**Pearl Harbor** May 29 2021 First published in 1947, Pearl Harbor: The Story of the Secret War is widely regarded as the first Revisionist book about the attack on Pearl Harbor on December 7, 1941, and the complex history which preceded and followed it. Although it drew both criticism and praise on its initial release, this book covers many aspects of that war, its antecedents and its consequences, and ranks among the best of the numerous volumes published on the subject. "Those who object to historical skepticism may complain that my book is no contribution to the political canonization of its central figure. That is no concern of mine. As to the purpose my book is intended to serve, some observations from the minority report of the Joint Congressional Committee which investigated the Pearl Harbor attack are pertinent: 'In the future the people and their Congress must know how close American diplomacy is moving to war so

that they may check in advance if imprudent and support its position if sound ... How to avoid war and how to turn war -- if it finally comes -- to serve the cause of human progress is the challenge to diplomacy today as yesterday.'"—George Morgenstern

*Radioman* Mar 07 2022 The biography of Ray Daves, a noncommissioned officer in the U.S. Navy--Jacket p. [2].

**At Dawn We Slept** Nov 03 2021 At 7:53 a.m., December 7, 1941, America's national consciousness and confidence were rocked as the first wave of Japanese warplanes took aim at the U.S. Naval fleet stationed at Pearl Harbor. As intense and absorbing as a suspense novel, *At Dawn We Slept* is the unparalleled and exhaustive account of the Japanese bombing of Pearl Harbor. It is widely regarded as the definitive assessment of the events surrounding one of the most daring and brilliant naval operations of all time. Through extensive research and interviews with American and Japanese leaders, Gordon W. Prange has written a remarkable historical account of the assault that sixty years later-America cannot forget.

**The History of Pearl Harbor** Jun 17 2020 Explore the history of Pearl Harbor--the attack that brought America into World War 2 On December 7, 1941, the Japanese military launched a surprise attack against the Pearl Harbor naval base in Oahu, Hawaii. The next day, President Roosevelt declared war and America entered into World War 2. Go on a suspenseful journey with this colorfully illustrated story about World War 2 for kids. It takes you through all the events that led up to the attack on Pearl Harbor, the attack itself, and the impact it had on the future of the war. This book about Pearl Harbor and World War 2 for kids includes: A visual timeline--Take a look at all the important details of the Pearl Harbor attack with a timeline marking the major milestones. Core curriculum--Learn the Who, What, Where, When, Why, and How of Pearl

Harbor, and take a quick quiz to test your knowledge after you finish this book about World War 2 for kids. Lasting change--Explore thought-provoking questions that help you better understand how the events at Pearl Harbor affected the world you live in today. Learn about "the day that will live in infamy" with this engaging book about World War 2 for kids.

**Pearl Harbor: Failure of Intelligence?** Apr 08 2022 Many scholars and writers state that the surprise the Japanese achieved in their attack on Pearl Harbor resulted from a failure of the U.S. intelligence community to provide adequate, accurate information to government and military decision-makers. These historians presume the intelligence community possessed critical information that was misinterpreted or not appropriately disseminated prior to the attack. Some revisionist historians also subscribe to conspiracy theories and believe that key members of the U.S. government purposely withheld this critical information from the military command in an effort to bring the U.S. into World War II against the Axis powers.... A review of the evidence available from official, public, and private sources, however, indicates these viewpoints are inaccurate. At best they reflect a lack of understanding of the collection capabilities and information available to the U.S. intelligence community before Pearl Harbor; at worst these views are an effort to rewrite history. It is possible to disprove these allegations, however, by examining the history of the U.S. intelligence community prior to the attack; its intelligence collection capabilities; the success or failure of the collection effort; its knowledge of Japanese military preparations for offensive activity; and the utilization of that information by national and military decision-makers. The lessons of Pearl Harbor are too valuable to be lost to misinterpretation or revisionism. They provide the basis for teaching future generations of government and military leaders the importance of national preparedness and the proper use of intelligence. Without a clear understanding, future leaders may be doomed to repeat the mistakes of the past—an error of major proportions during this time of military downsizing and decreasing power projection capabilities.

[Bombing Of Pearl Harbor](#) Sep 13 2022 Discusses defining moments in American history.

**A Boy at War** Apr 15 2020 They rowed hard, away from the battleships and the bombs. Water sprayed over them. The rowboat pitched one way and then the other. Then, before his eyes, the Arizona lifted up out of the water. That enormous battleship bounced up in the air like a rubber ball and split apart. Fire burst out of the ship. A geyser of water shot into the air and came crashing down. Adam was almost thrown out of the rowboat. He clung to the seat as it swung around. He saw blue skies and the glittering city. The boat swung back again, and he saw black clouds, and the Arizona, his father's ship, sinking beneath the water. -- from A Boy at War "He kept looking up, afraid the planes would come back. The sky was obscured by black smoke....It was all unreal: the battleships half sunk, the bullet holes in the boat, Davi and Martin in the water."

December 7, 1941: On a quiet Sunday morning, while Adam and his friends are fishing near Honolulu, a surprise attack by Japanese bombers destroys the fleet at Pearl Harbor. Even as Adam struggles to survive the sudden chaos all around him, and as his friends endure the brunt of the attack, a greater concern hangs over his head: Adam's father, a navy lieutenant, was stationed on the USS Arizona when the bombs fell. During the subsequent days Adam -- not yet a man, but no longer a boy -- is caught up in the war as he desperately tries to make sense of what happened to his friends and to find news of his father. Harry Mazer, whose autobiographical novel, *The Last Mission*, brought the European side of World War II to vivid life, now turns to the Pacific theater and how the impact of war can alter young lives forever.

**December 8, 1941** Dec 04 2021 Ten hours after the attack on Pearl Harbor, "another Pearl Harbor" of even more devastating consequence for American arms occurred in the Philippines, 4,500 miles to the west. On December 8, 1941, at 12.35 p.m., 196 Japanese Navy bombers and fighters crippled the largest force of B-17 four-engine bombers outside the United States and also decimated their protective P-40 interceptors. The sudden blow allowed the Japanese to rule the skies over the

Philippines, removing the only effective barrier that stood between them and their conquest of Southeast Asia. This event has been called “one of the blackest days in American military history.” How could the army commander in the Philippines—the renowned Lt. Gen. Douglas MacArthur—have been caught with all his planes on the ground when he had been alerted in the small hours of that morning of the Pearl Harbor attack and warned of the likelihood of a Japanese strike on his forces? In this book, author William H. Bartsch attempts to answer this and other related questions. Bartsch draws upon twenty-five years of research into American and Japanese records and interviews with many of the participants themselves, particularly survivors of the actual attack on Clark and Iba air bases. The dramatic and detailed coverage of the attack is preceded by an account of the hurried American build-up of air power in the Philippines after July, 1941, and of Japanese planning and preparations for this opening assault of its Southern Operations. Bartsch juxtaposes the experiences of staff of the U.S. War Department in Washington and its Far East Air Force bomber, fighter, and radar personnel in the Philippines, who were affected by its decisions, with those of Japan’s Imperial General Headquarters in Tokyo and the 11th Air Fleet staff and pilots on Formosa, who were assigned the responsibility for carrying out the attack on the Philippines five hundred miles to the south. In order to put the December 8th attack in broader context, Bartsch details micro-level personal experiences and presents the political and strategic aspects of American and Japanese planning for a war in the Pacific. Despite the significance of this subject matter, it has never before been given full book-length treatment. This book represents the culmination of decades-long efforts of the author to fill this historical gap.

Pearl Harbor Apr 27 2021 Pearl Harbor will long stand out in mens minds as an example of the results of basic unpreparedness of a peace loving nation, of highly efficient treacherous surprise attack and of the resulting unification of America into a single tidal wave of purpose to victory. Therefore, all will be interested in this unique narrative by Admiral Wallin. The Navy has long needed a succinct account of the

salvage operations at Pearl Harbor that miraculously resurrected what appeared to be a forever shattered fleet. Admiral Wallin agreed to undertake the job. He was exactly the right man for it \_ in talent, in perception, and in experience. He had served intimately with Admiral Nimitz and with Admiral Halsey in the South Pacific, has commanded three different Navy Yards, and was a highly successful Chief of the Bureau of Ships. On 7 December 1941 the then Captain Wallin was serving at Pearl Harbor. He witnessed the events of that shattering and unifying "Day of Infamy." His mind began to race at high speeds at once on the problems and means of getting the broken fleet back into service for its giant task. Unless the United States regained control of the sea, even greater disaster loomed. Without victory at sea, tyranny soon would surely rule all Asia and Europe. In a matter of time it would surely rule the Americas. Captain Wallin salvaged most of the broken Pearl Harbor fleet that went on to figure prominently in the United States Navys victory. So the account he masterfully tells covers what he masterfully accomplished. The United States owes him an unpayable debt for this high service among many others in his long career.

**Pearl Harbor** Jul 11 2022 This account of the Pearl Harbor attack denies that the lack of preparation resulted from military negligence or a political plot

**Bombing of Pearl Harbor** Dec 24 2020 This title examines the bombing of Pearl Harbor, focusing on the events leading up to the attack, a detailed account of the attack itself, and the effects the attack had on the United States. Compelling narrative text and well-chosen historical photographs and primary sources make this book perfect for report writing. Features include a glossary, a selected bibliography, websites, source notes, and an index, plus a timeline and essential facts. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

**The Bombing of Pearl Harbor, 1941** Mar 19 2023 Visiting his favorite Hawaiian beach when Japanese forces suddenly attack Pearl Harbor, 11-year-old Danny Crane struggles through the smoke, destruction and chaos to make his way back home. By the author of Emma-Jean Lazarus

Fell Out of a Tree. Simultaneous.

Pearl Harbor Jan 25 2021 Presents an overview of the history of Pearl Harbor, Hawaii, including the 1941 Japanese attack during World War II and the establishment of the U.S.S. Arizona Memorial.

At Dawn We Slept Oct 14 2022 Revisit the definitive book on Pearl Harbor in advance of the 78th anniversary (December 7, 2019) of the "date which will live in infamy" At 7:53 a.m., December 7, 1941, America's national consciousness and confidence were rocked as the first wave of Japanese warplanes took aim at the U.S. Naval fleet stationed at Pearl Harbor. As intense and absorbing as a suspense novel, *At Dawn We Slept* is the unparalleled and exhaustive account of the Japanese bombing of Pearl Harbor. It is widely regarded as the definitive assessment of the events surrounding one of the most daring and brilliant naval operations of all time. Through extensive research and interviews with American and Japanese leaders, Gordon W. Prange has written a remarkable historical account of the assault that-sixty years later-America cannot forget. "The reader is bound to feel its power....It is impossible to forget such an account." —The New York Times Book Review "At Dawn We Slept is the definitive account of Pearl Harbor." —Chicago Sun-Times

The Attack on Pearl Harbor Jun 22 2023 Traces events leading up to and resulting from the December 7, 1941, Japanese attack on American battleships at Pearl Harbor, which brought the United States into World War II.

Pearl Harbor Ghosts May 09 2022 A landmark book published to rave reviews a decade ago, *Pearl Harbor Ghosts* has now been updated to commemorate the 60th anniversary of the surprise attack that forever changed the course of history. Full of gripping drama and vibrant details, here is the intimate human story of the events surrounding that fateful day of December 7, 1941—the glamorous tropical city that seemed too beautiful to suffer devastation . . . the stunned naval personnel whose lives would permanently be divided into before and after Pearl Harbor . . . the ordinary Honolulu residents who were tragically unprepared to be the first target in the Pacific war . . . the Japanese pilots who manned the

squadron of deadly silver bombers . . . and the island's community of Japanese-Americans whose lives would never be the same again. Blending meticulous historic recreation with lively reporting, Clarke counterpoints the freeze-frame nightmare of the 1941 bombing with the disturbing realities of present-day Honolulu, where hundreds of veterans, both American and Japanese, converge each year to relive every hour of the attack. Wealthy Waikiki landowners and native Hawaiian farmers, admirals and nurses, Navy wives and government officials—all take their part in Clarke's rich tapestry of memory and insight. In the end, Pearl Harbor emerges as a trauma that spread from Oahu to engulf the nation and the world—an event that continues to reverberate in the lives of all who experienced it.

*The Attack on Pearl Harbor* Jul 31 2021 In graphic novel format, tells the story of the bombing of Pearl Harbor on December 7, 1941, and the United States' reaction to the event.

*A Date Which Will Live* Aug 24 2023 How Pearl Harbor has been written about, thought of, and manipulated in American culture.

*The Attack on Pearl Harbor in United States History* Jan 17 2023 On December 7, 1941 the Japanese military launched a surprise attack on the American Naval base at Pearl Harbor. A reluctant nation was pushed into World War II by the surprise attack which killed thousands of American sailors and soldiers, nearly destroyed the United States Navy. In this book, authors Nathan Anthony and Robert Gardner offer a clear description of the attack on Pearl Harbor, from early Japanese spying operations to a detailed account of the key events of that fateful day.

*The Final Secret of Pearl Harbor* Sep 01 2021 Washington contribution to the Japanese attack, with corroborative forewords by Husband E. Kimmel and Wm. F. Halsey.

**Pearl Harbor** May 21 2023 "A valuable reexamination" (Booklist, starred review) of the event that changed twentieth-century America—Pearl Harbor—based on years of research and new information uncovered by a New York Times bestselling author. The America we live in today was born, not on July 4, 1776, but on December 7, 1941, when an armada of 354 Japanese warplanes supported by aircraft carriers,

destroyers, and midget submarines suddenly and savagely attacked the United States, killing 2,403 men—and forced America’s entry into World War II. *Pearl Harbor: From Infamy to Greatness* follows the sailors, soldiers, pilots, diplomats, admirals, generals, emperor, and president as they engineer, fight, and react to this stunningly dramatic moment in world history. Beginning in 1914, bestselling author Craig Nelson maps the road to war, when Franklin D. Roosevelt, then the Assistant Secretary of the Navy, attended the laying of the keel of the USS Arizona at the Brooklyn Navy Yard. Writing with vivid intimacy, Nelson traces Japan’s leaders as they lurch into ultranationalist fascism, which culminates in their scheme to terrify America with one of the boldest attacks ever waged. Within seconds, the country would never be the same. Backed by a research team’s five years of work, as well as Nelson’s thorough re-examination of the original evidence assembled by federal investigators, this page-turning and definitive work “weaves archival research, interviews, and personal experiences from both sides into a blow-by-blow narrative of destruction liberally sprinkled with individual heroism, bizarre escapes, and equally bizarre tragedies” (Kirkus Reviews). Nelson delivers all the terror, chaos, violence, tragedy, and heroism of the attack in stunning detail, and offers surprising conclusions about the tragedy’s unforeseen and resonant consequences that linger even today.

[The Attack on Pearl Harbor](#) Jun 29 2021 Provides a detailed account of the Pearl Harbor attack and the war in the Pacific. Covers the dramatic events of December 7, 1941; chronicles America's victory over Japan; and explores the legacy of Pearl Harbor. Includes a narrative overview, biographies, primary source documents, and other helpful features.

[The Bombing of Pearl Harbor](#) Feb 18 2023 For many Americans, December 7th is a milestone date in the course of American history because it marks the formal entry of the United States into World War II. With more than 2,300 sailors killed in action, eight battleships sunk or damaged, and over 100 planes destroyed, the attack left the United States Navy severely crippled. This was not an isolated act of aggression. It was flashpoint at the end of a decade of worsening relations between

the United States and Japan. This compelling volume offers an analysis of the attack on Pearl Harbor to broaden student awareness of the event through accessible language, maps, and vivid pictures. Chapters explore relevant topics including Japanese aggression in China, the preparations the United States made for war, the devastation of battleship row and the naval base, reactions to the attack and moves toward recovery, and the political and strategic aftermath.

[The Attack on Pearl Harbor](#) Jul 19 2020 This volume provides comprehensive information on the bombing of Pearl Harbor in 1941 and the differing perspectives accompanying it.

**Pearl Harbor** Jul 23 2023 Hawaii, 7th December 1941, shortly before 8 in the morning: Japanese torpedo bombers launch a surprise attack on the US Pacific fleet anchored in Pearl Harbor. The devastating attack claims the lives of over 2,400 American soldiers, sinks or damages 18 ships and destroys nearly 350 aircraft. The US Congress declares war on Japan the following day. In this vivid and lively book, Takuma Melber breathes new life into the dramatic events that unfolded before, during and after Pearl Harbor by putting the perspective of the Japanese attackers at the centre of his account. This is the dimension commonly missing in most other histories of Pearl Harbor, and it gives Melber the opportunity to provide a fuller, more definitive and authoritative account of the battle, its background and its consequences. Melber sheds new light on the long negotiations that went on between the Japanese and Americans in 1941, and the confusion and argument among the Japanese political and military elite. He shows how US intelligence and military leaders in Washington failed to interpret correctly the information they had and to draw the necessary conclusions about the Japanese war intentions in advance of the attack. His account of the battle itself is informed by the latest research and benefits from including the planning and post-raid assessment by the Japanese commanders. His account also covers the second raid in March 1942 by two long-range seaplanes which was intended to destroy the shipyards so that ships damaged in the initial attack could not be repaired. This balanced and thoroughly researched book deepens our understanding of the battle that

precipitated America's entry into the war and it will appeal to anyone interested in World War II and military history.

**The Shadow of Pearl Harbor** Oct 22 2020 The Japanese surprise attack on U.S. forces in Hawaii on December 7, 1941, came as a tremendous shock to Americans. Accustomed to success and victory in every aspect of life, they found the Pearl Harbor disaster nearly impossible to understand. Thus, almost immediately the search began for a simple explanation why the United States was unprepared and why it should succumb in battle to a foe long considered inferior.

**Countdown to Pearl Harbor** Mar 27 2021 "A Pulitzer Prize-winning reporter chronicles the 12 days leading up to the Japanese attack on Pearl Harbor, examining the miscommunications, clues, missteps and racist assumptions that may have been behind America's failure to safeguard against the tragedy, "--NoveList.

*The Lost Submarines of Pearl Harbor* Sep 20 2020 In the pre-dawn darkness of December 7, 1941, five Imperial Japanese Navy submarines surfaced off the coast of Oahu. Secured to the decks of these vessels were secret weapons to be deployed for the first time in modern warfare: two-man midget submarines, intended to enter Pearl Harbor without being detected and torpedo the US Navy battleships lying at anchor there. None of them would return from their mission. "One of the last remaining and persistent mysteries of the Pearl Harbor attack is that of the Japanese Midget Submarines. It is a fascinating story of innovation, courage, secrets, and failed expectations. And it is not only a story of the morning hours of December 7, but of the years before to develop these weapons and the years after, where they were deployed in the great Pacific War and how they fared as weapons of war." These words by Daniel J. Basta, from the foreword of this work, capture both the essence and the impact of *The Lost Submarines of Pearl Harbor*. James P. Delgado and his coauthors have worked on the story of these incredible craft for decades. They combed the records of the US Navy and the recollections of its veterans as well as Japanese, Australian, and British archives in order to uncover the truth. They have logged hours of direct observation and research on the midget subs in their final resting places,

in some cases more than 1,000 feet below the surface of the Pacific. And in the end, they have woven a tapestry of scholarship, historical sleuthing, scientific insight, and good storytelling that will enthrall specialists and history enthusiasts alike.

*Pearl Harbor An Illustrated History* Dec 16 2022 Explores the causes and effects of the battle and provides first-hand accounts from the people who were there, including Japanese and Americans, military and civilian.

*Pearl Harbor* Jun 10 2022 Describes events leading up to the surprise Japanese attack on Pearl Harbor, Hawaii, and the attack itself on Dec. 7, 1941.

**All the Gallant Men** Aug 20 2020 The New York Times bestselling memoir of survival and heroism at Pearl Harbor "An unforgettable story of unfathomable courage." —Reader's Digest In this, the first memoir by a USS Arizona sailor, Donald Stratton delivers an inspiring and unforgettable eyewitness account of the Pearl Harbor attack and his remarkable return to the fight. At 8:10 a.m. on December 7, 1941, Seaman First Class Donald Stratton was consumed by an inferno. A million pounds of explosives had detonated beneath his battle station aboard the USS Arizona, barely fifteen minutes into Japan's surprise attack on American forces at Pearl Harbor. Near death and burned across two thirds of his body, Don, a nineteen-year-old Nebraskan who had been steeled by the Great Depression and Dust Bowl, summoned the will to haul himself hand over hand across a rope tethered to a neighboring vessel. Forty-five feet below, the harbor's flaming, oil-slick water boiled with enemy bullets; all around him the world tore itself apart. In this extraordinary, never-before-told eyewitness account of the Pearl Harbor attack—the only memoir ever written by a survivor of the USS Arizona—ninety-four-year-old veteran Donald Stratton finally shares his unforgettable personal tale of bravery and survival on December 7, 1941, his harrowing recovery, and his inspiring determination to return to the fight. Don and four other sailors made it safely across the same line that morning, a small miracle on a day that claimed the lives of 1,177 of their Arizona shipmates—approximately half the American fatalities at Pearl Harbor. Sent to military hospitals for a year, Don refused doctors'

advice to amputate his limbs and battled to relearn how to walk. The U.S. Navy gave him a medical discharge, believing he would never again be fit for service, but Don had unfinished business. In June 1944, he sailed back into the teeth of the Pacific War on a destroyer, destined for combat in the crucial battles of Leyte Gulf, Luzon, and Okinawa, thus earning the distinction of having been present for the opening shots and the final major battle of America's Second World War. As the seventy-fifth anniversary of the Pearl Harbor attack approaches, Don, a great-grandfather of five and one of six living survivors of the Arizona, offers an unprecedentedly intimate reflection on the tragedy that drew America into the greatest armed conflict in history. *All the Gallant Men* is a book for the ages, one of the most remarkable—and remarkably inspiring—memoirs of any kind to appear in recent years. \*Library Journal

*History Smashers: Pearl Harbor* Aug 12 2022 Myths! Lies! Secrets! Uncover the hidden truth behind the infamous Pearl Harbor attack with beloved educator/author Kate Messner. The fun mix of sidebars, illustrations, photos, and graphic panels make this perfect for fans of *I Survived!* and Nathan Hale's Hazardous Tales. On December 7, 1941, the Japanese launched a completely unpredictable attack on the U.S. Navy base at Pearl Harbor, Hawaii. Right? Well, that's not quite the real deal. Some military experts had suggested that Pearl Harbor was a likely target. There were other warning signs, too, but nobody paid much attention. From the first wave of the Japanese bombers to the United States' internment of thousands of Japanese Americans, acclaimed author Kate Messner smashes history by exploring the little-known truths behind the story of Pearl Harbor and its aftermath. Don't miss *History Smashers: The Mayflower and Women's Right to Vote*

*Attack on Pearl Harbor* Feb 23 2021 Early on the morning of December 7, 1941, Japanese aircraft and ships attacked the US military base at Pearl Harbor in Oahu, Hawaii. Following the attack, the United States would officially enter World War II, and people around the country would join together to support the war effort. But for those at Pearl Harbor, the war began when the attack did. Pilots, navy officers, nurses, and civilians

quickly took action. These brave heroes worked to defend Pearl Harbor. They cared for casualties and worked to repair the damage. Read more about the courageous people who experienced this tragic event.

**Eyewitness to Infamy** Feb 06 2022 The Japanese attack on Pearl Harbor changed the lives of almost every American, and began the process of putting 17 million of them in uniform to fight in World War II. Yet in the long and fascinating body of literature about this terrible event, most historians have neglected the compelling and moving accounts of the surviving military personnel and civilians who were on Oahu at the time of the attack, at dawn on December 7, 1941.

*Eyewitness to Infamy* is their story—the astonishing oral history of the brutal attack that pushed the United States into WWII on the side of the Allies: the British, French, and Russians. With the help of the Pearl Harbor Survivors' Association, the Veterans of Foreign Wars, and the American Legion, Paul Travers collected more than 200 eyewitness accounts from which he painstakingly selected those critical to this behind-the-scenes narrative account. With breathtaking clarity, the narratives cover the full range of military activity on the island, along battleship row, and around the harbor, while portraying the human side of the event—the heroic, the tragic, and the terrible reality of the assault.

*To Wake the Giant* Apr 20 2023 The New York Times bestselling master of military historical fiction tells the story of Pearl Harbor as only he can in the first novel of a gripping new series set in World War II's Pacific theater. In 1941, President Franklin D. Roosevelt watches uneasily as the world heads rapidly down a dangerous path. The Japanese have waged an aggressive campaign against China, and they now begin to expand their ambitions to other parts of Asia. As their expansion efforts grow bolder, their enemies know that Japan's ultimate goal is total conquest over the region, especially when the Japanese align themselves with Hitler's Germany and Mussolini's Italy, who wage their own war of conquest across Europe. Meanwhile, the British stand nearly alone against Hitler, and there is pressure in Washington to transfer America's powerful fleet of warships from Hawaii to the Atlantic to join the fight against German U-boats that are devastating shipping. But despite deep

concerns about weakening the Pacific fleet, no one believes that the main base at Pearl Harbor is under any real threat. Told through the eyes of widely diverse characters, this story looks at all sides of the drama and puts the reader squarely in the middle. In Washington, Secretary of State Cordell Hull must balance his own concerns between President Roosevelt and the Japanese ambassador, Kichisaburo Nomura, who is little more than a puppet of his own government. In Japan, Admiral Isoroku Yamamoto wins skeptical approval for his outrageous plans in the Pacific, yet he understands more than anyone that an attack on Pearl Harbor will start a war that Japan cannot win. In Hawaii, Commander Joseph Rochefort's job as an accomplished intelligence officer is to decode radio signals and detect the location of the Japanese fleet, but when the airwaves suddenly go silent, no one has any idea why. And from a small Depression-ravaged town, nineteen-year-old Tommy Biggs sees the Navy as his chance to escape and happily accepts his assignment, every sailor's dream: the battleship USS Arizona. With you-are-there immediacy, Shaara opens up the mysteries of just how Japan—a small, deeply militarist nation—could launch one of history's most devastating surprise attacks. In this story of innocence, heroism, sacrifice, and unfathomable blindness, Shaara's gift for storytelling uses these familiar wartime themes to shine a light on the personal, the painful, the tragic, and the thrilling—and on a crucial part of history we must never forget.

[Attack on Pearl Harbor](#) Nov 22 2020 "Nothing previously published has offered such a close examination of Japanese strategy . . . an in-depth study of the Japanese planning, preparation and execution of the attack with particular focus on factors not thoroughly considered by other historians, if at all . . . detailed analyses that lead to a much better understanding of what the Japanese did, why they did it, and especially how the attack was very nearly an abject failure instead of a stunning success." "Naval Institute Proceedings "For seven decades, conventional wisdom has extolled the Japanese attack on Pearl Harbor as brilliant in its planning and execution . . . this masterful analysis topples that pillar of Pacific War history . . . with its amazing depth of meticulous research and analysis, this forceful book is essential reading for anyone with a

serious interest in Pearl Harbor." "World War II "The first militarily professional description of the Pearl Harbor attack, and for those who are serious about military history and operations, it is a joy to read. . . . a superb military analysis of the attack . . . not only renders all other histories of Pearl Harbor obsolete, it has set the bar high for other histories of the Pacific War." "War In History

**The History of Pearl Harbor** May 17 2020

[The Final Secret of Pearl Harbor; Final Secret of Pearl Harbor; Facts about Pearl Harbor](#) Jan 05 2022 Three booklets combined into one book on the subject of Pearl Harbor. Admiral Theobald's story is based on incontrovertible facts of the Washington contribution to the attack, perhaps on[e] of the blackest episodes in American history. Also included John T. Flynn's and Husband E. Kimmel's writings on Pearl Harbor. -- [p. 4] of cover.

*Pearl Harbor* Nov 15 2022 The New York Times–bestselling authors of *Miracle at Midway* delve into the surprise attack on Pearl Harbor during WWII in “a superb work of history” (*Albuquerque Journal Magazine*). In the predawn hours of December 7, 1941, a Japanese carrier group sailed toward Hawaii. A few minutes before 8:00 a.m., they received the order to rain death on the American base at Pearl Harbor, sinking dozens of ships, destroying hundreds of airplanes, and taking the lives of over two thousand servicemen. The carnage lasted only two hours, but more than seventy years later, terrible questions remain unanswered. How did the Japanese slip past the American radar? Why were the Hawaiian defense forces so woefully underprepared? What, if anything, did American intelligence know before the first Japanese pilot shouted “Tora! Tora! Tora!”? In this incomparable volume, Pearl Harbor experts Gordon W. Prange, Donald M. Goldstein, and Katherine V. Dillon tackle dozens of thorny issues in an attempt to determine who was at fault for one of the most shocking military disasters in history.
