Gender, Law and Material Culture Jan 29 2021

This interdisciplinary volume discusses the division of the early modern material world into the important legal, economic, and personal categories of mobile and immobile property, possession, and the rights to usufruct. The chapters describe and compare different modes of acquisition and intergenerational transfer via law and custom. The varying perspectives, including cultural history, legal history, social and economic history, philosophy, and law, allow for a more nuanced understanding of the links between the movability of an object and the gender of the person who owned, possessed, or used it. Case studies and examples come from a wide geographical range, including Norway, England, Scotland, the Holy Roman Empire, Italy, Tyrol, the Ottoman Empire, Greece, Romania, and the European colonies in Brazil and Jamaica. By covering both urban and rural areas and exploring all social groups, from ruling elites to the lower strata of society, the chapters offer fresh insight into the division of mobile and immobile property that socially and economically posed disadvantages for women. By exploring a broad scope of topics, including landownership, marriage contracts, slaveholding, and the dowry, this book is an essential resource for both researchers and students of women's history, social and economic history, and material culture.

Breve historia de la literatura árabe contemporánea Oct 09 2021 Esta es una historia de la literatura árabe que comienza en Egipto y la región sirio-libanesa en las postrimerías del siglo XIX, alimentada por el encuentro con Occidente, pero sobre todo por una acusada tendencia interna hacia la modernización del pensamiento y las costumbres. Esta es, por mejor decir, una historia de las literaturas árabes, así en plural, porque cada país alberga su propia producción literaria, reflejo de una particular trayectoria política y social dentro de un mundo en continua y vertiginosa evolución. El periodo que se estudia comprende desde el siglo XIX (conocido como la Nahḍ ah, o renacimiento) hasta la segunda mitad del siglo XX. Al margen de criterios eurocentristas, esta obra estudia la historia de la cultura árabe, de la prensa que

permitió la difusión de sus obras literarias, de sus fecundas controversias ideológicas y, por supuesto, del inevitable camino hacia la emancipación femenina y la recuperación de la identidad del pensamiento. Nuevas corrientes sociales y políticas se han venido adentrando en casi todos los terrenos de la literatura, desde la poesía a la narrativa, desde el teatro al ensayo. Los últimos decenios del siglo XX, abordados en el capítulo final, son particularmente ricos en acontecimientos políticos y literarios. Esta primera edición en español añade a su original italiano nuevas voces procedentes de todo el panorama árabe, y sobre todo de países antes periféricos que se han colocado en la vanguardia --no solo literaria-- y están llamados a ocupar un lugar destacado en el orden mundial. Este ensayo no es sólo es una obra de divulgación hecha con el rigor de la academia, sino una obra escrita y sentida con la cercanía de quien como profesora y traductora ha hecho del mundo literario árabe parte esencial de su vivir diario.

Unforgettable Encounters: Understanding Participation in Italian Community Archaeology

Oct 21 2022 Whether as excavators and re-enactors, or co-organising research campaigns and outreach activities, the participation of the general public in archaeology has become a well-represented practice, but the impact

remains underexplored. Evaluating participation can influence fieldwork practice and enrich the academic discussion on public archaeology.

Transculturación y trans-identidades en la literatura contemporánea mexicana Jun 28 2023 La historia y cultura de México han sido transculturadas desde la época prehispánica. La mezcla surgida a partir de la llegada de los españoles dio lugar a un proceso de transculturación y al surgimiento de nuevas identidades, que se trasladaron a la literatura de esta época, dando cuenta de la transición vivida. La literatura se presenta en México como un producto heterogéneo y diverso, fruto del proceso de transculturación, no sólo en su literatura canónica, sino también en aquella de los otros Méxicos, o del México Profundo. "Transculturación y trans-identidades en la literatura contemporánea mexicana" explora el juego de identidades en las obras de Pablo Soler Frost, Álvaro Enrigue o Fernanda Melchor, entre otros. Una colección de ensayos que abrirá un diálogo entre investigadores y académicos cuya área de estudio esté relacionada con la intersección de culturas, literaturas y escritores, así como un volumen de gran interés a todo público interesado en la literatura mexicana, los fenómenos de transculturación, migración, translacionalismo y políticas identitarias. Mexican history and culture have been transculturated since the pre-Hispanic era. The mixture that developed from the Spaniards arrival promoted the increase of transculturation and the development of new identities. Examples that can easily be spotted in Mexican contemporary literature, showing that due to this phenomena, Mexican literature is heterogeneous and diverse, not only in its canonic literature, but in that from the other Mexicos, or "deep Mexico". "Transculturation and trans-identities in contemporary Mexican Literature" explores identities in the works of Pablo Soler Frost, Álvaro Enrigue or Fernanda Melchor, to only cite a few. A book that will open a dialogue among researchers, academics and

students whose area of study is related to the intersection of culture, identities, spaces, literature and writers. An ambitious collection of essays, of great interest regarding Mexican culture, but also "border culture", migration, transcultural issues and identity politics.

Art, Mobility, and Exchange in Early Modern Tuscany and Eurasia Nov 29 2020 This book explores how the Medici Grand Dukes pursued ways to expand their political, commercial, and cultural networks beyond Europe, cultivating complex relations with the Ottoman Empire and other Islamicate regions, and looking further east to India, China, and Japan. The chapters in this volume discuss how casting a global, cross-cultural net was part and parcel of the Medicean political vision. Diplomatic gifts, items of commercial exchange, objects looted at war, maritime connections, and political plots were an inherent part of how the Medici projected their state on the global arena. The eleven chapters of this volume demonstrate that the mobility of objects, people, and knowledge that generated the global interactions analyzed here was not unidirectional—rather, it went both to and from Tuscany. In addition, by exploring evidence of objects produced in Tuscany for Asian markets, this book reveals hitherto neglected histories of how Western cultures projected themselves eastwards.

Italian Prisoners of War in Pennsylvania Apr 22 2020 During World War II 51,000 Italian prisoners of war were detained in the United States. When Italy signed an armistice with the Allies in September 1943, most of these soldiers agreed to swear allegiance to the United States and to collaborate in the fight against Germany. At the Letterkenny Army Depot, located near Chambersburg, Pennsylvania, more than 1,200 Italian soldiers were detained as co-operators. They arrived in May 1944 to form the 321st Italian Quartermaster Battalion and remained until October 1945. As detainees, the soldiers helped to order, stock, repair, and ship military goods, munitions and equipment to the Pacific and European Theaters of war. Through such labor, they lent their collective energy to the massive home front endeavor to defeat the Axis Powers. The prisoners also helped to construct the depot itself, building roads, sidewalks, and fences, along with individual buildings such as

an assembly hall, amphitheater, swimming pool, and a chapel and bell tower. The latter of these two constructions still exist, and together with the assembly hall, bear eloquent testimony to the Italian POW experience. For their work the Italian co-operators received a very modest, regular salary, and they experienced more freedom than regular POWs. In their spare time, they often had liberty to leave the post in groups that American soldiers chaperoned. Additionally, they frequently received or visited large entourages of Italian Americans from the Mid-Atlantic region who were eager to comfort their erstwhile countrymen. The story of these Italian soldiers detained at Letterkenny has never before been told. Now, however, oral histories from surviving POWs, memoirs generously donated by family members of ex-prisoners, and the rich information newly available from archival material in Italy, aided by material found in the U.S., have made it possible to reconstruct this experience in full. All of this historical documentation has also allowed the authors to tell fascinating individual stories from the moment when many POWs were captured to their return to Italy and beyond. More than seventy years since the end of World War II, family members of ex-POWs in both the United States and Italy still enjoy the positive legacy of this encounter.

Rethinking the History of Italian Fascism May 23 2020 In the last years, the discussion around what is fascism, if this concept can be applied to present forms of politics and if its seeds are still present today, became central in the political debate. This discussion led to a vast reconsideration of the meaning and the experience of fascism in Europe and is changing the ways in which scholars of different generations look at this political ideology and come back to it and it is also changing the ways in which we consider the experience of Italian fascism in the European and global context. The aim of the book is building a general history of Fascism and its historiography through the analysis of 13 different fundamental aspects, which were at the core of Fascist project or of Fascist practices during the regime. Each essay considers a specific and meaningful aspect of the history of Italian fascism, reflecting on it from the vantage point of a case study. The essays thus reinterrogates the history of Fascism to understand in which way Fascism was able to mould the historical context in which it was born, how and if it transformed political, cultural, social elements that were already present in Italy. The themes considered are violence, empire, war, politics, economy, religion, culture, but also antifascism and the impact of Fascism abroad, especially in the Twenties and at the beginnings of the Thirties. The book could be both used for a general public interested in the history of Europe in the interwar period and for an academic and scholarly public, since the essays aim to develop a provocative reflection on their own area of research.

Identidad, diferencia y ciudadanía en el cine transnacional contemporáneo Apr 26 2023 En los últimos años la expresión "cine

transnacional” se viene utilizando como sinónimo de “cine contemporáneo” puesto que las actuales condiciones de producción, distribución y consumo cinematográficos conducen a unas transformaciones, también estéticas, que difícilmente pueden explicarse desde las culturas y políticas nacionales. La imposibilidad o, como mínimo, la dificultad de asignar una nacionalidad única o mayoritaria constituye una de las principales características del cine, y de la producción audiovisual, contemporáneos. Los textos incluidos en esta edición se ocupan de estas transformaciones a través de ejemplos relacionados con espacios geopolíticos (los países que componen Mercosur); la recepción y el consumo de producciones audiovisuales latinas en Estados Unidos o con el análisis de espacios ficcionales transnacionales: la ciudad global, la frontera y otros no lugares contemporáneos. Estos trabajos coinciden en una idea más general: el carácter transnacional del cine contemporáneo no es un asunto estrictamente cinematográfico, sino también político, pues tanto su realidad como su imaginario geopolítico afectan también al propio concepto de ciudadanía.

Disability and Tourism in Nineteenth- and Twentieth-Century Italy Jan 24 2023 Attention to the issue of disabilities has intensified in recent decades, prompting States and organizations to respond with appropriate measures to promote inclusion of persons with disabilities in all social environments. This book’s thesis is that the seeds of this inclusivity were planted by the development of tourism for people with disabilities in the nineteenth and twentieth centuries. The book explores the development of tourism for people with disabilities in Italy during this time period. It adds an important tessera to the mosaic of international literature that has rarely considered the history of tourism and the history of disabilities in a unified manner. While certainly of great interest to an Italian audience, the discussion of the various responses taking form in Italy to the needs of persons with disabilities, and the role these responses have played in the development of mass tourism generally, is also quite pertinent to international contexts. This book is based largely on unpublished sources. The authors’ hope is that

the presentation of these new materials combined with the innovative approach of a historical study of tourism through the lens of disabilities will open up international scholarly debate and discussion drawing in contributions from all disciplines.

Fukushi Ito - In the space and in the time Sep 07 2021 Fukushi Ito vive e lavora tra Italia e Giappone, ma per lei appartenere a due mondi lontani non significa rinuncia a qualcosa o crisi di identità; al contrario è il privilegio di poter avere due patrie, di poter raggiungere una sintesi superiore, perché come artista asiatica, e in particolare giapponese, l’identità è un fattore non statico: ma ciò che è stato, ciò che è, ciò che potrà essere. Il lavoro di Fukushi Ito è un infinito esercizio poetico, un esplorare il mondo per trovare la sintesi artistica che definisca la presenza delle cose nello spazio e nel tempo. Scrive Roberto Mastroianni: “Fukushi Ito si interroga, vede le dinamiche con cui la realtà prende forma e decide di riproporle artisticamente”.

Sport Italia Aug 19 2022 The Italian love affair with sport is passionate, voracious, all-consuming. It provides a backdrop and a narrative to almost every aspect of daily life in Italy and the distinctively pink-coloured newspaper La Gazzetta dello Sport is devoured by almost half a million readers every day. Narrating the history of modern Italy through its national passion for sport, Sport Italia provides a completely new portrayal of one of Europe's most alluring, yet contradictory countries, tracing the highs and lows of Italy's sporting history from its Liberal pioneers through Mussolini and the 1960 Rome Olympics to the Berlusconi era. By interweaving essential themes of Italian history, its politics, society and economy with a history of the passion for sport in the country, Simon Martin tells the story of modern Italy in a fresh and colourful way, illustrating how and why sport is so strongly embedded in both politics and society, and how it is inseparable from the concept of Italian national identity. Showing sport's capacity to both unite and deeply divide, this book reveals a novel and previously unexplored element of the history of a society and its state, which will be an essential read for sports fans, historians and students alike.

Eleonora Duse and Cenere (Ashes) Mar 14 2022 The 1916 silent film Cenere (Ashes) features the great Italian actress Eleonora Duse (1858-1924) in her only cinematic role. In her meditative

approach to her craft, she reprised for the screen all the "mother roles" she had created for the theater. Marking the film's 100th anniversary, this collection of essays brings together for the first time in English a range of scholarship. The difficulties involved in the making of the film are explored—Duse's perfectionism was too advanced for the Italian movie industry of the 1910s. Her work is discussed within the creative, political and historical context of the silent movie industry as it developed in wartime Italy.
