Passo dopo passo parla del passato ricordato di un paese amato. Careno, sulle rive del Lago di Como e piu di un bel posto. C'e l'ho vissuto, e vive in me. Queste parole parlano di una vita personale a Careno, e com'erano le cose nei tempi." Matthew's Gospel reveals little about the three wealthy visitors said to have presented gifts to the infant Jesus. Yet hundreds of generations of Christians have embellished that image of the Three Kings or Magi for a myriad of social and political as well as spiritual purposes. Here Richard Trexler closely examines how this story has been interpreted and used throughout the centuries. Biblically, the Journey of the Magi presents a positive image of worldly power, depicting the faithful in progress toward their God and conveying the importance of the gift-giving laity as legitimators of their deity. With this in mind, Trexler explains in particular how Western societies have molded the story to describe and augment their own power--before the infant God and among themselves. The author demonstrates how the magi as a group functioned in Christian society. For example, magi plays, processions, and images taught people how to pray and behave in reverential contexts; they featured monarchs and heads of republics who enacted the roles of the magi to legitimate their rule; and they constrained native Americans to fall in line behind the magi to instill in them loyalty toward the European world order. However, Trexler also shows these philosopher-kings as competitive among each other, as were groups of different ages, races, and genders in society at large. Originally modeled on representations of the Roman triumphs, the magi have reached the present day as street children wearing crowns of cardboard, proving again the universality of the image for constructing, reinforcing, and even challenging a social hierarchy. Covering the history of Renaissance Florence from the fourteenth century to the beginnings of the Medici duchy, Richard C. Trexler traces collective

ritual behavior in all its forms, from a simple greeting to the most elaborate community festival. He examines three kinds of social relationships: those between individual Florentines, those between Florentines and foreigners, and those between Florentines and God and His saints. He maintains that ritual brought life to the public world and, when necessary, reformed public life. This is the Befanata, a mumming tradition centered in Tuscany, whose main character--the Befana--is a kindly old woman or grandmotherly witch who delivers toys, candies, and gifts. The Befana Is Returning is a deeply researched, deftly insightful presentation of this living tradition that adds a large missing piece to the array of contemporary ethnographic scholarship on mumming. Rome is not one city but many, each with its own history unfolding from a different center: now the trading port on the Tiber; now the Forum of antiquity; the Palatine of imperial power; the Lateran Church of Christian ascendancy; the Vatican; the Quirinal palace. Beginning with the very shaping of the ground on which Rome first rose, this book conjures all these cities, past and present, conducting the reader through time and space to the complex and shifting realities--architectural, historical, political, and social--that constitute Rome. A multifaceted historical portrait, this richly illustrated*

work is as gritty as it is gorgeous, immersing readers in the practical world of each period. James McGregor's explorations afford the pleasures of a novel thick with characters and plot twists: amid the life struggles, hopes, and failures of countless generations, we see how things truly worked, then and now; we learn about the materials of which Rome was built; of the Tiber and its bridges; of roads, aqueducts, and sewers; and, always, of power, especially the power to shape the city and imprint it with a particular personality--like that of Nero or Trajan or Pope Sixtus V--or a particular institution. McGregor traces the successive urban forms that rulers have imposed, from emperors and popes to national governments including Mussolini's. And, in archaeologists' and museums' presentation of Rome's past, he shows that the documenting of history itself is fraught with power and politics. In McGregor's own beautifully written account, the power and politics emerge clearly, manifest in the distinctive styles and structures, practical concerns and aesthetic interests that constitute the myriad Romes of our day and days past.

"Eduardo De Filippo (1900-1984) e uno dei maggiori drammaturghi del novecento. Nel suo teatro, la famiglia rappresenta il punto nevralgico della societa. Attraverso quest'unita archetipica, le opere qui considerate si propongono come un lungo esame dei rapporti familiari e sono, al contempo, il barometro dei mutamenti sociali e culturali delle diverse epoche in cui si svolge l'azione. In questo nuovo lavoro, Donatella Fischer analizza ogni commedia come un ulteriore passo verso l'inarrestabile frantumazione dell'universo familiare e, soprattutto, della famiglia patriarcale i cui precetti si rivelano sempre piu anacronistici. Eduardo De Filippo ritrae famiglie divise dal conflitto fra illusione e realta (Natale in casa Cupiello), aggrappate alla speranza (Napoli Milionaria! e Questi fantasmi!), sovversive dietro la cornice borghese (Filumena Marturano), in balia del proprio tempo (Mia famiglia) e ridotte infine all'involucro di se stesse nell'ultima opera dell'autore Gli esami non finiscono mai." The ducal court of Cosimo I de' Medici in sixteenth-century Florence was one of absolutist, rule-bound order. Portraiture especially served the dynastic pretensions of the absolutist ruler, Duke Cosimo and his consort, Eleonora di Toledo, and was part of a Herculean programme of propaganda to establish legitimacy and prestige for the new sixteenth-century Florentine court. In this engaging and original study, Gabrielle

Langdon analyses selected portraits of women by Jacopo Pontormo, Agnolo Bronzino, Alessandro Allori, and other masters. She defines their function as works of art, as dynastic declarations, and as encoded documents of court culture and propaganda, illuminating Cosimo's conscious fashioning of his court portraiture in imitation of the great courts of Europe. Langdon explores the use of portraiture as a vehicle to express Medici political policy, such as with Cosimo's Hapsburg and Papal alliances in his bid to be made Grand Duke with hegemony over rival Italian princes. Stories from archives, letters, diaries, chronicles, and secret ambassadorial briefs, open up a world of fascinating, personalities, personal triumphs, human frailty, rumour, intrigue, and appalling tragedies. Lavishly illustrated, *Medici Women: Portraits of Power, Love and Betrayal in the Court of Duke Cosimo I* is an indispensable work for anyone with a passion for Italian renaissance history, art, and court culture.

Una notte di duemila anni fa, apparve in cielo una luce. Non si trattava del sole, e nemmeno della luna. Tre distinti signori di nome Gaspare, Melchiorre e Baldassarre riconobbero in quella luce il segnale che tanto avevano atteso: il più grande re di tutti i tempi stava per venire al mondo. Quindi partirono per fargli visita, e ciascuno di loro portò con sé un dono da offrirgli: oro, incenso e mirra. Durante il lungo viaggio che i Magi dovettero intraprendere, incontrarono persone che a loro volta decisero di donare qualcosa al neonato in arrivo... tesori semplici, ma infinitamente preziosi. Una raccolta dei più bei racconti che celebrano i Re Magi e il loro viaggio verso Betlemme, arricchito da curiosi aneddoti e simpatiche avventure scaturiti dalla fantasia dell'autrice.

The *Tempest* is Giorgione's most enigmatic painting. It is a depiction of Giorgione's own family, of the "family of man" tale from Boccaccio, or of the myth of Apollo's birth? In this remarkable study, Salvatore Settis uses the mystery of the painting to shed light on the relationship between artist, patron, work, and critic. The result is a brilliant piece of detective work in the history and sociology of culture that stresses the function of Giorgione's art for the emerging, classically educated connoisseur elite of sixteenth-century Venice.

"The Gift of the Magi" is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. The main idea of "The Gift of the Magi" is that the

value of a gift is in the giver, rather than the gift itself. Jim and Della, out of their love for each other, purchased a gift that required them to sacrifice something that was precious to them.
