Kids will love getting to know the friendly, animal characters who feature throughout the series and reading about their fast-paced adventures. Calling all future Amelia Earharts and Chuck Yeagers—there's more than one way to get off the ground. Author and physics teacher Bobby Mercer will show readers 35 easy-to-build and fun-to-fly contraptions that can be used indoors or out. Better still, each of these rockets, gliders, boomerangs, launchers, and helicopters are constructed for little or no cost using recycled materials. **The Flying Machine Book** will show readers how to turn rubber bands, paper clips, straws, plastic bottles, and index cards into amazing, gravity-defying flyers. Learn how to turn a drinking straw, rubber band, and index card into a Straw Rocket, or convert a paper towel tube into a Grape Bazooka. Empty water bottles can be transformed into Plastic Zippers and Bottle Rockets, and ordinary paper can be cut and folded to make a Fingerrang—a small boomerang—or a Maple Key Helicopter. Each project contains a material list and detailed step-by-step instructions with photos. Mercer also includes explanations of the science behind each flyer, including concepts such as lift, thrust, and drag, the Bernoulli effect, and more. Readers can use this information to modify and improve their flyers, or explain to their teachers why throwing a paper airplane is a mini science lesson. Bobby Mercer has been sharing the fun of free flight for over two decades as a high school physics teacher. He is the author of several books and lives with his family outside of Asheville, North Carolina. Whizzing and whistling, rumbling and grumbling, sloshing and squelching, flashing and crashing- the witty and wacky animal crew is back with four amazing machines all ready to leap from the pages of this rambunctious picture book. Young children won't be able to get enough of the bright, bold, and zany illustrations, and will find the rhyming text so irresistible they will want to hear it over and over again. An informative, illustrated glossary answers all their questions about trains, diggers, fire engines, and rockets. Tremendous, chuggy tractors, so sturdy and so strong, hitching up to farm machines and pulling them along. Climb aboard a tractor with a trio of animal farmers in this lively story, now in an attractive board book format perfect for small hands. Young children will adore it as will the adults who get to read aloud these irresistible rhymes! **Flashing Fire Engines** follows the animal crew as they become fire fighters. Climb on board the fire truck, ride along, and learn how to put out fires to save the day! Every page of this chunky board book is full of the kind of detail that machine-mad toddlers love: the fireman's pole, the siren, the long ladder, and much more! From airplanes to fire engines, the internationally bestselling **Amazing Machines** series is the perfect way for children to learn about all sorts of vehicles! Each book introduces a new vehicle and the many jobs it can do. Bright, engaging artwork and simple, rhyming text combine to make these fantastic books for young children.
