**Why did the chicken cross the road? Knock, knock. Who's there? What do you get when you...? As kids**

**guess the answers, they're sure to get the giggles! With this book, little ones will look forward to sharing the jokes with parents, teachers, and siblings--and even coming up with some variations of their own! In addition to hundreds of rib-tickling jokes, readers will love: Head-scratching brain teasers Funny knock-knock jokes Hysterical puzzles Ridiculous riddles And much, much more! Amid the jokes, kids also find information on how to deliver the perfect punch line and how their favorite comics got started telling jokes. Every budding comic needs a little help getting started, and this book is the perfect go-to for getting laughs! From baseball to biology, an award-winning journalist highlights the power of team chemistry in this "terrific" data-driven investigation of human relationships (Billie Jean King). Does team chemistry actually exist? Is there scientific or mathematical proof? Is team chemistry as real and relevant as on-base percentages and wins above replacement? In Joan Ryan's groundbreaking book we discover that the answer to all of the above is a resounding yes. As Ryan puts it, team chemistry, or the combination of biological and social forces that boosts selfless effort among more players over more days of a season, is what drives sports teams toward a common goal, encouraging the players to be the best versions of themselves. These are the elements of teams that make them "click," the ones**

**that foster trust and respect, and push players to exceed their own potential when they work well together. Team chemistry alone won't win a World Series, but talent alone won't win it, either. And by interviewing more than 100 players, coaches, managers, and statisticians, as well as over five years of extensive research in neuroscience, biology, physiology, and psychology, Ryan proves that the social and emotional state of a team does affect performance. Grit, passion, selflessness, and effort matter -- but never underestimate the power of chemistry. After Jack becomes apprenticed to a Druid bard, he and his little sister Lucy are captured by Viking Berserkers and taken to the home of King Ivar the Boneless and his half-troll queen, leading Jack to undertake a vital quest to Jotunheim, home of the trolls. There are two ways to learn anything: 1) by experimenting with things on our own or 2) by reading the accounts of specialists who have accomplished the results you want to gain. #1 is arduous and takes time. #2 gives us shortcuts to help us get results in a short span of time. The book that you are holding in your hands right now is for people who want to sprint on the second path. The Growth Hacking Book is an almanac for growth in today's hyper-competitive business world! Curated by GrowthMedia.AI, this book features more than 35 marketing experts, trailblazing entrepreneurs, industry thought**

**leaders and successful companies from all over the globe who share radical ideas on how you can grow your business using unconventional marketing strategies. Each chapter is a treasure trove of growth ideas that businesses in the "The Valley" try to shield from the public. But they are not secrets anymore. This book is for you if you want to learn about: The concept of Growth Hacking The best growth strategies from Growth Hackers for Growth Hackers The mindset, skillset and toolset for Growth Marketers Identifying and analyzing growth channels The future of Growth Marketing ...and more. The fact that you are examining to buy this book is proof that you are hungry to learn growth marketing tactics. It proves the maxim that says -- you don't choose a book; the book chooses you. **evidence of a fifteenth-century scientific genius standing at the edge of the modern world, basing his ideas on observation and experimentation. This book will change children's ideas of who Leonardo was and what it means to be a scientist. A collection of Michael Morpurgo's short stories. They reflect his love of myths and legends, his concern that we learn from the past, and his keen sense of place. This major exhibition is the first to examine the relationship between four ground-breaking Victorian artists: Julia Margaret Cameron (1815-79), Lewis Carroll (1832-98), Lady Clementina Hawarden (1822-65) and Oscar Rejlander (1813-75). Drawn from public and private collections internationally, the exhibition features some of the most breathtaking images in photographic history. Influenced by historical painting and frequently associated with the Pre-Raphaelite Brotherhood, the four artists formed a bridge between the art of the past and the art of the future, standing as true giants in Victorian photography.--National Portrait Gallery. Sophisticated Giant presents the life and legacy of tenor saxophonist Dexter Gordon (1923-1990), one of the major innovators of modern jazz. In a context of biography, history, and memoir, Maxine Gordon has completed the book that her late husband began, weaving his "solo" turns with her voice and a chorus of voices from past and present. Reading like a jazz composition, the blend of research,**

***anecdote, and a selection of Dexter's personal letters reflects his colorful life and legendary times. It is clear why the celebrated trumpet genius Dizzy Gillespie said to Dexter, "Man, you ought to leave your karma to science." Dexter Gordon the icon is the Dexter beloved and celebrated on albums, on film, and in jazz lore--even in a street named for him in Copenhagen. But this image of the cool jazzman fails to come to terms with the multidimensional man full of humor and wisdom, a figure who struggled to reconcile being both a creative outsider who broke the rules and a comforting insider who was a son, father, husband, and world citizen. This essential book is an attempt to fill in the gaps created by our misperceptions as well as the gaps left by Dexter himself. Offers eleven short stories, accompanied by essays and commentaries that illuminate the craft of storytelling and the influences of people and places on the author's works. Many stories involved fearsome creatures with supernatural powers. One of these creatures, now known as Bigfoot, passed beyond the realm of native lore and has become firmly entrenched in modern culture - for we too have seen this mysterious being. For countless ages before Europeans set foot in North America, native people inhabited the vast arctic regions, forests, deserts, and plains. They lived off the bountiful land, and developed unique cultures with***

***stories of their heroes and adventures that have been passed down through successive generations. Many stories involved fearsome creatures with supernatural powers, believed to wander the land in a shadowy existence somewhere between reality and the unknown. One of these creatures, now known as Bigfoot, passed beyond the realm of native lore and has become firmly entrenched in modern culture - for we too have seen this mysterious being. Kathy Moskowitz Strain, a professional archaeologist and anthropologist with the U.S. Forest Service in California, presents in this volume a collection of verbatim stories from 55 native cultures that tell of giants, cannibals, and monsters in North America. We are taken to the campfires where such stories have been repeated for thousands of years by native elders and warriors. The work has been skillfully arranged with native culture profiles and hundreds of photographs of the respective native people in their various walks of life. Above all, this book is an adventure into the inner circles of our aboriginal people. It provides a unique insight into a part of their mythology, values, and spirituality. For those interested in this fascinating branch of human knowledge, this work is invaluable. In this "glittering, Gatsby-esque" (Publishers Weekly) novel, two generations of Quincy women—a bewitching Jazz Age beauty and a young***

**lawyer—are bound by a spectacular and mysterious Indian necklace. Always the black sheep of the tight-knit Quincy clan, Nell is cautious when she’s summoned to the elegantly shabby family manor after her great-aunt Loulou’s death. A cold reception from the family grows chillier when they learn Loulou has left Nell a fantastically valuable heirloom: an ornate necklace from India that Nell finds stashed in a Crown Royal whiskey bag in the back of a dresser. As predatory relatives circle and art experts begin to question the necklace’s provenance, Nell turns to the only person she thinks she can trust—the attractive and ambitious estate lawyer who definitely is not part of the old-money crowd. More than just a piece of jewelry, the necklace links Nell to a long-buried family secret involving Ambrose Quincy, who brought the necklace home from India in the 1920s as a dramatic gift for May, the woman he intended to marry. Upon his return, he discovered that May had married his brother Ethan, the “good” Quincy, devoted to their father. As a gesture of friendship, Ambrose gave May the necklace anyway. Crisp as a gin martini, fresh as a twist of lime, *The Necklace* is the charming and intoxicating story “written with wit, compassion, and a meticulous attention to period and cultural detail” (Kirkus Reviews) of long-simmering family resentments and a young woman who inherits a secret much more valuable than a**

**legendary necklace. Discover the first three books in the ground-breaking 21st century hard-science fiction saga by James P. Hogan: INHERIT THE STARS**  
**The skeletal remains of a human body are found on the moon. His corpse is 50,000 years old, and nobody knows who he was, how he got there, or what killed him. THE GENTLE GIANTS OF GANYMEDE**  
**A long-ago wrecked ship of alien giants is discovered by Earth's scientists on a frozen satellite of Jupiter. Then, spinning out of the vastness of space, a ship of the same strange, humanoid giants has returned.... GIANTS' STAR**  
**Humans finally thought they comprehended their place in the universe...until Earth found itself in the middle of a power struggle between a benevolent alien empire and a cunning race of upstart humans who hated Earth! A little yellow bird eases a giant's loneliness and inspires him to mend his destructive ways. Hungry for change? Put the power of food co-ops on your plate and grow your local food economy. Food has become ground-zero in our efforts to increase awareness of how our choices impact the world. Yet while we have begun to transform our communities and dinner plates, the most authoritative strand of the food web has received surprisingly little attention: the grocery store—the epicenter of our food-gathering ritual. Through penetrating analysis and inspiring stories and examples of American and Canadian food co-**

**ops, Grocery Story makes a compelling case for the transformation of the grocery store aisles as the emerging frontier in the local and good food movements. Author Jon Steinman: Deconstructs the food retail sector and the shadows cast by corporate giants Makes the case for food co-ops as an alternative Shows how co-ops spur the creation of local food-based economies and enhance low-income food access. Grocery Story is for everyone who eats. Whether you strive to eat more local and sustainable food, or are in support of community economic development, Grocery Story will leave you hungry to join the food co-op movement in your own community. 'Every so often a novel comes along which transcends whimsy with the beauty of its writing. Elizabeth McCracken's small masterpiece is one of these' Guardian A powerful and unique story about connection, showing that miracles can happen - even across a library circulation desk. The year is 1950, and in a small town on Cape Cod twenty-eight year old librarian Peggy Cort feels as if love and life have stood her up. That is, until the day James Carlson Sweatt - the 'over-tall' eleven year old boy who's the talk of the town - walks into her library and changes her life for ever. Two misfits whose lonely paths cross at the circulation desk, Peggy and James are odd candidates for friendship. In James, Peggy discovers the one person who's ever really**

***understood her, and as he grows - six foot five at age twelve, then seven foot, then eight - so does their most singular romance. \*Perfect for readers who loved Eleanor Oliphant is Completely Fine\****

***Ultimate Earth: Oceans and Seas presents some of the most incredible marine animals that inhabit Earth's waters! The Earth's oceans and seas are filled with all different kinds of creatures, from tiny krill to the enormous blue whale. Readers dive into the sea to meet such fascinating animals as the electric eel, puffer fish, giant clam, colossal squid, mimic octopus, and many others. Features fun facts and flaps to lift throughout. If the Bible isn't a science book or an instruction manual, what is it? What do people mean when they say the Bible is inspired? When New York Times bestselling author Rachel Held Evans found herself asking these questions, she embarked on a journey to better understand what the Bible is and how it's meant to be read. What she discovered changed her--and it can change you, too. Evans knows firsthand how a relationship with the Bible can be as real and as complicated as a relationship with a family member or close friend. In Inspired, Evans explores contradictions and questions from her own experiences with the Bible, including: If the Bible was supposed to explain the mysteries of life, why does it leave the reader with so many questions? What does it mean to be chosen by God? To what***

***degree did the Holy Spirit guide the preservation of these narratives, and is there something sacred to be uncovered beneath all these human fingerprints? If the Bible has given voice to the oppressed, why is it also used as justification by their oppressors? Drawing on the best in biblical scholarship and using her well-honed literary expertise, Evans examines some of our favorite Bible stories and possible interpretations, retelling them through memoir, original poetry, short stories, and even a short screenplay. Undaunted by the Bible's most difficult passages and unafraid to ask the hard questions, Evans wrestles through the process of doubting, imagining, and debating the mysteries surrounding Scripture. Discover alongside Evans that the Bible is not a static text, but a living, breathing, captivating, and confounding book that can equip us and inspire us to join God's loving and redemptive work in the world. The second book from June Smalls and Yumi Shimokawara looks at the life cycle of mountain gorillas featuring their mighty strength and gentle hearts. In its early years, Duluth was a gold mine for lumber barons. Men were employed as lumberjacks and worked like beasts, only to be tossed aside like used equipment when no longer needed. The grand forests were raped for their prime timber, the balance burned wastefully. The men were coarse and hard, but they had to be to***

**survive. More than any other people that ever lived in our land, these old-time lumberjacks could truthfully say, "No man cared for my soul." That is, until God sent three men to the great Northwoods of our country - Frank Higgins, John Sornberger, and Al Channer. These men blazed new trails of the Spirit and founded an empire for God. They reached a sector of humanity for which no spiritual work had ever been done before, storming the Northwoods with a consuming passion for Christ. And with that passion, they also brought a heart as big as all outdoors, a love for men that burned like a flame, and a desperate desire to see these men saved. The rise of a new queen has shattered the ancient peace of the Ice Spires, and the only thing left standing between Hartsvale and the giant tribes bent on her destruction is a lone scout armed with a single golden arrow. And now that sanctuary is about to end. The queen is trapped in a remote citadel, surrounded by giants, and the scout who would save her must now leave and undertake a harrowing journey to summon help. Only, as the scout soon learns, the greatest danger to the queen is posed not from without, but from within. 'Last Of the Giants is the mad, funny, dark and often painful story of a lost band from a now-distant time' CLASSIC ROCK MAGAZINE INCLUDES BRAND NEW CHAPTER COVERING GUNS N' ROSES EPIC WORLD TOUR 'Any story about Guns is worth**

**reading. But when the author is Mick Wall it's absolutely essential' KERRANG** Many millions of words have already been written about Guns N' Roses, the old line-up, the new line-up. But none of them have ever really gotten to the truth. Which is this: Guns N' Roses has always been a band out of time, the Last of the Giants. They are what every rock band since the Rolling Stones has tried and nearly always failed to be: dangerous. At a time when smiling, MTV-friendly, safe-sex, just-say-no Bon Jovi was the biggest band in the world, here was a band that seemed to have leapt straight out of the coke-smothered pages of the original, golden-age, late-sixties rock scene. 'Live like a suicide', the band used to say when they all lived together in the Hell House, their notorious LA home. And this is where Mick Wall first met them, and became part of their inner circle, before famously being denounced by name by Axl Rose in the song 'Get in the Ring'. But this book isn't about settling old scores. Written with the clear head that 25 years later brings you, this is a celebration of Guns N' Roses the band, and of Axl Rose the frontman who really is that thing we so desperately want him to be: the last of the truly extraordinary, all-time great, no apologies, no explanations, no giving-a-shit rock stars. The last of his kind. **"THE MOST UNLIKELY OF PEOPLE, IN THE MOST IMPROBABLE OF CIRCUMSTANCES, CAN BECOME EXTRAORDINARY."**

***WE NEED MORE LEADERS. From socio-political chaos and workplace disruption to the climate change crisis, we have never needed people with the skill and will to collaborate to create a better world more than now. We need people who are willing to fill the leadership void. People who will embrace the influence they have. People who believe in improving society and workplace culture - not only because it makes life better, but because it is proven to yield positive results. The Promises of Giants is a challenge to anyone who aspires to make a difference in their environment. Over fourteen promises, it seamlessly intertwines personal anecdotes and workplace and social observation with the latest research, to provide practical, proven tips and strategies to empower you to maximize your own potential and inspire others. It is not a self-help book. It is a how-to guide for winning, rooted in the belief that the most unlikely of people, in the most improbable of circumstances, can become extraordinary. John Amaechi well understands the responsibilities and potential that come with being a giant. The Promises of Giants is the product of a lifetime spent observing and studying effective leadership - from accompanying his mother's visits to her dying patients to competing at the highest levels of professional sport, through two decades of management consulting with multinational***

**corporations. These experiences have shown that everyone has the ability to act decisively to influence the world in a positive way. Everyone is a giant to someone. A page-turning debut in the tradition of Michael Crichton, *World War Z*, and *The Martian*, *Sleeping Giants* is a thriller fueled by an earthshaking mystery—and a fight to control a gargantuan power. A girl named Rose is riding her new bike near her home in Deadwood, South Dakota, when she falls through the earth. She wakes up at the bottom of a square hole, its walls glowing with intricate carvings. But the firemen who come to save her peer down upon something even stranger: a little girl in the palm of a giant metal hand. Seventeen years later, the mystery of the bizarre artifact remains unsolved—its origins, architects, and purpose unknown. Its carbon dating defies belief; military reports are redacted; theories are floated, then rejected. But some can never stop searching for answers. Rose Franklin is now a highly trained physicist leading a top secret team to crack the hand's code. And along with her colleagues, she is being interviewed by a nameless interrogator whose power and purview are as enigmatic as the provenance of the relic. What's clear is that Rose and her compatriots are on the edge of unraveling history's most perplexing discovery—and figuring out what it portends for humanity. But once the pieces of the puzzle are in**

***place, will the result prove to be an instrument of lasting peace or a weapon of mass destruction? Praise for Sleeping Giants “As high-concept as it is, Sleeping Giants is a thriller through and through. . . . One of the most promising series kickoffs in recent memory, [and] a smart demonstration of how science fiction can honor its traditions and reverse-engineer them at the same time.”—NPR “Neuvel weaves a complex tapestry with ancient machinery buried in the Earth, shadow governments, and geopolitical conflicts. But the most surprising thing about the book may just be how compelling the central characters are in the midst of these larger-than-life concepts. . . . I can’t stop thinking about it.”—Chicago Review of Books “A remarkable debut . . . Reminiscent of Max Brooks’s World War Z, the story’s format effectively builds suspense.”—Library Journal (debut of the month) “This stellar debut novel . . . masterfully blends together elements of sci-fi, political thriller and apocalyptic fiction. . . . A page-turner of the highest order.”—Kirkus Reviews (starred review) Don’t miss any of The Themis Files by Sylvain Neuvel: SLEEPING GIANTS | WAKING GODS | ONLY HUMAN The Caldecott medal-winning d’Aulaires once again captivate their young audience with this beautifully illustrated introduction to Norse legends, telling stories of Odin the All-father, Thor the Thunder-god and the***

***theft of his hammer, Loki the mischievous god of the Jotun Race, and Ragnarokk, the destiny of the gods. Children meet Bragi, the god of poetry, and the famous Valkyrie maidens, among other gods, goddesses, heroes, and giants. Illustrations throughout depict the wondrous other world of Norse folklore and its fantastical Northern landscape. This beloved Newbery Honor-winning story about a feisty heroine is sure to enchant readers new and old. At her birth, Ella of Frell receives a foolish fairy's gift—the “gift” of obedience. Ella must obey any order, whether it's to hop on one foot for a day and a half, or to chop off her own head! But strong-willed Ella does not accept her fate... Against a bold backdrop of princes, ogres, giants, wicked stepsisters, and fairy godmothers, Ella goes on a quest to break the curse forever. A tween favorite for 25 years—now shared with today's young readers by moms, teachers, and other adults who remember the pleasure of discovering this fun fairy-tale retelling themselves! Records the courage and self-reliance of an Indian girl who lived alone for eighteen years on an isolated island off the California coast when her tribe emigrated and she was left behind. Because the Taliban rulers of Kabul, Afghanistan impose strict limitations on women's freedom and behavior, eleven-year-old Parvana must disguise herself as a boy so that her family can survive after***

**her father's arrest. More than 30 stories, including creation myths, hero tales, trickster stories, as well as tales of little people, giants, and monsters, and of magic, enchantment, sorcery, and the spirit world. Have you checked under your bed? Made sure there's nothing hiding in your wardrobe? Good. Then you should be safe to read this book... Settle down for the 14 ghostly stories lurking behind the glow in the dark cover... Enter the terrifying world of the supernatural and meet an unnerving array of ghosts and ghouls, including a Victorian child with disturbing powers, two children with a gruesome plan, and a bizarre ghost puppy. These shuddering short stories come from highly acclaimed authors, including: Gene Kemp Joan Aiken Penelope Lively Michael Morpurgo Ray Bradbury Are you brave enough to make it through all 14 stories? The Bifrost Bridge is a Viking princess fairy tale intertwined with Norse mythology. Silya, the feisty ten year old Princess of Norway, eagerly awaits the arrival of her cousin and best friend, Princess Hedda of Denmark. The princesses are both looking forward to the summer solstice celebration, but trouble lurks in their future as magical villains see the girls as being vital for their supernatural conspiracy. Hedda and Silya find themselves cast into a dangerous adventure filled with fire giants, female warrior angels, and the god of thunder. Can the princesses**

**save themselves and their kingdoms, or will the forces of chaos overwhelm and destroy them? Daniel Ford has spent half his life uncovering an agenda by what he calls a global cult to enslave humanity on every level. Following on from his first book *Paper View: In Print*, in which a nightmare agenda of total human control and manipulation affecting every area of human life was laid-out and detailed, Ford takes the story further and deeper in *Reality Check* and reveals the ultimate controllers of our world and why their agenda exists at all. *Reality Check* is best read alongside *Paper View: in Print* to allow the full complex picture of humanity's plight to be seen in its entirety. Many of the changes in society since 2020 were predicted in *Paper View: In Print* because once you know the global agenda and its structure and method of imposition, calling the future is very simple. The central premise of *Reality Check* is to question everything right down to the nature of reality itself which is detailed extensively in this blockbuster new book. Never before in human history has testing our own perceptions been more necessary, and in this extraordinary new book over nearly 870 pages, Ford challenges the reader to reassess their perception of reality and everything they thought they knew. Only by doing so, Ford contends, do we stand a chance of living in a world of health, freedom and prosperity which, he says in an upbeat**

**conclusion, is within our grasp if we only choose to take it. How do we claim this new world of respect for humanity? The answers are in Reality Check and you might be surprised by just how simple and achievable they are and how quickly they can be realised. In an era of cancel culture and ever-increasing censorship, Reality Check is one of the most explosive and controversial books of modern times, not just due to its content but also the environment into which it is published. Daniel Ford has had the courage to write it. Do you have the courage to read it? Prepare for a perception reboot that will stretch your current worldview to breaking point... We live in extraordinary times, and face the most enormous challenge to our individual and collective freedom. We either stand up now and take back our perceptions to take back our freedom or stay silent and regret it forever with the children and grandchildren of today taking the consequences... Filled with inventiveness and beautiful art, this is an unmissable story from a fresh new talent. Far away behind the hills a girl called Imelda lives beside a fairy forest. Every day she ventures into the forest to play with her fairy friends. But within the deepest, darkest depths of the trees lives the worst creature of all—the Goblin King! When he kidnaps the Fairy Queen, the fairies call upon Imelda to help. Soon she has a cunning plan to turn the Goblin King into a worm and rid the**

***forest of him for good! Falina is the apprentice to the greatest wizard of her world, the Crystal Realm, but her talents in magic is nothing legendary. When her teacher, Lord Cristar, mistakenly hands her the wrong errand Falina goes out to do the impossible; dragging along a very reluctant swordsman, Kilian, on the adventure. But this tale isn't about the end-results as much as it is about the journey along the way, infallible faith, and friendship. Can Falina find a way to enter the ever-moving, existent/non-existent Eternal Door to the Kingdom of Forgotten Realms? Or will she and Kilian wander aimlessly in vain hope? Will Kilian go insane from the ridiculous mission, or from the equally ridiculously goofy Falina? Will YOU join them on the Impossible Mission, or wander and wonder what might have been...? A thrilling collection of myths, legends, and ghost stories about a mysterious and magical land. At the furthest edge of Britain, where the sea gently washes over the land and myths brush against reality, lies Zennor. Set in a churchtown where men become beasts and ghosts roam freely, are haunting and unforgettable tales where magic lies around every corner. A hidden door. A magical staircase. Discover the world of Droon! There's no place like home! Eric and his friends have finally restored the Rainbow Stairs, but that was the easy part. Now Gethwing is loose in the Upper World, and the Moon Dragon is causing big trouble. Eric,***

***Julie, and Neal have to protect their town, but they're up against mysterious creatures, strangely-behaving parents, and powerful magic. Can the kids stop Gethwing before he destroys the Upper World -- for good? "This book is made of the stories told by the Northern folk,—the people who live in the land of the midnight sun, where summer is green and pleasant, but winter is a terrible time of cold and gloom; where rocky mountains tower like huge giants, over whose heads the thunder rolls and crashes, and under whose feet are mines of precious metals. Therefore you will find the tales full of giants and dwarfs,—spirits of the cold mountains and dark caverns. You will find the hero to be Thor, with his thunderbolt hammer, who dwells in the happy heaven of Asgard, where All-Father Odin is king, and where Balder the beautiful makes springtime with his smile." The novel "In the Days of Giants..." is a collection of Norse mythological tales arranged by Abbie Farwell Brown.***
