To be specific, this manual is designed for adult learners as an instructional guide for the development of reading comprehension strategies and skills. This book offers reading strategies to help adult learners become more active, strategic, and purposeful readers. The use of these strategies will also help learners understand and remember what they read. Reading is an active and thinking process. Therefore, this book encourages

learners to actively engage with texts (technical, scientific, social studies, and literary) by predicting, making connections and inferences, asking and answering questions, and completing the comprehension activities, and from Comprehending to Critiquing. Reading Strategies There are a variety of research-based strategies presented in this manual: Identifying Primary and Secondary Sources, Message and Theme, How to Evaluate an Argument, Vocabulary Acquisition and Reading Comprehension, Activating background or prior knowledge, Making inferences and prediction, Using visual imagery, Using context clues to build vocabulary, Reading for main ideas, Patterns for Organizing Text, Understanding Figurative Language, Denotation and Connotation of Words, and Summarizing. In addition to the eight reading strategies, the reader is introduced to figurative language such as simile and metaphor. Understanding their use in reading is an aid to comprehending text. Understanding theme, or the author's message about human nature or life, is also discussed. Text structure, or organizational pattern--chronology, comparison and contrast, cause and effect, and problem-solution--is also presented in this manual. Knowledge of text structure can help learners understand and remember what they read. Examples of the various structures are provided in this book. Finally, all the reading strategies or techniques are presented with examples that include both pictures and text. These examples will help you to understand the strategy, show you how it works, and give you concrete experience and practice. As you read, study, and work through these examples, you will build the confidence to succeed. You will become a purposeful, strategic, critical reader.
