. In CAITLIN'S SONG, the fourth novel in the Carson Chronicles series, members of a modern family find romance, adventure, and terror as they seek answers and each other in four memorable eras of American history. The award-winning poet reinvents a genre in a stunning work that is both a novel and a poem, both an unconventional re-creation of an ancient Greek myth and a wholly original coming-of-age story set in the present. Geryon, a young boy who is also a winged red monster, reveals the volcanic terrain of his fragile, tormented soul in an autobiography he begins at the age of five. As he grows older, Geryon escapes his abusive brother and affectionate but ineffectual mother, finding solace behind the lens of his camera and in the arms of a young man named Herakles, a cavalier drifter who leaves him at the peak of infatuation. When Herakles reappears years later, Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent. By turns whimsical and haunting, erudite and accessible, richly layered and deceptively simple, Autobiography of Red is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is. When two brothers take a road trip to visit their ill father, their journey reveals, not only an unexpected friendship, but also some surprising truth It is late summer 2008 and forty-year-old Salinger Nash, who has been plagued since adolescence by a mercurial depression, leaves the north-west London house he shares with girlfriend for his older brother, Carson's home in New Orleans. It is Carson who has persuaded Salinger that they should visit their estranged father on his deathbed in Las Cruces, and use it as an opportunity to heal old wounds. However it is with a sense of foreboding that Salinger sets off with his brother on a road trip from New Orleans in Carson's prized brand new Lexus, as their relationship is far from amicable. Tender, funny, unflinching, this is a road trip story in the great American literary tradition and an exploration of sibling rivalry that harks back to Cain and Abel. It is a vivid glimpse of a country through the eyes of an outsider, a profound exploration of brotherhood and a gripping journey of the soul. "Where They Wait is so readable, you'll be a couple of hundred pages in before you realize you're terrified...and then you can't put it down. Mesmerizing." —Stephen King "Tense and twisty." —Charlaine Harris, #1 New York Times bestselling author of The Southern Vampire Mysteries "A taut, creepy techno-chiller that will leave you hearing ghosts." —Paul Tremblay, author of A Head Full of Ghosts and Survivor Song A new supernatural novel about a sinister mindfulness app with fatal consequences from the New York Times bestselling author of The Chill. Recently laid-off from his newspaper and desperate for work, war correspondent Nick Bishop takes a humbling job: writing a profile of a new mindfulness app called Clarity. It's easy money, and a chance to return to his hometown for the first time in years. The app itself seems like a retreat of old ideas—relaxing white noise and guided meditations. But then there are the "Sleep Songs." A woman's hauntingly beautiful voice sings a ballad that is anything but soothing—it's disturbing, and more of a warning than a relaxation—but it works. Deep, refreshing sleep follows. So do the nightmares. Vivid and chilling, they feature a dead woman who calls Nick by name and whispers guidance—or are they threats? And her voice follows him long after the song is done. As the effects of the nightmares begin to permeate his waking life, Nick makes a terrifying discovery: no one involved with Clarity has any interest in his article. Their interest is in him. If nobody wants him, that's fine. He'll just take care of himself. When his father dies, Dave knows nothing will ever be the same. And then it happens. Dave lands in an orphanage—the cold and strict Hebrew Home for Boys in Harlem—far from the life he knew on the Lower East Side. But he's not so worried. He knows he'll be okay. He always is. If it doesn't work out, he'll just leave, find a better place to stay. But it's not that simple. Outside the gates of the orphanage, the nighttime streets of Harlem buzz with jazz musicians and swindlers; exclusive parties and mystifying strangers. Inside, another world unfolds, thick with rare friendships and bitter enemies. Perhaps somewhere, among it all, Dave can find a place that feels like home. Best-selling western author of Riders of the Lone Star returns with Hell and Half of Texas, the second novel in the Heck Carson Series. Justice is back. They are placed in a special unit tasked with stopping the murderous Jayhawkers who have been carrying on a guerilla war against civilians in Missouri. In order to do what is right, they must make decisions that will forever change the course of their lives and which thrusts them into a battle far more violent than anything they ever expected. The author uses anecdotes and quotes to help illustrate his argument that tolerance has gone beyond simply putting up with another's differences and still disagreeing with him or her and instead now has more to do with completely refraining from saying others are wrong, in a book that offers the author's personal Christian perspective on the issue. The poetry and prose collected in Plainwater are a testament to the extraordinary imagination of Anne Carson, a writer

described by Michael Ondaatje as "the most exciting poet writing in English today." Succinct and astonishingly beautiful, these pieces stretch the boundaries of language and literary form, while juxtaposing classical and modern traditions. Carson envisions a present-day interview with a seventh-century BC poet, and offers miniature lectures on topics as varied as orchids and Ovid. She imagines the muse of a fifteenth-century painter attending a phenomenology conference in Italy. She constructs verbal photographs of a series of mysterious towns, and takes us on a pilgrimage in pursuit of the elusive and intimate anthropology of water. Blending the rhythm and vivid metaphor of poetry with the discursive nature of the essay, the writings in Plainwater dazzle us with their invention and enlighten us with their erudition. The most wanted man in the West, Big Bob Magraw has earned his reputation as a thief and killer. With a gang of trigger-happy desperadoes willing to do his bidding, Magraw has robbed banks, stagecoaches, and railroads, raised hell ravaging towns, and left bodies littering the streets in his wake. Carson Stone rode with Magraw's gang exactly once, minding their horses during a bank robbery, before quitting. But with the marshal of El Paso, Texas, gunned down in cold blood as the bandits escaped, he's been judged guilty by association. To clear his name, Carson teams up with bounty hunter Colby Tate to track down the outlaws--now scattered across the frontier--and bring them to justice. And Carson must convince his partner to bring Magraw in alive or he'll never escape the shadow of the hangman's noose. . . It can no longer be assumed that most people--or even most Christians--have a basic understanding of the Bible. Many don't know the difference between the Old and New Testament, and even the more well-known biblical figures are often misunderstood. It is getting harder to talk about Jesus accurately and compellingly because listeners have no proper context with which to understand God's story of redemption. In this basic introduction to faith, D. A. Carson takes seekers, new Christians, and small groups through the big story of Scripture. He helps readers to know what they believe and why they believe it. The companion leader's guide helps evangelistic study groups, small groups, and Sunday school classes make the best use of this book in group settings. "Many details within the informative, exciting narrative are based in history, and sidebars filling in the facts will bolster the story's believability for young readers...A good beginning for the Escape From . . . historical fiction series." Booklist "With a prologue that spells out the issues on the Titanic, this book foreshadows disaster. Patrick Kelley, an Irish bellboy set to turn 14 on the ship, and Sarah Walsh, a young white passenger headed back to her family in Boston, are thrown together in an unlikely match, with little in common except their Irish backgrounds." School Library Journal Patrick is an Irish bellboy working on the Titanic to help his family back home. Sarah is a passenger excited to return to America. Neither of them knows that they are about to embark on the most dangerous trip of their lives. The unsinkable Titanic is not quite what Sarah expected. Instead of dining with movie stars, she finds herself having more fun in steerage with the family of her new friend, Patrick, a bellboy. He shows her all the secrets that the greatest ship in the world has to offer, like heated swimming pools and first-class cabins. But then . . . disaster! The ship crashes into an iceberg, and water begins rushing into the lower decks. The Titanic is going down fast--into the deep, icy Atlantic. Can Sarah find her new friends in time? Can Patrick do his duty and also save himself? Will either of them manage to escape one of the deadliest shipwrecks in history? John C. Frémont, nearly forgotten today, was one of the giants of nineteenth-century America. He led five expeditions into the American West in the 1840s and 1850s, covering a greater area than any other explorer. His expedition reports -- ghost-written by his beautiful and talented wife, Jessie Benton Frémont -- were bestsellers in their day. Riding the wave of his popularity, he captured the Republican Party nomination for president in 1856 but narrowly lost the election. Frémont's scout on three of his expeditions was Kit Carson. Frémont fancied himself a mountaineer, and he possessed great stamina and courage, but he lacked Carson's skills and knowledge. The only expedition Frémont led without Carson was a disaster that, like the better-known Donner Party debacle, culminated in one of the rare documented instances of cannibalism in American history. A Newer World is the fascinating story of the Frémont-Carson expeditions and of two men, utterly unlike in so many ways, who became friends as well as fellow explorers. Frémont owed his life to Carson, who saved him on several occasions, while the legend of Kit Carson, the greatest mountain man of his day, grew out of Frémont's expedition reports. The Frémont-Carson expeditions are second only to Lewis and Clark's in their significance for America's western expansion. Their 1845-46 campaign, for example, helped to precipitate the Mexican-American War and led to the wresting of California from Mexico. Carson is often remembered today for his 1863-64 roundup of Apaches and Navajos, leading to the infamous Long Walk. David Roberts demonstrates that Carson, who was twice married to Indian women, was profoundly ambivalent about the campaign, which was ordered by an Army officer who was his superior. Throughout the book, Roberts draws on little-known primary sources in telling the dramatic stories of these expeditions. He shows how Frémont saw himself as a historical figure, especially in his reports, while Carson -- taciturn where Frémont was outspoken, modest where Frémont was boastful, and, significantly, illiterate -- was oblivious to his own fame. Yet it was Carson who underwent an evolution from an Indian killer to an Indian advocate. In addition to his archival research, Roberts traveled the routes of Frémont and Carson's expeditions to gain a firsthand knowledge of the territory they explored. In analyzing how Frémont and Carson advanced the Americanizing of the West, Roberts writes with a modern-day sensitivity to the Indians, for whom these expeditions were a tragedy. All we have to do is live long enough, and we will suffer in one way or another. In this new edition of an excellent, widely appreciated study, Don Carson addresses the issue of evil and suffering with sensitivity, pastoral concern and biblical insight. He helps Christians prepare for the day when they have to experience a 'frowning providence', and face it with faith and hope because of an unshakable trust in the providence of God. HECK CARSON IS BACK...AND FIGHTING TO THE LAST MAN. Writing in the style of Louis L'Amour, Zane Grey, Larry McMurtry and William W. Johnstone, Best-selling western author John Spiars, of Riders of the Lone Star and Hell and Half of Texas, returns with Bound for Vengeance, the third novel in the Heck Carson Series. Barely surviving the attack by the men in black, Heck Carson sets out on the killer's trail. Traveling west through the high country, he heads straight into the heart of a dark conspiracy, where treachery and violence are used to maintain order and where human life is of little value. Oro City is a gold boom town nestled in the Rocky Mountains, where a man only known as the General reigns with an iron fist, and keeps the inhabitants in virtual slavery. With an army at his disposal and a fortune in gold, the General's evil plan seems assured of success, that is until he meets former Texas Ranger, Heck Carson. With the help of his friends, and a few new acquaintances, Heck treks over the icy peaks of the Rockies, toward an ultimate showdown with the fate of the United States hanging in the balance. While the Civil War rages, and the Blue and Gray collide in bloody battles, it is on the unknown battlefields where heroes and villains not mentioned in the history books, fight for the soul of a nation. EXCERPTS: "If we don't go, they'll keep sending these killers after us. The only way to end this is to take the fight to them." Hearing gunfire behind him, Paul turned his head just in time to see three cowboys fall to the ground. The bodies of the dead were trampled under the horses of the approaching men in black. The four men carefully led their horses down the steep slope, taking turns walking in front, in an effort to identify and avoid the drifts. The trail skirted the sheer face of the mountain, and only a few feet of unstable earth separated the men from the abyss. Red screamed as the liquid ran into every cut and seemed to burn the flesh as it ran down his back. He screamed and pulled at his bindings with every ounce of strength he had left. "Your men killed the boy. He was Carson's friend, and he's not one to let something like that go unanswered." "We're walking into a hornet's nest," August said, as he watched the fifteen men ride away, "and now we're going in with twenty-five less guns." As they came into view, the approaching army looked like a single black mass moving across the green prairie. Heck didn't believe that a hundred men on horseback could look any more imposing if they were ushering in damnation itself. Following the rays of daylight that penetrated the deadly haze, twenty men emerged from the carnage. Far from the salvation they had expected, the men emerged into a hail of bullets that tore into their bodies from every direction all at once. Sickened by the destruction and death he had unleashed, Heck, with more than a twinge of regret, pushed down the plunger of the second detonator. "This is the face of war, I'm afraid," Heck said. "Just remember, you didn't ask for this evil to come to your town." Leaping forward, Heck caught the man's body before it hit the ground, and ran out the door with it on his shoulders. Two shots that were meant for Heck, struck the body of the dead barkeeper, giving him the chance to take careful aim. His first shot struck one of the gunmen between the eyes, and his second hit the other one in the belly. Heck knew that the second man would die, but not before he spent agonizing moments wishing he was dead. John Spiars is the author of the Heck Carson Series. He is a writer and amateur historian with a passion for the history and myths of the "Old West". He is a native Texan, and lives in North Texas with his wife and four children. Characters you root for and a story that grips from the first page." —Stephen King, #1 New York Times bestselling author of The Institute "Horror has a new name and it's Scott Carson. The Chill is an eerie dive into the murky depths of the supernatural. A story that has you looking back over your shoulder on every page." —Michael Connelly, #1 New York Times bestselling author of The Night Fire "A creepy tale of supernatural terror." —Publishers Weekly, starred review In this terrifying thriller, a supernatural force—set in motion a century ago—threatens to devastate New York City. Far upstate, in New York's ancient forests, a drowned village lays beneath the dark, still waters of the Chlewauckee reservoir. Early in the 20th century, the town was destroyed for the greater good: bringing water to the millions living downstate. Or at least that's what the politicians from Manhattan insisted at the time. The local families, settled there since America's founding, were forced from their land, but they didn't move far, and some didn't move at all. . . Now, a century later, the repercussions of human arrogance are finally making themselves known. An inspector assigned to oversee the dam, dangerously neglected for decades, witnesses something inexplicable. It turns out that more than the village was left behind in the waters of the Chill when it was abandoned. The townspeople didn't evacuate without a fight. A dark prophecy remained, too, and the time has come for it to be fulfilled. Those who remember must ask themselves: who will be next? For sacrifices must be made. And as the dark waters begin to inexorably rise, the demand for a fresh sacrifice emerges from the deep... This startling new translation of Dante's Inferno is by Ciaran Carson, one of contemporary Ireland's most dazzlingly gifted poets. Written in a vigorous and inventive contemporary idiom, while also reproducing the intricate rhyme-scheme that is so essential to the beauty and power of Dante's epic, Carson's virtuosic rendering of the Inferno is that rare thing—a translation with the heft and force of a true English poem. Like Seamus Heaney's Beowulf and Ted Hughes's Tales from Ovid, Ciaran Carson's Inferno is an extraordinary modern response to one of the great works of world literature. Best-selling western author, John Spiars has created a timeless hero of the old west. The first novel in the Heck Carson Series, Riders of the Lone Star brings the wild and lawless Texas frontier to life. When the Law ain't enough...He brings Justice. The year is 1852. Settlers on the Texas frontier are at the mercy of hostile Comanche and vicious outlaws, and the only ones holding the line between life and death are a few brave men, known as Texas Rangers. Outnumbered and outgunned, they bring law and order to the untamed land. They face impossible odds with nothing more than grit, determination, and a fast gun. It is this adventure and excitement that lures sixteen-year-old Jesse "Heck" Carson to leave his families ranch to join the fight. Heck quickly learns that this life comes at a price, the cost of which is hardship, danger, and possibly his own life. The bonds of friendship, loyalty, and duty lead him into epic battles that test his courage and resolve, and along the way he learns what it means to wear the star of the Texas Rangers. Best-selling western author, John Spiars weaves a tale of terror from the heart of the old west. Bury Me Along Palmetto Creek will leave chills long after the last page is turned. A Terror as Old as the Land Itself To the Native American tribes living in Texas, Enchanted Rock has been a location of great spiritual power, and the land between Palmetto Creek and the great rock a place of death, where the forces of light and dark have been battling for millennia. In the early 1830's Jim Bowie led an expedition to locate a mine purported to contain the largest deposits of silver ever found, but instead, they awaken the force that guards the mine. Narrowly escaping death, Bowie never returned, and left no clue to the mines location. In 1875, when a cavalry detachment disappears while searching for the lost Bowie mine, Rance and Travis are part of a troop of soldiers sent to locate them. What they find is an ancient, once dormant evil that seeks the sacrifice that will set it free upon the Texas frontier. Will Rance and Travis have what it takes to defeat this malevolence? A deaf-mute who has lost his only friend to a hospital for the insane becomes the recipient of the confidences of several other town residents. Quite simply the best version of Dante there is! PAUL MULDOON, Irish Times. Almost eight centuries after its first publication, Dante Alighieri's Divine Comedy remains an icon of Italian literature and of the epic genre. In Inferno, the first volume, the poet Virgil leads Dante's hero through hell, showing him the inhabitants of each of its nine circles and examples of the divine justice meted out to them. In this beautifully produced Apollo Library edition, Ciaran Carson's translation suffuses the text with wit, anger and irreverent vigour, without diminishing the pathos of the original. This is a retelling of Dante's epic journey for the twenty-first-century reader. Miami hotel tycoon Paulo Domingues knows that beneath her Southern priss, his event planner Alyssa Hunt is all sass.
