Back in the Game This sequel to SportsFan Chronicles proves that the more things change the more they stay the same. Best friends Kurt and Brian hit it big when they won the largest lottery jackpot in the country-half of it, anyway. They decided to combine their winnings with the other winner: Frank, their hated former boss. They reluctantly joined forces with their enemy in order to fulfill their lifelong dream of owning an NFL team. The good news is they're now filthy rich. The bad news is they're still hundreds of millions of dollars short of the amount needed

to purchase a team. Making huge business deals is their only option, and these guys are willing to invest in almost anything as long as it makes them more money, including reality shows, technology startups, and hilarious inventions. Their large windfall magnifies everything in their lives, especially the fun...at least when Victor isn't getting them beat up by jealous football players or when Bernie isn't screwing up their exercise video. Chuck's constant pranks and Alice (annoying best friend of Kurt's longtime love, Darci) keep Kurt on his toes. Even the reviled Frank and his underachieving nephew, Meathead, seem to be fitting in nicely. Things suddenly change when someone in their inner circle betrays them and compromises their chances of buying the football team. The depth of the betrayal is stunning, but they take no time to analyze it. Instead they remap their path, try to overcome the obstacles, and move on in their own inimitable style of staunch friendship, ambition, and humor. The unexpected is no stranger to Kurt, but even he finds himself at a loss to explain the surprising turn of events and the shocking, too strange to be believed twist in the end. Of all the projects involved with the restoration of your collector car, few seem as challenging or confusing as addressing the convertible top. Due to aging and neglect, the hardware and fabric covering have led to some "not-so-nice conditions," making it difficult to find information addressing your specific model. Fred Mattson, author of Automotive Upholstery and Interior Restoration, delivers this compilation on restoring and repairing convertible tops. Step-by-step photo sequencing walks you through convertible top applications for Corvettes, Ford retractable tops, scissors tops, manual tops, and power tops. Fred also addresses the weather seals, well liners, hydraulic/electrical systems, adjustments, materials, and pads. No other book ever produced on convertible tops goes into this much depth of coverage. With this book you will be guided through the convertible top repair/restoration process in an easy-to-read how-to format, so there should be no reason to fear taking your drop top out with the threat of rain. Convertible Top Restoration and Installation will be the one tool that will show you how important a well-sorted top restoration is, not only for practical reasons, such as staying dry, but for cosmetic reasons as well. It may be burning oil, it may be leaking, the compression may be so low that it only starts on cold days, or maybe it just isn't very efficient anymore. Rebuilding the engine in any used car, much less a classic, seems like a much more attractive option when you can save a lot of money by doing it yourself. Sometimes the savings are the difference between keeping your car or letting it go. If you want to keep your car running strong and lasting for years, this is the book for you. Beyond that she knows nothing of the place, except that it terrifies her. There is a great deal in her past that she cannot remember. Who is her mother? Who was her father? Who is she? Then, while she is on honeymoon in Spain, her mother 'commits suicide' in a manner that Anne is the first to recognize as murder. From then on the knots begin to tighten, for Anne is on the civilian payroll of Chief Superintendent Kenworthy, now in his closing years at the Yard, and her husband is a detective-sergeant in the squad of Kenworthy's old winger, Shiner Wright. She unearths various files in the archives that might refer to her mother's elusive past, but then finds herself one chilly dawn abducted under anaesthetic and coming to in the very avenue of her nightmare. The action grows increasingly sinister, giving Kenworthy one of his most complex cases to date – and John Buxton Hilton the opportunity to introduce a few more to his gallery of memorable characters, including Swanee Foster, a criminal individualist, whom many at the Yard have agreed not to harness.
