What We Can Never Know Apr 25 2020 Contemporary philosophy and science strive to give a complete account of the world and our position in it. In this original and provocative book, David Gamez engages the reader in a series of colourful thought experiments that illustrate the limits of this mission. Although we commonly believe that science will give a final description of everything, What We Can Never Know reveals blindspots in many of our theories that completely undermine their ability to explain reality. Each chapter explores these problems using a popular question or topic in philosophy, such as our perception of space, the nature of time, scepticism or the relationship between reason and madness. In this series of lively studies, Gamez pushes our everyday assumptions to their limits and opens up fresh perspectives on philosophy and science. By leading the reader progressively through key areas of our knowledge, this book will leave you questioning everything that you think you know.

Connecting with the Arcturians Oct 24 2022 Is Earth's crisis part of a cosmic drama? The Arcturians address this question and provide a new galactic perspective. Other planets they have visited have also gone through the type of crisis we are now experiencing. Further, the same kinds of polarizations and conflicts have occurred in the developmental cycles of other planets throughout the galaxy. Human evolutionary change includes understanding that we are biomagnetic beings of light who possess subtle energetic bodies that interact with galactic forces. Along with other tools found in this fifth volume, the Arcturians offer a subtle-body exercise called shimmering that helps us raise our spiritual vibration. It can even be used to protect us and our auras from the coronavirus. The evolutionary changes necessary for solving this crisis must be addressed both

personally and planetarily. This book offers a wide range of techniques, interventions, and explanations to help make sense of the current planetary crisis. It addresses the issue of how the reader, as a starseed, can contribute to solving planetary imbalance.

Cosmic Paradoxes (Third Edition) May 26 2020 'Cosmic Paradoxes' was an outcome of a Conference-Summer Course on 'Astrophysical Cosmology: Frontier Questions' held at El Escorial, Madrid, on August 16-19, 1993. The Scientific Directors were John C Mather, Director of NASA's COBE (Cosmic Background Radiation Explorer), and Jose M Torroja, Secretary of the Spanish Academy of Sciences. Julio A Gonzalo, UAM, was in charge of coordinating the event. The first speaker was Ralph A Alpher, one of the pioneers who predicted very early the CBR (Cosmic Background Radiation). The CBR was observed by A Penzias and R Wilson, Bell Telephone Labs, in 1965. Thereafter it was measured with unprecedented precision by the COBE in 1989, characterizing the Planck spectral distribution of the CBR (J C Mather) and detecting its minute anisotropies (G Smoot). In 2003 the WMAP, NASA's satellite successor of the COBE, confirmed COBE's results, and gave an excellent quantitative estimate of the 'age' of the universe as 13.7 ± 0.2 Gyrs, in support of the Big Bang theory of cosmic origins. In the Third Edition of this book, almost coincident with the launch reports of NASA's James Webb Space Telescope (JWST), includes recent work discussing evidence in favor of an open finite universe. A further discussion of the Heisenberg-Lemaitre time (Appendix D) takes into consideration that the cosmic expansion velocity at very early times is $\approx c$ and reviews in more detail the thermal

history of the universe.

Out of Body Into Life Apr 29 2023 At some point in our lives, we may ask ourselves the questions who am I? Why am I here? Out of Body and into Life is a detailed account of some of the answers to these questions, that led Kwame Adapa to realize the spiritual reality of human experience. Through out of body travel, also known as astral projection, Kwame explored the regions that human souls go to after passing through death. He also found answers to who he is as a soul, what ancient civilizations lie within the Earth's caverns and about nature spirit entities that cohabit our planet. Beyond Earth, Kwame was able to journey to other star systems and to learn for himself the truth about the existence of life elsewhere in the galaxy. My Pal, Blaise Aug 29 2020 In 2020 angels of a high order started incarnating on Earth as humans. In early 2020 guards at Teotihuacan, an archeological site in Mexico, find eight fat handwritten notebooks on a ledge at the Palace of the Jaguars. They purport to be the journal, and maybe last testament, of an American, age 69, hiding out in the high desert of New Mexico and on the run from intelligence agencies. He sums up his life spent with a most unusual colleague named Blaise. The journal entries span seven months in 2019 then end as 2020 begins, but they cover the history of the Earth. Offered in a matter-of-fact manner, the writers revelations grow increasingly alarming and hard to credit. Wormholes on the Earth. Pleiadian influence in human evolution. Hyperdimensional Light grids. Clairvoyant scientists. Shapeshifting Ascended Masters. Accounts of planetwide psychic access. An apparitional theater of mythic figures. Angels 60 billion years old on the verge of human incarnation. Yet the journals, written with warmth, fondness, and amusement, read like the memoir of truly one mans best friend, Blaise yet this Blaise is too big, too old, too vast to be a human. What then? And who wrote the journals? He seems untraceable. In 2023 the notebooks passed to Dartmouth College professor Frederick Graham Atkinson, Ph.D., who, starting in 2025, prepared them for publication, adding helpful editorial notes. The journals, though never intended for publication by their author and its a miracle they survived the desert and years in a dusty unused office, Dr. Atkinson states, offer an unusual, often inspiring, and mostly astonishing report of the inner affairs of planet, culture, myth, humanity, the spiritual world, and where its all heading.

Change Sep 30 2020 This novel called CHANGE is an unusual but enlightening tale - it is an autobiography channelled from beyond the change we call death - a life story and an afterlife story which spans several decades and even more locations on Earth and beyond to the Astral and Spirit planes - describing some of the multi-dimensional levels of human existence. It is a fast-paced,

roller coaster ride through the vivid and hedonistic 1960's and '70's in London and to 1980's war-torn Africa. It tells of one man's intense and adventurous life, his death and his descent into a personal hell before his eventual self-discovery. We learn how Change - the universal constant - touches this man in such a way that it has many different effects on both him and everyone who meets him. Running in parallel throughout the book is the present day life and loves of the medium - a psychic young man who channels the story from the discarnate and mysterious spirit who is the main character of the book and whose chronicle the story is. Above all, this is a human tale and it contains some of the worst and best examples of human qualities - the potential for which we all possess. CHANGE is about life and death - and life after death - and the inexorable inevitability of Change itself on all levels of existence. These are subjects that affect and concern us all.

Successful Astral Projection to the Space and Universe Jul 01 2023 (6"x9" perfect bound book) There are many definitions of Astral Projection. Some experts claimed that it is an "Out of body experience" as described "OBE". And there are many methods to perform the skill. But none of them are easy and efficient enough to use, and not to mention the fact, "They are confusing". And most of users can only get out of body experience (OBE) instead of a accurate "Astral Projection". (That allow you to travel further to the space and universe. With "OBE" you are still on earth.) Sapphire has designed a detailed step by step, simple and effective way for you to visit the space and Universe for the beginners and also advanced techniques for the Masters. Journey to the Fifth Dimension—A Divine Journey Sep 03 2023 JOURNEY TO THE FIFTH DIMENSION A true transcendental journey to the homeland of the psyche... A DIVINE JOURNEY To the dimension where the future is grounded... The Fifth dimension

is an inner dimension which is administered by the divine essence of the universe, with thousands of galaxies. The so called Nefelon Galaxy has millions of stars, all of them inhabited. All of the stars pulsate with high frequencies and belong to spheres of different perception. There exist forms; though the molecular synthesis is more subtle. The Nephelon Galaxy is the world of the completed existence, where future mutations are planned and ascertained. It is there that everything is materialized and then channeled to open-minded people on Earth. As time travelers, we can now journey to the wonderful planets of the Nephelon Galaxy, and participate in advanced programs of self-awareness and transmutation to receive divine genetic proto-forms through hyper frequencies. Divine power is therefore activated from these advanced programs, and the participants develop hyper awareness and intellect. Thus, their neurons are transformed, certain charismas appear, and creation and material abundance emerge within the people who experience psychic and spiritual advancement; love is upgraded. The high frequency vibrations activate the union of soul-mates, bonded with love energy of a higher level, while women's uteruses are mutated in order to bear crystalline souls. The rising number of births of crystalline souls defines a new circle of Earth's evolution and development—preparing the way for the meta-humans. This book contains secret keys, which constitute codes for mutation and transformation—codes that activate the psychic archives of people. Thus its readers, unconsciously, go through the initiation stages and ascend evolutionary levels.

The Kingdom of Agartha Jan 15 2022 First English translation of the book that introduced the realm of Hollow Earth • Explores the underground world of Agartha, sometimes known as Shambhala, a realm that is spiritually and technologically advanced beyond our modern culture • One of the most influential works of 19th-century occultism • Written by the philosopher who influenced Papus, Rene Guénon, and Rudolf Steiner The underground realm

of Agarttha was first introduced to the Western world in 1886 by the French esoteric philosopher Alexandre Saint-Yves d'Alveydre with his book *Mission de l'Inde*, translated here for the first time into English. Saint-Yves's book maintained that deep below the Himalayas were enormous underground cities, which were under the rule of a sovereign pontiff known as the Brahâtna.

Throughout history, the "unknown superiors" cited by secret societies were believed to be emissaries from this realm who had moved underground at the onset of the Kali-Yuga, the Iron Age. Ruled in accordance with the highest principles, the kingdom of Agarttha, sometimes known as Shambhala, represents a world that is far advanced beyond our modern culture, both technologically and spiritually. The inhabitants possess amazing skills their above ground counterparts have long since forgotten. In addition, Agarttha is home to huge libraries of books engraved in stone, enshrining the collective knowledge of humanity from its remotest origins. Saint-Yves explained that the secret world of Agarttha, and all its wisdom and wealth, would be made available for humanity when Christianity and all other known religions of the world began truly honoring their own sacred teachings.

Beyond the Universe - Volume 2 (Black and White) May 31 2023
Human beings have always wanted to know what comes after death. Some people, who can voluntarily get out of their body, went to "the other side". The testimonies of these explorers of the Beyond revealed that there are countless Worlds on other vibratory planes, in other Dimensions, where live the souls of the deceased living beings! But the author of this book went even further and discovered that these countless Worlds are, in reality, countless planets belonging to other Cosmic Universes located in other Spaces and other Times, on other vibratory planes, in other Dimensions! The Beyond is not nebulous but Cosmic!!! The famous "Gate of Heaven" which allows the souls to pass into the Beyond is in reality a Vortex, a Tunnel of Light which crosses

the Space and Time, a ""StarGate"" which leads the soul on another planet, in another world, in another Cosmic Universe, in another Space, in another Time, in another vibratory plane, in another Dimension...!

The Blaise Conjunction Jun 07 2021 The councilors had placed a book upon the table, its cover pale blue edged in silver. The title was The Theosophon. They slid it towards me. Philomena Wilcox, Ph.D., retired professor of music, pianist, passionate devotee of Russian composers like Scriabin and Rachmaninov, thinks she is merely editing a series of prolix journals by the desert recluse Blaise. One day in 2029 she took delivery of 7,000 pages of his arcane diary entries spanning a 20-year period. His story what he thinks and writes about is exceedingly odd, mystical, and perplexing. He is anticipating a planetary event to take place in 2033. Soon enough, Philomena discovers she, impossibly, is part of this story, in fact, will be a keystone in this epochal event. It's as if through the journal pages Blaise talks directly to her and

pulls her into his world of wisdom-angels, geomantic patterns, and designer planets. The pages are encoded with activation triggers. Over a three-year period, she starts to remember her true story, her astonishing past. It's a nonstop tutorial in the Mysteries. Taught by the human Blaise and his angelic mentors, also called Blaise, seemingly right now, in the present moment. Except upwards of 35 years or more separate them in the world of linear time. Her familiar world starts to fall apart. The event is called the Theosophon. Blaise writes about it, but she designed it. That's startling enough, but Philomena is astonished to remember that she designed it eons ago in another galaxy. The Earth was created as a performance stage for it. The Theosophon is a multidimensional musical event involving the collective consciousness of humanity, the Earth, and the spiritual world. The overture of the fulfillment of the purpose of the Earth and humanity. Yes, Philomena is an integral part of this unique event, but it will cost her more than she ever thought possible.

The New Sirian Revelations Feb 25 2023 In July 1996, during an extraordinary out-of-body journey through the Milky Way and other galaxies, Patricia Cori was reconnected and attuned to a group of interdimensional light beings that she and her many readers came to know, through the first Sirian Revelations transmissions, as The Sirian High Council. During her remarkable mission as their Scribe, she has shared the insights of six-dimensional Sirian Light Emissaries through the books and teachings that have transformed readers over the past decades. Now, twenty years from the date of the first transmission, Cori shares new revelations that affirm the veracity of past prophecies and transmit new visions for the human race as we ascend through the outer reaches of the fourth dimension into new levels of conscious awareness and parallel realities as we prepare for our imminent emergence. Called a "real-life Indiana Jones" by fans and readers around the world, Cori is one of the most well-known and established authorities on multidimensional realities

that challenge the status quo. Her messages from distant realms empower readers to look at the dark side, to understand it, but to focus on the light for all humankind and the earth. In this new book, the Sirians once again hold us to our responsibility as guardians of this planet, with sound direction and advice for how to get through these shifting sands of our transition. Their discussions delve into many of the most crucial issues of our time, including the merging of human mind and artificial intelligence, exoplanetary migration from the earth and what that means to planets that will receive us, coming clean about cloning, the care and feeding of the human being, and the slipping of time as we know it. As the struggle between darkness and light is being fought at every level, Cori reminds us to take comfort in the fact that the Sirian High Council foresaw and told us how this time of immense upheaval would be the last phase of our passage out of the darkness and into the light of far more illuminated states of being.

Our Invisible Bodies Jul 21 2022 What has Dark Matter got to do with your Afterlife? In 2006 Jay proposed that dark matter (which comprises about 85 per cent of the matter in the universe) could include self-interacting dark plasma. Subsequently, this proposal received support in the scientific literature. This has significant implications not only for the universe as a whole, but also planet Earth and its inhabitants. In recent years, scientists have pointed out to the life-like characteristics of plasma. How has this life-like dark plasma participated in human evolution? Does dark plasma provide the physical basis for your afterlife? Do we have dark plasma bodies which co-evolved with our ordinary matter bodies but are currently invisible to us? This book explores this in detail, while adhering to experimental data, with some surprising conclusions.
