"Nicolson's chronicle is a fine book . . . Readers will be duly awed by his delicately layered story." - The New York Times Book Review

In 1937, Adam Nicolson's father answered a newspaper ad for a small cluster of three islands-The Shiants (Gaelic meaning "holy" or "enchanted")-which lie east of the Outer Hebrides of Scotland. Sheer black cliffs drop five hundred feet into the cold, dark, rip currents of the Minch, lounging seals crowd at their feet and thousands upon thousands of sea birds swarm overhead in the sky. Nicolson inherited the islands when he was twenty-one and in this spellbinding and luminous book, he recalls his keenly deep connection to the wild, windswept, and yet enchantingly beautiful property. Not merely a haven of solitude, the islands, with a centuries-old past haunted by restless ghosts and tales of ancient treasure, came to be for Nicolson his heartland and a "sea room"-a sailing term he uses to mean "the sense of enlargement that island life can give you." In passionate, prismatic prose, *Sea Room* celebrates this extraordinary landscape, exploring Nicolson's complicated relationship to the paradoxes of island life and the wonder of revelatory engagement with our natural world.

In 1937, Adam Nicolson's father answered a newspaper ad—"Uninhabited islands for sale. Outer Hebrides, 600 acres. . . . Puffins and seals. Apply."—and thus found the Shiants. With a name meaning "holy or enchanted islands," the Shiants for millennia were a haven for those seeking solitude, but their rich, sometimes violent history of human habitation includes much more. When he was twenty-one, Nicolson inherited this almost indescribably beautiful property: a landscape, soaked in centuries-old tales of restless ghosts and Bronze Age gold, that cradles the heritage of a once-vibrant world of farmers and fishermen. In *Sea Room*, Nicolson describes and relives his love affair with the three tiny islands and their strange and colorful history in passionate, keenly precise prose—sharing with us the greatest gift an island bestows on its inhabitants: a deep engagement with the natural world. "A volume brimming with

humanitarian lessons in medicine and life alike.” —Kirkus Reviews "A generous, compassionate book about what it is to be human and what it is to care. Paul Seward writes in language so clear and compelling you can see straight through it and into the beating heart beneath." —Kate Cole-Adams, author of *Anesthesia* Drawing on a career launched in the first days of the specialty of emergency medicine, Dr. Paul Seward takes the reader with him into the ER in his riveting memoir. Told in fast-paced, stand-alone chapters that recall unforgettable medical cases, *Patient Care* offers the fascination of medical mysteries, wrapped in the drama of living and dying. A snap judgment about a child nearly kills him, and a priest who may be having a heart attack refuses treatment. An asthmatic man develops air bubbles in his shoulders, and a pharmacist is haunted by a decision he makes. But the book goes beyond these stories. Each chapter explores ethical questions that remind us of the full humanity of patients, nurses, coroners, pharmacists, and, of course, doctors. How do they care for strangers in their moments of crisis? How do they care for themselves? Dr. Seward rejects doctor-as-God narratives to write frankly about moments of failure, and champions the role of his colleagues in health care. And, for all the moral dilemmas here, there is plenty of wit and humor, too. (See the patient who punches our doctor.) Readers of *Patient Care* will find themselves thinking along with Dr. Seward: "What is the right thing to do? What would I do?" Exclusive WillManwill.com edition *Life in the Consulting Room* offers a series of noteworthy vignettes that occurred in the author's consulting room. Although the context and objective of each consultation varied, the decision to present them here is due to a particularly interesting feature of the patient's life or a significant point that arose during their interview with the author. Many of the cases have issues of academic interest but these are not pursued here. Instead, these accounts should be seen as portraits, "snapshots" that were considered emotionally interesting and intellectually stimulating.

Some of these patients were in short- or long-term therapy, but most cases were being assessed to determine whether psychotherapy was in fact the best way of helping them. No doubt all psychodynamic practitioners will have met some of these findings in their practice, but the present book offers a particularly significant collection of clinical episodes. The fable of the Emperor's New Clothes is a classic example of a conspiracy of silence, a situation where everyone refuses to acknowledge an obvious truth. But the denial of social realities--whether incest, alcoholism, corruption, or even genocide-is no fairy tale. In *The Elephant in the Room*, Eviatar Zerubavel sheds new light on the social and political underpinnings of silence and denial-the keeping of "open secrets." The author shows that conspiracies of silence exist at every level of society, ranging from small groups to large corporations, from personal friendships to politics. Zerubavel shows how such conspiracies evolve, illuminating the social pressures that cause people to deny what is right before their eyes. We see how each conspirator's denial is symbiotically complemented by the others', and we learn that silence is usually more intense when there are more people conspiring-and especially when there are significant power differences among them. He concludes by showing that the longer we ignore "elephants," the larger they loom in our minds, as each avoidance triggers an even greater spiral of denial. Drawing on examples from newspapers and comedy shows to novels, children's stories, and film, the book travels back and forth across different levels of social life, and from everyday moments to large-scale historical events. At its core, *The Elephant in the Room* helps us understand why we ignore truths that are known to all of us. *Developing Yourself Can Be Fun! Life is an Escape Room: Applying Lessons Learned from Successful Escapeletes to Achieving More in Life* demonstrates how the skills you gain playing escape rooms with intention will make you more successful in all aspects of your life. Escape rooms are the fun way to learn about perception,

communication, leadership, how to have better relationships, and so much more! Each chapter provides entertaining and insightful advice (and exciting stories!) to help you improve your professional and personal life skills. Find out how a booby-trapped Egyptian tomb, following a pirate's treasure map, and a Sherlock Holmes mystery with an obstacle course, a hedge maze, and a playground can make your life better and improve your self-awareness and personal skills. Author Bios Christina and Jeffrey Eanes are obsessed with escape rooms. Some of their escapes include from prison (many times); a cabin in the woods before a serial killer trapped them; and a mad scientist's lab where not only did they escape the lab, but they also saved humanity from the zombie virus by stealing the antidote (you're welcome!) Chris utilizes the learning from these escape rooms to enhance her speeches, workshops, coaching, and podcast series (Quit Bleeping Around). Jeff spends his days keeping our country safe with a great team of folks at that huge pentagon-shaped building near Washington, D.C. Originally published in hardcover in 2013 by Simon & Schuster. Stars of the hit Netflix series Dream Home Makeover Syd and Shea McGee offers fans a new and intimate look into how they built their business in this bestselling autobiography. Do you want to live the best version of your life? Learn how Syd and Shea prioritized their values, defined their goals, and put their dreams into action--going from flat broke to design superstars--all while following their motto to "make life beautiful." Most importantly, discover how you can do the same! For the one million-plus followers who turn to Syd and Shea McGee for advice on building a beautiful home and life, Make Life Beautiful is a behind-the-scenes look into how the couple transformed Shea's small room of fabric samples and big dream of becoming a designer into one of the most successful and fastest-growing interior design businesses in the country. In Make Life Beautiful, Syd and Shea inspire you on how to build an authentic life by applying design principles such as: Embrace the process Get to

the next level Find balance Elevate the everyday Make Life Beautiful is essential for entrepreneurs, interior designers, working parents, couples building a family & career, and anyone else chasing their dreams. Both longtime and new fans will gain insight into how the McGees built such a successful company. With dramatic full-color photos throughout, award-winning author Donna Jackson brings to life the inner workings of an animal emergency room, profiling the important work ER veterinarians do behind closed doors. Animals survive traumas with the help of high-tech X-rays, ventilators, endoscopes, and more importantly, the expert care of veterinarians and veterinary nurses who love animals, science, and a daily dose of adrenaline! It takes loads of courage and compassion to be an ER vet! "10,000 Babies" is a compilation of true events in the life of an obstetrician and his patients, presented as short stories. Some may bring a smile others a tear. Anyone who has a child, whether a mother or a father, will not remain indifferent. These stories range from those of the very early pregnancy, to the birth of triplets, from the anguish of not knowing if the baby will be born prematurely, to the unusual case where a mother thought that she was pregnant, when in reality she was not. Those that have not yet become parents or are already parents, will find in 10,000 Babies a world they did not know existed. Sometime in the future, they may even relive many of those stories. Also included are chapters about the history of how we got where we are in the care of pregnant women, how different cultures influence childbirth, why myths surrounding pregnancy are still with us, and why those that care for pregnant women are a special breed of people. This New York Times bestselling book is filled with hundreds of fun, deceptively simple, budget-friendly ideas for sprucing up your home. With two home renovations under their (tool) belts and millions of hits per month on their blog [YoungHouseLove.com](http://YoungHouseLove.com), Sherry and John Petersik are home-improvement enthusiasts primed to pass on a slew of projects, tricks, and

techniques to do-it-yourselfers of all levels. Packed with 243 tips and ideas—both classic and unexpected—and more than 400 photographs and illustrations, this is a book that readers will return to again and again for the creative projects and easy-to-follow instructions in the relatable voice the Petersiks are known for. Learn to trick out a thrift-store mirror, spice up plain old roller shades, "hack" your Ikea table to create three distinct looks, and so much more. TIME'S #1 FICTION TITLE OF THE YEAR • NEW YORK TIMES NOTABLE BOOK OF 2018 FINALIST for the MAN BOOKER PRIZE and the NATIONAL BOOK CRITICS CIRCLE AWARD LONGLISTED for the ANDREW CARNEGIE MEDAL An instant New York Times bestseller from two-time National Book Award finalist Rachel Kushner, *The Mars Room* earned tweets from Margaret Atwood—"gritty, empathic, finely rendered, no sugar toppings, and a lot of punches, none of them pulled"—and from Stephen King—"The Mars Room is the real deal, jarring, horrible, compassionate, funny." It's 2003 and Romy Hall, named after a German actress, is at the start of two consecutive life sentences at Stanville Women's Correctional Facility, deep in California's Central Valley. Outside is the world from which she has been severed: her young son, Jackson, and the San Francisco of her youth. Inside is a new reality: thousands of women hustling for the bare essentials needed to survive; the bluffing and pageantry and casual acts of violence by guards and prisoners alike; and the deadpan absurdities of institutional living, portrayed with great humor and precision. Stunning and unsentimental, *The Mars Room* is "wholly authentic...profound...luminous" (*The Wall Street Journal*), "one of those books that enrage you even as they break your heart" (*The New York Times Book Review*, cover review)—a spectacularly compelling, heart-stopping novel about a life gone off the rails in contemporary America. It is audacious and tragic, propulsive and yet beautifully refined and "affirms Rachel Kushner as one of our best novelists" (*Entertainment Weekly*). How do you find your voice

and learn from experiences where you feel like a fish out of water? Join Rob Giardinelli, a technology executive-turned-expert social chronicler as he navigates the world of million dollar high society galas and celebrity soirées. Covering the high-flying Texas social world for The Society Diaries magazine, he's found himself thrust into situations he'd never imagined. Giardinelli learns to be comfortable in unfamiliar spaces, ultimately learning how to gain incredible insight around well-known, influential figures and chronicling their high-flying lifestyles in the process. Encountering remarkable personalities - including socialites, celebrities and corporate tycoons - Giardinelli learns from their unfiltered authenticity and distills those experiences into lessons for everyday life. As with many books featuring notable and successful people, pseudonyms have been used to these well-known personalities. Whether poignant, pragmatic or simply outrageous, each insight is gained by following the fundamental principle: the best lessons are learned by putting yourself in places you'd never expect. By being in the moment... by Being in the Room. Imagine your life as a simple room with four walls. Who are you letting in and who are you kicking out? Can you imagine living a better life? Would you like to surround yourself with more supportive people? There's hope! You see, the quality of your life depends on the people in your life. **THE SIMPLE AND POWERFUL IDEAS IN THIS BOOK CAN CHANGE YOUR LIFE FOREVER.** Who's in Your Room? introduces you to the concept of your life being like a room—a room where anyone who enters affects your life . . . forever. Although this concept may sound frightening, this book gives you the tools and exercises you need to take control of your room and live the life you desire. This book brings in experts to describe how people leave you with memories that cannot be erased but can be managed. You manage them by determining what's really important to you, and then you can determine how to spend your time and whom you should be spending it with. Stop living according to everyone else's rules. Shape your life

by taking control of your room. Live your life by your design! Presents a humorous ode to cinematic hubris, discussing the story of the mysteriously wealthy misfit, Tommy Wiseau, the producer, director, and star of the "The Room," which later became an international cult film despite making no money at the box office. Captures the exceptional life, imagination, and passion of the author of "Goodnight Moon," drawing on unpublished manuscripts, songs, personal letters, and diaries that the author discovered in the attic of Margaret Wise Brown's sister. In this deeply moving and life-affirming tale, a mother must nurture her five-year-old son through an unfathomable situation with only the power of their imagination and their boundless capacity to love. Written for the stage by Academy Award® nominee Emma Donoghue, this unique theatrical adaptation featuring songs and music by Kathryn Joseph and director Cora Bissett takes audiences on a richly emotional journey told through ingenious stagecraft, powerhouse performances, and heart-stopping storytelling. Room reaffirms our belief in humanity and the astounding resilience of the human spirit. This updated and revised edition was published to coincide with the Broadway premiere in Spring 2023. Home-decorating expert Melissa Michaels invites you to experience the peace and joy that come from a well-balanced life that nurtures your home and soul throughout the year. You might think that you need to make big changes to create a better life but it's often the small, intentional, everyday decisions that shape our environment over time and bring sustained contentment and well-being. Savor the process. Melissa Michaels shows you how to cultivate a lovely life in each season: Spring—experience renewal as you clean up and reimagine your spaces and learn to enjoy everything the outdoors has to offer. Summer—enjoy refreshment with a summer staycation, self-care nourishments, and the delight of simple pleasures. Autumn—make room for reconnection when you decorate to reflect your family, style, and story; embrace gratitude; and adopt seasonal rhythms

for body, mind, and soul. Winter—enter a season of rest as you establish morning and evening rituals, winterize your bedroom, and indulge in restorative home spa treatments. Beautifully designed and photographed, *A Lovely Life* offers you tangible ways to make every day a better one. What if you could get all your work done by 6:00 p.m.? Eat dinner with your family every night? Form deep, satisfying relationships? Naturally blend the world of church with your everyday life? Spend hours a week on your hobbies? You can! *Making Room for Life* reveals how to make all of these things a reality. Not by working faster or having more gadgets, but by simply choosing a lifestyle of conversation, and community over accumulation. Randy Frazee's practical, motivating insights call you back to the kind of relationships and life rhythms you were created to enjoy. In *Making Room for Life*, Frazee shows you how and why it's so important to balance work and play, establish healthy boundaries, deal with children's activities and homework, bring Jesus to your neighbors, and build authentic bonds with a circle of close friends. Share these insights with those around you and help usher in an amazing transformation: your life and the lives of others blooming, in the midst of the chaos and fragmentation of today's culture, into communities of purpose and peace. Juries have been at the center of some of the most emotionally charged moments of political life. At the same time, their capacity for legitimate decision making has been under scrutiny, because of events like the acquittal of George Zimmerman by a Florida jury for the shooting of Trayvon Martin and the decisions of several grand juries not to indict police officers for the killing of unarmed black men. Meanwhile, the overall use of juries has also declined in recent years, with most cases settled or resolved by plea bargain. With *Radical Enfranchisement in the Jury Room and Public Life*, Sonali Chakravarti offers a full-throated defense of juries as a democratic institution. She argues that juries provide an important site for democratic action by citizens and that their use

should be revived. The jury, Chakravarti argues, could be a forward-looking institution that nurtures the best democratic instincts of citizens, but this requires a change in civic education regarding the skills that should be cultivated in jurors before and through the process of a trial. Being a juror, perhaps counterintuitively, can guide citizens in how to be thoughtful rule-breakers by changing their relationship to their own perceptions and biases and by making options for collective action salient, but they must be better prepared and instructed along the way. The author shares stories about her relationship with her husband that underscore the joys and challenges that come with marriage. New York Times bestselling author, Melissa Michaels, will inspire you to make your house a well-loved home. Her relatable style, unique voice, and practical decorating ideas have made her highly respected blog, The Inspired Room, a haven for fans of real-life style. Step inside Melissa's home as she shares lessons learned, inspiring photos, and encouraging insights to help you embrace your authentic style through doable improvements for every room; attainable decorating, organizational, and DIY solutions; transforming tips for lighting, color, and style; motivation to reclaim and organize small spaces Best of all, you don't need a big budget or perfect DIY skills to embrace Melissa's practical home decor philosophy. You'll return to this book again and again for inspiration to fall in love with the home you have. Maria had been raped by a way of life a way of life known as Coconis, which refers to various kinds of vicious, horrific, and inexcusable forms of barbaric behaviour. As a direct consequence of this horrific and violent crime, Maria gave birth a few months later, just like several other young girls who had also become innocent, silent, and secret victims of similar crimes in this country. However, unlike some of the other young woman victims, Maria was blessed with a strong faith in God. She was determined not to resort to taking her own life and not to destroy the tiny life which was already gradually starting to grow inside her

womb. Maria had simply decided to transform this violent and hateful act which had stripped her of all human dignity into something much more powerful and good. She wanted to be able to truly forgive, not just the kind of forgiveness given by those who have no choice, but the kind of forgiveness proffered by the weak and feeble to those who are stronger because they have no other choice in the matter. Neither was it the biblical kind when one simply forgives ones fellow men for their sins and wrongdoings. It wasnt like the forgiveness given by God either, but more of Marias own personal and unique quest for forgiveness that she so yearned to be able to give to the young men who had raped her. Maria was determined that her rapists should recognize the brutality and wickedness of their acts and then implore her forgiveness so that she herself could, in turn, sincerely forgive them. It was the only way for her to redeem her personal dignity. She felt that she had suffered enough and that she had every right to expect her rapists recognition of the terrible suffering that they had inflicted on her. So it was on a beautiful sunny Saturday morning of June that Maria finally gave birth to twin boys. She called them Kimia and Elikia (which means peace and faith in the Congolese language). Maria brought up and educated her twin boys in a traditional way. She possessed a sufficient sum of money to pay for their education and see them through to the end of their high school education. She knew that she had done her very best with regard to their civil education. She died not long after receiving her twin sons baccalaurat results. She died in peace, but without having had the opportunity to be able to truly forgive her brutal attackers. She died without anyone coming to ask her for forgiveness and without having been able to offer her sincere forgiveness. But her last thoughts really went out to her wonderful children. She remembered the great ocean of motherly love that she had been able to give them during their upbringing. Before she closed her eyes for the last time, she asked God to bless them. On her deathbed, she didnt have the

slightest inkling of the powerful impact of the incredible testimonial that she had succeeded in bequeathing to her children. As Maria, Africa had also been kidnapped, raped (and its not a Belgian story), and tortured for centuries. From those repeated rapes were born sick and weak republics. None of the many rapists did recognize the shameful paternity despite the fact that their saliva and blood were still visible everywhere, and there was no need for complex DNA analysis to find out whom they belong to. (Applause Books). Rita Lakin was a pioneer a female scriptwriter in the early 1960s when Hollywood television was exclusively male. For years, in creative meetings she was literally "the only woman in the room." In this breezy but heartfelt remembrance, Lakin takes readers to a long-forgotten time when women were not considered worthy or welcome at the creative table. Widowed with three young children, she talked herself into a secretarial job at Universal Studios in 1962, despite being unable to type or take dictation. With guts, skill, and humor, she rose from secretary to freelancer, to staff writer, to producer, to executive producer and showrunner, meeting hundreds of famous and infamous show biz legends along the way during her long and unexpected career. She introduced many women into the business and was a feminist before she even knew she was one. The general public did not know her name, but Lakin touched the lives of millions of viewers week after week, year after year. The relevance of her personal journey charming yet occasionally shocking will be an eye-opener to present-day who take for granted the abundance of female creative talent in today's Hollywood. Ogden sets out a movement in contemporary psychoanalysis toward a new sensibility, reflecting a shift in emphasis from what he calls "epistemological psychoanalysis" (having to do with knowing and understanding) to "ontological psychoanalysis" (having to do with being and becoming). Ogden clinically illustrates his way of dreaming the analytic session and of inventing psychoanalysis with each patient. Using the

works of Winnicott and Bion, he finds a turn in the analytic conception of mind from conceiving of it as a thing—a "mental apparatus"—to viewing mind as a living process located in the very act of experiencing. Ogden closes the volume with discussions of being and becoming that occur in reading the poetry of Robert Frost and Emily Dickinson, and in the practice of analytic writing. This book will be of great interest not only to psychoanalysts and psychotherapists interested in the shift in analytic theory and practice Ogden describes, but also to those interested in ideas concerning the way the mind and human experiencing are created. Dan J. Marlowe (1914-1986), author of *The Name of the Game is Death*, was one of the finest paperback suspense novelists of the 1960s and 1970s, so good that Stephen King dedicated a book to him. But Marlowe's life was full of strange drama, some featuring his friendship with bank robber Al Nussbaum, a partner of the murderous sociopath Bobby "One-Eye" Wilcoxson. This biography interweaves the stories of Nussbaum, who became a mystery-story writer, Wilcoxson, who committed a savage murder after being released from prison, and Marlowe, who, stricken with amnesia, was haunted by the ghosts of his past, some of whom roamed the world of kinky sex. Book contains 16 photos. "Fantastic...This biography is almost as wild, compelling, dark and surprising as one of Marlowe's books...Highly recommended "- Lee Goldberg, author and TV writer/producer who has scripted *Diagnosis: Murder*, *Monk*, *Hunter* and *Spenser: For Hire*. "A brilliant biography of the great noir and hardboiled paperbacker Dan J. Marlowe, written with novelistic flair by Charles Kelly."--James Reasoner, celebrated western/mystery writer and author of *Texas Wind*. Reasoner called *Gunshots in Another Room* one of his ten favorite books of 2012. "I still remember buying *The Name of the Game is Death* on a metal spin rack when I was in college. No novel except *They Shoot Horses, Don't They?* had ever shocked me to the same degree. Marlowe had created a masterpiece. So has Charles Kelly."--Ed Gorman,

legendary mystery writer and editor of The Big Book of Noir. "Kelly relates (the details of Marlowe's life) with a sharp and sympathetic eye and a hardboiled style. Informative and well-written, Gunshots in Another Room makes for quite a story."--Woody Haut, author of Pulp Culture: Hardboiled Fiction and the Cold War, Neon Noir, and Heartbreak and Vine: The Fate of Hardboiled Writers in Hollywood. "For anyone interested in the history of crime fiction, or the evolution and devolution of the paperback original industry, Gunshots in Another Room is an indispensable volume."-Cullen Gallagher, in the Los Angeles Review of Books. "(The book) demonstrates impeccable (and imaginative) research, perhaps not surprisingly since Kelly is an award-winning journalist."-Marvin Lachman, author of A Reader's Guide to the American Novel of Detection. "Kelly's delight in his subject is so palpable that we feel his excitement as if we're handling the material ourselves...His biography unfolds like the best stories; truth that reads as fiction, containing narrative drive, setups and plenty of payoffs along the way, satisfying and literate."-Jessica Argyle, author of Arrest Me (before I write again), on KeysNews.com. A chance encounter with Stephen, a childhood friend with whom she has shared a complicated relationship, forces Eleanor Cahn, a literature professor and wife of a leading cardiac surgeon, to reevaluate her life, her erotic past, and the passionate woman she suppressed for years.
