Book Club Selection The "extraordinary . . .
monumental masterpiece" (Booklist) that changed
the course of Ken Follett's already phenomenal
career—and begins where its prequel, The Evening
and the Morning, ended. "Follett risks all and
comes out a clear winner," extolled Publishers
Weekly on the release of The Pillars of the

Earth. A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett's unassailable command of the written word and to his universal appeal. The Pillars of the Earth tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest Gothic cathedral the world has known . . . of Tom, the mason who becomes his architect—a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett's historical masterpiece. Vada Prickett is a 29-year-old Hose Associate at a car wash in South Carolina, and Darla, the woman he loves, is about to marry his friend, rival, and life-long neighbor, Wyatt Yancey. Vada has "spent his life waiting for the thing to get a proper start." But it will never get that start, for Vada, as this wildly original novel opens, is being crushed to death by Wyatt's latest animal trophy, a stuffed grizzly bear Vada has been helping him to smuggle—against Darla's wishes—into Wyatt's house. It turns out that the cliché is true—at the moment of death, your life does flash before your eyes. Trophy, the account

of a man's final, fleeting instant on earth, joins Vada as he attempts to make that flash last as long as possible. As he lies dying, too soon and too absurdly, Vada tries to unravel the mysteries of his life. He first bargains with God, then rages against the dying of the light. Exhausted, Vada proceeds to prolong, in every way available to a man in his dire circumstances, the time he has remaining. Just beneath Griffith's dark humor and witty take on our present-day culture lies a meditation on memory and identity and the power of language over both. Enter an era of war within the world of Ivalice. The small kingdom of Dalmasca, conquered by the Archadian Empire, is left in ruin and uncertainty. Princess Ashe, the one and only heir to the throne, devotes herself to the resistance to liberate her country. Vaan, a young man who lost his family in the war, dreams of flying freely in the skies. Motivation is key to substance use behavior change. Counselors can support clients' movement toward positive changes in their substance use by identifying and enhancing motivation that already exists. Motivational approaches are based on the principles of person-centered counseling. Counselors' use of empathy, not authority and power, is key to enhancing clients' motivation to change. Clients are experts in their own recovery from SUDs. Counselors should engage them in collaborative partnerships. Ambivalence about change is normal. Resistance to change is an expression of ambivalence about change, not a client trait or characteristic. Confrontational approaches increase client resistance and discord in the counseling relationship. Motivational approaches explore ambivalence in a nonjudgmental and compassionate way.
