LOS ANGELES TIMES BESTSELLER SEAL-style leadership—your best weapon in today’s complex business terrain Beyond extreme physical and combat achievements, SEALs are known for mental toughness, bias for action, decisiveness, creative thinking, adaptability, and perseverance—all under extreme stress. They get things done through, by, and with others. SEALs have a unique way of approaching every challenge and opportunity that enables them to do what others can’t—or simply won’t. Competing in the global economy isn’t unlike guerrilla warfare. Your competitors come at you from unexpected places with surprising force, and the marketplace is constantly shifting. As a leader, what do you do to empower your business and your people not only to survive but to thrive—and win? First, Fast, Fearless is a practical guide for the business leader who wants to learn from the best of the best how to build and lead effective teams in conditions of volatility, uncertainty, complexity, ambiguity, and constant change. As one of the most experienced trainers in Navy SEAL history, “Iron Ed” Hiner reveals how to: Develop your personal leadership brand—and make it your credo Create mission-aligned teams that operate as true comrades Establish and communicate crystal-clear goals Enhance team innovation and problem solving under pressure Combat the enemies of copious bureaucracy and inadequate resources Rise to the call of leadership when it counts most You may not be facing jihadists in the mountains of Afghanistan and the streets of Iraq like Hiner did. But just as his SEALs depended on him to lead them on successful missions and safe passage home, your people are counting on you to empower them, defeat the competition, and forge paths to greater success. Be a First, Fast, Fearless leader! From New York Times bestselling author and former Navy SEAL Brandon Webb comes a simple yet powerful five-step guide to transforming your life by making your fears work for you instead of against you. Brandon Webb has run life-threatening missions in the world's worst trouble spots, whether that meant jumping out of airplanes, taking down hostile ships on the open sea, or rolling prisoners in the dead of night in the mountains of Afghanistan. As a Navy SEAL, he learned how to manage the natural impulse to panic in the face of terrifying situations. As media CEO and national television commentator, he has learned how to apply those same skills in civilian life. Drawing on his experiences in combat and business, along with colorful anecdotes from his vast network of super-achiever friends from

astronauts to billionaires, Webb shows how people from all walks of life can stretch and transcend their boundaries and learn to use their fears as fuel to achieve more than they ever thought possible. "Fear can be a set of manacles, holding you prisoner," writes Webb. "Or it can be a slingshot, catapulting you on to greatness." The key, says Webb, is not to fight fear or try to beat it back, but to embrace and harness it. In the process, rather than being your adversary, your fear becomes a secret weapon that allows you to triumph in even the most adverse situations. In *Mastering Fear*, Webb and his bestselling coauthor John David Mann break this transformation down into five practical steps, creating a must-read manual for anyone looking for greater courage and mastery in their lives. Developed by a retired Navy SEAL Commander, this groundbreaking fitness regimen, providing in-depth philosophy and training on how to develop the character traits that go into making a Navy SEAL, shows how to get the best functional workout available with the least amount of equipment. Original, From the mountains of Afghanistan to urban sniper hides in Iraq, Navy SEAL Marcus Luttrell has seen the worst of war at the sharp end of battle. In 2006, the "lone survivor" of Operation Redwing returned to combat as a member of SEAL Team 5 to help take on the most dangerous city in the world: Ramadi, the capital of war-torn Anbar Province. It was there that he took part in what has been called the greatest victory in the history of the U.S. Special Operations forces. Luttrell's eye-opening narrative also offers powerful new details about his time in Afghanistan and his miraculous rescue. After returning from that star-crossed mission with shattered bones and a broken heart, he thought of the men who had given their lives to save him-and how he would have readily done the same for them. He wondered why he and others, from America's founding to today, had been willing to sacrifice everything-including themselves-for the sake of family, nation, and freedom. A thrilling war story, *Service* is also a profoundly moving tribute to the warrior brotherhood and to the belief that nobody goes it alone. During his first few weeks as a Navy SEAL, Steve Gibling found a simple, typewritten document left behind in an old desk drawer by the Team commanding officer, entitled "THE TEN ESSENTIAL QUALITIES OF AN UNDERWATER DEMOLITION MAN." That single page, and the maxims it contained, followed Steve wherever he was based during his twenty-six-year career with the SEALs—fourteen of those as part of the legendary strike force that took down Osama bin Laden. Steve still lives by those tenets today, coming to realize how it laid out a regimen not just for elite warriors, but also for the rest of us in our day-to-day lives. Now Steve has applied them to this post-COVID-19 world we find ourselves living in, a new normal that will test both our resolve and our psyches as we're challenged as we've never been before. Applying his own experiences as a Navy SEAL to these everyday rigors, Steve provides a prescription for both healing and thriving, a guide map to get to the other side better and stronger than we were at the beginning of a journey none of us signed up for. We're all walking in mud; thankfully, this book offers the best and surest strategy to lift ourselves from it. What would it take for one young Black man not only to rise above statistics but also become a Navy SEAL, actor, entrepreneur, writer, and successful husband and father? In *Transformed*, Remi Adeleke takes you back to stories from his childhood, from living as Nigerian royalty to losing his father early in life and being stripped financially of everything by the Nigerian government. Following his father's death, he and his mother and brother relocated permanently to the Bronx where his single mother struggled to provide for the family. Statistics tell us that African American males who grow up in a single-parent household are nine times more likely to drop out of high school and twenty times more likely to end up in prison than any other demographic. While it would have been easy to believe that he could never beat those odds, Remi Adeleke refused to fall victim to that premise. Sharing his incredible journey through the struggles of his life, Remi doesn't shy away from his illegal activities as a young man that threatened to derail

his future as a Navy SEAL. He shares: How perseverance transformed his life despite all odds How taking ownership of his mistakes and shortcomings led him to success His hard-earned wisdom gained over years of struggle Belief that the adversities, trials, and tribulations he went through were specific moves by God At every turn, including throughout his naval career, Adeleke found a way to overcome the odds, even when it didn't make sense. Remi Adeleke's journey of following God's voice, rising above statistics, and experiencing true personal transformation will inspire and move you. "A Navy SEAL commander explores the practical and philosophical questions of heroic service that have emerged about America's past decade at war, from the qualities of heroes and the reasons we fight to how war impacts families and whether or not soldiers can be held accountable for wartime actions,"--NoveList. Entrepreneur Jesse Itzler chronicles his month of living and extreme fitness training with a Navy SEAL in the New York Times and #1 LA Times bestseller LIVING WITH A SEAL, now with two bonus chapters. Entrepreneur Jesse Itzler will try almost anything. His life is about being bold and risky. So when Jesse felt himself drifting on autopilot, he hired a rather unconventional trainer to live with him for a month—an accomplished Navy SEAL widely considered to be "the toughest man on the planet"! LIVING WITH A SEAL is like a buddy movie if it starred the Fresh Prince of Bel-Air...and Rambo. Jesse is about as easy-going as you can get. SEAL is...not. Jesse and SEAL's escapades soon produce a great friendship, and Jesse gains much more than muscle. At turns hilarious and inspiring, LIVING WITH A SEAL ultimately shows you the benefits of stepping out of your comfort zone. "Since the first navy frogmen crawled onto the beaches of Normandy, no SEAL has ever surrendered," writes Chuck Pfarrer. "No SEAL has ever been captured, and not one teammate or body has ever been left in the field. This legacy of valor is unmatched in modern warfare." Warrior Soul is a book about the warrior spirit, and it takes the reader all over the world. Former Navy SEAL Chuck Pfarrer recounts some of his most dangerous assignments: On a clandestine reconnaissance mission on the Mosquito Coast, his recon team plays a deadly game of cat and mouse with a Nicaraguan patrol boat. Cut off on the streets of Beirut, the author's SEAL detachment must battle snipers on the Green Line. In the mid-Atlantic, Pfarrer's unit attempts to retrieve—or destroy—the booster section of a Trident ballistic missile before it can be recovered by a Russian spy trawler. On a runway in Sicily, his assault element surrounds an Egyptian airliner carrying the Achille Lauro hijackers. These are only a few of the riveting stories of combat patrol, reconnaissance missions, counter-terrorist operations, tragedies, and victories in Warrior Soul that illustrate the SEAL maxim "The person who will not be defeated cannot be defeated." Describes the story of how two Naval Academy roommates and close friends made the ultimate sacrifice defending America three years apart, one as a fallen US Marine, the other as a fallen US Navy SEAL. 40,000 first printing. A career as a Navy SEAL is an exciting one! But do you really know what it takes to become one? This book takes you inside the career and shows you the day and the life of a Navy SEAL. Inside you'll learn what they do, what training is required, what the future holds, and how you can become one! Go deep into SEAL Team SIX, straight to the heart of one of its most legendary operators. When Navy SEAL Adam Brown woke up on March 17, 2010, he didn't know he would die that night in the Hindu Kush Mountains of Afghanistan—but he was ready. In a letter to his children, not meant to be seen unless the worst happened, he wrote, "I'm not afraid of anything that might happen to me on this earth, because I know no matter what, nothing can take my spirit from me." Fearless is the story of a man of extremes, whose courage and determination were fueled by faith, family, and the love of a woman. It's about a man who waged a war against his own worst impulses, including drug addiction, and persevered to reach the top tier of the U.S. military. In a deeply personal and absorbing chronicle, Fearless reveals a glimpse inside the SEAL Team SIX brotherhood, and presents an indelible portrait

of a highly trained warrior whose final act of bravery led to the ultimate sacrifice. Adam Brown was a devoted man who was an unlikely hero but a true warrior, described by all who knew him as...fearless. "As a rule, we don't endorse books or movies or anything regarding the command where I work—and Adam Brown worked—but as the author writes in *Fearless*, 'you have to know the rules, so you know when to bend or break them.' This is one of those times. Read this book. Period. It succeeds where all the others have failed." —SEAL Team SIX Operator

In the aftermath of war, a Navy SEAL finds faith, hope, and love. Howard Wasdin, author of *SEAL Team Six: Memoirs of an Elite Navy SEAL Sniper* (twenty-two weeks on the New York Times best-seller list), survived the firestorm made famous in *Black Hawk Down* only to return to a world without support, without a mission, and soon without his family. Wounded in Mogadishu and facing a torturous journey of rehabilitation and recovery, he came home to find his marriage falling apart and his world upended. When he met Debbie, an accountant emerging from her own trial by fire, he realized this might be his last hope, and the two together began a journey of rediscovering their faith in God and their ability to trust in God's goodness. *The Last Rescue* is an unforgettable tale of brokenness and healing, going deep into the firing line of modern warfare, through the agony of broken marriages, and onto a path of redemption and love. With a clear-eyed view of the inevitability of heartache and the power of God's faithfulness, Howard and Debbie remind us that no matter what our circumstances, we should never, ever, give up hope.

Hot and Heartwarming Military Romance

Luke After a childhood full of pain, I've dedicated the last twelve years of my life to the US Navy SEALs, but the relentless overseas tours have taken their toll on my mind and body. My buddies all have wives and girlfriends back home. I have no one. I dream of what life might be like outside the military. Love, romance, my own space? Maybe even a family to call my own someday.

Juliet I work in the fast-paced world of finance. Headstrong and ambitious, I've chosen career over love and put all I have into my new job. A job I was 'persuaded' to take far away from my beloved Manhattan by my rich, but overbearing father. I'm not looking for romance, but lonely and lost in my new environment, I turn to online retail therapy to lift my spirits where I stumble across a dating site and find myself beguiled by one hot Navy SEAL, Luke Carter. The sparks flicker to a roaring flame with each sizzling message between them—but the battlefield deals Luke a cruel blow and he's rushed home to the United States. He's only an hour away from Juliet but in his mind, everything's changed and pride gets in the way of the love, passion, and the happiness they both so desperately crave. Can Juliet break down the walls of this irresistible SEAL, or are they both destined to a life of loneliness? *Irresistible SEAL Book 2* concludes a heartwarming, long-distance love story of military romance with a guaranteed HEA.

A small team from the US Navy arrives in Vietnam in the spring of 1962. At first, its members only hear whispers about what they are supposed to accomplish. The unit goes by the name MTT 10-62 because its mission is so secret. This is the first Sea, Air and Land team—later known as the SEALs—and it's gearing up to train a group of volunteers from the Vietnamese Junk Force in counterinsurgency and maritime warfare. Told mostly through the perspective of Chris "Doc" David—a first class hospital corpsman, first class diver, and diving medical technician—and Lt. Bill Evans, *SEAL Doc* shows how the first SEALs work in conjunction with Army Special Forces and others to stop the spread of communism. While the SEALs are outstanding fighters and tacticians, they get little material support to accomplish their mission. The team arrives in Da Nang with nothing but stateside uniforms, and their vehicles and gasoline must be "liberated" from Vietnamese motor pools. Meanwhile, the daily challenges the SEALs face are preparing them for a final explosive mission and setting the stage for the future development of Navy SEALs in *SEAL Doc*, a historical novel based on the true story of the SEALs.

In *The Finishing School*, former Navy SEAL Dick Couch, author of the acclaimed *Warrior Elite*,

follows SEALs on the ground and in the water as they undergo SEAL Tactical Training. In America's new war, the first guns in the fight are special operations forces, including the Navy SEALs, specially trained warriors who operate with precision, swiftness, and lethal force. In the constantly shifting war on terror, SEAL units—small in number, flexible, stealthy, and efficient—are more vital than ever to America's security as they take the battle to an elusive enemy around the globe. But how are Navy SEALs made? In *Warrior Elite*, Couch narrated one SEAL class's journey through BUD/S training, the brutal initial course that separates out candidates with the character and stamina necessary to begin training as Navy SEALs. In *The Finishing School*, Couch follows SEALs into the next levels of training—SEAL Tactical Training—where they master combat skills such as precision shooting, demolitions, secure communications, parachuting, diving, and first aid. From there, the men enter operational platoons, where they subordinate their individual abilities to the mission of the group and train for special operations in specific geographic environments. Never before has a civilian writer been granted such close access to the training of America's most elite military forces. *The Finishing School* is essential reading for anyone who wants to know what goes into the making of America's best warriors. A highly decorated Navy SEAL shares stories of his years of combat experience in Afghanistan, providing leadership insights that will shift your view of yourself and provoke life-altering change. Before leaving for combat in Afghanistan, Navy SEAL Thom Shea promised his wife that he would write to his children in case he didn't make it back. What was initially intended to be a private memoir for his family turned into a powerful set of lessons for anyone striving to perform beyond what they believe possible. Shea's stories, while action-packed and entertaining, provide incredible insights on leadership, family, and excellence. In *Unbreakable*, Shea teaches readers how to achieve and maintain a strong internal dialogue through no matter what the task. Read this book and transform your life. Mark Owen's instant #1 New York Times bestseller, *No Easy Day: The First-hand Account of the Mission that Killed Osama Bin Laden* (Penguin, 2013), focused on the high-profile targets and headline-grabbing chapters of the author's 13 years as a Navy SEAL. His follow-up, *No Hero*, is an account of Owen's most personally meaningful missions, missions that never made headlines, including the moments in which he learned the most about himself and his teammates in both success and failure. In a groundbreaking, narrative-driven book for businesses, managers (and those who aspire to the managerial ranks), and entrepreneurs, a veteran Navy SEAL Chief Petty Officer shows how the skills that enable SEAL teams to achieve the impossible in the battlefield can help business executives and career-minded individuals make better decisions and get the best out of their teams. Anyone can make good decisions when everything is in their favor. But in life, as in war, it's in chaotic, challenging times that genuine leaders distinguish themselves. As a Navy SEAL Chief Petty Officer, Rob Roy learned this lesson over twenty-five years of combat, in which the difference between life and death was his team's ability to decode complex environments, take decisive action, and seize opportunities when they presented themselves. In *The Navy SEAL Art of War*, Roy decodes the leadership lessons of the battlefield for today's business leaders and individuals: how to make good decisions under pressure, how to utilize and leverage the strengths of others while minimizing the weaknesses of the individual or team, and how to act instead of react, anticipating events despite having minimal information and effectively communicating tasks and priorities. Illustrated with countless stories from the front lines, and featuring unprecedented exercises and drills from the SEALs' training program, *The Navy SEAL Art of War* is destined to take its place aside *It's Your Ship* as a bestselling business classic. Think and act like a Navy SEAL, and you can survive anything. The world is a dangerous place. You can live scared-or be prepared. A Navy SEAL veteran reveals the leadership lessons he learned in the field—and how you can apply them in yours.

Team Secrets of the Navy SEALs is written especially for business professionals in today's cutthroat business environment. From his learned wisdom as a veteran SEAL, author Robert Needham guides the reader through the keys to leadership success and the role of a leader in building a well-organized, competent, resourceful group of professionals who work together creatively to achieve results. The business world can be ruthless, but with the team secrets of the "best of the best" you can expect fast results, improved cooperation, and optimal production. BEFORE HE COULD FORGE A BAND OF ELITE WARRIORS... HE HAD TO BECOME ONE HIMSELF. Brandon Webb's experiences in the world's most elite sniper corps are the stuff of legend. From his grueling years of training in Naval Special Operations to his combat tours in the Persian Gulf and Afghanistan, The Making of a Navy SEAL provides a rare and riveting look at the inner workings of the U.S. military through the eyes of a covert operations specialist. Yet it is Webb's distinguished second career as a lead instructor for the shadowy "sniper cell" and Course Manager of the Navy SEAL Sniper Program that trained some of America's finest and deadliest warriors—including Marcus Luttrell and Chris Kyle—that makes his story so compelling. Luttrell credits Webb's training with his own survival during the ill-fated 2005 Operation Redwing in Afghanistan. Kyle went on to become the U.S. military's top marksman, with more than 150 confirmed kills. From a candid chronicle of his student days, going through the sniper course himself, to his hair-raising close calls with Taliban and al Qaeda forces in the northern Afghanistan wilderness, to his vivid account of designing new sniper standards and training some of the most accomplished snipers of the twenty-first century, Webb provides a rare look at the making of the Special Operations warriors who are at the forefront of today's military. Explosive, revealing, and intelligent, The Making of a Navy SEAL provides a uniquely personal glimpse into one of the most challenging and secretive military training courses in the world. Brandon Webb discusses his life with a focus on his training to become a Navy SEAL. In Never Enough, Mike Hayes—former Commander of SEAL Team TWO—helps readers apply high-stakes lessons about excellence, agility, and meaning across their personal and professional lives. Mike Hayes has lived a lifetime of once-in-a-lifetime experiences. He has been held at gunpoint and threatened with execution. He's jumped out of a building rigged to explode, helped amputate a teammate's leg, and made countless split-second life-and-death decisions. He's written countless emails to his family, telling them how much he loves them, just in case those were the last words of his they'd ever read. Outside of the SEALs, he's run meetings in the White House Situation Room, negotiated international arms treaties, and developed high-impact corporate strategies. Over his many years of leadership, he has always strived to be better, to contribute more, and to put others first. That's what makes him an effective leader, and it's the quality that he's identified in all of the great leaders he's encountered. That continual striving to lift those around him has filled Mike's life with meaning and purpose, has made him secure in the knowledge that he brings his best to everything he does, and has made him someone others can rely on. In Never Enough, Mike Hayes recounts dramatic stories and offers battle- and boardroom-tested advice that will motivate readers to do work of value, live lives of purpose, and stretch themselves to reach their highest potential. Marcus Luttrell, author of the #1 bestseller Lone Survivor, share war stories about true American heroism from himself and other soldiers who bravely fought alongside him. Navy SEAL Marcus Luttrell returned from his star-crossed mission in Afghanistan with his bones shattered and his heart broken. So many had given their lives to save him -- and he would have readily done the same for them. As he recuperated, he wondered why he and others, from America's founding to today, had been willing to sacrifice everything-including themselves-for the sake of family, nation, and freedom. In Service, we follow Marcus Luttrell to Iraq, where he returns to the battlefield as a member of SEAL Team 5 to help take on the most dangerous city in the

world: Ramadi, the capital of war-torn Al Anbar Province. There, in six months of high-intensity urban combat, he would be part of what has been called the greatest victory in the history of U.S. Special Operations forces. We also return to Afghanistan and Operation Redwing, where Luttrell offers powerful new details about his miraculous rescue. Throughout, he reflects on what it really means to take on a higher calling, about the men he's seen lose their lives for their country, and the legacy of those who came and bled before. A thrilling war story, *Service* is also a profoundly moving tribute to the warrior brotherhood, to the belief that nobody goes it alone, and no one will be left behind. Start your workout today with the US Navy SEALs! *The Official United States Navy SEAL Workout* presents an accurate documentation of the demanding physical training (or P.T., as it's known in military circles) that students encounter at BUD/S. The physical expectations of BUD/S graduates are awesome...but they are achievable, as this book demonstrates. You'll learn what it's like to be a SEAL in this incredible book that brings together the fitness requirements, history, and traditions of the US Navy SEALs. Whether you're seriously into exercising or just want to start a personal fitness program, you can follow this All-American workout to strengthen and tone your entire body! You'll find: \* Workouts you can perform at home, the gym or on the road \* Tips on stretching, lower and upper body workouts, and abdominal workouts \* Intense photos of SEALs as they prepare for missions around the world \* What it takes to become a Navy SEAL ...and more! *SNAKES, VIPERS, CROCS, SHARKS, AND THE VC* With 257 combat missions in Vietnam under his belt, Gary Smith is a living witness to the realities of Naval Special Warfare. He worked with some of the toughest and most highly motivated men in the world, executing missions in the murderous terrain of Rung Sat Special Zone and Dung Island. The key to their success: go where no ordinary soldier would go and no VC would expect them. Though death reigned as king in the jungles of Vietnam, Gary Smith considered it a privilege and an honor to serve under the officers and with the men of Underwater Demolition Team Twelve and SEAL Team 1. Because he and his teammates, trained to the max, gave each other the courage to attain the unattainable . . . . For the first time in trade paperback—a classic memoir of Navy SEALs in action. In gripping prose, Captain Robert A. Gormly tells about his days as a leader in the Navy SEALs—taking readers into the night, into the water, and into battle on some of the most hair-raising missions ever assigned. Trained to a fine fighting edge just in time for Vietnam, Gormly served two tours of duty and engaged in top-secret missions in the Persian Gulf. Here, he shares his viewpoint and his experience—including what is perhaps the most graphic description ever of SEAL action in the invasion of Grenada. Gormly takes readers behind the myth of this awesome team, revealing how their lives depend on their unprecedented expertise and unparalleled courage. Proven tools to take your team and yourself to the next level *Elite: High Performance Lessons and Habits from a Former Navy SEAL* is a practical, no-nonsense guide to elevate your leadership skills and drive your team to their maximum potential. Before you can push your team to the max, you must push yourself—elite teams require elite leaders. This invaluable guide supplies the tools you need to develop effective strategies to motivate, adapt, and overcome. Author Nick Hays combines military training with Harvard education to present a comprehensive program that will unlock the potential in yourself and your team. The business environment has changed dramatically over the last several decades. Volatile market conditions, disruptive innovation, and digital transformations across entire sectors have rendered traditional business methods obsolete. To thrive, businesses must be adaptable, agile, and lean. Policies and procedures may change, but strong leadership and shared goals ensure a source of strength and continuity. Providing real-world methods and effective strategies, this essential resource will allow you to: Embrace the Warrior Mindset to always be proactive, never a victim Develop the trust of your team through strength and shared experience Devise durable and

sustainable business strategies and contingency plans that adapt to fluid situations Promote a culture of innovation and authenticity to deliver a solid foundation for your team

**Elite: High Performance Lessons and Habits from a Former Navy SEAL** is a must-read guide for everyone from aspiring entrepreneurs to established business leaders. No matter the stage of your business—development, exploitation, or disruption—Elite will change your approach to business and unlock the warrior within. A heartwarming, steamy military romance - complete collection available!

Luke An abusive father. A childhood full of pain. That's all behind me now. I've dedicated my life to the US Navy SEALs. But the relentless overseas tours have taken their toll. On my body...and especially my mind. My buddies all have wives and girlfriends back home. I have no one. I dream of life outside the military. Love, romance...my own space? Maybe even a family to call my own someday. Juliet I'm headstrong and ambitious. I've chosen career over love. But now I'm far away from my beloved Manhattan. A new job 'chosen' for me by my overbearing father. I'm not looking for romance. But I'm lonely and lost in my new environment. When I stumble across a military dating site, I'm beguiled by one hot Navy SEAL...Luke Carter. With each sizzling message between us, The sparks flicker to a roaring flame. But it seems our happiness is short-lived. Can we ever be together? Or are we over before it even starts? Irresistible SEAL book 1 is a heartwarming, long-distance love story that does end on a cliffhanger with a guaranteed HEA in the second and final book of the series. If you prefer to read the entire story, you can download the complete collection now. Follow America's elite warriors through the military's most grueling training and learn how they survive real special operations. ? Of the 18 months required to become a Navy SEAL, one week will cause over half of the trainees to quit ("ring the bell"). Only the toughest make it through. In *Hell Week and Beyond*, Scott McEwen takes the readers to the sands of Coronado Beach in San Diego, where Navy SEALs are put through the most grueling training known to mankind. Grit, commitment, heart, and soul are needed to become a SEAL, because these are the elite forces who go into the toughest battles for America. Many of the most well-known SEAL warriors have been interviewed for this book, providing the stories of what got them through and the humor of those that made it. (Those that make it almost always have one thing in common: humor. Find out why!) Part *Top Gun*, part *Bull Durham*, this book delivers that goods for those in the know, as well as general readers who admire the elite forces for all they do. Retired Navy SEAL Chris Hagerman will take you inside the Basic Underwater Demolition/SEAL Training program to teach prospective Navy SEALs the ins and outs of the most rigorous military selection program in the world. Hagerman, along with the team at SOFREP, is uniquely suited to write a program of instruction which walks would-be Special Operations troops through the course and tells them how to get from A to B and achieve their goals in the Special Operations community. Filled with entertaining anecdotes and an insider's knowledge, *Navy SEALs BUD/S Preparation Guide* is a must-read for prospective SEALs and armchair military enthusiasts everywhere. Do you want to be a member of one of the world's most elite special operations forces? Not everyone has what it takes to become a Navy SEAL (Sea, Air, and Land). The training required—and the job itself—is exhausting and demanding, but also exhilarating and highly respected. If you or someone you know is up for the challenge, this book has everything you need to know, from schooling and training to pay range, placement, qualifications, and what you can expect after you become a SEAL. To become a SEAL in the Naval Special Warfare/Naval Special Operations (NSW/NSO) community, you must first go through what is often considered to be the most physically and mentally demanding military training in the world. With this book, you can prepare yourself by learning what to expect before taking on the ruthless and rewarding job of defending your country against foes around the world. This guide includes advice from current and former Navy SEALs on direct action warfare, special

reconnaissance, counterterrorism, and foreign internal defense. When there's nowhere else to turn, Navy SEALs are in their element. They achieve the impossible by way of conditioned response, sheer willpower, and absolute dedication to their training, their missions and their fellow special ops team members. Being a man is not about what you are, but about who you are. It is about how you chose to live your life. There is a huge difference between being a male and being a man. In this humorous and slightly irreverent book, Derrick Van Orden builds on his 26 years as a Navy SEAL, sailor, father and grandfather to guide the next generation along the path to manhood. Intertwining stories from his extensive career as a frogman, with contributions from subject matter experts ranging from highly decorated fellow Navy SEALs to the Academy Award winning actor Jon Voight, Derrick explains in simple terms how to do the things men across the world used to know how to do - the forgotten art of Manhood: Change a tire; Sight in a gun; Tie a tie; Cook a bat to eat; Throw a punch; Drive like a SEAL; And many more need-to-know man skills. Navy SEAL and author of *Overcome* Jason Redman's highly-charged account of his combat missions in Iraq and his miraculous recovery from wounds that might have killed him—if it were not for his grit and the devotion of his wife and family. Decorated Navy SEAL Lieutenant Jason Redman served his country in Columbia, Peru, Afghanistan and Iraq, where he commanded mobility and assault forces. In western Iraq alone, he conducted over forty capture-kill missions with his men, successfully locating more than 120 Al Qaida insurgents. In September 2007, while leading a mission against a key senior Al Qaida commander, his team was ambushed and he was critically wounded by machine-gun fire at point blank range. During the intense recovery that followed—a years-long process that included 37 surgeries—Redman gained national media attention when he posted a sign on his door at Bethesda Naval Medical Center, warning all who entered not to “feel sorry for my wounds.” Redman's sign became both a statement and a symbol for wounded warriors everywhere. The Trident is an unforgettable story of one man's determination to overcome adversity. Redman recounts his story, from his grueling SEAL training to how he found the balance between arrogance and humility all while fighting America's enemies on far flung battlefields. He speaks candidly of the grit that helped him carry on despite grievous wounds, and of the extraordinary love and devotion of his wife, Erica, and family, without whom he would not have survived. Vivid and powerful, emotionally resonant and illuminating, filled with sixteen pages of photos, *The Trident* traces the evolution of a modern warrior, husband, and father—a man who has come to embody the never-say-die spirit that defines America's elite fighting force. *To Be a US Navy Seal* chronicles the 25-week training a Seal experiences. Clint Emerson, retired Navy SEAL and author of the bestselling *100 Deadly Skills*, presents an explosive, darkly funny, and often twisted account of being part of an elite team of operatives whose mission was to keep America safe by whatever means necessary. Clint Emerson is the only SEAL ever inducted into the International Spy Museum. Operating from the shadows, with an instinct for running towards trouble, his unique skill set made him the perfect hybrid operator. Emerson spent his career on the bleeding edge of intelligence and operations, often specializing in missions that took advantage of subterfuge, improvisation, the best in recon and surveillance tech to combat the changing global battlefield. MacGyvering everyday objects into working spyware was routine, and fellow SEALs referred to his activities simply as “special shit.” His parameters were: find, fix, and finish—and of course, leave no trace. *The Right Kind of Crazy* is unlike any military memoir you've ever read because Emerson is upfront about the fact that what makes you a great soldier and sometimes hero doesn't always make you the best guy—but it does make for damn good stories. Decorated Navy SEAL, successful businessman and world-renowned speaker Brent Gleeson shares his revolutionary approach to navigating and leading change in the workplace—with a foreword by #1 New York Times bestselling author Mark Owen. Inspired

by his time as a Navy SEAL and building award-winning organizations in the business world, Brent Gleeson has created a powerful roadmap for today's existing and emerging business leaders and managers to improve their ability to successfully navigate organizational change. Over the past ten years since leaving the SEAL Teams, Gleeson has become a well-respected thought leader and expert in business transformation. He has spoken to and consulted with hundreds of organizations across the globe and inspired thousands of business leaders through his highly insightful philosophies on leadership, culture and building high-performance teams that achieve winning results. In *TakingPoint*, Gleeson shares his ten-step program that he has implemented in his own companies and for his high-profile clients—giving leaders and managers actionable insights and a framework for successful execution. *TakingPoint* brilliantly captures the structures, behaviors and mindsets required to build successful twenty-first century organizations. With a strong emphasis on communication, culture, engagement, accountability, trust, and resiliency, Gleeson's methods have helped hundreds of companies around the world transform the way they think about change, and can help yours do the same. For the last five years, Gleeson has shared his philosophies through his weekly columns on *Forbes* and *Inc.* And now, for the first time ever, they are captured in this entertaining and highly prescriptive book. Steps include: -Culture: The Single Most Important Enabler -Trust: Fueling the Change Engine -Accountability: Ownership at All Levels -Mindset: Belief in the Mission -Preparation: Gathering Intelligence and Planning the Mission -Transmission: Communicating the Vision -Inclusion: The Power of Participation and Acceptance -Fatigue: Managing Fear and Staying Energized -Discipline: Focus and Follow-Through -Resiliency: The Path of Lasting Change

Never has change been more consistent and disruptive as it is now. Business leaders and managers at all levels can't just react to change. They have to lead change. They have to take point. Mankind is a predator by nature and a hunter by instinct. I loved to hunt. It was in my blood. And I was now ready to head back to the bush, to hunt the biggest game in the world--man. With five tours of Vietnam and 257 combat missions under his belt, Navy SEAL Gary R. Smith has witnessed hell itself. *DEATH IN THE DELTA* covers his third and fourth tours in Nam. From Cam Ranh Bay to Nam Canh to night insertions into Cambodia, he served as SEAL adviser to volatile Vietnamese special forces, including the fierce PRUs (Provincial Reconnaissance Units), Biet Hai, and Regional Forces. Often accompanying their missions, Smith vividly captures the nightmare of a jungle war, whether staging sudden deadly ambushes or sitting silently for hours soaking in mosquito-infested swamps. It wasn't pretty, but Smith makes no apologies for himself or his fellow warriors in this no-holds-barred account. For him, it's a privilege and honor to pass on a small part of the history of the U.S. Navy SEALs experience as he saw it in Vietnam. Mark Owen is a pseudonym for Matt Bissonnette.
