Features pre-written treatment plan components (behavioral definitions, long-term goals, short-term objectives, therapeutic interventions, and DSM-IV diagnoses) for special problems faced by gay and lesbian clients. This planner includes coverage of issues such as helping gay and lesbian clients cope with adoption, abusive partners, coming-out, hate crimes, internalized homophobia, rape, religious shame, AIDS/HIV, suicidal ideation, etc. Psychologists, counselors, therapists, and other professionals who work with gay and lesbian clients will find this planner invaluable. This timesaving resource features: Treatment plan components for 33 behaviorally based presenting problems Over 1,000 prewritten treatment goals, objectives, and interventions—plus space to record your own treatment plan options A step-by-step guide to writing treatment plans that meet the requirements of most accrediting bodies, insurance companies, and third-party payors Includes Evidence-Based Practice Interventions as required by many public funding sources and private insurers PracticePlanners® THE BESTSELLING TREATMENT PLANNING SYSTEM FOR MENTAL HEALTH PROFESSIONALS The School Counseling and School Social Work Treatment Planner, Second Edition provides all the elements necessary to quickly and easily develop formal treatment plans that satisfy the demands of HMOs, managed care companies, third-party payors, and state and federal agencies. New edition features empirically supported, evidence-based treatment interventions including coverage of disruptive classroom behaviors, reinforcing student success, bullying, peer conflict, and school violence Organized around 33 behaviorally based presenting problems in treating students who experience social and emotional difficulties, including social maladjustment, learning difficulties, depression, substance abuse, family instability, and others Over 1,000 prewritten treatment goals, objectives, and interventions—plus space to record your own treatment plan options Easy-to-use reference format helps locate treatment plan components by behavioral problem Includes a sample treatment plan that conforms to the requirements of most third-party payors and accrediting agencies including CARF, The Joint Commission (TJC), COA, and the NCQA Additional resources in the PracticePlanners® series: Documentation Sourcebooks provide the forms and records that mental health professionals need to efficiently run their practice. Homework Planners feature behaviorally based, ready-to-use assignments to speed treatment and keep clients engaged between sessions. For more information on our PracticePlanners®, including our full line of Treatment Planners, visit us on the Web at: www.wiley.com/practiceplanners From the authors of the bestseller *The Complete Psychotherapy Treatment Planner* comes this exciting new resource focusing specifically on the problems encountered in treating younger patients. *The Child and Adolescent Psychotherapy Treatment Planner* enables mental health professionals to write polished, effective treatment plans that satisfy the demands of HMOs, managed care companies, third-party payers, and state and federal review agencies. Specifically designed to save clinicians hours of valuable time, provide optimum latitude in developing individualized treatment plans, and increase the measurability of objectives, this unique guidebook features: Complete coverage of 29 DSM-IV-TM and behaviorally based child and adolescent presenting problems A step-by-step guide to treatment planning 1,000s of prewritten treatment goals and objectives Up to 45 specific therapeutic interventions for each disorder. 1,000s of well-crafted statements describing behavioral manifestations, long-term treatment goals, short-term objectives, and therapeutic interventions An extensive list of suggested interventions from a broad range of therapeutic approaches—including cognitive, behavioral, family-oriented, dynamic, pharmacological, educational, didactic, and bibliotherapeutic A simple but comprehensive treatment plan format that can be copied and emulated This popular treatment planning system will enhance the quality of clinical documentation, bring heightened focus to the treatment process, and help eliminate the rejection of treatment plans by insurers and health management organizations. *The Child Psychotherapy Treatment Planner, Fourth Edition* provides treatment planning guidelines and an array of pre-written treatment plan components for behavioral and

psychological problems, including blended family problems, children of divorce, ADHD, attachment disorder, academic problems, and speech and language disorders. Clinicians with adult clients will find this up-to-date revision an invaluable resource. This sourcebook supplies EAP counselors and mental health clinicians who work with employee assistance programs with all of the essential building blocks they need to quickly create focused, formal treatment plans that fully satisfy the demands of third-party payers, accrediting agencies, and state and federal review agencies. Following the same format as the bestselling *The Complete Psychotherapy Treatment Planner*, it is organized around 28 major presenting problems encountered in employee assistance programs, including chemical dependence, low self-esteem, career burnout, job loss, and more. Evidence-based and effective clinical homework for adolescent clients and their caregivers In the newly updated sixth edition of *The Adolescent Psychotherapy Homework Planner*, a team of distinguished practitioners delivers a time-saving and hands-on practice tool designed to offer clients valuable homework assignments that will further their treatment goals for a wide variety of presenting problems. The Homework Planner addresses common and less-common disorders—including anxiety, depression, substance use, eating, and panic—allowing the client to work between sessions on issues that are the focus of therapy. This book provides evidence-based homework assignments that track the psychotherapeutic interventions suggested by the fifth edition of *The Adolescent Psychotherapy Treatment Planner*. They are easily photocopied, and a digital version is provided online for the therapist who would prefer to access them with a word processor. The Homework Planner also offers: Cross-referenced lists of suggested presenting problems for which each assignment may be appropriate (beyond its primary designation) Several brand-new assignments, as well as adapted assignments that have been shortened or modified to make them more adolescent-client-friendly Homework assignments for the parents of adolescents in treatment, assignments for the adolescents themselves, and assignments for parents and adolescents to complete together An essential and practical tool for therapists and practitioners treating adolescents, *The Adolescent Psychotherapy Homework Planner, Sixth Edition* will benefit social workers, psychologists, psychiatrists, and other clinicians seeking efficient and effective homework tools for their clients. This resource makes it easier than ever for clinicians to create formal treatment plans that satisfy all the demands of HMOs, managed care companies, third-party payers, and state and federal review agencies. Focusing on psychological problems that require treatment in inpatient, partial hospitalization, or intensive outpatient settings, this planner provides treatment planning components for 35 serious adult and adolescent behavioral disorders. Following the user-friendly format found in the bestselling *The Complete Psychotherapy Treatment Planner*, it helps to prevent treatment plan rejection by insurers and HMO's, and brings heightened focus to the treatment process. Save hours of time-consuming paperwork with the bestselling treatment planning system *The Adult Psychotherapy Progress Notes Planner, Fifth Edition* contains complete prewritten session and patient presentation descriptions for each behavioral problem in *The Complete Adult Psychotherapy Treatment Planner, Fifth Edition*. The prewritten progress notes can be easily and quickly adapted to fit a particular client need or treatment situation. **ulstyle="line-height: 25px; margin-left: 15px; margin-top: 0px; font-family: Arial; font-size: 13px;"** Saves you hours of time-consuming paperwork, yet offers the freedom to develop customized progress notes Organized around 43 behaviorally based presenting problems, including depression, intimate relationship conflicts, chronic pain, anxiety, substance abuse, borderline personality, and more Features over 1,000 prewritten progress notes (summarizing patient presentation, themes of session, and treatment delivered) Provides an array of treatment approaches that correspond with the behavioral problems and DSM-5™ diagnostic categories in *The Complete Adult Psychotherapy Treatment Planner, Fifth Edition* Offers sample progress notes that conform to the requirements of most third-party payors and accrediting agencies, including CARF, The Joint Commission (TJC), COA, and the NCQA Identifies the latest evidence-based care treatments with treatment language following specific guidelines set by managed care and accrediting agencies *The College Student Counseling Treatment Planner* provides all the elements necessary to quickly and easily develop formal treatment plans that satisfy the demands of HMOs, managed care companies, third-party payors, and state and federal review agencies. Saves you hours of time-consuming paperwork, yet offers the freedom to develop customized treatment plans for young adult clients Organized around 28 main presenting problems, from academic performance anxiety and financial stress to depression, suicidal ideation, and chemical dependence Over 1,000 well-crafted, clear statements describe the behavioral manifestations of each relational problem, long-term goals, short-term objectives, and clinically tested treatment options Easy-to-use reference format helps locate treatment plan components by behavioral problem or DSM-IV-TR(TM) diagnosis Includes a sample treatment plan that conforms to the requirements of most third-party payors and accrediting agencies (including HCFA, JCAHO, and NCQA) Patterned after the bestselling *Complete Psychotherapy Planner*, this sourcebook provides an array of pre-written plan components for group therapy. Selecting from a wide range of well-crafted, measurable descriptions, even novice therapists can prepare plans which meet the stringent requirements of third-party payers and accrediting agencies. This invaluable sourcebook features pre-written treatment plan components for the field of behavioral medicine, including behavioral definitions, long-term goals, short-term objectives, therapeutic interventions, and DSM-IV diagnoses. *The Behavioral Medicine Treatment Planner* covers the psychological aspects of coping with illnesses such as cancer, chronic fatigue syndrome, diabetes, headaches, AIDS, and more. Psychologists, counselors, therapists, and other mental health professionals who work in medical settings will find this Planner indispensable. This timesaving resource features: Treatment plan components for 30 behaviorally based presenting problems Over 1,000 prewritten treatment goals, objectives, and interventions—plus space to record your own treatment plan options A step-by-step guide to writing treatment plans that meet the requirements of most accrediting bodies, insurance companies, and third-party payors Includes new Evidence-Based Practice Interventions as required by many public funding sources and private insurers **PracticePlanners® THE BESTSELLING TREATMENT PLANNING SYSTEM FOR MENTAL HEALTH PROFESSIONALS** *The Older Adult Psychotherapy Treatment Planner, Second Edition* provides all the elements necessary to quickly and easily develop formal treatment plans that satisfy the demands of HMOs, managed care companies, third-party payors, and state and federal agencies New edition features empirically supported, evidence-based treatment interventions Organized around 30 behaviorally based presenting problems including depression, unresolved grief, life role transition, and substance abuse Over 1,000 prewritten treatment goals, objectives, and interventions—plus space to record your own treatment plan options Easy-to-use reference format helps locate treatment plan components by behavioral problem Includes a sample treatment plan that conforms to the requirements of most third-party payors and accrediting agencies including CARF, The Joint Commission (TJC), COA, and the NCQA Additional resources in the **PracticePlanners®** series: Documentation Sourcebooks provide the forms and records that mental health professionals need to efficiently run their practice. Homework Planners feature

behaviorally based, ready-to-use assignments to speed treatment and keep clients engaged between sessions. For more information on our PracticePlanners®, including our full line of Treatment Planners, visit us on the Web at: www.wiley.com/practiceplanners One of the first books in the field of counseling to use a competency-based approach for teaching counseling and psychotherapy theories, Gehart's text is designed to teach the skills and knowledge outlined in current CACREP Standards. Featuring state-of-the-art, outcomes-based pedagogy, the text introduces counseling and psychotherapy theories using theory-informed case conceptualization as well as treatment planning. Assignments empower students to apply theoretical concepts and develop real-world skills as early as possible in their training, resulting in greater mastery of the material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. A time-saving resource, fully revised to meet the changing needs of mental health professionals
