Models for Christian Higher Education Jun 17 2022 This is a print on demand book and is therefore non- returnable. This timely look at the state of Christian higher education in America contains descriptive, historical narratives that explore how fourteen Christian colleges and universities are successfully integrating faith and learning on their campuses despite the challenges posed by the increasingly pluralistic nature of modern culture. Written by respected representatives from seven major faith traditions -- Roman Catholic, Lutheran, Reformed, Mennonite, Evangelical, Wesleyan/Holiness, and Baptist/Restorationist -- these narratives are also preceded by introductory essays that define the worldview and theological heritage of each given tradition and ask what that tradition can contribute to the task of higher education.

Dutch Chicago Mar 27 2023 Now at least 250,000 strong, the Dutch in greater Chicago have lived for 150 years "below the radar screens" of historians and the general public. Here their story is told for the first time. In Dutch Chicago Robert Swierenga offers a colorful, comprehensive history of the Dutch Americans who have made their home in the Windy City since the mid-1800s. The original Chicago Dutch were a polyglot lot from all social strata, regions, and religions of the Netherlands. Three-quarters were Calvinists; the rest included Catholics, Lutherans, Unitarians, Socialists, Jews, and the nominally churchless. Whereas these latter Dutch groups assimilated into the American culture around them, the Dutch Reformed settled into a few distinct enclaves -- the Old West Side, Englewood, and Roseland and South Holland -- where they stuck together, building an institutional infrastructure of churches, schools, societies, and shops that enabled them to live from cradle to grave within their own communities. Focusing largely but not exclusively on the Reformed group of Dutch folks in Chicago, Swierenga recounts how their strong entrepreneurial spirit and isolationist streak played out over time. Mostly of rural origins in the northern Netherlands, these Hollanders in

Chicago liked to work with horses and go into business for themselves. Picking up ashes and garbage, jobs that Americans despised, spelled opportunity for the Dutch, and they came to monopolize the garbage industry. Their independence in business reflected the privacy they craved in their religious and educational life. Church services held in the Dutch language kept outsiders at bay, as did a comprehensive system of private elementary and secondary schools intended to inculcate youngsters with the Dutch Reformed theological and cultural heritage. Not until the world wars did the forces of Americanization finally break down the walls, and the Dutch passed into the mainstream. Only in their churches today, now entirely English speaking, does the Dutch cultural memory still linger. Dutch Chicago is the first serious work on its subject, and it promises to be the definitive history. Swierenga's lively narrative, replete with historical detail and anecdotes, is accompanied by more than 250 photographs and illustrations. Valuable appendixes list Dutch-owned garbage and cartage companies in greater Chicago since 1880 as well as Reformed churches and schools. This book will be enjoyed by readers with Dutch roots as well as by anyone interested in America's rich ethnic diversity.

Martin Luther Sep 28 2020 Martin Luther only meant for his 95 Theses to spark debate and hopefully a few changes in the Catholic Church. Instead, they changed the face of world history, sparking decades of violent religious conflict and war amongst the nations and peoples of Europe. Luther was a Catholic cleric whose chief problem with the Church was the practice of selling indulgences. Church leaders, though, would not sanction debate with him and excommunicated Luther. His cause was then championed by varied European royals who saw the chance to break from the Catholic Church and take control of valuable land. As the Protestants separated from the Catholic Church, they also split from each other into denominations like Lutheran, Anglican, and Calvinist. All of this was more than Luther sought or likely even wanted. But the Reformation remains a seminal moment in Western, indeed world, history and Martin Luther is its father. This book presents an overview of Martin Luther's life and his impact on Christianity and the face of the

world. Following that is a list of carefully selected citations of literature about Luther and the religious change he spawned. Easy access is finally provided via author, title, and subject indexes.

Dutch Calvinism in Modern America May 17 2022 In this scholarly yet entertaining book, James D. Bratt takes a look at the Dutch in America from the late 19th century to the present. A comprehensive study of an ethnic subculture, the book is in large part a study of the group's religious history as well, since, as Bratt points out, the contours of the Dutch presence in America have been overwhelmingly shaped by the church and its subsidiary organizations. Although the book is extensively and scrupulously documented, Bratt has infused his scholarship with a considerable amount of anecdote that is by turns poignant and tragic and hilarious. In Bratt's analysis of the fitful progress of Americanization that this close-knit religious community has undergone, we are treated to the sharp insights of a bemused and sometimes disaffected insider. Included is a chapter on novelists Arnold Mulder, David Cornel DeJong, Frederick Manfred, and Peter DeVries - four sons of

the Dutch who fled the subculture only to reflect upon it almost obsessively from the outside. Well written, scholarly, and highly readable, 'Dutch Calvinism In Modern America' will have wide appeal among both academic and general readers.
