Like the other titles in Barron's Business Review Series, the new sixth edition of Accounting makes a useful supplement to college textbooks, and is also excellent as a main text in business brush-up programs. Author Peter J. Eisen familiarizes students with key accounting terms, explains

the accounting equation, and goes on to instruct in the use and preparation of financial statements, the recording of business transactions in journals, and in closing and adjusting entries at the end of a business period. The book is organized to closely follow a standard college textbook, but concentrates on student understanding of what is done, and, more importantly, how and why. Other helpful features include: Review questions Computational problems with complete detailed solutions presented when appropriate Additional problems to reinforce the reader's knowledge An extensive glossary of accounting terms. New features in this edition include instruction in the use of spreadsheets to solve many accounting problems, a more detailed explanation of accounting data procedures as internal controls designed to safeguard assets, and extensive commentary on business ethics. For courses in Financial and Managerial Accounting. Expanding on proven success with Horngren's financial and managerial accounting Horngren's Financial and Managerial Accounting, The Financial Chapters present the core content and principles of accounting in a fresh format designed to help today's learners succeed. As teachers first, the author team knows the importance of delivering a reader experience free of obstacles. Their pedagogy and content use leading methods in teaching readers critical foundational topics and concentrates on improving individual results. With this in mind, the 6th Edition continues to focus on readability and comprehension and takes this a step further in the managerial chapters by employing a new theme to help readers see how managerial accounting is used as a tool to help all business people make decisions. By providing more meaningful learning tools, this title helps readers clear hurdles, like never before. Also available with MyLab Accounting MyLab(tm) Accounting is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. Note: You are purchasing a standalone product; MyLab Accounting does not come packaged with this content. Students, if interested in purchasing this title with MyLab Accounting, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MyLab Accounting, search for: 0134674588 / 9780134674582 Horngren's Financial & Managerial Accounting, The Financial Chapters Plus MyLab Accounting with Pearson eText -- Access Card Package, 6/e Package consists of: 0134461657 / 9780134461656 MyLab Accounting with Pearson eText -- Access Card -- for Horngren's Financial & Managerial Accounting, The Financial Chapters 0134486846 / 9780134486840 Horngren's Financial & Managerial Accounting, The Financial Chapters EBOOK: Management Accounting, 6e Guide students through the new syllabus with a full-colour, revised edition of a well-

known and trusted title, and prepare them for post-secondary and professional studies in Accounting. - Ensure students understand a range of theoretical and practical techniques used in accounting. - Enable students to participate more effectively and responsibly in today's business environment and improve management of budgeting, savings and investment. - Navigate the revised syllabus with ease with a book matching the structure and coverage, as well as including a detailed section on the Student Based Assessment with an annotated example to help students when planning their own. - Prepare for examinations with the 'Helpful hints' feature, containing study tips, practice tips and examiner tips; practice questions are also included in the Student eTextbook. - Make topics relatable with case studies included. Bringing together literature from diverse sources to cover budgeting, financial accounting and reporting, auditing and comparative international studies, this collection covers 40 year of public sector accounting. Closing the books is one of the key functions of the accounting department. Closing the Books reveals how to do so promptly and accurately, so that financial statements can be issued shortly after the end of the reporting period. The book discusses the entire process of how information is summarized into the financial statements, as well as the many reporting formats that are available. It covers the full range of closing steps, and shows how to fine-tune the closing process to achieve a shorter close. In addition, the book addresses the controls and record keeping needed for the closing process. Financial Accounting provides a comprehensive coverage of course requirements for students studying to appear in the Financial Accounting paper of B.Com examinations under different Indian universities, including those that have adopted the CBCS system. It also meets the requirements of students appearing in the accounting paper at the Foundation Examinations of Institute of Chartered Accountants of India, the Institute of Company Secretaries of India and the Institute of Cost Accountants of India. Warren's SURVEY OF ACCOUNTING, 8E provides future managers, leaders and professionals with an overview of the basic topics of financial and managerial accounting. The book's unique Integrated Financial Statement Framework illustrates the impact of transactions on financial statements without the use of detailed rules and procedures involving debits and credits. Additionally, this edition also introduces and incorporates Warren's Metric Analysis to link transactions and management decisions to metrics that assess the financial condition and performance of businesses - demonstrating the impact of transactions and management decisions on business. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Advanced Accounting delivers an in-depth, comprehensive introduction to advanced accounting theory and application, using actual business examples and relevant news stories to demonstrate how core principles translate into real-world business scenarios. Clearly defined and logically organized Learning Objectives aid

in student comprehension, while highlighted Related Concepts illustrate how individual concepts fit into the larger picture. Short answer questions throughout the chapter allow students to test their knowledge before reaching the more in-depth end-of-chapter questions, promoting a deeper understanding of both technical and conceptual aspects of the field. Written by active accounting researchers, this text brings clarity and flexibility to the central ideas underlying business combinations, consolidated financial statements, foreign currency transactions, partnerships, non-profit accounting and more. This new Seventh Edition has been updated to reflect the latest changes to FASB and GASB standards, allowing students to build a skill set based on up-to-date practices. With a student-oriented pedagogy designed to enhance comprehension, promote engagement, and build real-world understanding, this user-friendly book provides an essential foundation in current advanced accounting methods and standards. The essential concepts of both accounting and financial management are covered in this best-selling healthcare finance book. Through clear explanations, numerous examples, and realistic practice problems, it arms future managers with the grounding they need to make financially sound decisions for their healthcare organizations. This thoroughly updated edition provides more emphasis on the unique marketplace for healthcare services and additional examples from nonhospital settings, including medical practices, clinics, home health agencies, nursing homes, and managed care organizations. Guiding students through the complexities of advanced accounting, Advanced Financial Accounting, helps students to develop a professional approach to accounting issues. This classic text provides everything students need to understand the core issues of advanced accounting. With a focus on the direct method of consolidation this text provides examples and problem material for students to understand this complex and demanding topic. Step-by-step instructions for standardizing your financial reporting system and measuring your current performance against previous years, and the rest of the industry. Shows how to design an accounting system for your business, how to record and process financial data, how to prepare budgets, and how to analyze financial statements to make sure that your company is profitable. Scott reveals vast amounts of financial accounting information drawn from recent research that has until now been hidden in academic journals. He provides a clear, easy-to-use framework for students to (1) place this information in a financial accounting context, (2) explain and analyze the information intuitively and (3) to reveal the information's relevance in understanding the practice of accounting. A compilation of recent business press and academic articles designed to accompany Atkinson/Banker/Kaplan Young, Management Accounting. Each section of the book is introduced with a summary of the articles and their overall contribution to the topics. Each reading concludes with a set of questions designed to provoke thought and analysis on the part of the student. The

Instructor's Guide details at what juncture each of the articles can be used with the main text. Financial Accounting provides a comprehensive coverage of course requirements for students studying to appear in the Financial Accounting paper of B.Com examinations under different Indian universities, including those that have adopted the CBCS system. It also meets the requirements of students appearing in the accounting paper at the Foundation Examinations of Institute of Chartered Accountants of India, the Institute of Company Secretaries of India and the Institute of Cost Accountants of India.
