The Rise Feb 24 2021 From celebrated art historian, curator, and teacher Sarah Lewis, a fascinating examination of how our most iconic creative endeavors—from innovation to the arts—are not achievements but conversions, corrections after failed attempts. The gift of failure is a riddle: it will always be both the void and the start of infinite possibility. The Rise—part investigation into a psychological mystery, part an argument about creativity and art, and part a soulful celebration of the determination and courage of the human spirit—makes the case that many of the world's greatest achievements have come from understanding the central importance of failure. Written over the course of four years, this exquisite biography of an idea is about the improbable foundations of a creative human endeavor. Each chapter focuses on the inestimable value of often ignored ideas—the power of surrender, how play is essential for innovation, the “near win” can help propel you on the road to mastery, the importance of grit and creative practice. The Rise shares narratives about figures past and present that range from choreographers, writers, painters, inventors, and entrepreneurs; Frederick Douglass, Samuel F.B. Morse, Diane Arbus, and J.K. Rowling, for example, feature alongside choreographer Paul Taylor, Nobel Prize-winning physicists Andre Geim and Konstantin Novoselov, and Arctic explorer Ben Saunders. With valuable lessons for pedagogy and parenting, for innovation and discovery, and for self-direction and creativity, The Rise “gives the old chestnut ‘If at first you don't succeed...’ a jolt of adrenaline” (Elle).

*Drive* Dec 05 2021 The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money-the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction-at work, at school, and at home-is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does-and how that affects every aspect of life. He examines the three elements of true motivation-autonomy, mastery, and purpose-and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

I Am the Word Apr 28 2021 The channeled Guides of I Am the Word provide a concise and immensely powerful program in self-awareness that can ease negative complexes and align your existence with its highest purpose. Humanity has lost itself. Both as individuals and as a world culture, we have forgotten our true nature. In I Am the Word, writer and medium Paul Selig has recorded an extraordinary program for self-realization, as dispensed through beings of higher intelligence, sometimes called Guides or Ascended Masters. These figures seek, as they have in the past, to assist men and women in discovering the higher, purposeful nature-or "Christed Self"-that lies dormant within us all. In a series of enticing, irresistibly practical dialogues, the Guides of I Am the Word identify the emotional "boulders" that displace our authentic selves and consume our potential. The Guides provide to-the-point psychological and existential insights, along with self-developing exercises and affirmations, which begin to strip away residues of fear, self-doubt, and self-suffocating habits.

The Mastery of Self Mar 08 2022 The ancient Toltecs believed that life as we perceive it is a dream. We each live in our own personal dream, and all of our dreams come together to make the Dream of the Planet. Problems arise when we forget that the dream is just a dream and fall victim to believing that we have no control over it. "The Mastery of Self" takes the Toltec philosophy of the Dream of the Planet and the personal dream and explains how a person can: Wake

upLiberate themselves from illusory beliefs and storiesLive with authenticity Once released, we can live as our true, authentic, loving self, not only in solitude and meditation, but in any place--at the grocery store, stuck in traffic, etc.--and in any situation or scenario that confronts us. The Book of Mastery Apr 21 2023 The first book in channeler Paul Selig's widely anticipated Mastery Trilogy leads you into an unprecedented journey of self-development, at once building your personal excellence and your ability to improve life for others. The channeled literature of Paul Selig -- who receives clairaudient dictation from unseen intellects called the Guides -- has quickly become the most important and celebrated expression of channeling since A Course In Miracles rose to prominence in the 1970s. Selig's three previous books -- I Am the Word, The Book of Love and Creation, and The Book of Knowing and Worth -- have won a growing following around the world for their depth, intimacy, and psychological insight. Now, Selig embarks upon an extraordinary new trilogy on the "Teachings of Mastery" with his inaugural volume: The Book of Mastery. The Book of Mastery provides a deeply practical prescription for heightening your abilities, aptitudes, and sense of personal excellence. The Guides' teachings go much further, however, instructing you how to improve life for others and, ultimately, for global humanity. As the Guides themselves put it: "We will tell you this: No one who reads these books will be left unchanged. They will be like molecular systems that reinvigorate and realign and reclaim the reader to themselves in their worth, in their identity and, beyond that, in their physical realm. Underline physical realm if you like. Because the physical realm that we teach in is about to go back to the stone ages unless you all get it together."
