Star Trek: Discovery: Drastic Measures Sep 01 2023 An all-new novel based upon the explosive Star Trek TV series! It is 2246, ten years prior to the Battle at the Binary Stars, and an aggressive contagion is ravaging the food supplies of the remote Federation colony Tarsus IV and the eight thousand people who call it home. Distress signals have been sent, but any meaningful assistance is weeks away. Lieutenant Commander Gabriel Lorca and a small team assigned to a Starfleet monitoring outpost are caught up in the escalating crisis, and bear witness as the colony's governor, Adrian Kodos, employs an unimaginable solution in order to prevent mass starvation. While awaiting transfer to her next assignment, Commander Philippa Georgiou is tasked with leading to Tarsus IV a small, hastily assembled group of first responders. It's hoped this advance party can help stabilize the situation until more aid arrives, but Georgiou and her team discover that they're too late—Governor Kodos has already implemented his heinous strategy for extending the colony's besieged food stores and safeguarding the community's long-term survival. In the midst of their rescue mission, Georgiou and Lorca must now hunt for the architect of this horrific tragedy and the man whom history will one day

brand “Kodos the Executioner”....

Star Trek: Discovery: The Enterprise War Jan 25 2023 An all-new novel based upon the explosive Star Trek TV series! A shattered ship, a divided crew—trapped in the infernal nightmare of conflict! Hearing of the outbreak of hostilities between the United Federation of Planets and the Klingon Empire, Captain Christopher Pike attempts to bring the USS Enterprise home to join in the fight. But in the hellish nebula known as the Pergamum, the stalwart commander instead finds an epic battle of his own, pitting ancient enemies against one another—with not just the Enterprise, but her crew as the spoils of war. Lost and out of contact with Earth for an entire year, Pike and his trusted first officer, Number One, struggle to find and reunite the ship’s crew—all while Science Officer Spock confronts a mystery that puts even his exceptional skills to the test...with more than their own survival possibly riding on the outcome...

The Bone Yard Jun 25 2020 “[Bass is] the real deal.” —Kathy Reichs The sixth electrifying forensic mystery by author Jefferson Bass (“a fresh voice in the crime novel arena” —Seattle Post-Intelligencer), *The Bone Yard* is the most gripping installment yet in the New York Times bestselling *Body Farm* series. Called away from Tennessee’s renowned *Body Farm* (the real life human decomposition laboratory around which these remarkable thrillers are based), Dr. Bill Brockton discovers the dark side of the Sunshine state when he’s called in to investigate human remains found on the grounds of a Florida boys’ reform school. Rich in authentic forensic detail and featuring a protagonist as involving as crime fiction’s most popular medical examiners—including Patricia Cornwell’s Kay Scarpetta, Karin Slaughter’s Sara Linton, and Kathy Reichs’s star forensic anthropologist Temperance Brennan—*The Bone Yard* is unassailable evidence that this series “just keeps getting better” (Booklist).

Knowledge and the Wealth of Nations: A Story of Economic Discovery Nov 22 2022 "What *The Double Helix* did for biology, David Warsh's *Knowledge and the Wealth of Nations* does for economics." —Boston Globe A stimulating and inviting tour of modern economics centered on the story of one of its most important breakthroughs. In 1980, the twenty-four-year-old graduate student Paul Romer tackled one of the oldest puzzles in economics. Eight years later he solved it. This book tells the story of what has come to be called the new growth theory: the paradox identified by Adam Smith more than two hundred years earlier, its disappearance and occasional resurfacing in the nineteenth century, the development of new technical tools in the twentieth century, and finally the student who could see further than his teachers. Fascinating in its own right, new growth theory helps to

explain dominant first-mover firms like IBM or Microsoft, underscores the value of intellectual property, and provides essential advice to those concerned with the expansion of the economy. Like James Gleick's *Chaos* or Brian Greene's *The Elegant Universe*, this revealing book takes us to the frontlines of scientific research; not since Robert Heilbroner's classic work *The Worldly Philosophers* have we had as attractive a glimpse of the essential science of economics.

What Lies Beneath Dec 24 2022 An abandoned English village holds generations of dark secrets that are about to be uncovered in this gothic thriller by the author of *A Dark Dividing*. Some fifty years ago, Priors Bramley was emptied of its residents—all for the sake of a Cold War experiment with chemical weapons that went wrong. Since then, the cordoned off town has been known as The Poisoned village. But the locals don't know the half of it. Now, as *The Poisoned Village* is set to be reopened, its secrets are set to be unleashed. Tracing the contagion leads inexorably to the long-abandoned Cadence Manor, once home to generations of secretive, powerful bankers and their elegant wives. What happened there in the years before the World War I? What murderous madness infected the family? And what is the source of the eerie music that, even now, can be heard drifting down the crumbling village streets?

Star Trek: Discovery: Wonderlands May 29 2023 An all-new novel based upon the explosive *Star Trek* TV series! In a desperate attempt to prevent the artificial intelligence known as Control from seizing crucial information that could destroy all sentient life, Commander Michael Burnham donned the “Red Angel” time-travel suit and guided the *USS Discovery* into the future and out of harm's way. But something has gone terribly wrong, and Burnham has somehow arrived in a place far different from anything she could have imagined—more than nine hundred years out of her time, with *Discovery* nowhere to be found, and where the mysterious and cataclysmic event known as “the Burn” has utterly decimated Starfleet and, with it, the United Federation of Planets. How then can she possibly exist day-to-day in this strange place? What worlds are out there waiting to be discovered? Do any remnants of Starfleet and the Federation possibly endure? With more questions than answers, Burnham must nevertheless forge new friendships and new alliances if she hopes to survive this future long enough for the *Discovery* crew to find her.... ™, ®, & © 2021 CBS Studios, Inc. Available Light Jan 30 2021 The past comes back to haunt Captain Jean-Luc Picard in this brand new thriller set in the universe of *Star Trek: The Next Generation*. Section 31, the covert organization which has operated without

accountability in the shadows for more than two centuries, has been exposed. Throughout the Federation, the rogue group's agents and leaders are being taken into custody as the sheer scope of its misdeeds comes to light. Now Starfleet Command must decide the consequences for numerous officers caught up in the scandal—including Admirals William Ross, Edward Jellico, Alynna Nechayev, and Captain Jean-Luc Picard who, along with many others, are implicated in the forced removal of a Federation president. Meanwhile, deep in the distant, unexplored region of space known as the Odyssean Pass, Picard and the crew of the Starship Enterprise must put aside personal feelings and political concerns as they investigate a massive mysterious spacecraft. Adrift for centuries in the void, the ship is vital to the survival of an endangered civilization which has spent generations searching for a world to sustain what remains of its people. Complicating matters is a band of marauders who have their own designs on the ancient ship, with only the Enterprise standing in their way....

Star Trek: Picard: The Dark Veil Apr 03 2021 A thrilling untold adventure based on the acclaimed Star Trek: Picard TV series! The Alpha Quadrant is mired in crisis. Within the United Federation of Planets, a terrorist strike on the shipyards of Mars has led to the shutdown of all relief efforts for millions of Romulans facing certain doom from an impending supernova. But when the USS Titan is drawn into a catastrophic incident on the Romulan-Federation border, Captain William Riker, his family, and his crew find themselves caught between the shocking secrets of an enigmatic alien species and the deadly agenda of a ruthless Tal Shiar operative. Forced into a wary alliance with a Romulan starship commander, Riker and the Titan crew must uncover the truth to stop a devastating attack—but one wrong move could plunge the entire sector into open conflict!

Star Trek: Discovery: Fear Itself Feb 23 2023 An all-new novel based upon the explosive Star Trek TV series! Lieutenant Saru is a Kelpien, a member of a prey species born on a world overrun by monstrous predators...and a being who very intimately understands the nature of fear. Challenged on all sides, he is determined to surpass his origins and succeed as a Starfleet officer aboard the USS Shenzhou. But when Saru breaks protocol in order to prove himself to his crewmates, what begins as a vital rescue mission to save a vessel in distress soon escalates out of control. Forced into a command role he may not be ready for, Saru is caught between his duty and the conflicting agendas of two antagonistic alien races. To survive, he will need to seek a path of peace against all odds, and risk compromising the very ideals he has sworn to uphold...

Star Trek: Discovery: Desperate Hours Jul 31 2023 An all-new novel based upon

the explosive Star Trek TV series! Aboard the Starship Shenzhou, Lieutenant Michael Burnham, a human woman raised and educated among Vulcans, is promoted to acting first officer. But if she wants to keep the job, she must prove to Captain Philippa Georgiou that she deserves to have it. She gets her chance when the Shenzhou must protect a Federation colony that is under attack by an ancient alien vessel that has surfaced from the deepest fathoms of the planet's dark, uncharted sea. As the menace from this mysterious vessel grows stronger, Starfleet declares the colony expendable in the name of halting the threat. To save thousands of innocent lives, Burnham must infiltrate the alien ship. But to do so, she needs to face the truth of her troubled past, and seek the aid of a man she has tried to avoid her entire life—until now.

Destiny's Road Apr 15 2022 On Planet Destiny, Jemmy Blocher kills a laborer and flees for his life along the long road forged by the mysterious Cavorite and its crew, who disappeared more than 250 years earlier.

Everyone Dies in the End Aug 08 2021 At seventeen, Sherman Andrews has been accepted in the Missouri Scholars' Academy. Sherman has had a ten-year plan since he was eight, and he is determined to become an award-winning investigative journalist. He is going places, unlike his low-brow plumber father or his absent mother. While researching his first project, a chance discovery of a mysterious photograph of four men, dated 1935, leads to Sherman uncovering records of deaths, disappearances, and cover-ups on an almost unbelievable scale. Too late, Sherman realizes the organization responsible is still around, and they're prepared to take drastic measures to keep him quiet. Sherman must decide if he wants to flee for his life, or risk everything to become the reporter he's always wanted to be. There are only two people he can trust to help him. One is Charlie, the cute, chubby student librarian at the historical society. The other is Denton, who claims that the organization is led by a shadowy man who died in 1966...and 1935...and 1864. The fact that Denton has been forcibly committed to a mental hospital is just an unfortunate misunderstanding. Something evil is about to reappear. And Sherman, with his Dictaphone, his ironed socks, and his ten-page resume, may be the only one who can prevent a tragedy. Interspersed with flashbacks to the original 1935 adventurers, *Everyone Dies* is a lighthearted coming of age story about love, growing up, and what it's like to be buried alive.

Star Trek: Discovery - The Light of Kahless Jan 01 2021 Journey back in time to a decade before Captain Kirk and the Enterprise set out on their five-year mission, when the United Federation of Planets is locked in conflict with the mysterious Klingon Empire. But just who are these formidable foes? Delve into the shocking

world of the Klingons in a story you can only find in this miniseries, which ties directly into the show.

A Patriot's History of the United States Aug 27 2020

The Loss of the Ship Essex, Sunk by a Whale Nov 30 2020 The gripping first-hand narrative of the whaling ship disaster that inspired Melville's *Moby-Dick* and informed Nathaniel Philbrick's monumental history, *In the Heart of the Sea* In 1820, the Nantucket whaleship *Essex* was rammed by an angry sperm whale thousands of miles from home in the South Pacific. The *Essex* sank, leaving twenty crew members drifting in three small open boats for ninety days. Through drastic measures, eight men survived to reveal this astonishing tale. The Narrative of the Wreck of the Whaleship *Essex*, by Owen Chase, has long been the essential account of the *Essex*'s doomed voyage. But in 1980, a new account of the disaster was discovered, penned late in life by Thomas Nickerson, who had been the fifteen-year-old cabin boy of the ship. This discovery has vastly expanded and clarified the history of an event as grandiose in its time as the *Titanic*. This edition presents Nickerson's never-before-published chronicle alongside Chase's version. Also included are the most important other contemporary accounts of the incident, Melville's notes in his copy of the Chase narrative, and journal entries by Emerson and Thoreau. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Made for Love May 24 2020 Now an HBO Max series starring Ray Romano and Cristin Milioti From one of our most exciting and provocative young writers, a poignant, riotously funny story of how far some will go for love—and how far some will go to escape it. Hazel has just moved into a trailer park of senior citizens, with her father and Diane—his extremely lifelike sex doll—as her roommates. Life with Hazel's father is strained at best, but her only alternative seems even bleaker. She's just run out on her marriage to Byron Gogol, CEO and founder of Gogol Industries, a monolithic corporation hell-bent on making its products and technologies indispensable in daily life. For over a decade, Hazel put up with being veritably quarantined by Byron in the family compound, her every movement and vital sign tracked. But when he demands to wirelessly connect the two of them via brain chips in a first-ever human "mind-meld," Hazel decides what was once merely irritating

has become unbearable. The world she escapes into is a far cry from the dry and clinical bubble she's been living in, a world populated with a whole host of deviant oddballs. As Hazel tries to carve out a new life for herself in this uncharted territory, Byron is using the most sophisticated tools at his disposal to find her and bring her home. His threats become more and more sinister, and Hazel is forced to take drastic measures in order to find a home of her own and free herself from Byron's virtual clutches once and for all. Perceptive and compulsively readable, *Made for Love* is at once an absurd, raunchy comedy and a dazzling, profound meditation marriage, monogamy, and family.

Drastic Measures Aug 20 2022 GEORGE CLAYTON JOHNSON (Ocean's Eleven, Logan's Run) joins the print edition of *Drastic Measures* anthology of short fiction, volume I, to help spin tales of where the human mind goes when its cornered. New discovery MELISSA LYONS is the most powerful new voice in suspense since Dean Koontz with her story, "Snow." Editor BEN PARRIS adds two stories of his own edited by Fantasy & Science Fiction contributor KEN ALTABEF. In "Murder in Songjiang" All Brian wanted to do was teach English in China. All the U.S. State Department wanted of the CIA was a quiet investigation of how Brian got killed there. Espionage trainee Mike Spoto stood in the middle and cared about his training case too much for his own good. ROBERT HORSEMAN presents "Déjà vu" There are two kinds of déjà vu: The kind where you remember things that never happened, and the kind Daniel has; BRAD POST gives us "The Trees" Sharon had second thoughts about her new husband Johnny. Her father detested the man, and the trees didn't like either of them Those tales and more by new discoveries SUSAN DAVID, CATHY DOUGLAS, KATE LARKINDALE, MICHELLE D KEYES, and GERALD VINCENT. DAVID MACK (The 4400), who wrote the foreword for this volume, says, "You're in for a wild ride."

Star Trek: Coda: Book 1: Moments Asunder Mar 15 2022 "Story by Dayton Ward, James Swallo, and David Mack. Based on Star Trek and Star Trek: the next generation created by Gene Roddenberry. Star Trek: Deep space nine created by Rick Berman & Michael Piller. Star Trek: Voyager created by Rick Berman & Michael Piller & Jeri Taylor."

Titan: Fortune of War May 05 2021 An original spin-off novel set in the popular Star Trek: The Next Generation universe from New York Times bestselling author David Mack. Death slumbers in the ashes of silent planets, waiting to be awakened and unleashed... Twenty years have passed since the interstellar scourge known as the Husnock were exterminated without warning by a being with godlike abilities. Left behind, intact but abandoned, their desolate worlds and derelict ships brim with

destructive potential. Now a discovery by a Federation cultural research team has drawn the attention of several ruthless factions. From black market smugglers to alien military forces, it seems every belligerent power in the quadrant hopes to capture the Husnock's lethal technology. All that stands between the galaxy and those who have come to plunder the cruelest secrets of the Husnock are Admiral William Riker, Captain Christine Vale, and the crew of the Starship Titan. ™, ®, & © 2017 CBS Studios, Inc. STAR TREK and related marks and logos are trademarks of CBS Studios, Inc. All Rights Reserved.

Killer Flies Jun 17 2022 FIRST THEY FEASTED ON FARM ANIMALS. THEN THEY FOUND HUMANS...A little girl was dead, attacked and mutilated by some things, creatures of nightmare that were spreading outward like the Black Death, stripping the entire town bare of life. The death toll mounted, with bodies maimed or ripped to shreds, and thousands cowered in the shadows, hiding fearfully from the death out of the skies, the millions of sucking probosci eagerly reaching out for the attack. And terror erupted into uncontrollable panic, as a lone scientist worked feverishly to save a dying population and destroy the KILLER FLIES!

Drastic Measures Mar 27 2023 This is a True Crime Case OPINION Book - key word OPINION - ON A HIGH-PROFILE TRUE CRIME CASE WHICH ENTERED ONTO THE PUBLIC STAGE ON AUGUST 13, 2018. Like most books written in the TRUE CRIME genre - this true crime case opinion book includes opinions and theories on sensitive subject matters including but not limited to abuse, violence, and mental illness. Therefore, if you or a loved one has been a victim of violent crime, domestic violence, or child abuse please DO NOT READ THIS BOOK. If you choose to ignore this trigger warning and you experience any signs or symptoms of mental or emotional disturbance, please seek professional help immediately. DRASTIC MEASURES ~ THE CASE OF CHRISTOPHER WATTS is written to share opinions I have formed after extensive research of this case over the last three years, including speaking directly with Christopher Watts' mother - Cindy Watts - multiple times following the tragedy which occurred on August 13, 2018 at the Watts' family home in Frederick, Colorado. While I am supportive of Cindy Watts - and her right to speak - this book is not written at her direction or on her behalf. However, this book is written with EXPRESS PERMISSION from Cindy Watts, who has directly stated her blessings for any book I write - or audiobook/video that I create. This true crime case opinion book is written to explore my OPINIONS on the case itself, primarily to include my thoughts specific to Cindy's relationship with her daughter-in-law Shanann (pronounced "shan-uhn" - Shannon - by her birth family), and the dynamics of her daughter-in-law's

relationships with Cindy's son and their two children. I will also explore my opinion on whether it is reasonable to believe that Christopher Watts may have been telling the truth when he insisted that he did not murder his children, Bella and Ce Ce Watts. And I will include my opinion on whether the threshold of the legal standard "BEYOND A REASONABLE DOUBT" would have been crossed by the prosecution had this case proceeded to trial. Over the last three years, since the public was initially told that poor little Bella and Ce Ce were murdered in what should have been the safety of their own home, there has been a narrative promoted on this case portraying Christopher Watts as nothing but an evil monster, while his wife always was and will forever be a saint. People who openly question the narrative in the comment sections on social media are oftentimes harassed, threatened, and intimidated right along with those of us who have been targeted for abuse and harassment from the start, before many of us had ever even heard of this case. The attackers are an organized group of ruthless criminals, in my opinion, who are using multiple fake profiles, and who openly boast they will not stop harassing us, and our families, and our employers, etc. until they succeed in "DESTROYING" our lives. Clearly, their goal is to frighten all of us into silence, including Christopher Watts' mother, Cindy Watts. In my opinion, Christopher Watts is not evil - nor is his mother, who has been unfairly maligned and targeted for abuse and harassment since the day her son's case first hit the headline news. Also, in my opinion, contrary to the narrative being pushed by the attackers, Cindy Watts' daughter-in-law was probably not a saint. Maybe that's my opinion because I know the rest of the story. And, in my opinion, THE REST OF THE STORY deserves to be told. ~

The New Countess Jul 07 2021 England, 1905. Lord Robert and Lady Isobel Dilberne, as well as their entire regal estate, with its hundred rooms, are busy planning for a lavish visit from King Edward VII and his mistress just a few months away. Preparations are elaborate and exhaustive: the menus and fashions must be just so. But even amidst the excitement, not everyone is happy. Lady Rosina—now widowed and wealthy—insists on publishing a scandalous book despite her mother's objections. Arthur Dilberne and Chicago Heiress Minnie O'Brien's two young sons—the eldest of whom is heir to the estate—are being reared to Lady Isobel's tastes, not Minnie's. After making a shocking discovery, Minnie will take drastic measures for the sake of her children. And when fate deals a hand in the middle of the royal shooting party, the entire Dilberne estate will face upheaval once again. *The New Countess* is the final novel in Fay Weldon's outstanding trilogy that began with *Habits of the House* and *Long Live the King*. As the bestselling novelist and

award-winning writer for the pilot episode of the original *Upstairs Downstairs*, Weldon magnificently lifts the curtain on early twentieth-century British society, upstairs and downstairs, under one stately roof.

House of Darkness House of Light Feb 11 2022 Roger and Carolyn Perron purchased the home of their dreams and eventual nightmares in December of 1970. The Arnold Estate, located just beyond the village of Harrisville, Rhode Island seemed the idyllic setting in which to raise a family. The couple unwittingly moved their five young daughters into the ancient and mysterious farmhouse. Secrets were kept and then revealed within a space shared by mortal and immortal alike. Time suddenly became irrelevant; fractured by spirits making their presence known then dispersing into the ether. The house is a portal to the past and a passage to the future. This is a sacred story of spiritual enlightenment, told some thirty years hence. The family is now somewhat less reticent to divulge a closely-guarded experience. Their odyssey is chronicled by the eldest sibling and is an unabridged account of a supernatural excursion. Ed and Lorraine Warren investigated this haunting in a futile attempt to intervene on their behalf. They consider the Perron family saga to be one of the most compelling and significant of a famously ghost-storied career as paranormal researchers. During a seance gone horribly wrong, they unleashed an unholy hostess; the spirit called Bathsheba; a God-forsaken soul. Perceiving herself to be the mistress of the house, she did not appreciate the competition. Carolyn had long been under siege; overt threats issued in the form of fire...a mother's greatest fear. It transformed the woman in unimaginable ways. After nearly a decade the family left a once beloved home behind though it will never leave them, as each remains haunted by a memory. This tale is an inspiring testament to the resilience of the human spirit on a pathway of discovery: an eternal journey for the living and the dead.

The Unnatural History of the Sea Jul 19 2022 Humanity can make short work of the oceans' creatures. In 1741, hungry explorers discovered herds of Steller's sea cow in the Bering Strait, and in less than thirty years, the amiable beast had been harpooned into extinction. It's a classic story, but a key fact is often omitted. Bering Island was the last redoubt of a species that had been decimated by hunting and habitat loss years before the explorers set sail. As Callum M. Roberts reveals in *The Unnatural History of the Sea*, the oceans' bounty didn't disappear overnight. While today's fishing industry is ruthlessly efficient, intense exploitation began not in the modern era, or even with the dawn of industrialization, but in the eleventh century in medieval Europe. Roberts explores this long and colorful history of commercial fishing, taking readers around the world and through the centuries to witness the

transformation of the seas. Drawing on firsthand accounts of early explorers, pirates, merchants, fishers, and travelers, the book recreates the oceans of the past: waters teeming with whales, sea lions, sea otters, turtles, and giant fish. The abundance of marine life described by fifteenth century seafarers is almost unimaginable today, but Roberts both brings it alive and artfully traces its depletion. Collapsing fisheries, he shows, are simply the latest chapter in a long history of unfettered commercialization of the seas. The story does not end with an empty ocean. Instead, Roberts describes how we might restore the splendor and prosperity of the seas through smarter management of our resources and some simple restraint. From the coasts of Florida to New Zealand, marine reserves have fostered spectacular recovery of plants and animals to levels not seen in a century. They prove that history need not repeat itself: we can leave the oceans richer than we found them.

Sea of Glory May 17 2022 "A treasure of a book."—David McCullough The harrowing story of a pathbreaking naval expedition that set out to map the entire Pacific Ocean, dwarfing Lewis and Clark with its discoveries, from the New York Times bestselling author of *Valiant Ambition* and *In the Hurricane's Eye*. A New York Times Notable Book America's first frontier was not the West; it was the sea, and no one writes more eloquently about that watery wilderness than Nathaniel Philbrick. In his bestselling *In the Heart of the Sea* Philbrick probed the nightmarish dangers of the vast Pacific. Now, in an epic sea adventure, he writes about one of the most ambitious voyages of discovery the Western world has ever seen—the U.S. Exploring Expedition of 1838–1842. On a scale that dwarfed the journey of Lewis and Clark, six magnificent sailing vessels and a crew of hundreds set out to map the entire Pacific Ocean and ended up naming the newly discovered continent of Antarctica, collecting what would become the basis of the Smithsonian Institution. Combining spellbinding human drama and meticulous research, Philbrick reconstructs the dark saga of the voyage to show why, instead of being celebrated and revered as that of Lewis and Clark, it has—until now—been relegated to a footnote in the national memory. Winner of the Theodore and Franklin D. Roosevelt Naval History Prize

Star Trek: Discovery: Dead Endless Jun 29 2023 A novel based upon the explosive Star Trek TV series! The U.S.S. Discovery's specialty is using its spore-based hub drive to jump great distances faster than any warp-faring vessel in Starfleet. To do this, Lieutenant Paul Stamets navigates the ship through the recently revealed mycelial network, a subspace domain Discovery can briefly transit but in which it cannot remain. After responding to a startling distress call originating from within the network, the Discovery crew find themselves trapped in an inescapable realm

where they will surely perish unless their missing mycelial fuel is found or restored. Is the seemingly human man found alone and alive inside the network the Starfleet officer he claims to be, or an impostor created by alien intruders who hope to extract themselves from the mycelial plane at the expense of all lives aboard Discovery?

Best Destiny Apr 23 2020 Events in a distant part of the Federation delay James T. Kirk's retirement from Starfleet and send him to Faramond--a world that takes Kirk on a journey back to his troubled youth.

Star Trek: Discovery: Die Standing Sep 20 2022 An all-new novel based upon the explosive Star Trek TV series! No one in the history of histories has lost more than Philippa Georgiou, ruler of the Terran Empire. Forced to take refuge in the Federation's universe, she bides her time until Section 31, a rogue spy force within Starfleet, offers her a chance to work as their agent. She has no intention of serving under anyone else, of course; her only interest is escape. But when a young Trill, Emony Dax, discovers a powerful interstellar menace, Georgiou recognizes it as a superweapon that escaped her grasp in her own universe. Escorted by a team sent by an untrusting Federation to watch over her, the emperor journeys to a region forbidden to travelers. But will what she finds there end the threat—or give “Agent Georgiou” the means to create her old empire anew?

Agents of Influence Dec 12 2021 An epic new Star Trek saga by New York Times bestselling author Dayton Ward set during the original Five-Year Mission! For years, Starfleet Intelligence agents have carried out undercover assignments deep within the Klingon Empire. Surgically altered and rigorously trained in Klingon culture, they operate in plain sight and without any direct support, while collecting information and infiltrating the highest levels of imperial power. Their actions have given Starfleet valuable insight into the inner workings of Klingon government and its relentless military apparatus. After three of Starfleet's longest serving agents fear exposure, they initiate emergency extraction procedures. Their planned rendezvous with the USS Endeavour goes awry, threatening to reveal their activities and the damaging intelligence they've collected during their mission. Tasked by Starfleet to salvage the botched rescue attempt, Captain James T. Kirk and the crew of the USS Enterprise must discover the truth behind a secret weapons experiment while avoiding an interstellar incident with the potential to ignite a new war between the Federation and one of its oldest adversaries.

Opposing Lincoln Jun 05 2021 In a time of great national division, a time of threats of resistance and counterthreats of suppression, a controversial president takes drastic measures to rein in his critics, citing national interest, national security,

and his obligations as chief executive. If this seems familiar in our current moment of intense political agitation, that is all the more reason to attend to Thomas Mackey's gripping, learned, and eminently readable account of the Civil War-era case of Clement L. Vallandigham, an Ohio congressman arrested for campaigning against the war and President Lincoln's policies. In Mackey's telling, the story of this prominent "Copperhead," or Southern sympathizer, illuminates the problem of internal security, loyalty, and disloyalty faced by the Lincoln administration during wartime—and, more generally, the problem of determining the balance between executive power and tyranny, and between dissent and treason. *Opposing Lincoln* explores Vallandigham's opposition not only to Lincoln and his administration but also to Lincoln's use of force and his executive orders suspending habeas corpus. In addition to tracing Vallandigham's experiences of being arrested, tried, convicted by military commission instead of civilian courts, and then banished from the United States, this historical narrative introduces readers to Lincoln's most important statements on presidential powers in wartime, while also providing a primer on the wealth of detail involved in such legal and military controversies. Examining the long-standing issue of the limits of political dissent in wartime, the book asks the critical historical question of what reasonable lengths a legitimate government can go to in order to protect itself and its citizens from threats, whether external or internal. The case of Clement Vallandigham is, Mackey suggests, a quintessentially American story. Testing the limits of dissent in a political democracy in wartime, and of the scope and power of constitutional government, it clarifies a critical aspect of the American experience from afar.

Star Trek: Discovery: Die Standing Sep 28 2020 An all-new novel based upon the explosive Star Trek TV series! No one in the history of histories has lost more than Philippa Georgiou, ruler of the Terran Empire. Forced to take refuge in the Federation's universe, she bides her time until Section 31, a rogue spy force within Starfleet, offers her a chance to work as their agent. She has no intention of serving under anyone else, of course; her only interest is escape. But when a young Trill, Emony Dax, discovers a powerful interstellar menace, Georgiou recognizes it as a superweapon that escaped her grasp in her own universe. Escorted by a team sent by an untrusting Federation to watch over her, the emperor journeys to a region forbidden to travelers. But will what she finds there end the threat—or give "Agent Georgiou" the means to create her old empire anew?

The Teacher of Warsaw Sep 08 2021 For fans of *The Warsaw Orphan* and *The Tattooist of Auschwitz*: the start of WWII changed everything in Poland irrevocably—except for one man's capacity to love. September 1, 1939. Sixty-year-

old Janusz Korczak and the students and teachers at his Dom Sierot Jewish orphanage are outside enjoying a beautiful day in Warsaw. Hours later, their lives are altered forever when the Nazis invade. Suddenly treated as an outcast in his own city, Janusz—a respected leader known for his heroism and teaching—is determined to do whatever it takes to protect the children from the horrors to come. When over four hundred thousand Jewish people are rounded up and forced to live in the 1.3-square-mile walled compound of the Warsaw ghetto, Janusz and his friends take drastic measures to shield the children from disease and starvation. With dignity and courage, the teachers and students of Dom Sierot create their own tiny army of love and bravely prepare to march toward the future—whatever it may hold.

Unforgettable, devastating, and inspired by a real-life hero of the Holocaust, *The Teacher of Warsaw* reminds the world that one single person can incite meaning, hope, and love. Praise for *The Teacher of Warsaw*: “Through meticulous research and with wisdom and care, Mario Escobar brings to life a heartbreaking story of love and extraordinary courage. I want everyone I know to read this book.” —Kelly Rimmer, *New York Times* bestselling author of *The Warsaw Orphan* “A beautifully written, deeply emotional story of hope, love, and courage in the face of unspeakable horrors. That such self-sacrifice, dedication and goodness existed restores faith in humankind. Escobar's heart-rending yet uplifting tale is made all the more poignant by its authenticity. Bravo!” —Tea Cooper, award-winning and bestselling author of *The Cartographer's Secret World War II* historical fiction inspired by true events Includes discussion questions for book clubs, a historical timeline, and notes from the author Book length: 83,000 words Also by author: *Auschwitz Lullaby*, *Children of the Stars*, *Remember Me*, *The Librarian of Saint-Malo*

State Immunity in International Law Jul 27 2020 Xiaodong Yang examines the issue of jurisdictional immunities of States and their property in foreign domestic courts.

The Discovery of Chinese Logic Oct 10 2021 This book analyzes the discovery of Chinese logic as a paradigmatic case of the epistemic shifts that have shaped interpretations of China's intellectual heritage. Reconstructing the transcultural genealogy of a modern discourse, it adds a neglected chapter to the global history of philosophy.

Star Trek: Discovery - Aftermath Mar 03 2021 Witness the Aftermath of the stunning second season of *Star Trek: Discovery*! An all-new graphic novel that ties directly into Season Two of the hit CBS All Access series! After the disappearance of the U.S.S. *Discovery*, Captain Pike and Chancellor L'Rell seek to forge a peace

treaty between the Federation and the Klingons. But when a new enemy threatens to sabotage the negotiations, Spock must reclaim his place in Starfleet to save his friends and prevent the outbreak of a new war!

The Wasp Factory Nov 10 2021 The polarizing literary debut by Scottish author Ian Banks, *The Wasp Factory* is the bizarre, imaginative, disturbing, and darkly comic look into the mind of a child psychopath. Meet Frank Cauldhame. Just sixteen, and unconventional to say the least: Two years after I killed Blyth I murdered my young brother Paul, for quite different and more fundamental reasons than I'd disposed of Blyth, and then a year after that I did for my young cousin Esmerelda, more or less on a whim. That's my score to date. Three. I haven't killed anybody for years, and don't intend to ever again. It was just a stage I was going through.

The Book Eaters Oct 29 2020 "I devoured this."—V. E. Schwab, *New York Times* bestselling author of *The Invisible Life of Addie La Rue* An International Bestseller An NPR Best Sci Fi, Fantasy, & Speculative Fiction Book of 2022 A Book Riot Best Book of 2022 A Vulture Best Fantasy Novel of 2022 A Goodreads Best Fantasy Choice Award Nominee A Library Journal Best Book of 2022 Out on the Yorkshire Moors lives a secret line of people for whom books are food, and who retain all of a book's content after eating it. To them, spy novels are a peppery snack; romance novels are sweet and delicious. Eating a map can help them remember destinations, and children, when they misbehave, are forced to eat dry, musty pages from dictionaries. Devon is part of The Family, an old and reclusive clan of book eaters. Her brothers grow up feasting on stories of valor and adventure, and Devon—like all other book eater women—is raised on a carefully curated diet of fairy tales and cautionary stories. But real life doesn't always come with happy endings, as Devon learns when her son is born with a rare and darker kind of hunger—not for books, but for human minds. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Migraine Oct 22 2022 A cultural, social, and medical history of migraine. For centuries, people have talked of a powerful bodily disorder called migraine, which currently affects about a billion people around the world. Yet until now, the rich history of this condition has barely been told. In *Migraine*, award-winning historian Katherine Foxhall reveals the ideas and methods that ordinary people and medical professionals have used to describe, explain, and treat migraine since the Middle Ages. Touching on classical theories of humoral disturbance and medieval bloodletting, Foxhall also describes early modern herbal remedies, the emergence of neurology, and evolving practices of therapeutic experimentation. Throughout the

book, Foxhall persuasively argues that our current knowledge of migraine's neurobiology is founded on a centuries-long social, cultural, and medical history. This history, she demonstrates, continues to profoundly shape our knowledge of this complicated disease, our attitudes toward people who have migraine, and the sometimes drastic measures that we take to address pain. *Migraine* is an intimate look at how cultural attitudes and therapeutic practices have changed radically in response to medical and pharmaceutical developments. Foxhall draws on a wealth of previously unexamined sources, including medieval manuscripts, early-modern recipe books, professional medical journals, hospital case notes, newspaper advertisements, private diaries, consultation letters, artworks, poetry, and YouTube videos. Deeply researched and beautifully written, this fascinating and accessible study of one of our most common, disabling—and yet often dismissed—disorders will appeal to physicians, historians, scholars in medical humanities, and people living with migraine alike.

Headlong Flight Jan 13 2022 An exhilarating thriller from bestselling author Dayton Ward set in the universe of *Star Trek: The Next Generation*, following Captain Jean-Luc Picard and his crew as they explore the previously uncharted and dangerous Odyssean Pass. Surveying a nebula as part of their continuing exploration of the previously uncharted “Odyssean Pass,” Captain Jean-Luc Picard and the crew of the Starship Enterprise encounter a rogue planet. Life signs are detected on the barren world’s surface, and then a garbled message is received: a partial warning to stay away at all costs. Determined to render assistance, Picard dispatches Commander Worf and an away team to investigate, but their shuttlecraft is forced to make an emergency landing on the surface—moments before all contact is lost and the planet completely disappears. Worf and his team learn that this mysterious world is locked into an unending succession of random jumps between dimensions, the result of an ambitious experiment gone awry. The Enterprise crewmembers and the alien scientists who created the technology behind this astonishing feat find themselves trapped, powerless to break the cycle. Meanwhile, as the planet continues to fade in and out of various planes of existence, other parties have now taken notice....™, ®, & © 2016 CBS Studios, Inc. Star Trek: Kirk Fu Manual Apr 27 2023 In unabashed celebration of Captain James T. Kirk’s singular fighting skills, *Star Trek: Kirk Fu Manual* is every Starfleet cadet's must-have training guide for surviving the final frontier. As captain of the legendary U.S.S. Enterprise, James T. Kirk engaged in his share of fisticuffs, besting opponents with a slick combination of moves and guile that remains unmatched. Is

there anyone you'd rather have watching your back as you take on Klingons, alien gladiators, genetically engineered supermen, and even the occasional giant walking reptile? Kirk Fu is a series of unarmed combat techniques developed by one of Starfleet's most celebrated starship captains over several years of encounters with alien species on any number of strange new worlds. A blend of various fighting styles, Kirk Fu incorporates elements of several Earth-based martial arts forms as well as cruder methods employed in bars and back alleys on planets throughout the galaxy. It is as unorthodox in practice as it is unbelievable to behold. Including excerpts from Kirk's own notes and personal logs, the Star Trek: Kirk Fu Manual is the perfect training guide for surviving the depths of space. With proper training and practice, every Starfleet cadet can become one with Kirk Fu.
