Improving School Board

Effectiveness Oct 15 2022

Improving School Board

Effectiveness offers a clarifying

and essential look at the

evolving role of school boards

and how they contribute to

efforts to improve student

learning. At its heart is the

concept of Balanced

Governance, a principle that

most generally "balances the

authority of a superintendent

to lead a school district with

the necessary oversight of a

locally engaged and

knowledgeable board."

Improving School Board

Effectiveness is a helpful and

practical book that will prove

indispensable for school board

members, school and district

administrators, and everyone

with a stake in school

improvement and reform. "A

must-read for anyone

interested in the complex

challenges school boards face,

especially regarding the

question of how board

members can contribute to the

central goal of improving

student outcomes." --From the

foreword by Willard R.

Daggett, founder and

chairman, International Center

for Leadership in Education

"Alsbury and Gore have done

an outstanding job of pulling

together research that

highlights how school boards matter. Their book provides practical examples for improving school governance at the local level. Improving School Board Effectiveness is an essential read for school board members, superintendents, and those working to improve public education governance." --James B. Crow, executive director, Texas Association of School Boards "Improving School Board Effectiveness is a valuable book for superintendents as well as school boards. It explores the crucial relationship between school boards and superintendents, indicating ways to build a trusting, mutually accountable partnership to advance student achievement." --Bert L'Homme, superintendent, Durham Public Schools, North Carolina Thomas L. Alsbury, a former schoolteacher, principal, and administrator, is a professor of educational leadership at Seattle Pacific University as well as a founder and president of Balanced Governance

Solutions. Phil Gore, a former school board member, is the division director for leadership team services with the Texas Association of School Boards. Willard R. Daggett is the founder and chairman of the International Center for Leadership in Education.

All Aboard Dec 17 2022

Following the election of three new members, the Progress County Board of Education is challenged by one of the new members to become a board that really makes a difference. The board determines that improvement seldom comes accidentally and that experience is not the best teacher. The board learns that reflection on its experiences is a powerful tool in becoming a better board and better board members. In a retreat setting the board explores what it wants to become and commits to improving both its image and its effectiveness. All Aboard Is the story of the Progress County Board of Education getting on track and becoming an effective school board in spite of deep philosophical differences among its members. It's about a school board, but the principles apply to other boards as well. This is a story that every person who serves

on any board and wants to be an effective member of an effective board should read. After many years of working with hundreds of board members in board development activities, the authors have learned that board members best learn how they might be most effective, not by being told what to do or how to do it but rather, through exploration of and reflection on possibilities. Unlike any other book on "boardmanship," All Aboard does not provide "how to" advice on becoming an effective board member nor does it give the reader right or wrong answers to questions faced by local school boards. Instead, it presents school board discussions in which members express strong disagreement about how issues should be resolved. Issues such as religion and prayer in schools, student discipline and termination of employment bring out community members who also express strong feelings about their resolution. This story follows the process of board members coming to

understand the motives and merits of other members and accepting the collective challenge to move every member toward effectiveness. Members of the Progress County Board explore board leadership and consider whether the board sacrifices its opportunity to lead the community when it attempts to lead in more than one direction simultaneously. It also debates whether its role includes initiating change or must it wait on its CEO, the superintendent, to propose change. The comfort level with reading a good story, as opposed to actually being a member of the board, encourages the reader to relax and frees the mind to consider "what if." We've heard it said that, "Our knowledge is shown by the answers we give, our wisdom by the questions we ask." Board members reading this story find themselves considering the question: "Is there another way to view that situation that gives us a better chance of success?" Many of us who are concerned with

changing beliefs and behavior have come to realize that we do not change our beliefs and behaviors from seeing statistics, or hearing facts, or being told by others that we should change. No, we change when something happens to us that allows us to select a new story and tell it to ourselves and others. The power and value of All Aboard is the story that it tells about people in situations much like the ones you are in. With no super-heroics-just common sense applied-these people make progress and succeed in their mission. Would you like to read a story like this? All Aboard tells that story when such a story is greatly needed.

A School Board Guide to Leading Successful Schools

May 30 2021 This invaluable guide addresses the 12 challenges experienced by nearly every school board, and shows how professional learning for school boards and educators can support success. *Becoming a Better Board Member* Mar 28 2021 This guide to effective school board

service is a "how-to" manual for school board members. The objective of the book is to condense the time board members need to become more effective school leaders, but it also contains information and advice intended to be helpful to experienced board members. Consisting of 17 chapters, the book is based on personal interviews with and surveys of school board members and school administrators. Included are many checklists, helpful hints, and illustrations designed for easy reading and understanding. The 17 chapters discuss getting on board, learning boardsmanship, board meetings, exercising board leadership, the board as decision maker, and boards and superintendents. Also covered are the board and the district staff, school boards and collective bargaining, the fundamentals of school finance, curriculum, and other matters (including transportation, food services, insurance, declining enrollment, use of facilities, and student discipline). The

last three chapters discuss communication techniques, politics and the political process, and a board member's personal life (including time management, stress, and the benefits of board membership). (Author/JM)

The Essential School Board Book Aug 25 2023 Amid today's heightened attention on student achievement, school boards find their responsibilities intensified and transformed. In this age of accountability, all school boards need to consider how best to maintain a focus on student achievement and promote it through district and school policies. "The Essential School Board Book" answers this challenge in direct and practical terms. It highlights effective practices that are common to high-functioning boards around the country--boards that are working successfully with their superintendents and communities to improve

teaching and learning. In a highly readable and accessible fashion, the book summarizes research linking school board practices to student achievement. It features stories of sixteen diverse boards around the country--elected and appointed; rural, urban, and suburban--and the policies and procedures they have employed to enhance student achievement. Also included is a resource section for those investigating successful school board policies and practices in more depth.

Report of the Survey of the Public School System of School District No. 1 Apr 16 2020

What School Boards Can Do Jul 12 2022 To provide essential

guidance to urban school board members committed to high achievement for all children, Don McAdams presents a comprehensive approach to board leadership he calls reform governance. This accessible framework brings together all the work of an urban school board, including everything from big ideas about core beliefs and theories of action for change to the fundamental relationships and processes through which boards and superintendents work together and the leadership role boards have in building community support for sustained change. Taking into account the hot political arena of urban education, reform governance: Helps school board members understand why it is necessary to redesign urban districts and what their role in the process should be. Sets forth principles that boards can use as guides to action, and gives real-life examples of how they work. Shows how a strong board and superintendent team can work together to be agents for

change.

Violence in the Schools Jun 30 2021 This publication, resulting from a survey of more than 2,000 school districts, focuses on school violence and ways to prevent it. Section 1 discusses both the problem of school violence and also the critical role that school boards must play in keeping schools safe. This section also includes information about how school boards can develop policies to combat school violence and information on how boards can obtain sample policies to use as models. Section 2 includes brief descriptions of the more than 700 violence prevention

programs used by school districts. These prevention tips are organized into 30 categories (e.g., closed campus for lunch, dress code, gun-free school zones, metal detectors, staff development). Each tip includes: (1) a 15-40 word description of the specific program or activity, based on information provided by the school district; (2) whether the school district is located in an urban, suburban, or rural area; and (3) a contact person and telephone number, if one was provided. Section 3 includes basic information on the school districts that participated in the survey. Districts are listed alphabetically by state. Information in this section, all provided by the school districts, includes the school district name, mailing address, and other pertinent information such as district size and type. The third section also serves as an index to section 2, listing the page numbers on which violence prevention measures from that district appear. (GLR)

The Governance Core Feb 19

2023 Lead into the future effectively with the Governance Core approach! Designed to guide educational leadership past difficult and formidable challenges, the governance system outlined in this book will lead to school districts and schools operating at the highest levels of effectiveness. Davis Campbell and Michael Fullan call for school boards, superintendents and school leaders to work cohesively with the same mindset to raise clarity, status, and efficacy. Practical and authentic, the Governance Core is based upon: A governance mindset A shared moral imperative A unified, cohesive governance system A commitment to system-wide coherence A focus on continuous improvement in the district

Building Great School Board -- Superintendent Teams

Nov 04 2021 To address urgent challenges and drive

continuous improvement effectively, school board

members, superintendents, and school leaders must develop

strong school

board/superintendent teams.

The authors offer a systematic approach for establishing a

unified school leadership team that can efficiently meet

demands, avoid conflict, and respond to the ever-changing

educational environment. Each chapter includes professional

development activities that can be adapted for teams of any

size. Learn how to build an effective school leadership

team: Consider how the school

board/superintendent team can remain sustainable and productive in governance, instructional leadership, and school improvement. Foster committed team relationships and develop effective school leadership practices and qualities within the team. Clarify superintendents' and school board members' roles and responsibilities to improve governance and avoid conflict. Learn characteristics of effective communication and how to speak with one unified voice as a team. Participate in team professional development activities that build trust, respect, transparency, and accountability among the team.

Contents: Introduction Chapter 1: Legal Perspectives and the Case for Local Control Chapter 2: Induction and New Team Member Orientation Chapter 3: Team Members' Roles and Responsibilities Chapter 4: Effective Communication and a Unified Voice Chapter 5: Team Decision Making Chapter 6: Committed, Effective Team Leadership Chapter 7: Foundational Statements

Chapter 8: Continuous Improvement and Quality Assurance Chapter 9: Governance and Leadership During Change Chapter 10: Dysfunctional Teams and Rogue Members Chapter 11: System Evaluation Essentials Chapter 12: The Future of the School Board-Superintendent Team References and Resources

Serving God on the Christian School Board Jan 26 2021

School Boards in America Jun 11 2022 School boards spend almost \$500 billion in taxpayer-provided funds, they employ more than 6 million people, offering pensions and lifetime health benefits that have helped build the obligation that has put state governments in fiscal peril. This book lifts the veil of obscurity from school boards and makes readers think about the issues.

First Annual Report of the Board of Education, Dept. of Public Schools Sep 21 2020
School Board Battles Nov 16 2022 If there is a "culture war" taking place in the United

States, one of the most interesting, if under-the-radar, battlegrounds is in local school board elections. Rarely does the pitch of this battle reach national attention, as it did in Kansas when the state school board—led by several outspoken conservative Christians—voted to delete evolution from the state's science curriculum and its standardized tests in August 1999. That action rattled not only the educational and scientific communities, but concerned citizens around the nation as well. While the movement of the Christian Right into national and state politics has been well documented, this is the first book to examine their impact on local school board politics. While the Kansas decision was short-lived, during the past decade in school districts around the country, conservative Christian majorities have voted to place limits on sex education, to restrict library books, to remove references to gays and lesbians in the classroom, and

to promote American culture as superior to other cultures. *School Board Battles* studies the motivation, strategies, and electoral success of Christian Right school board candidates. Based on interviews, and using an extensive national survey of candidates as well as case studies of two school districts in which conservative Christians ran and served on local boards, Melissa M. Deckman gives us a surprisingly complex picture of these candidates. She reveals weaker ties to national Christian Right organizations—and more similarities between these conservative candidates and their more secular counterparts than might be expected. Deckman examines important questions: Why do conservative Christians run for school boards? How much influence has the Christian Right actually had on school boards? How do conservative Christians govern? *School Board Battles* is an in-depth and in-the-trenches look at an important encounter in the

"culture war"—one that may well determine the future of our nation's youth.

The Policies of the Board of Education of the Juab School District Apr 09 2022

How Not to Be a Terrible School Board Member Jun 23 2023 Veteran school board member Richard E. Mayer's humorous approach to administrator-board relations presents negative behavior scenarios and analyses, offers alternatives, and provides win-win solutions.

Besieged Apr 21 2023 School boards are fighting for their survival. Almost everything that they do is subject to regulations handed down from city councils, state boards of education, legislatures, and courts. As recent mayoral and state takeovers in such cities as Baltimore, Chicago, and New York make abundantly clear, school boards that do not fulfill the expectations of other political players may be stripped of what few independent powers they still retain. Teachers unions exert growing influence over board

decision-making processes. And with the passage of the No Child Left Behind Act, the federal government has aggressively inserted itself into matters of local education governance. *Besieged* is the first full-length volume in many years to systematically examine the politics that surround school boards. A group of highly renowned scholars, relying on both careful case studies and quantitative analyses, examine how school boards fare when they interact with their political superiors, teachers unions, and the public. For the most part, the picture that emerges is sobering: while school boards perform certain administrative functions quite well, the political pressures they face undermine their capacity to institute the wide-ranging school reforms that many voters and local leaders are currently demanding.

Effective Superintendent-School Board Practices Mar 20 2023 Superintendents and board members are provided real-life vignettes highlighting

challenges and successes, information on building relationships and managing conflict, and reflective practice questions and self-assessment.

Report of the Board of Education Dec 25 2020

On the First Day of School

Feb 07 2022 Celebrate all the new experiences on the first day of school with this adorable board book! Calm those first-day jitters with this sweet board book that celebrates all the new experiences on the first day of school. The friendly and fun illustrations pair with a lyrical rhyme that introduces children to the common rituals of a school day so they know what to expect: meeting teachers, making new friends, getting their own cubby, and so much more. With a school bus-shaped cutout on the cover and sweet scenes featuring the new things kids will experience on the first day of school, this book is perfect for getting little ones excited to start the new school year! Be proud of yourself! The first day is through! But you know what will top it? Day number two.
