How to Convert a Book to Epub Format Mar 24 2021 Do you want to see a dramatic increase in sales of your books? Have you noticed many people these days are reading books on their phones? It is high time to convert your books to epub. The epub format is necessary for your books to be read on smart phones and tablets. Paperback books and Ebooks - downloads to computers - are not formatted to fit on the small screen space of phones. When I realized that sales of

my books had plateaued I began to notice that more people were reading book on their phones than on their computers. The people on the front cover are holding books in their hands but reading a book on their phone! When I converted my books to epub my sales skyrocketed. It took me eight weeks of internet searches and failed efforts to learn how to convert my books to epub. This step by step guide shows you how precisely how to complete conversion of an existing book to epub format in two hours or less. This guide is written for people like myself who are not programmers and care less about the nuances of programming. Follow the steps

and you will save weeks of frustration. Convert your book to epub and celebrate an increase in sales.

Bing: From Farmer's Son to Magistrate in Han China Nov 12 2022 Much is known of life during the Han Empire, but the historical evidence remains fragmentary, and nowhere do we find a continuous account of the life of any one individual. In this engaging volume, Michael Loewe mines the written and material records to depict the imagined life of an ordinary person, Bing Wu, from the hardships of his earliest years on a rural farm to his retirement from a respected position in government service. Underlying the tale of Bing is a

richly detailed portrait of life during the Han--the arduous tasks of the conscript laborer; military service on the defense lines of the north; the travels of a merchant; the grueling conditions in an iron foundry; the construction of tombs; preparations for entering the civil service; the duties of a junior clerk and the governing of a commandery. Along the way, we are introduced to the operation of a crossbow; methods of telling time; the practice of writing; the rituals of divination; the ceremony of a state occasion, laws and the harsh consequences of breaking them; the workings of the central government and much more. Included are a

concise introduction, explanatory endnotes to each chapter, a selection of illustrations, a map of the Han Empire, notes for further reading and an essay by Loewe entitled, "A Brief History of the Han Empire."

You Look Nice Today May 26 2021 Robert Harbert, better known as Harb, is Executive Vice President in Charge of Total Quality. CaroleAnne Winter is the assistant who runs his life. But even Harb can't ignore that CaroleAnne's behavior is increasingly peculiar. At the same time, the vagaries of corporate power shift, and suddenly, both Harb and his Total Quality mandate are vulnerable. It's at this

moment that CaroleAnne levels a stunning charge: that she has been the target of an organized campaign of sexual harassment from her first days at the company. The investigation she demands will reach to the highest levels of the corporation—and at its center, she insists, must be the greatest offender of all: Harb.

Dave Bing Jan 14 2023 What kind of person loses sight in one eye and then through dedicated practice and honed skills becomes one of the top 50 NBA players of all time? What kind of person, with limited business experience, builds a start-up company into a thriving corporation and is

recognized as one of the world's most successful black executives? What kind of person, while running a \$350 million business, takes the time to reach out to black youths lacking father figures and provides counsel and support? And what kind of person, instead of enjoying a well-deserved luxurious retirement, chooses to become mayor of a large city that many long ago had written off as dead? Dave Bing, that's who. In *Dave Bing*, Detroit Free Press sports columnist Drew Sharp chronicles the compelling story of a figure whose sheer will to succeed, refusal to make excuses for setbacks, and efforts to contribute to society

set him apart as an anomaly—a man of virtues so rarely found in recent history. His path from Washington D.C. to Syracuse to Detroit is sometimes tumultuous, blazed by hard work, perseverance, and savvy. Much more than the stereotypical tale of celebrity ex-jock who does good, this is a story about a black male who, even as a youngster, determined to conquer whatever challenges came his way. And now, as mayor of Detroit, Bing encounters perhaps his greatest test of all. Faced with entrenched and power-hungry political foes, a series of failed and corrupt predecessors, a work force ill prepared for today's job

market, a staggering city debt, and recent health problems, Bing would appear to have little chance of surviving his office. Both the naysayers and optimists would do well to read the book.

Web Data Mining Aug 29 2021 Liu has written a comprehensive text on Web mining, which consists of two parts. The first part covers the data mining and machine learning foundations, where all the essential concepts and algorithms of data mining and machine learning are presented. The second part

covers the key topics of Web mining, where Web crawling, search, social network analysis, structured data extraction, information integration, opinion mining and sentiment analysis, Web usage mining, query log mining, computational advertising, and recommender systems are all treated both in breadth and in depth. His book thus brings all the related concepts and algorithms together to form an authoritative and coherent text. The book offers a rich blend of theory and practice. It is suitable for students, researchers and practitioners interested in Web mining and data mining both as a learning text and as a reference book.

Professors can readily use it for classes on data mining, Web mining, and text mining.

Additional teaching materials such as lecture slides, datasets, and implemented algorithms are available online.

A Maze of Stars and Spring

Water Jan 02 2022 A Maze of Stars & Spring Water is a collection of poems directly inspired by the poetic forms that emerged after the May Fourth Movement. Specifically, the “mini poem,” which by Bing Xin’s own admission, hadn’t quite existed before she started experimenting with its form. Inspired by Tagore’s Stray Birds, she started gathering her “scattered and fragmentary thoughts,” not originally

intended as poetry, but which would eventually become the present collection. The popularity of the poems and the distinction of the form led the genre to become known as the "Bingxin style."

The Wrong War Dec 13 2022
NATIONAL BESTSELLER In this definitive account of the conflict, acclaimed war correspondent and bestselling author Bing West provides a practical way out of Afghanistan. Drawing on his expertise as both a combat-hardened Marine and a former assistant secretary of defense, West has written a tour de force narrative, rich with vivid characters and gritty combat, which shows the consequences

when strategic theory meets tactical reality. Having embedded with dozens of frontline units over the past three years, he takes the reader on a battlefield journey from the mountains in the north to the opium fields in the south. A fighter who understands strategy, West builds the case for changing course. His conclusion is sure to provoke debate: remove most of the troops from Afghanistan, stop spending billions on the dream of a modern democracy, and insist the Afghans fight their own battles. Bing West's book is a page-turner about brave men and cunning enemies that examines our realistic choices

as a nation.

Fuhgeddaboutit Sep 29 2021
Fuhgeddaboutit: How to Badda Boom, Badda Bing, and Find Your Inner Mobster is the definitive guide on how to be a twenty-first-century made man. With easy-to-read step-by-step instructions, Fuhgeddaboutit reveals a unique way of living and a unique way of dying -- usually involving an icepick and duct tape. In Fuhgeddaboutit, you will learn... The three most common uses for toothpicks: "dental hygiene, stabbing and storing gum during sex." All about honeymoons: "Every couple should honeymoon somewhere completely foreign and exotic for two weeks. Like South Jersey." To protect

yourself at all times: use a condom and a bulletproof vest. The main difference between a Jewish mobster and an Italian mobster: a foreskin. From the mobster's "Code of Conduct" to "Five Ways to Pass the Time in Jail" and even a chapter called "Minestrone for the Mob Soul," *Fuhgeddaboutit* is a must buy for both the serious mob professional and fans of this special way of life. And we use the words "must buy" in the strictest sense.

Call Sign Chaos Feb 20 2021 #1 NEW YORK TIMES BESTSELLER • A clear-eyed account of learning how to lead in a chaotic world, by General Jim Mattis—the former

Secretary of Defense and one of the most formidable strategic thinkers of our time—and Bing West, a former assistant secretary of defense and combat Marine. “A four-star general’s five-star memoir.”—The Wall Street Journal Call Sign Chaos is the account of Jim Mattis’s storied career, from wide-ranging leadership roles in three wars to ultimately commanding a quarter of a million troops across the Middle East. Along the way, Mattis recounts his foundational experiences as a leader, extracting the lessons he has learned about the nature of warfighting and peacemaking, the importance of allies, and the strategic

dilemmas—and short-sighted thinking—now facing our nation. He makes it clear why America must return to a strategic footing so as not to continue winning battles but fighting inconclusive wars. Mattis divides his book into three parts: Direct Leadership, Executive Leadership, and Strategic Leadership. In the first part, Mattis recalls his early experiences leading Marines into battle, when he knew his troops as well as his own brothers. In the second part, he explores what it means to command thousands of troops and how to adapt your leadership style to ensure your intent is understood by your most junior troops so that they

can own their mission. In the third part, Mattis describes the challenges and techniques of leadership at the strategic level, where military leaders reconcile war’s grim realities with political leaders’ human aspirations, where complexity reigns and the consequences of imprudence are severe, even catastrophic. Call Sign Chaos is a memoir of a life of warfighting and lifelong learning, following along as Mattis rises from Marine recruit to four-star general. It is a journey about learning to lead and a story about how he, through constant study and action, developed a unique leadership philosophy, one relevant to us all.

Ridge: Day One Jul 20 2023

The darkest hour is just before dawn. But with bloodthirsty Beasts cutting brief lives shorter, can one man beat the ticking clock? Rezin Hamel will protect his people until his dying breath. Resolving to carry on past every dearly departed loved one, the forty-four-year-old General has no idea how he's lived over a decade beyond the average life expectancy. But when he's shamed and cast out for an out-of-character act, he sets out to end the constant attacks from creatures staining the walls with death. Searching for answers in society's seedy underbelly, Hamel is shocked

by the conditions ravaging the lower rungs of the city. But the strategic genius's quest takes a staggering turn when he's blindsided by a secret that could tear his tight-knit community to shreds. Can Hamel restore his honor and stop the carnage before he's the next one taken by the Dusk? Ridge: Day One is the action-packed first book in the Ridge dystopian thriller series. If you like fantastic worlds, heart-trembling suspense, and twisted surprises, then you'll love Shawn P. B. Robinson's peek behind the Ridge veil. Buy Ridge: Day One to mark the calendar of doom today!

Throwing the Elephant Jul 08 2022 Sit down. Breathe deep.

This is the last business book you will ever need. For in these pages, Stanley Bing solves the ultimate problem of your working life: How to manage the boss. The technique is simple . . . as simple as throwing an elephant. All it takes is the proper state of mind, a step-by-step plan, and a great leap of faith. This humble guide provides all these and more. It is Zen that enables one to take an object of enormous weight and size and mold it in one's grasp like a ball of Silly Putty. For senior management, in truth, is the silliest putty of them all. This comprehensive course walks budding business bodhisattvas through basic skills needed to provide the

simple elephant handling that makes everyday life possible, including but not limited to the primary task of following along after the elephant with a little broom and dustpan. Serious students will then move to intermediate steps, from *Polishing the Elephant's Tusks* to *Hiding from the Elephant When It Has Been Drinking and Feels Quite Nasty*. Beyond this level lies the land of the practiced Zen masters, culminating in the ability to leverage and then throw the now-weightless elephant--and even play catch with it at corporate retreats. If *What Would Machiavelli Would Do?* was the meanest business book since the Renaissance,

Throwing the Elephant provides the yang to that yin. Because sometimes you've got to be selfless, compassionate, and completely empty to get the job done. Stanley Bing is a columnist for *Fortune* magazine and the author of *What Would Machiavelli Do?* and *Lloyd: What Happened*, a novel. By day, he works for a gigantic multinational conglomerate whose identity is one of the worst-kept secrets in business.

[The Cosmology of Bing](#) Apr 17 2023 At Eric's Rotisserie, Bing sat outside by himself, nursing white zinfandel beneath the large sunshade that jutted from the center of his table, while blustery wind roamed across

campus—swirling dead leaves and bits of trash around the chairs and tables, flapping the awnings on the massive umbrellas. The weather kept the patio abandoned, and Bing preferred it that way—no chatty couples nearby, no loudmouth students talking about sports, or, even worse, popular music. On this chilly afternoon, he didn't care that he was alone. He didn't care that he'd left his coat in his office. And, for a moment, he almost didn't mind that his head wasn't quite screwed on tightly today. In *The Cosmology of Bing* Mitch Cullin offers a tale of intersecting lives during one school year in Houston: the college student and his artist

roommate, the reclusive poet, the astronomer studying a supernova at a remote West Texas observatory, the young Japanese woman hopelessly in love with her gay friend—and at the center of this group is Bing Owen, a college professor who drowns his heartbreak, paranoia, and secret desires with alcohol. It's a darkly humorous novel about longing, buried feelings and muted relationships, forgotten poetry and thrown pies—in which the mysteries of love, the interconnectedness of individuals, and the inexplicable nature of attraction occupy the same microcosm as exploding stars, ghost lights, and specters from

the past.

Dave Bing Jun 07 2022 Detroit mayor Dave Bing has achieved an unprecedented combination of success as an athlete, businessman, and politician. Drew Sharp of the Detroit Free Press tells Bing's compelling against-all-odds tale while providing an intimate look at the basketball hall of famer and the challenges he faces in rebuilding the city in which he once starred.

Exploring Occupant Behavior in Buildings Apr 12 2020 This book is the first to comprehensively cover research methods for building occupant behavior. As this is of growing importance for building design and for building performance optimization, the book aims to provide a sound scientific basis for experimental studies in this field. It introduces the reader

to fundamental questions about the topic and unfolds the different fields related to occupant actions and comfort. This is followed by more general questions about developing an appropriate research method and experimental design. A comprehensive overview of sensors for monitoring environmental and also behavioral and action-related quantities helps to set up an experiment. In this context, different experimental environments and data collection methods (in-situ, laboratories, surveys) are introduced and discussed in terms of their suitability for the respective research question.

Furthermore, data management and reporting is addressed. The book concludes with fundamental challenges in conducting occupant studies, with chapters on ground truth, ethics and privacy.

The Village Feb 15 2023 In *Black Hawk Down*, the fight went on for a day. In *We Were Soldiers Once & Young*, the fighting lasted three days. In *The Village*, one Marine squad fought for 495 days—half of them died. Few American battles have been so extended, savage and personal. A handful of Americans volunteered to live among six thousand Vietnamese, training farmers to defend their village. Such “Combined Action Platoons”

(CAPs) are now a lost footnote about how the war could have been fought; only the villagers remain to bear witness. This is the story of fifteen resolute young Americans matched against two hundred Viet Cong; how a CAP lived, fought and died. And why the villagers remember them to this day.

Microsoft Ads Training Guide Jul 28 2021 Traffic Is The Life-Blood Of Every Online

Business Website. Whether you're launching a product, building an email list, putting up a blog, or any other website for that matter... you need a healthy dose of traffic coming in. And you can gather this traffic in various ways. There is the search engine organic traffic, social media traffic, and the paid one called Pay Per Click Advertising. But most free traffic methods take a lot of time to get them going plus it just doesn't convert all that well... When we think about Paid Advertising, Google Ads automatically pop up in our minds. Every marketer worth their salt knows about Google Ads, but many of them overlook Microsoft Ads (formerly Bing

Ads) and its unique network of users. With Google controlling the majority share of online traffic, it's easy to write off Microsoft's Bing Ads as a search engine and PPC platform. But Microsoft Advertising, in particular, has enormous potential for businesses of all sizes — especially those with smaller budgets. Microsoft Advertising presents a fantastic opportunity to generate search leads at a relatively lower cost, and that's something all advertisers should take note of. Microsoft Advertising's Audience Network Is A Hidden Gem That Brings A Lot Of Value & Programmatic Offerings! Microsoft Ads is

Microsoft's self-serve advertising platform that allows advertisers to build campaigns and target users across Microsoft's Search and Audience Network. Although it started off small, Microsoft's search engine has continued to grow in Google's shadow, and now, according to ComScore, Bing and its partners make up a combined 39% of the US desktop search market! In fact, if you're running a paid ads campaign, it could be a mistake to ignore Bing and all the possibilities it can offer you. Depending on what you're selling and who you're targeting, Bing could be the missing piece of the puzzle for your marketing strategy.

Here's why... As of March 2021, Bing hit 1,038 billion unique monthly visitors worldwide. This figure includes all web visits from desktop and mobile. There are approximately 82.6 million Bing searches per day. There are 14.6 billion PC searches made on Bing every month. In 2020, revenue for Microsoft search advertising amounted to \$7.74 billion. In the United States, Bing ranked #24 in terms of traffic. Seems like it's worth paying attention to, right? Google search statistics show that Google dominates the search engine market, with Bing placing only second. However, this has not stopped Bing from amassing millions of

unique PC users and generating billions of search queries. This year, people aren't going to be spending their money in brick-and-mortar shops, restaurants, bars, and clubs like they did in the past. In 2021 people are going to continue spending money online. So there's no better time than now to present them with your offers. But The Problem Is... You Can't Just Throw Up An Ad And Expect To Be In The Profit! Although Microsoft Ads is a very user-friendly platform, there are some details that you must pay attention to if you want to see success... We Take Pride In Presenting... Microsoft Ads Training Guide Microsoft Ads

training encompassing everything you need to know to get started with Microsoft Ads and optimize your campaigns for maximum profits.
