The Forbidden Archeologist Oct 23 2022 Michael Cremo, an international authority on human antiquity, has justly earned the 'forbidden archeologist' title. For over twenty-seven years he's been 'digging up' documented, credible findings that mainstream archeologists don't want you to know about - discoveries in the fossil record that tell a completely different story from Darwinian evolution. His latest book, *The Forbidden Archeologist* (Torchtlight Publishing A2010), presents his research at international scientific conferences, comments on the latest discoveries and 'missing links', examines famous archeological sites such as the Sterkfontein Caves - the alleged Cradle of Humanity, and responds to mixed reactions to his books, now translated into 26 languages. This collection of forty-nine articles published in Atlantis Rising magazine is like the Cliff Notes on his best selling, encyclopedic *Forbidden Archeology* and formidable *Human Devolution*. Readers will quickly understand the

strongest arguments and remarkable discoveries that reveal evolution as a failing theory.

Atlantis Rising Mar 28 2023 When a strange man told me I'm in danger because I'm a descendant of Atlantis, I thought he was crazy. Now I know he wasn't. But he left me with a warning. I'm being hunted by someone who will hurt, maybe even kill, those I love in order to control me. So I've been hiding in plain sight, walking the halls of Fillmore High like a ghost. Now, two new students, Ian and Brandy, have discovered my secret. They've offered to teach me how to defend myself, but they want something in return...something I'm not sure I can give. And though I'm drawn to Ian, I can't act on my feelings. I might lose focus if I do. The only thing I'm certain of is that I'm tired of hiding. It's time for the hunted to become the hunter. My human family, the McKyes, think I'm dead, and the only family I have left is my surly cousin, Theron. Plus the occasional visit from my dead mother. Gathering the fifteen clans of Atlantis is more tasking than I thought. Thank fate that Ian has my back, otherwise keeping the peace would be a total disaster. I want to give him my heart, too, but without an official likeness, or spontaneous pairing, it's only wishful thinking. To make matters worse, someone out there has the formula to create human-Atlantian hybrids. For a hefty price. The lost continent of Atlantis has existed in the collective consciousness of humankind for eons—contemplated as early as 355 BC by Plato and echoing in the modern mind. In this controversial book, author Patricia Cori provides compelling, often startling

insights into this lost culture and the lessons it holds for us as both a high civilization and a metaphor for our current world situation, earth changes, growing extraterrestrial phenomena, and government conspiracy theories. Only by embracing and recognizing what Atlantis can teach us, says Cori, can we expect to heal and uplift our own increasingly threatened civilization.

Atlantis Rising Feb 24 2023 "Describes the unrecorded history of humanity with a particular emphasis on Atlantean civilization; presents a vision of our true destiny as guardians of Earth and free-willed, conscious participants of our evolving world"--Provided by publisher.
