10 Day Green Smoothie Cleanse Feb 04 2022 10 DAY GREEN SMOOTHIE CLEANSE: Purify Your Body With A Simple Green Smoothie Detox By definition, Green

smoothies are a delicious blended drink made from fruit and leafy greens. Leafy greens as their name suggests, are green leaves of edible plants. A green smoothie is a thick beverage made from blended raw fruit or vegetables with other ingredients such as water, ice, dairy products or sweeteners. These healthy green smoothies are made by blending raw leafy green vegetables with fruit in order to soften and sweeten the drink. The most popular vegetables used in green smoothies are kale, spinach, Swiss chard, collard greens, celery, broccoli, and parsley. The consumption of raw, leafy green vegetables as occurs when a person drinks green smoothies, can bring at first a person feel great after adopting this habit, particularly if he or she is coming off a highly processed, nutrient poor diet. Blending the greens in a powerful blender, causes to liquefying the greens far more thoroughly than we can by chewing. This releases the nutrients from the cellulose, which is indigestible, and makes them more accessible to our digestive system. Digesting food creates free radicals; therefore we have to be sure the food we eat has to be packed with antioxidants. Some examples of antioxidant rich foods are: Chia, Raw Cacao, Blueberries, Strawberries, Beets, Red Wine, Green Tea and Pomegranates. Digestion isn't the only physiological source of free radicals; exercise is too, so there is an additional reason to eat sufficient amounts

of antioxidants. It is well known to all of us, that if we want to stay healthy we should eat a lot of greens. But many people don't like to eat greens. Even if you're one of the people who does like greens, in order to get more nutritional and health benefits from the greens is to eat them raw, and to chew them very thoroughly to shatter the cell and obtain the nutrients within. But the amount of chewing required is so large that it makes it difficult. Green smoothies are a perfect solution for those issues.

The Basic Recipe For A Green Smoothie: In order to make a green smoothie add 4 cups of water to your blender. Rinse the desired quantity of greens, and remove any thick leaves or stems. Add greens to the blender. Put on the lid and blend, starting on low and turning your blender up to high. Blend until completely smooth. Add bananas or mango depending on how thick you like your smoothies. Add other fruit and berries at taste, removing pits, cores and peels if necessary. Blend again until smooth. It's ready

Weight Loss The Green Smoothie Diet book will give
you a green smoothie diet recipe for every meal you
need in your meal plan. The green smoothie diets are
helpful in losing weight. This book has an introduction
section that explains the benefits of the green
smoothie diet plan and how it works in giving you all
the nutrients you need. One of the reasons people
enjoy this type of diet is the ease and convenience of
both preparation and consumption. If you can run a
blender and swallow, you are in luck! This plan acts as a
sort of green smoothie detox diet because it is highly
liquid, it helps to clean out the body on the inside.
Because the greens are also high in fiber it helps to
scrub along the digestive tract getting rid of build up

and toxins, for a nice cleanse of the bowels. Because greens are high in nutrients and anti oxidants, it also acts as a means to detox the entire body by helping to boost the immune system. The green smoothie recipes consist of including at least one "green" vegetable in the ingredients. Most of the ingredients include spinach, and you will also find kale, broccoli, zucchini, avocado, and even collard greens. You will also find a large variety of fruits like bananas, strawberries, blueberries, lemons, oranges, limes, blackberries, cranberries, kiwis, nectarines, peaches, honeydew melons, raspberries, apples, grapes, papayas, pineapples, mangoes, and others. Enjoy some fun additions like chocolate, almonds, peanuts, and coconuts. Have you ever heard of the spinach smoothie diet? It is basically the same thing as the green smoothie diet which consists of the recipes included here, only this books offers the addition of other delicious greens with the wide variety of fruits. Other ingredients found among the recipes here are an assortment of yogurts, some plain, and some fruit flavored.
