So, behind you require the book swiftly, you can straight acquire it. Its consequently unquestionably easy and appropriately fats, isnt it? You have to favor to in this impression

NYT best-selling authors Drs. Les & Leslie Parrott reveal new techniques based on extensive research that help couples manage conflict constructively - that's the "good fight." Excerpt from *A Good Fight: And Other Tales* Not a day passes over the earth but men and women of no note do great deeds, speak great words, and suffer noble sorrows. Of these obscure heroes, philosophers, and martyrs, the greater part will never be known till that day, when many that are great shall be small, and the small great: but of others the world's knowledge may be said to sleep. Their lives and characters lie hid den from nations in the very annals that record them. The general reader can not feel them, they are presented so curtly and coldly: they are not like breathing stories appealing to his heart, but little historic hailstones strik ing him only to glance off his bosom: nor can he under stand them; for epitomes are not narratives, as skeletons are not human figures. Thus records of prime truths sometimes remain a dead letter to plain folk; the writers have left so much to the imagination, and imagination is so rare a gift. Here, then, the writer of fiction may be of use to the public as an interpreter. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. Former vice president Walter Mondale makes a passionate, timely argument for American liberalism in this revealing and momentous political memoir. For more than five decades in public life, Walter Mondale has played a leading role in America's movement for social change—in civil rights, environmentalism, consumer protection, and women's rights—and helped to forge the modern Democratic Party. In *The Good Fight*, Mondale traces his evolution from a young Minnesota attorney general, whose mentor was Senator Hubert H. Humphrey, into a U.S. senator himself. He was instrumental in pushing President Johnson's Great Society legislation through Congress and battled for housing equality, against poverty and discrimination, and for more oversight of the FBI and CIA. Mondale's years as a senator spanned the national turmoil of the Nixon administration; its ultimate self-destruction in the Watergate scandal would change the course of his own political fortunes. Chosen as running mate for Jimmy Carter's successful 1976 campaign, Mondale served as vice president for four years. With an office in the White House, he invented the modern vice presidency; his inside look at the Carter administration will fascinate students of American history as he recalls how he and Carter confronted the energy crisis, the Iran hostage crisis, the Soviet invasion of Afghanistan, and other crucial events, many of which reverberate to the present day. Carter's loss to Ronald Reagan in the 1980 election set the stage for Mondale's own campaign against Reagan in 1984, when he ran with Geraldine Ferraro, the first woman on a major party ticket; this progressive decision would forever change the dynamic of presidential elections. With the 1992 election of President Clinton, Mondale was named ambassador to Japan. His intriguing memoir ends with his frank assessment of the Bush-Cheney administration and the first two years of the presidency of Barack Obama. Just as indispensably, he charts the evolution of Democratic liberalism from John F. Kennedy to Clinton to Obama while spelling out the principles required to restore the United States as a model of progressive government. *The Good Fight* is replete with Mondale's accounts of the many American political heavyweights he encountered as either an ally or as an opponent, including JFK, Johnson, Humphrey, Nixon, Senator Edward M. Kennedy, the Reverend Jesse Jackson, Senator Gary Hart, Reagan, Clinton, and many others. Eloquent and engaging, *The Good Fight* illuminates Mondale's philosophies on opportunity, governmental accountability, decency in politics, and constitutional democracy, while chronicling the evolution of a man and the country in which he is lucky enough to live. Meticulously researched, wonderfully written; the untold story of a legendary fight and the two warriors who would never be the same again It is considered by many to be the biggest upset in the history of boxing: James "Buster" Douglas knocked out then-undefeated Heavyweight Champion Mike Tyson in the 10th round in 1990 when the dominating and intimidating Tyson was considered invincible. **THE LAST GREAT FIGHT** takes readers not only behind the scenes of this epic battle, but inside the lives of two men, their ambitions, their dreams, the downfall of one and the rise of another. Using his exclusive interviews

with both Tyson and Douglas, family members, the referee, the cutmen, trainers and managers to the commentators and HBO staff covering the fight in Tokyo, Layden has crafted a human drama played out on a large stage. This is a compelling tale of shattered dreams and, ultimately, redemption. A fast-paced story set amidst Toronto's turbulent summer of 1933, this graphic novel sheds light on prejudice and social injustice. It's Toronto in the 1930s. The city is small, often xenophobic, and the summer is stiflingly hot. Everyone flocks to the lakeshore. In one area of the beach, a neighbourhood protective association has formed to keep out "undesirables," and members patrol wearing silver swastika pins. Meanwhile, the police chief believes the immigrant Jewish community is at the root of a communist threat, as the world witnesses an alarming rise of anti-Semitism overseas. Sid and his Pop live at the edge of the Ward, Toronto's immigrant slum, where they have rented a room from the Vendetellis since Sid's mom and baby sister died from influenza. Times are tough, and Sid faces impossible choices as he wrestles with honesty, bigotry, poverty, and expectations as a member of a "whiz mob," slang for a gang of pickpockets. But when Sid and his friends get coerced into working for the police after they're caught lifting a wallet at a baseball game, they become caught up in something much bigger than themselves, and must decide how far they will go to do what's right and to protect those they love. The story climaxes at the infamous Christie Pits Riot, Canada's largest race riot and a historic event that was a symbolic victory for Jewish and immigrant citizens. With extraordinarily cinematic artwork that immediately transports readers to the Toronto of 1933, this incredible graphic novel shines a striking lens on many contemporary issues: the immigrant experience, the roots of prejudice, and taking a stand against injustice. A veteran hockey writer takes on hockey culture and the NHL—addressing the game's most controversial issue. Whether it's on-ice fist fights or head shots into the glass, hockey has become a nightly news spectacle—with players pummeling and bashing each other across the ice like drunken gladiators. And while the NHL may actually condone on-ice violence as a ticket draw, diehard hockey fan and expert Adam Proteau argues against hockey's transformation into a thuggish blood sport. In *Fighting the Good Fight*, Proteau sheds light on the many perspectives of those in and around the game, with interviews of current and former NHL stars, coaches, general managers, and league executives, as well as medical experts. One of the most well-known media figures on the hockey scene today, famous for his funny, feisty observations as a writer for the *Toronto Star* and *The Hockey News* and commentator on CBC radio and TV, Adam Proteau is also one of the few mainstream media voices who is vehemently anti-fighting in hockey. Not only is his book a plea to the game's gatekeepers to finally clamp down on the runaway violence that permeates the sport even at its highest level, he offers realistic suggestions on ways to finally clean the game up. Includes interviews with medical experts on head injuries and concussions, as well as with other members of the media. The author not only wages an attack on the value of fighting in hockey—but also on the establishment hockey culture. Covering the most polarizing issue in hockey today, *Fighting the Good Fight* gives hockey fans and sports lovers everywhere a reason to stamp their feet and whistle—at a rare display of eloquence and common sense. A collection of essays and photographs depicts injustice in America, demonstrating the progress and distance the nation still needs to go. "If you're looking for a gritty story with a lot of heat (and I mean a lot) and real characters, I'd definitely recommend *Time Served*."—DearAuthor.com

Julianna Keyes returns to the wrong side of the tracks in this third installment of her wildly popular *Time Served* series. I was born a fighter. You had to be, to survive in Camden. Lucky for me, I loved it. The thrill, the pain, the glory. Until one night things went too far and I almost lost my ticket out. So I swore off fighting. Never again. No matter how much I wanted it. I went to college. Got a degree. A job on Wall Street. Yet I still wasn't smart enough to stay away. So now I'm back. And it's just as bad as I remember. Enter Dr. Susan Jones, superstar neurosurgeon. She's brilliant, she's sexy and she's a pain in my ass. I can't get enough and she's too busy for a relationship. She wants to hook up, get off, go home. She doesn't have time for a thug from Camden. But she keeps coming back. This place brings out the worst in people. Every day it threatens the project I'm working on, the plans I'm making. Every day it drags me down just a little more, until the hands I vowed to keep clean start itching to get dirty. If I don't start fighting for what I want, I'll wind up with nothing. I didn't come back to Camden for nothing. I came back to start something. And when people hurt the things I care about, the gloves come off. Book three of the *Served* series. This book is approximately 97,000 words. One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you're looking for with an HEA/HFN. It's a promise!

When Greg Holmes was diagnosed with a rare and deadly form of cancer, his wife, a physician, devoted her time to researching alternative and holistic forms of treatment, seeking not only to battle the disease, but the debilitating after effects of radiation and chemotherapy. This book relates his struggle, and the methods the couple used to help treat his cancer. In the words of the author, "I promised that if I lived, I would do everything I could to help others fight cancer. And in the spirit of hope, this book is a down payment on my vow." 'No part of the Great War compares in interest with its opening', wrote Churchill. 'The measured, silent drawing together of gigantic forces, the uncertainty of their movements and positions, the number of unknown and unknowable facts made the first collision a drama never surpassed...in fact the War was decided in the first twenty days of fighting, and all that happened afterwards consisted in battles which, however formidable and devastating, were but desperate and vain appeals against the decision of fate.' On of Britain's foremost military historians and defence experts tackles the origins - and the opening first few weeks of fighting - of what would become known as 'the war to end all wars'. Intensely researched and convincingly argued, Allan Mallinson explores and explains the grand strategic shift that occurred in the century before the war, the British Army's regeneration after its drubbings in its fight against the Boer in South Africa, its almost calamitous experience of the first twenty days' fighting in Flanders to the point at which the British Expeditionary Force - the 'Old Contemptibles' - took up the spade in the middle of September 1914: for it was then that the war changed from one of rapid and brutal movement into the more familiar vision of trench warfare on Western Front. In this vivid, compelling new history, Mallinson brings his experience as a professional soldier to bear on the circumstances, events, actions and individuals and speculates - tantalizingly - on what might have been... The revered civil rights activist and pioneering member of Congress chronicles her groundbreaking 1972 run for President as the first woman and person of color—a work of immense historical importance that both captures and transcends its times, newly reissued to commemorate the fiftieth anniversary of her campaign. Before Kamala Harris, before Hillary Rodham Clinton there was Shirley Chisholm. In 1972, the Congresswoman from New York—the first Black woman elected to Congress—made history again when she announced her candidacy for President of the United States. Though she understood victory was a longshot, Chisholm chose to run "because someone had to do it first. . . . I ran because most people think the country is not ready for a black candidate, not ready for a woman candidate." In this invaluable political memoir, Chisholm reflects on her unique campaign and a nation at the crossroads of change. With the striking candor and straightforward style for which she was famous, Chisholm reveals the essential wheeling and dealing inherent to campaigning, castigates the innate conservatism and piety of the Black majority of the period, decries identity politics that lead to destructive power struggles within a fractious Democratic Party, and offers prescient advice on the direction of Black politics. From the whirlwind of the primaries to the final dramatic maneuvering at the tumultuous 1972 Democratic National Convention, *The Good Fight* is an invaluable portrait of twentieth-century politics and a Democratic Party in flux. Most importantly, *The Good Fight* is the portrait of a reformer who dedicated her life to making politics work for all Americans. Chisholm saw her campaign as an extension of her political commitment; she ran as an idealist grounded in reality who used her opportunity and position to give voice to all the forgotten. This book bears the stamp of her remarkable personality and her commitment to speaking truth no matter the consequences. More productivity. Less drama. It all starts with a healthy conflict culture. In the modern workplace, conflict has become a dirty word. After all, conflict is antithetical to teamwork, employee engagement, and a positive company culture. Or is it? The truth is that our teams and organizations require conflict to get things done. But we avoid conflict and build up conflict debt by deferring and dodging the difficult decisions. Our organizations are paying the price - oming less productive, less innovative, and less competitive. Individuals are paying, too - suffering from overwhelming workloads, endless drama, and sleepless nights. In *The Good Fight*, Lane Davey shows you how to create the productive conflict your organization needs to get along and get stuff done. Drawing on her twenty-year career as an advisor to the C-Suite, Davey shares real-world examples and practical tools you and your team can use to handle even the most contentious conflicts as allies - instead of adversaries. Filled with strategies you will use again and again, *The Good Fight* is an essential field guide for leaders at all levels. Can't get enough of Hamilton? Think the British were the only ones we squabbled with during the Revolutionary War? Think again! A unique look at how the founding fathers settled their differences in their quest to settle a nation. George Washington vs. King George. Benjamin Franklin vs. his son William. John Adams vs. Thomas Jefferson. Alexander Hamilton vs. everyone! Join author Anne Quirk and illustrator Elizabeth Baddeley as they referee four

fascinating historical throw-downs between the founding fathers . . . and prove that the United States of America is a place worth fighting for. A Junior Library Guild selection Hosts of the award-winning Whine Down podcast, Jana Kramer and Michael Caussin explore the raw and real moments of their marriage—what it means to love, to fight, and to sincerely forgive—with spiritual guidance and practical advice for anyone seeking stronger, more fulfilling love. From the beginning, Mike and Jana had the kind of everyday arguments that drive even the happiest couples apart. Money, careers, insecurity, jealousy...And then kids, infidelity, addiction, and growing walls around their individual hearts. Many people would have separated. But Jana and Mike discovered something invaluable: While fighting under the worst possible circumstances, they learned how to fight for each other with respect, kindness, humor, and faith. The Good Fight reveals how one couple decided to honor their forever love by battling it out and staying together, told from both sides. With honesty, warmth, and hilarity, Jana and Mike walk us through the details of the most complicated fights of their past. They show readers how they've communicated, prayed, forgiven, and radically embraced each other to live their happiest, most fulfilling lives possible, and offer lessons anyone—married, dating, single—can use to give and receive lasting love. Written with passion and intelligence, the letters of the Abraham Lincoln Brigade in World War II express the raw idealism of anti-fascist soldiers who experienced the war in boot camps, cockpits, and foxholes, but never lost sight of the great global issues at stake. When the United States entered World War II on December 7, 1941, only one group of American soldiers had already confronted the fascist enemy on the battlefield: the U.S. veterans of the Lincoln Brigade, a volunteer army of about 2,800 men and women who had enlisted to defend the Spanish Republic from military rebels during the Spanish Civil War (1936-1939). They fought on the losing side. After Pearl Harbor, Lincoln Brigade veterans enthusiastically joined the U.S. Army, welcoming this second chance to fight against fascism. However, the Lincoln recruits soon encountered suspicious military leaders who questioned their patriotism and denied them promotions and overseas assignments, foreshadowing the political persecution of the postwar Red Scare. African American veterans who fought in fully integrated units in Spain, faced second-class treatment in America's Jim Crow army. Nevertheless, the Lincolns served with distinction in every theater of the war and won a disproportionate number of medals for courage, dedication, and sacrifice. The 154 letters in this volume, selected from thousands held in the Abraham Lincoln Brigade Archives at NYU's Tamiment Library, provide a new and unique perspective on aspects of World War II. Publisher Description "Fight the Good Fight" provides inspiration for individuals who choose to embrace adversity in order to reach success. Over twenty years ago Ben Newman suffered the loss of her mother after years of watching her health deteriorate. After her tragic passing, his grandmother gave him an unexpected gift, in the form of a journal his mother left behind... Though the journal was intended to simply serve as a record of his mother's medical ordeal and not as a personal memoir for others, upon reading it Ben and his brother discovered a surprising abundance of wisdom imparted within its pages. Being able to see his mother's thoughts on how to live as a champion amidst the battle for her life inspired and touched Ben, as much as if this journal was a letter written personally to him. As Ben Newman shares select passages of the journal in his book, "Fight the Good Fight," his greatest hope is that you as the reader will be inspired and encouraged by his mother's struggle and endurance. A journey that is poignant, emotional, and sometimes heartbreaking, this is a story that you will remember forever in your soul. "This book really touched me. I believe it will cause you to reflect upon and honor the heroes of your past and inspire you to create your future." -Jon Gordon, Author of "The Energy Bus" and "Training Camp" "'Fight the Good Fight' will enable you to live with more purpose and conviction, and will provide the tools to unleash the champion in you" -Roland Williams, 8-year NFL veteran and Super Bowl Champion The Good Fight is the first publication by Andrea Choate. The poems and short stories within this collection wind their way from urban alleyways to desert back roads, from childhood romps to middle-aged scowls, from curious enthusiasm to bitter reality. Each character, landscape and moment illuminates the wildly varying emotional degrees of life on the wrong side of the tracks. "The first publication by Southern California native Andrea Choate covers an emotional landscape that will reverberate throughout the generation of youth born at the unsettled conclusion of Generation X. Eloquently tracing an often rocky path through the rapidly changing diversity and societal upheavals of the 1990s to present day, Ms. Choate's works ring true to anyone who has come out of an untraditional upbringing into what was sold to them as the brass ring in an ever-changing global community. While subject matter is based primarily on a regional level, the offerings in this poignant volume are easily transferrable to readers worldwide." Lisa Madsen Straight talk about George W. Bush, corporate government, and the whole charade of presidential campaigning -- from the last honest man in American politics Ralph Nader -- brilliant visionary, relentless activist -- may be the most honest man left in politics. And yet his presidential campaigns have faced consistent opposition -- mainly from Democrats afraid that competition from an inspiring independent could dent their voting block. Now, in The Good Fight, Nader swings back harder than ever at those who "want to block the American people from having more voices and choices" and have lost touch with the concept that votes must be earned, not inherited or entitled. While taking on corporate-occupied Washington and the government's daily abuse of ordinary citizens, he urges a speedy return to stronger civic motivation. If fed-up citizens don't actively join the fight for better leadership, then ultimately we have no one to blame but ourselves for the inadequate checks on the erosion of our civil liberties. In an era when politicians sell us rhetoric and then sell out our principles, Nader stands as a crucial voice of candor. The Good Fight is a stirring response to politics as usual, one that will captivate readers of all political stripes and help us define what we must do to shape the brightest future for our nation. Many years ago, A.W. Tozer posed the question: The World: Playground or battleground? The scriptures affirm the latter to be the case. All around us a battle rages, yet quite often we are oblivious to it. It is vital that every Christian understands the reality of spiritual warfare and knows how to effectively fight the good fight of faith. In this book, Pastor Brian Brodersen brings biblical balance and practical insight to the subject of spiritual warfare. NEW YORK TIMES BESTSELLER • Against the electrifying backdrop of the 1960s, Danielle Steel unveils the gripping chronicle of a young woman discovering a passion for justice and of the unsung heroes she encounters on her quest to fight the good fight. The daughter and granddaughter of prominent Manhattan lawyers, Meredith McKenzie is destined for the best of everything: top schools, elite social circles, the perfect marriage. Spending her childhood in Germany as her father prosecutes Nazi war criminals at the Nuremberg trials, Meredith soaks up the conflict between good and evil as it plays out in real time. When her family returns to the United States, she begins blazing her own trail, swimming against the tides, spurred on by her freethinking liberal grandfather, determined to become a lawyer despite her traditional, conservative father's objections. She rebels against her parents' expectations for her debutante ball and other conventions. She forges a lifelong friendship with a young German Jewish woman whose family died in the concentration camps. And while her grandfather rises to the Supreme Court, Meredith enlists in the most pressing causes of her time, fighting for civil rights and an end to the Vietnam War. From the bright morning of JFK's inauguration, through the tumultuous years that follow as America hurtles toward the twin assassinations of Martin Luther King Jr. and Bobby Kennedy, Meredith joins the vanguard of a new generation of women, breaking boundaries socially, politically, and professionally. But when the violence of the era strikes too close to home, her once tightly knit family must survive a devastating loss and rethink their own values and traditions in light of the times. Encompassing the remarkable people Meredith meets, the historic events she witnesses, and the sacrifices she must make, this is the story of a woman changing her world as she herself is changed by it. Beautifully told, brimming with unforgettable moments and characters, The Good Fight is an inspiring, uplifting novel with resonance for our own time. This is the story of New York's feisty Conservative Party, a story that is really the saga of America's tumultuous political maturity from the time of Rockefeller up to Rudy Guiliani. Conflict in the workplace is natural—and even necessary. Colleagues who challenge one another's thinking tend to consider a richer range of options, which ultimately leads to better business decisions. How Management Teams Can Have a Good Fight reveals the tactics managers can use to ensure that these healthy back-and-forth moments remain constructive and focused on the issues. Managers who embrace this kind of positive conflict will find increasingly engaged, productive teams—and discover that they themselves are better positioned to lead these teams to success. Since 1922, Harvard Business Review has been a leading source of breakthrough ideas in management practice. The Harvard Business Review Classics series now offers you the opportunity to make these seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world. Excerpt from A Good Fight But the mild anthropologist, - he's Not recent inclined to suppose Flints palaeolithic like these, Quaternary bones such as those! In Rhinoceros, Mammoth, and Co.'s First epoch, the Human began Theologians all to expose. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. This history of the Lipan Apaches, from archeological evidence to the present, tells the story of some of the least known, least understood people in the Southwest. These plains buffalo hunters and traders were one of the first groups to acquire horses, and with this advantage they expanded from the Panhandle across Texas and into Coahuila, coming into conflict with the Comanches. Robinson tracks the Lipans from their earliest interactions with Spaniards and kindred Apache groups through later alliances and to their love-hate relationships with Mexicans, Texas colonists, Texas Rangers, and the US Army. Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. Asking what lessons judo can teach you about life, this book is about toughness and pain and coming to terms with your limitations. It's about the relationship women have with their bodies, about femininity and aggression, about the Way of the Sumarai versus the Anglican Way. A full-length historical drama based on the true story of Grace Roe, an early-twentieth-century English women's suffrage activist who organized a bodyguard of women trained in martial arts to protect the movement's leaders. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. "The history of the feuds between the founding fathers during the course of the Revolution"--Provided by publisher. Danielle Edwards, heir to the impassioned family business, Edwards Auto, a comprehensive auto facility that does it all and one of the largest auto wholesalers in the U.S., is trying to sort out her life after the deaths of her father, mother, and grandmother in a mysterious plane wreck. Her father, Jacob Edwards, the U.S. Coast Guard hero known as "The Commander" among Coast Guardsmen, and the "Hero of Cozumel" in Mexico, was the target of an early assassination attempt during a pirate attack incident near Cozumel years before. Things don't add up for Jacob's Kings Point Academy roommate, Charles Yeager, who is now the Deputy Director of the FBI in Philadelphia. His search takes him on a hunt for an ominous Russian assassin known as "The Chameleon." Little does the Edwards family know that they have become the target of a syndicated crime king pin who wants something from them that they won't give him and he plans to take it from them. The Good Fight offers a fantastic mix of action, intrigue, syndicated crime, family relations, and romance involving the Coast Guard, FBI, Mexican law enforcement, cartels, smugglers, automobile auction wholesalers, dance teachers, and martial artists. After a childhood of shocking poverty, Harry Reid completed law school, working as a policeman to pay his way. He faced death threats as the head of the Nevada Gaming Commission trying to clean up Las Vegas. Eventually he rose to become Senate Majority Leader in Washington-without ever forgetting the mining town he came from, or the battles he fought along the way. This is that rare book by a politician that is more than a glorified press release. It is an extraordinary American story-told in a voice that is flinty, real, and filled with passion. The Dexter Avenue King Memorial Church played an important role in the Civil Rights movement-it was the backbone of the Montgomery bus boycott, which served as a model for other grassroots demonstrations and which also propelled Martin Luther King, Jr. into the national spotlight. Roberson chronicles five generations in the life of this congregation. He uses it as a lens through which to explore how the church functioned as a formative social, cultural, and political institution within a racially fractured and continually shifting cultural and civil landscape. Roberson highlights some of the prominent figures associated with the church, such as Martin Luther King, Jr., as well as some of the less prominent figures--for example the many women whose organizational efforts sustained the church. The Power of a Good FightBy Lynne Eisaguirre Here is a book that will build your faith, give you confidence, and restore hope for yourself and everyone in your life. You will learn how to put your faith in God and God alone-every minute of every day. For the average Christian in the United States, faith is not part of daily life. It is possible to live for months relying on credit cards, medical professionals, insurance, the government, etc., rather than placing faith in God. Rarely do we cast ourselves upon God in naked desperation. When faith is fully understood and properly developed, it assures great victories over the evil one and all of his forces. ...I say to you, "If you have faith as a mustard seed, you will say to this mountain, 'Move from here to there,' and it will move; and nothing will be impossible for you" (Matthew 17:20).The devoted purpose of this book is to arm you with faith that moves mountains-mountains of stress, disappointment, loneliness, burdens, and sadness. Faith ushers in peace and joy unspeakable! Against the electrifying backdrop of the 1960s, Danielle Steel unveils a gripping chronicle of a young woman who discovers a passion for justice.The daughter and granddaughter of prominent Manhattan lawyers, Meredith McKenzie is destined for the best of everything: top schools, elite social circles, the perfect marriage. Spending her childhood in Germany as her father prosecutes war criminals at the Nuremberg trials, Meredith soaks up the conflict between good and evil. When her family returns to the United States, encouraged by her liberal grandfather Meredith is determined to become a lawyer, despite her father's objections.As her grandfather rises to the Supreme Court, Meredith enlists in the most pressing causes of her time, joining a new generation of women, breaking boundaries socially, politically and professionally. But when the violence of the era strikes too close to home, her once tightly knit family must survive a devastating loss and rethink their own values and traditions.The Good Fight by Danielle Steel is an inspiring, uplifting story of a woman changing the world as she herself is changed by it. Propaganda during the Battle of Britain contributed to high national morale and optimism, with 'The 'Few's' prowess and valour projected through Air Ministry communiqués and daily claims 'scores'. The media was a willing partner in portraying their heroism, also later consolidated in wartime publications, films and historiography.
