I'd made the choice to survive Broken House. I'd chosen to live instead of landing myself in an eternity of torture. At this point in my life, I shouldn't have been surprised that somehow living was more difficult than my previous suicidal ventures. At least I had my men. Three kings. Three sexy, dominant shifters. What could go wrong with that? I mean really, what possible conflict could result in having six possessive, powerful men surrounding me at all times? I had no doubt that in true Louvre fashion the conflict would show itself at the most inconvenient time. Unfortunately, that

wasn't all we had to worry about and the weight of our true situation was heavy and terrifying. There was a lot we didn't know. Had Mr. Black really given up that easily? Somehow I didn't think that was the case. Better yet, why the hell does my stalker have such an odd fixation with origami animals? The most important question though? What was coming for us that was so bad that a cosmic being had sought me out to warn me? Yeah, so as I said, living was fucking complicated. Note from Author: The Tears of the Siren series will feature characters from both the Reborn series and

Descendant series. It will not be necessary to read either of those to understand the plot, however they do intertwine in a way that enhances the universe. Don't worry, no spoilers are present! Join Lorcan on her 9 book series adventure! This PNR slow/medium burn RH contains several dark themes that readers should be aware of: swearing (I know, surprising, right?), gore, violence, assault, PTSD, and sexual themes suitable for +18. Additionally, this book does have mature m/m themes that develop over time. Are you tired of being overlooked and underestimated because of your gender? Do you

price. Paying it could cost him everything. David Michaels is a celibate siren, cursed to never know love and fighting his nature every minute of the day so his brother won't fear him. He knew better than to have a one-night stand with a total stranger. The last thing he expected was to see her show up claiming his little brother is the long-lost next alpha of the Boulder pride. Megan Kincade, daughter of the Boulder pride alpha, hasn't stopped dreaming about the dark-haired man she slept with in Florida while chasing down a lead on her missing brother. The last thing she expected was to

find him living as the little brother of her dream-man--a man with a voice smooth as Belgian chocolate. Taking his brother back to his pride is the only way for him to live, yet if David reconnects with his symphony, a pantheon war will set Colorado on fire. And he really shouldn't be falling in love with the alpha's daughter. When David's symphony comes for him, he gives himself up to save Meg and Owen. The love he thinks himself incapable of is the only thing that can save him. Provided Meg can find the courage to defy her pride and save her siren's heart. A riveting thriller about a damaged

undercover detective navigating a web of politicians, drug lords, missing persons, and his own flawed department, perfect for readers of Tana French, Don Winslow and Dennis Lehane. Infiltrating the inner circle of enigmatic criminal Zain Carver is dangerous enough. Pulling it off while also rescuing Isabelle Rossiter, a runaway politician's daughter, from Zain's influence? Impossible. That's why Aidan Waits is the perfect man for the job. Disgraced, emotionally damaged, and despised by his superiors. In other words, completely expendable. But Aidan is a born

survivor. And as he works his way deep into Zain's shadowy world, he finds that nothing is as it seems. Zain is a mesmerizing, Gatsby-esque figure who lures young women into his orbit—women who have a bad habit of turning up dead. But is Zain really responsible? And will Isabelle be next? Before long, Aidan finds himself in over his head, cut loose by his superiors, and dangerously attracted to the wrong woman. How can he save the girl if he can't even save himself? The award-winning novel that started it all. "A riveting tale from start to finish. Between the simmering romance, the rich

and inventive fantasy world, and one seriously jaw-dropping finale, readers will clamor for the next book—and I'll be at the front of the line!" —Marissa Meyer, New York Times bestselling author of the Lunar Chronicles In a world at war, a slave girl's lethal curse could become one kingdom's weapon of salvation. If the curse—and the girl—can be controlled. "I raise my chin as the buyers stare. Yes. Look. You don't want me. Because, eventually, accidentally, I will destroy you." As a slave in the war-weary kingdom of Faelen, seventeen-year-old Nym isn't merely devoid of

rights, her Elemental kind are only born male and always killed at birth—meaning, she shouldn't even exist. Standing on the auction block beneath smoke-drenched mountains, Nym faces her fifteenth sell. But when her hood is removed and her storm-summoning killing curse revealed, Nym is snatched up by a court advisor and given a choice: be trained as the weapon Faelen needs to win the war or be killed. Choosing the former, Nym is unleashed into a world of politics, bizarre parties, and rumors of an evil more sinister than she's being prepared to fight . . . not to mention the

trainer whose dark secrets lie behind a mysterious ability to calm every lightning strike she summons. But what if she doesn't want to be the weapon they've all been waiting for? Set in a beautifully eclectic world of suspicion, super abilities, and monsters, Storm Siren is a story of power. And whoever controls that power will win. "Intense and intriguing. Fans of high stakes fantasy won't be able to put it down." —CJ Redwine, New York Times bestselling author of the Ravenspire series "Mary Weber has created a fascinating, twisted world. Messenger, author of the Sky Fall

series Marc Tolbert upon his death in 1967 is trapped in a seemingly eternal limbo, surrounded by the company of other ghost's of the unknown dead from World War Two. A single question of a German Army Officer asked him in 1940 haunts him now in death as it did in his life. What Siren of Paris called him into this hellish war? To find his release he must now witness his life during the war from the great beyond.

The reader is transported to World War II-era France. In 1939, 20-year-old Marc Tolbert has reached a turning point in his life. He abandons his plans of going to medical school to study art in Paris, which is

the place of his birth. As he boards the S.S. Normandie to cross to France, he chooses to ignore signs that Europe -- along with the rest of the world -- is on the brink of an especially devastating war. Broken hearted over a fail relationship in the States, with the hope that Paris will receive him, this one small delicious sin of denial will end up costing Marc nearly everything including the peace of his soul. The Siren of Paris is a unique allegorical historical story that blends in spiritual journey of the soul inspired by the Egyptian Book of the Dead. It includes many

actual historical figures and events, including Ambassador Bullitt, Sumner Wells, Sylvia Beach, Jacques Lusseyran, the Angel of Saint-Nazaire Joan Rodes, the sinking of the RMS Lancastria and the liberation of Buchenwald. This is a story of a man seeking release from a past that never goes away, delivered in deceptively simple prose that guides the reader through a tapestry of mythic images, symbols and signs drawn from Jungian Depth Psychology that has haunted more than a few readers with the horrors of war. * A celebration of the irresistible allure of sirens and mermaids in art, literature, and

mythology throughout the world. * 160 beautiful color and black-and-white illustrations depicting sirens in all their various seductive forms. * An examination of the psychological drives behind our 3,000-year-old obsession with sirens. Ever since the Sirens first tempted Ulysses closer to a rocky death with their celestial voices and forbidden secrets, they and their mermaid sisters have maintained an ongoing love affair with humanity's greatest writers, artists, and poets. With the torsos of women and the lower halves of birds or fish, they have long been symbols of the lure

of the dark feminine, seducers who beckon men with promises of desires fulfilled. Sirens: Symbols of Seduction is both a celebration of Sirens and an examination of the psychological drives underlying this archetype. Sirens play important roles in the classical writings of Homer and Euripides, as well as the modern works of James Joyce, H. G. Wells, Oscar Wilde, William Butler Yeats, and many others. Matching these writings with the vibrant work of such artists as Peter Paul Rubens, Hieronymous Bosch, Edvard Munch, and Rene Magritte, Meri Lao has created a feast for the eye and ear

as seductive as the Sirens themselves. She traces their evolution from fierce, winged creatures who carry the dead from the battlefield to the elusive, sensuous mermaids glimpsed by sailors for centuries and immortalized in Hollywood by actresses such as Esther Williams and Daryl Hannah. Exploring our 3,000-year-old obsession with Sirens, Lao reveals the secret of their power: their song is the sound of subversiveness, luring us from the orderly world above the waves down to the phantasmagoric realm of dreams, and the harder we try to ignore what they are singing, the more we

desperately want to hear it. An exploration of humanity's age-old fascination with Sirens • Explains the Sirens' half-human, half-animal bodies as a metaphor for the psychological challenge that their myth has always embodied • Fully illustrated in color with works by Rubens, Bosch, Munch, Magritte, and others Their celestial voices drove mast-lashed Ulysses nearly out of his mind with libidinous promises as they beckoned him ever-closer to paradise--or a rocky death. With womanly torsos and animal lower halves, usually birds or fish, Sirens have long been symbols of the lure

of desire--the feminine, as seducer--beckoning men to mystery beyond their ken, or to disaster. This book is both a celebration of Sirens and an examination of the psychology of dichotomy--the diametrically opposed drives and inherent conflicts underlying this female archetype. Since antiquity, Sirens and their mermaid sisters have maintained an ongoing affair of the heart with humanity's greatest writers and artists. Sirens play important roles in the classical writings of Homer and Euripides, as well as in the modern works of James Joyce, Oscar Wilde, W. B. Yeats,

and many others. Matching these writings with vibrant work from such artists as Peter Paul Rubens, Hieronymus Bosch, Edvard Munch, and René Magritte, Meri Lao has created a feast for the eye. Exploring our 3,000-year-old relationship with Sirens, Lao reveals the secret of the power in their song: it is the sound of the subversive, luring us from the orderly conscious world down to the depth of the world of dreams, and the harder we try to ignore that singing, the more we desperately want to hear it. Wouldn't it be nice to escape to paradise? From New York Times and USA Today

elegant and refined. [. . .] She had a reputation for stopping German Shepherds in their tracks. She was a blue ribbon winner of multiple events in her 11-month career as a Professional Show Cat. In a town composed primarily of rescues, half-breeds, unregistered mutts, and more than one tripod, this was big news. She has no idea how to survive as a siren and she doesn't want to know the truth about her newly discovered identity. It's just too

horrifying. Then her biological mother shows up at her summer house in Maine—she is one of the Nenuphars, the most powerful of all sirens. She promises that she wants to help the daughter from whom she's been separated for far too long. But is she to be trusted? Now Vanessa must face the harshest reality of all—to survive she must endanger and injure others—but is that any sort of life? Chilling and romantic, *Dark Water* explores questions of identity as old as the sea, and brings the Siren trilogy to a startling conclusion. A New York Police Officer's relentless journey into the

criminal underworld, told with brutal truth and honesty. Perhaps Nietzsche described Rob Cea's life best, way before he was born: "Take care when chasing the animals; for you can very well become the animal you are chasing." No *Lights, No Sirens* is a sojourn so dirty and nasty it defies belief. Rob Cea starts off as an idealistic young cop, a true believer in the system for which he works tirelessly. He is sadly mistaken. The system he tried so hard to appease ultimately led to his downfall and the ruination of his life. What separates this from other cop—and—robber stories is the brutal

authenticity from the cop himself. We will see and hear exactly what is discussed in a patrol car. We will see how the law was—and is—routinely bent to make collars stick any way possible. And we will see how Cea slowly spirals to depths of hell. No *Lights, No Sirens* is simplistic in its scope: A young idealistic boy becomes a man through fire, and then becomes exactly what he has been chasing for so long, a hardened man possessed by demons. With rapid fire and gritty narrative, Cea writes about his fall to the depths, and his salvation. We see the dark side of detective work in

New York's most crime—riddled neighborhoods from a first-hand view never before seen. Despite being a mystical beauty with supernatural powers beyond any human abilities, there is this one guy who manages to completely get under her skin. 17-year-old Serena can't escape her true destiny any longer. most attractive guy, reciprocates her love, she seems to finally accept her fate. However, two secrets are yet to be revealed, and Serena has to make a tough choice. This is the compelling first novel in the Heart of Power trilogy. S. L. Giger manages to add a refreshing breeze to fantasy by successfully introducing us to the world of Sirens in our modern age. - A great and innocent but nevertheless thrilling paranormal teen romance. Must read!! (reviewsbyjules) Interview with the author Q: How did you get the ideas for this book? A: I love books like Harry Potter, Twilight, and The

Hunger Games but so far, I've only always concentrated on writing contemporary romances. When I was traveling through South East Asia the weird, twisted roots in the jungle inspired me that there could be a whole different world inside ours and so I tried to add a paranormal element to my romance writing and turn it into an urban fantasy romance. Q: So, are there more books by you, which your readers can enjoy? A: Well, there's the sequel of Heart of Power (Rise of the Siren). Inside "Heart of Power: Awakening of the Siren", you will find a link that will let you download it for

free. Plus, I wrote another romance novel. "A sketch of what you mean to me" is a cancer love story and was published in February 2017. Q: You work a full-time job? So, when do you find the time for writing? A: Anytime I can get. On the train, before work, after work, in airports, on a plane. Sometimes I feel a bit anti-social because I much rather would want to be home writing instead of going out on a Friday evening. I have to find a balance but I feel like writing gives me more energy because it's something I really want to do. Q: You mentioned planes and airports. Do you like to travel? A: I love exploring

beautiful places and I use every chance I can get to travel. I also try to keep up to date with my travel blog, which you find on my website www.swissmissonto.com Q: Who will like the Heart of Power Series? A: People who enjoy reading an urban fantasy mystery or a paranormal teen romance. However, I wouldn't say it's a young adult novel only. If you like Vampire books, I'd say the chance is big that you also like Siren books. I hope I can give something new to the readers since Siren's aren't yet as explored as vampires. I address topics like having to leave your family and friends and finding your way in

a new environment, how while growing up and even as an adult you are faced with choices every day and it's important that you make a decision but that you also accept the consequences and of course, in Heart of Power, you will find the million butterflies, which you feel when you find the right guy for you and the insecurities love brings. Ebook categories: Urban fantasy romance, paranormal teen romance This book is very original and unique, in the sense that offers us a new, fresh, and modern glance at what it would be like for a Siren to exist and try to live among us a normal life. I loved S. L. Giger's take on the

matter, how she presented us with the struggle Serena, who was now called Nathalie, as her old self is supposed to be dead, faced in her new life. The writing was easy, fast-paced, and smooth, and I would totally love to get to know more about Nathalie's story! (review by Caterina) A Siren for a mother, A Warlock for a father, and a Family tree that wants her dead? Snatched off the street and drugged, Syrinada wakes strapped to a bed with a predator in the next room. At that moment, a side of her, she never knew existed emerges. While relieved to be free, she finds herself plagued by

questions she can't answer. When Malachi—a longtime friend—witnesses her tapping into this unknown power, he steps in to help. Soon she realizes he knows far more about her heritage than he lets on. After diving into secrets of the past, mounting truths of fin and scales challenge everything Syrinada thought she knew. Despite Malachi's warning to stay hidden, the call of her newfound heritage is a strong one. Can Syrinada deny her welling urges? Or will the ravenous darkness closing in consume her? In *Siren of the Inner Sea* the author speaks profoundly... From a distance... I marvel at the

phases of the moon Charmed by the costumes of each season I watch the acts of the planetary play Never perceiving myself onstage I began asking myself what is lasting and true; irreducible to soot and cinders, more than smoke and mirrors. Standing outside of my body, on a vista beyond belief and image, I looked into the flame from my embedded wick and "saw" with unveiled vision. When I surveyed my small room, I was stricken by its resemblance to a crazy quilt stitched by Emily Dickinson, Georgia O'Keeffe, a wild-haired Bohemian wanderer, a bookworm, a feline

fancier, and a quiet monk. Seeking respite in a drafty upper room by Providence, they gathered together with pocketfuls of poems; pebbles prepared to be cast in cosmic waters...circles widening. There, this cadre of characters met a Celtic siren. Faithful to the guiding spirit of this poetry collection, she helps afflicted souls on the way to Immrama. Dr. Linda L. Bielowski entreats the reader to embark on a spiritual voyage...Put your hand in my hand, in my hand in your hand while we navigate the serene and swirling inner sea. The author, Dr, Linda L. Bielowski,

spent her professional life as a professor, pastoral counselor, social services administrator, and psychotherapist with a passion for serving the homeless and disenfranchised. She describes herself as a monk in the world, a siren of the inner sea. It's said if you want to succeed, watch successful people and do what they do. Simply Irresistible is a humorous manual of case studies that show how the greatest sirens of history did what they did and got what they wanted, nearly all the time. Our role models- many of whom are still weaving their charms today- include Eva Peron,

Greta Garbo, Coco Chanel, Nigella Lawson, Angelina Jolie, Edith Piaf, Lucretia Borgia, Anne Boleyn, Mata Hari, and Jacqueline Kennedy Onassis. Simply Irresistible gives practical, sexy, and sometimes downright outrageous advice on modern seduction. It exalts the siren archetypes of the Companion, Competitor, Goddess, Mother, and Sex Kitten. The cheeky histories of the iconic real-life women are paired with a fun array of quizzes, quotes, photos, tongue-in-cheek captions, and personal stories of triumph and tragedy. (Mata Hari and Anne Boleyn were, after all, both

executed.) The wisdom of these famous sirens is fleshed out with the contributions of everyday, lesser known charismatic women. The conclusion? All women have an inner siren—the ability to bring men to their knees—just waiting to come out. Now they'll know how. Four artists are drawn into a web of rivalry and desire at an elite art school and on the streets of New York in this “gripping, provocative, and supremely entertaining” (BuzzFeed) debut “Captures the ache-inducing quality of art and desire . . . a deeply relatable and profoundly enjoyable read, one drenched in

prismatic color and light.”—Kristen Arnett, New York Times bestselling author of *With Teeth* FINALIST FOR THE MINNESOTA BOOK AWARD • ONE OF THE BEST BOOKS OF THE YEAR: *Glamour*, *PopSugar*, *Debutiful* It's 2011: America is in a deep recession and Occupy Wall Street is escalating. But at the elite Wrynn College of Art, students paint and sculpt in a rarefied bubble. Louisa Arceneaux is a thoughtful, observant nineteen-year-old when she transfers to Wrynn as a scholarship student, but she soon finds herself adrift in an environment that prizes novelty over beauty.

Complicating matters is Louisa's unexpected attraction to her charismatic roommate, Karina Piontek, the preternaturally gifted but mercurial daughter of wealthy art collectors. Gradually, Louisa and Karina are drawn into an intense sensual and artistic relationship, one that forces them to confront their deepest desires and fears. But Karina also can't shake her fascination with Preston Utley, a senior and anti-capitalist Internet provocateur, who is publicly feuding with visiting professor and political painter Robert Berger—a once-controversial figurehead seeking

to regain relevance. When Preston concocts an explosive hoax, the fates of all four artists are upended as each is unexpectedly thrust into the cutthroat New York art world. Now all must struggle to find new identities in art, in society, and among each other. In the process, they must find either their most authentic terms of life—of success, failure, and joy—or risk losing themselves altogether. With a canny, critical eye, *Sirens & Muses* overturns notions of class, money, art, youth, and a generation's fight to own their future. The Sirens were a group of women—or half women, half other

creature, depending on the version of the myth—who sang with beautiful voices to lure unsuspecting sailors to their death. They almost caught Odysseus and his men, plus Jason and the Argonauts, but these sailors escaped. How did they get away? Were the Sirens cruel or just cursed? Find out in this fascinating story about the Sirens and the gods and goddesses who used them. Also find out where the Sirens came from and what they meant to the people who believed in them. She is for Jordon and he is for her. She just needs a way to convince him. Sarinnea is the

matriarch of the oldest Siren house on the planet of Rylen. She sits on the Council of Elders and has the ear of the High Priestess of the Creators. How long is she supposed to wait for the stoic Norblade she loves to appreciate how difficult it is to offer him a place at her side? Despite having lived the majority of her long Siren life on a planet that reveres a mate's passion, Sarinnea long ago learned that even the truest love and devotion is sometimes not enough. She should be dealing with the dissension of the younger males in her house, not worrying about some alien who doesn't love her.

Yet how could she not be appalled that a year of living on Rylen has only managed to convince Jordon that she's used her Siren powers to beguile him? Beguile him? Really? Why would she do that when males vie for her attention daily? Male attention is not something she lacks. Plus, she's lived centuries alone and never minded. Raging fires of Helios, she's never begged a male for anything until Jordon entered her life. The Norblade should thank his lucky stars and whatever deities he worships that she's tolerated the stupid male pride which keeps him from loving her back. Dive into

It's said if you want to succeed, watch successful people and do what they do.
