[A Forest of Kings](#) Oct 03 2021 The recent interpretation of Maya hieroglyphs has given us the first written history of the New World as it existed before the European invasion. Now, two central figures in the massive effort to decode the glyphs, Linda Schele and David Freidel, make this history available for the first time in all its detail. *A Forest of Kings* is the story of Maya kingship, from the beginning of its institution and the first great pyramid builders two thousand years ago to the decline of Maya civilization and its destruction by the Spanish. Here the great historic rulers of Precolumbian civilization come to life again with the decipherment of the writing. At its height, Maya civilization flourished under great kings like Shield-Jaguar, who ruled for over sixty years, expanding his kingdom and building some of the most impressive works of architecture in the ancient world. Long placed on a mist-shrouded pedestal as austere, peaceful stargazers, the Maya elites are now known to have been the rulers of populous, aggressive city-states. Hailed as "a Rosetta Stone of Maya civilization" (Brian M. Fagan, author of *People of the Earth*), *A Forest of Kings* is "a must for interested readers," says Evon Vogt, professor of anthropology at Harvard University.

Imperial Reckoning Sep 02 2021 Reveals how the British colonial government detained more than one million members of Kenya's largest ethnic minority in prisons and work camps where many met their deaths as a result of a British attempt to stop the Mau Mau uprising.

[Forgotten](#) Dec 17 2022 "An utterly compelling account of the African Americans who played a crucial and dangerous role in the invasion of Europe. The story of their heroic duty is long overdue." —Tom Brokaw, author of *The Greatest Generation* The injustices of 1940s Jim Crow America are brought to life in this extraordinary blend of military and social history—a story that pays tribute to the valor of an all-Black battalion whose crucial contributions at D-Day have gone unrecognized to this day. In the early hours of June 6, 1944, the 320th Barrage Balloon Battalion, a unit of African-American soldiers, landed on the beaches of France. Their orders were to man a curtain of armed balloons meant to deter enemy aircraft. One member of the 320th would be nominated for the Medal of Honor, an award he would never receive. The nation's highest decoration was not given to Black soldiers in World War II. Drawing on newly uncovered military records and dozens of original interviews with surviving members of the 320th and their families, Linda Hervieux tells the story of these heroic men charged with an extraordinary mission, whose contributions to one of the most celebrated events in modern history have been overlooked. Members of the 320th—Wilson Monk, a jack-of-all-trades from Atlantic City; Henry Parham, the son of sharecroppers from rural Virginia; William Dabney, an eager 17-year-old from Roanoke, Virginia; Samuel Mattison, a charming romantic from Columbus, Ohio—and thousands of other African Americans were sent abroad to fight for liberties denied them at home. In England and Europe, these soldiers discovered freedom they

had not known in a homeland that treated them as second-class citizens—experiences they carried back to America, fueling the budding civil rights movement. In telling the story of the 320th Barrage Balloon Battalion, Hervieux offers a vivid account of the tension between racial politics and national service in wartime America, and a moving narrative of human bravery and perseverance in the face of injustice.

The Untold Story of Frankie Silver May 10 2022 Three days before Christmas in 1831, Frankie Silver killed her husband, Charles Silver, with an axe and burned his body in the fireplace. Author Perry Deane Young, whose ancestors were involved in the case, began collecting material about it as a teenager. As a college student, he was astounded to learn that most of what he had been told was actually false. Abused by her husband, Frankie killed in self defense. The laws of that time would not allow her to take the stand and explain what happened. She was unjustly hanged in July of 1833. Young proves the real crime is the way this poor woman has been misrepresented by balladeers and historians all these years. "Perry Deane Young provides important historical background to this fascinating story... Young is able to build suspense, even for a story many of his readers may already know...By personalizing both Frankie Silver's story and his own search for it, Young has given readers an interesting and well-written book about history and the way it is created." --Lynn Moss Sanders in *Appalachian Journal* "Most of my life I've heard stories about a pretty mountain lady who was hanged for nothing more serious than murdering her husband. Here, and I can say at last after one and a half centuries, is the true account, thoroughly researched and beautifully presented. It's a highroad journey into this Appalachian mystery." --John Ehle, author of *The Land Breakers, The Road, The Journey of August King*

Not a Good Day to Die Jun 30 2021 An award-winning journalist provides an eyewitness account of the brutal March 2002 battle of untested U.S. troops against fanatical Al Qaeda and Taliban forces in Afghanistan's Shahikot valley, capturing the courage and resourcefulness of these young soldiers against overwhelming odds, including high-level strategic miscalculations.

102 Minutes Jan 06 2022 Recounts the survival efforts of thousands of people who were inside the World Trade Center on the morning of September 11, in an account that also raises questions about building safety and New York's emergency preparedness.

Forgotten Patriots Nov 04 2021 Between 1775 and 1783, some 200,000 Americans took up arms against the British Crown. Just over 6,800 of those men died in battle. About 25,000 became prisoners of war, most of them confined in New York City under conditions so atrocious that they perished by the thousands. Evidence suggests that at least 17,500 Americans may have died in these prisons—more than twice the number to die on the battlefield. It was in New York, not Boston or Philadelphia, where most Americans gave their lives for the cause of independence. New York City became the jailhouse of the American Revolution because it was the principal base of the Crown's military operations. Beginning with the bumper crop of American captives taken during the 1776 invasion of New York, captured Americans were stuffed into a hastily assembled collection of public buildings, sugar houses, and prison ships. The prisoners were shockingly overcrowded and chronically underfed—those who escaped alive told of comrades so hungry they ate their own clothes and shoes. Despite the extraordinary number of lives lost, *Forgotten Patriots* is the first-ever account of what took place in these hell-holes. The result is a unique perspective on the Revolutionary War as well as a sobering commentary on how Americans have remembered our struggle for independence—and how much we have forgotten.

Through Indian Eyes Feb 07 2022 Written by renowned authorities and enriched with legends, eyewitness accounts, quotations, and haunting memories from many different Native American cultures, this history depicts these peoples and their way of life from the time of Columbus to the 20th century. Illustrated throughout with stunning works of Native American art, specially commissioned photographs, and beautifully drawn maps.

Big Brown Nov 23 2020 Although its brown vans are on every block and its delivery service reaches more than 200 countries, UPS is among the world's most underestimated and misunderstood companies. For the first time, a UPS "lifer" tells the behind-the-scenes story of how a small

messenger service became a business giant. Big Brown reveals the remarkable 100-year history of UPS and the life of its founder Jim Casey—one of the greatest unknown capitalists of the twentieth century. Casey pursued a Spartan business philosophy that emphasized military discipline, drab uniforms, and reliability over flash—a model that is still reflected in UPS culture today. Big Brown examines all the seeming paradoxes about UPS: from its traditional management style and strict policies coupled with high employee loyalty and strong labor relations; from its historical “anti-marketing” bias (why brown?) to its sterling brand loyalty and reputation for quality.

Author in Chief Mar 20 2023 “One of the best books on the American presidency to appear in recent years.” —Thomas Mallon, *The Wall Street Journal* “Fun and fascinating...It’s witty, charming, and fantastically learned. I loved it.” —Rick Perlstein Based on a decade of research and reporting, *Author in Chief* tells the story of America’s presidents as authors—and offers a delightful new window into the public and private lives of our highest leaders. Most Americans are familiar with Abraham Lincoln’s famous words in the Gettysburg Address and the Emancipation Proclamation. Yet few can name the work that helped him win the presidency: his published collection of speeches entitled *Political Debates between Hon. Abraham Lincoln and Hon. Stephen A. Douglas*. Lincoln labored in secret to get his book ready for the 1860 election, tracking down newspaper transcripts, editing them carefully for fairness, and hunting for a printer who would meet his specifications. *Political Debates* sold fifty thousand copies—the rough equivalent of half a million books in today’s market—and it reveals something about Lincoln’s presidential ambitions. But it also reveals something about his heart and mind. When voters asked about his beliefs, Lincoln liked to point them to his book. In Craig Fehrman’s groundbreaking work of history, *Author in Chief*, the story of America’s presidents and their books opens a rich new window into presidential biography. From volumes lost to history—Calvin Coolidge’s *Autobiography*, which was one of the most widely discussed titles of 1929—to ones we know and love—Barack Obama’s *Dreams from My Father*, which was very nearly never published—Fehrman unearths countless insights about the presidents through their literary works. Presidential books have made an enormous impact on American history, catapulting their authors to the national stage and even turning key elections. Beginning with Thomas Jefferson’s *Notes on the State of Virginia*, the first presidential book to influence a campaign, and John Adams’s *Autobiography*, the first score-settling presidential memoir, *Author in Chief* draws on newly uncovered information—including never-before-published letters from Andrew Jackson, John F. Kennedy, and Ronald Reagan—to cast fresh light on the private drives and self-doubts that fueled our nation’s leaders. We see Teddy Roosevelt as a vulnerable first-time author, struggling to write the book that would become a classic of American history. We see Reagan painstakingly revising *Where’s the Rest of Me?*, a forgotten memoir in which he sharpened his sunny political image. We see Donald Trump negotiating the deal for *The Art of the Deal*, the volume that made him synonymous with business savvy. Alongside each of these authors, we also glimpse the everyday Americans who read them. Combining the narrative felicity of a journalist with the rigorous scholarship of a historian, Fehrman delivers a feast for history lovers, book lovers, and everybody curious about a behind-the-scenes look at our presidents.

Abandoned Sep 14 2022 The history of orphanages in New York and the Orphan Train Movement

At Dawn We Slept Apr 16 2020 Revisit the definitive book on Pearl Harbor in advance of the 78th anniversary (December 7, 2019) of the “date which will live in infamy” At 7:53 a.m., December 7, 1941, America’s national consciousness and confidence were rocked as the first wave of Japanese warplanes took aim at the U.S. Naval fleet stationed at Pearl Harbor. As intense and absorbing as a suspense novel, *At Dawn We Slept* is the unparalleled and exhaustive account of the Japanese bombing of Pearl Harbor. It is widely regarded as the definitive assessment of the events surrounding one of the most daring and brilliant naval operations of all time. Through extensive research and interviews with American and Japanese leaders, Gordon W. Prange has written a remarkable historical account of the assault that-sixty years later-America cannot forget. “The reader is bound to feel its power....It is impossible to forget such an account.” —*The New York Times* Book Review “*At Dawn We Slept* is the definitive account of Pearl Harbor.” —*Chicago Sun-Times*

Marmee & Louisa Feb 24 2021 A great niece and cousin of Louisa May Alcott draws on newly uncovered family papers to present a revisionist portrait of Louisa's relationship with her mother, discussing how Abigail May served as the intellectual and emotional center of Louisa's life.

Shattered Sword Mar 28 2021 Many consider the Battle of Midway to have turned the tide of the Pacific War. It is without question one of the most famous battles in history. Now, for the first time since Gordon W. Prange's bestselling "Miracle at Midway," Jonathan Parshall and Anthony Tully offer a new interpretation of this great naval engagement. Unlike previous accounts, "Shattered Sword" makes extensive use of Japanese primary sources. It also corrects the many errors of Mitsuo Fuchida's "Midway: The Battle That Doomed Japan," an uncritical reliance upon which has tainted every previous Western account. It thus forces a major, potentially controversial reevaluation of the great battle. The authors examine the battle in detail and effortlessly place it within the context of the Imperial Navy's doctrine and technology. With a foreword by leading WWII naval historian John Lundstrom, "Shattered Sword" will become an indispensable part of any military buff's library. Winner of the 2005 John Lyman Book Award for the "Best Book in U.S. Naval History" and cited by "Proceedings" as one of its "Notable Naval Books" for 2005.

Michael and Me May 18 2020 More than six years after his death, Michael Jackson continues to fascinate the world. Shana Mangatal was one of Jackson's only constant and true rocks of stability for nearly two decades. Their relationship was quiet and sweet and real? a closely guarded secret, known only to a few trusted employees and friends. Shana is now coming forward to tell their love story. Her story is rich with every little detail. She witnessed the scandals, lawsuits, the release of groundbreaking albums and subsequent world tours, big-budget short films, addictions. Michael and Me entertains and inspires, but above all, Shana continues to treat Michael (and his legacy) with respect. This is not an exploitative tell-all, but rather a book that shows the side of Michael people never knew. In it, Shana paints a more intimate picture of this beloved, yet very misunderstood man.

A Time for Trumpets Oct 23 2020 On December 16, 1944, the vanguard of three German armies, totaling half a million men, attacked U.S. forces in the Ardennes region of Belgium and Luxembourg, achieving what had been considered impossible -- total surprise. In the most abysmal failure of battlefield intelligence in the history of the U.S. Army, 600,000 American soldiers found themselves facing Hitler's last desperate effort of the war. The brutal confrontation that ensued became known as the Battle of the Bulge, the greatest battle ever fought by the U.S. Army -- a triumph of American ingenuity and dedication over an egregious failure in strategic intelligence. A Time for Trumpets is the definitive account of this dramatic victory, told by one of America's most respected military historians, who was also an eyewitness: MacDonald commanded a rifle company in the Battle of the Bulge. His account of this unique battle is exhaustively researched, honestly recounted, and movingly authentic in its depiction of hand-to-hand combat. Mingling firsthand experience with the insights of a distinguished historian, MacDonald places this profound human drama unforgettably on the landscape of history.

The Cartiers Jun 11 2022 The captivating story of the family behind Cartier and the three brothers who turned their grandfather's humble Parisian jewelry store into a global luxury icon--as told by a great-granddaughter with exclusive access to long-lost family archives "Four generations of genius, glamour, and ambition are laid bare in Brickell's behind-the-scenes account of the Cartier family."--Amanda Foreman, New York Times bestselling author of *A World on Fire* *The Cartiers* is the revealing tale of a jewelry dynasty--four generations, from revolutionary France to the 1960s. At its heart are the three Cartier brothers whose motto was "Never copy, only create" and who made their family firm internationally famous in the early days of the twentieth century, thanks to their unique and complementary talents: Louis, the visionary designer who created the first men's wristwatch to help an aviator friend tell the time without taking his hands off the controls of his flying machine; Pierre, the master dealmaker who bought the New York headquarters on Fifth Avenue for a double-stranded natural pearl necklace; and Jacques, the globe-trotting gemstone expert whose travels to India gave Cartier access to the world's best rubies, emeralds, and sapphires, inspiring the celebrated Tutti Frutti jewelry. Francesca Cartier Brickell, whose great-grandfather was the

youngest of the brothers, has traveled the world researching her family's history, tracking down those connected with her ancestors and discovering long-lost pieces of the puzzle along the way. Now she reveals never-before-told dramas, romances, intrigues, betrayals, and more. The Cartiers also offers a behind-the-scenes look at the firm's most iconic jewelry--the notoriously cursed Hope Diamond, the Romanov emeralds, the classic panther pieces--and the long line of stars from the worlds of fashion, film, and royalty who wore them, from Indian maharajas and Russian grand duchesses to Wallis Simpson, Coco Chanel, and Elizabeth Taylor. Published in the two-hundredth anniversary year of the birth of the dynasty's founder, Louis-François Cartier, this book is a magnificent, definitive, epic social history shown through the deeply personal lens of one legendary family.

The Untold Story of the Talking Book Apr 21 2023 A history of audiobooks, from entertainment & rehabilitation for blinded World War I soldiers to a twenty-first-century competitive industry. Histories of the book often move straight from the codex to the digital screen. Left out of that familiar account are nearly 150 years of audio recordings. Recounting the fascinating history of audio-recorded literature, Matthew Rubery traces the path of innovation from Edison's recitation of "Mary Had a Little Lamb" for his tinfoil phonograph in 1877, to the first novel-length talking books made for blinded World War I veterans, to today's billion-dollar audiobook industry. The Untold Story of the Talking Book focuses on the social impact of audiobooks, not just the technological history, in telling a story of surprising and impassioned conflicts: from controversies over which books the Library of Congress selected to become talking books—yes to Kipling, no to Flaubert—to debates about what defines a reader. Delving into the vexed relationship between spoken and printed texts, Rubery argues that storytelling can be just as engaging with the ears as with the eyes, and that audiobooks deserve to be taken seriously. They are not mere derivatives of printed books but their own form of entertainment. We have come a long way from the era of sound recorded on wax cylinders, when people imagined one day hearing entire novels on mini-phonographs tucked inside their hats. Rubery tells the untold story of this incredible evolution and, in doing so, breaks from convention by treating audiobooks as a distinctively modern art form that has profoundly influenced the way we read. Praise for *The Untold Story of the Talking Book* "If audiobooks are relatively new to your world, you might wonder where they came from and where they're going. And for general fans of the intersection of culture and technology, *The Untold Story of the Talking Book* is a fascinating read." —Neil Steinberg, *Chicago Sun-Times* "[Rubery] explores 150 years of the audio format with an imminently accessible style, touching upon a wide range of interconnected topics . . . Through careful investigation of the co-development of formats within the publishing industry, Rubery shines a light on overlooked pioneers of audio . . . Rubery's work succeeds in providing evidence to 'move beyond the reductive debate' on whether audiobooks really count as reading, and establishes the format's rightful place in the literary family." —Mary Burkey, *Booklist* (starred review)

Untold Stories May 30 2021 Alan Bennett's first collection of prose since *Writing Home* takes in all his major writings over the last ten years. The title piece is a poignant family memoir with an account of the marriage of his parents, the lives and deaths of his aunts and the uncovering of a long-held family secret. Bennett, as always, is both amusing and poignant, whether he's discussing his modest childhood or his work with the likes of Maggie Smith, Thora Hird and John Gielgud. Also included are his much celebrated diaries for the years 1996 to 2004. At times heartrending and at others extremely funny, *Untold Stories* is a matchless and unforgettable anthology. Since the success of *Beyond the Fringe* in the 1960s Alan Bennett has delighted audiences worldwide with his gentle humour and wry observations about life. His many works include *Forty Years On*, *The Lady in the Van*, *Talking Heads*, *A Question of Attribution* and *The Madness of King George*. *The History Boys* opened to great acclaim at the National in 2004, and is winner of the Evening Standard Award, the South Bank Award and the Critics' Circle Award for Best New Play. 'Perhaps the best loved of English writers alive today.' *Sunday Telegraph* *Untold Stories* is published jointly with Profile Books.

The Untold Story of Women of Color in the League of Women Voters Jul 12 2022 The Untold Story of

Women of Color in the League of Women Voters explores ways in which these women have been marginalized and recognizes how their contributions will positively influence the organization as it moves into its next 100 years. On February 14, 2020, the League of Women Voters of the United States celebrated the 100th anniversary of its founding. Although women of color have always made significant contributions to women's suffrage and the women's movements, their contributions, particularly as they relate to the League of Women Voters (LWV), have been marginalized and relegated to the footnotes of the organization's history. *The Untold Story of Women of Color in the League of Women Voters* adds a new dimension to these conversations. The book is structured to show the progression of the relationship between the League of Women Voters and its members of color as manifested in changes to its policies, practices, symbols, and messaging. It begins with the suffrage movement and continues until the celebration of the 100th anniversary of the League and uses actual correspondence, convention minutes, existing League histories, and personal accounts to tell the League story. Chapter titles disclose the philosophical shifts in attitude at each stage of the organization's evolution.

The Untold Story May 22 2023 "Clever, creepy, elaborate world building and snarky, sexy-smart characters!"—N. K. Jemisin, author of *The Fifth Season* In this thrilling historical fantasy, time-traveling Librarian spy Irene will need to delve deep into a tangled web of loyalty and power to keep her friends safe. Irene is trying to learn the truth about Alberich—and the possibility that he's her father. But when the Library orders her to kill him, and then Alberich himself offers to sign a truce, she has to discover why he originally betrayed the Library. With her allies endangered and her strongest loyalties under threat, she'll have to trace his past across multiple worlds and into the depths of mythology and folklore, to find the truth at the heart of the Library, and why the Library was first created.

Go Down Together Dec 05 2021 An account of the exploits of Bonnie and Clyde explores the ways in which they captured the imaginations of people during and after their time, reveals the role of youth and luck in their two-year crime spree, and recounts the events that led to their deaths.

Soldier Dogs Dec 25 2020 A leading reporter offers a tour of military working dogs' extraordinary training, heroic accomplishments, and the lasting impacts they have on those who work with them. People all over the world have been riveted by the story of Cairo, the Belgian Malinois who was a part of the Navy SEAL team that led the raid on Osama bin Laden's compound. A dog's natural intelligence, physical abilities, and pure loyalty contribute more to our military efforts than ever before. You don't have to be a dog lover to be fascinated by the idea that a dog—the cousin of that furry guy begging for scraps under your table—could be one of the heroes who helped execute the most vital and high-tech military mission of the new millennium. Now Maria Goodavage, editor and featured writer for one of the world's most widely read dog blogs, tells heartwarming stories of modern soldier dogs and the amazing bonds that develop between them and their handlers. Beyond tales of training, operations, retirement, and adoption into the families of fallen soldiers, Goodavage talks to leading dog-cognition experts about why dogs like nothing more than to be on a mission with a handler they trust, no matter how deadly the IEDs they are sniffing, nor how far they must parachute or rappel from aircraft into enemy territory. "Military working dogs live for love and praise from their handlers," says Ron Aiello, president of the United States War Dogs Association and a former marine scout dog handler. "The work is all a big game, and then they get that pet, that praise. They would do anything for their handler." This is an unprecedented window into the world of these adventurous, loving warriors.

A Thousand Lives Jan 26 2021 In 1954, a pastor named Jim Jones opened a church in Indianapolis called Peoples Temple Full Gospel Church. He was a charismatic preacher with idealistic beliefs, and he quickly filled his pews with an audience eager to hear his sermons on social justice. As Jones's behavior became erratic and his message more ominous, his followers leaned on each other to recapture the sense of equality that had drawn them to his church. But even as the congregation thrived, Jones made it increasingly difficult for members to leave. By the time Jones moved his congregation to a remote jungle in Guyana and the US government began to investigate allegations

of abuse and false imprisonment in Jonestown, it was too late. *A Thousand Lives* is the story of Jonestown as it has never been told. New York Times bestselling author Julia Scheeres drew from tens of thousands of recently declassified FBI documents and audiotapes, as well as rare videos and interviews, to piece together an unprecedented and compelling history of the doomed camp, focusing on the people who lived there. The people who built Jonestown wanted to forge a better life for themselves and their children. In South America, however, they found themselves trapped in Jonestown and cut off from the outside world as their leader goaded them toward committing “revolutionary suicide” and deprived them of food, sleep, and hope. Vividly written and impossible to forget, *A Thousand Lives* is a story of blind loyalty and daring escapes, of corrupted ideals and senseless, haunting loss.

Untold Story Nov 16 2022 An Englishwoman named Lydia is living in a small, nondescript town somewhere in the American Midwest. She has a circle of friends: one owns a dress shop; another sells houses; another is a frenzied stay-at-home mother. Lydia works at an animal shelter and swims every morning. Her lover, who adores her, feels she won't let him know her. Who is she? Imagine if this woman was once one of the most famous living on our planet? A woman who captivated the entire world? A woman whose sudden death was mourned by millions. Who is she?

Jezebel Apr 09 2022 There is no woman with a worse reputation than Jezebel, the ancient queen who corrupted a nation and met one of the most gruesome fates in the Bible. Her name alone speaks of sexual decadence and promiscuity. But what if this version of her story, handed down to us through the ages, is merely the one her enemies wanted us to believe? What if Jezebel, far from being a conniving harlot, was, in fact, framed? In this remarkable new biography, Lesley Hazleton shows exactly how the proud and courageous queen of Israel was vilified and made into the very embodiment of wanton wickedness by her political and religious enemies. Jezebel brings readers back to the source of the biblical story, a rich and dramatic saga featuring evil schemes and underhanded plots, war and treason, false gods and falser humans, and all with the fate of entire nations at stake. At its center are just one woman and one man—the sophisticated Queen Jezebel and the stark prophet Elijah. Their epic and ultimately tragic confrontation pits tolerance against righteousness, pragmatism against divine dictates, and liberalism against conservatism. It is, in other words, the original story of the unholy marriage of sex, politics, and religion, and it ends in one of the most chillingly brutal scenes in the entire Bible. Here at last is the real story of the rise and fall of this legendary woman—a radically different portrait with startling contemporary resonance in a world mired once again in religious wars.

The Untold Story of Milk Jul 24 2023 From the Publisher: "This fascinating and compelling book will change the way you think about milk. Dr. Schmid chronicles the role of milk in the rise of civilization and in early America, the distillery dairies, compulsory pasteurization, the politics of milk, traditional dairying cultures and the modern dairy industry. He details the betrayal of public trust by government health officials and dissects the modern myths concerning cholesterol, animal fats and heart disease. And in the final chapters, he describes how scores of eminent scientists have documented the superiority of raw milk and its myriad health benefits."

The Untold Story of the New Testament Church Aug 25 2023 Using a 'you-are-there' approach, this book gives readers a first-hand account of how the witness of Christ's testimony impacted the world. --from publisher description.

Alice in Chains Mar 08 2022 The first comprehensive biography of Alice In Chains from its genre-forging years on the hard edge of grunge to the tragic death of lead singer Layne Staley and the band's comeback. Alice in Chains were among the loudest voices out of Seattle. They were iconic pioneers who mixed grunge and metal in ways that continue to influence today's artists, and theirs is a story of hard work, self-destruction, rising from the ashes, and carrying on a lasting legacy. Four years after their first meeting at a warehouse under Seattle's Ballard Bridge, Alice in Chains became the first of grunge's big four - ahead of Nirvana, Pearl Jam, and Soundgarden - to get a gold record and achieve national recognition. With the charismatic Layne Staley behind the microphone, they became one of the most influential and successful bands to come out of the Seattle music scene. But

as the band got bigger, so did their problems. Acclaimed journalist David de Sola delves beneath the secrecy, gossip, and rumor surrounding the band to tell their full story for the first time. Based on a wealth of interviews with people who have direct knowledge of the band, many speaking on the record for the very first time, de Sola explores how drugs nearly destroyed them and claimed the lives of Staley and founding bassist Mike Starr, follows Jerry Cantrell's solo career and Mike Starr's life after being fired from the band, and chronicles the band's resurrection with new lead singer William DuVall. From their anonymous struggles to topping the charts with hits like "Would?," "Man in the Box," and "Rooster," Alice in Chains reveals the members of the band not as caricatures of rock stars but as brilliant, nuanced, and flawed human beings whose years of hard work led to the seemingly overnight success that changed the music scene forever.

Elizabeth and Monty Jun 18 2020 This story of the decades-long relationship between Elizabeth Taylor and Montgomery Clift chronicles her devotion to the troubled star through a near fatal car crash and the descent into alcoholism and addiction that effectively ended his Hollywood career.

The Untold Story of Jesus Sep 21 2020 *The Third Jesus: The Christ We Cannot Ignore* Kindle--Deepak Chopra 2008 *Jesus Calling: Enjoying Peace in His--Sarah Young 2013* *In the Footsteps of Jesus: A Chronicle of His Life and the Origins of Christianity--Jean-Pierre Isbouts, 2017* *The Universal Christ: How a Forgotten Reality Can Change Everything We See, Hope For, and Believe* Hardcover--Richard Rohr, 2019

The Untold Story of the World's Leading Environmental Institution Jan 18 2023 The past, present, and possible future of the agency designed to act as "the world's environmental conscience." The United Nations Environmental Programme (UNEP) was founded in 1972 as a nimble, fast, and flexible entity at the core of the UN system--a subsidiary body rather than a specialized agency. It was intended to be the world's environmental conscience, an anchor institution that established norms and researched policy, leaving it to other organizations to carry out its recommendations. In this book, Maria Ivanova offers a detailed account of UNEP's origin and history. Ivanova counters the common criticism that UNEP was deficient by design, arguing that UNEP has in fact delivered on much (though not all) of its mandate.

Supernormal Aug 01 2021 Clinical psychologist and author of *The Defining Decade*, Meg Jay takes us into the world of the supernormal: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce; bullying; alcoholism or drug abuse in the home; mental illness in a parent or a sibling; neglect; emotional, physical or sexual abuse; having a parent in jail; or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all-too-common experiences, everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students and readers. She gives a voice to the supernormals among us as they reveal not only "How do they do it?" but also "How does it feel?" These powerful stories, and those of public figures from Andre Agassi to Jay Z, will show supernormals they are not alone but are, in fact, in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether -- and how -- the good wins out in the end.

Manhattan Project Apr 28 2021 A non-technical narrative of the actual making of the first Atom bomb with an accent on the personal cases of the participants; and the industrial companies that built it. Rich of human stories and anecdotes. Foreign edition of the book include Great Britain, France, Japan, Germany, Italy, and Bulgaria.

Beyond the River Aug 13 2022 Traces the story of John Rankin and the heroes of the Ripley, Ohio, line of the Underground Railroad, identifying the pre-Civil War conflicts between abolitionists and slave chasers along the Ohio River banks.

[To the Limit](#) Jul 20 2020 The definitive, unauthorized biography of The Eagles by the New York Times bestselling biographer *To the Limit* is the unauthorized account of the group from its earliest

years through the breakup, solo careers, and reunions. Blending the country and folk music of the late sixties with the melodic seductiveness of Detroit-style roots rock, the Eagles brought a new sound to a stagnant music scene. Under the brilliant management of David Geffen, the Eagles projected a public image of unshakable camaraderie--embodied by the cerebral, brooding Don Henley and the intuitive, self-destructive Glenn Frey--bolstered by the gorgeous harmonies of their songs. Behind the scenes, however, there was another story. At turns revealing, inspiring, funny, and shocking, *To the Limit* is the chronicle of a time, a place, and a group that succeeded in changing forever the world of popular music.

The Book of Untold Stories Jun 23 2023 Do you like using your imagination? Are you someone who wants to create stories? Then grab a piece of paper and a pen, open this book, and let your imagination soar! What is your big fish story? If little aliens visited earth, what would they look like and what would they do? If an octopus could read books, what would it read and why? Fourteen colorful illustrations await, but only you can tell your unique story based on them. A doorway to endless hours of creative writing, *THE BOOK OF UNTOLD STORIES* will turn you into a writer and storyteller no matter your age!

Broad Band Feb 19 2023 If you loved *Hidden Figures* or *The Rise of the Rocket Girls*, you'll love Claire Evans' breakthrough book on the women who brought you the internet--written out of history, until now. "This is a radically important, timely work," says Miranda July, filmmaker and author of *The First Bad Man*. The history of technology you probably know is one of men and machines, garages and riches, alpha nerds and programmers--but from Ada Lovelace, who wrote the first computer program in the Victorian Age, to the cyberpunk Web designers of the 1990s, female visionaries have always been at the vanguard of technology and innovation. In fact, women turn up at the very beginning of every important wave in technology. They may have been hidden in plain sight, their inventions and contributions touching our lives in ways we don't even realize, but they have always been part of the story. *VICE* reporter and *YACHT* lead singer Claire L. Evans finally gives these unsung female heroes their due with her insightful social history of the Broad Band, the women who made the internet what it is today. Seek inspiration from Grace Hopper, the tenacious mathematician who democratized computing by leading the charge for machine-independent programming languages after World War II. Meet Elizabeth "Jake" Feinler, the one-woman Google who kept the earliest version of the Internet online, and Stacy Horn, who ran one of the first-ever social networks on a shoestring out of her New York City apartment in the 1980s. Join the ranks of the pioneers who defied social convention to become database poets, information-wranglers, hypertext dreamers, and glass ceiling-shattering dot com-era entrepreneurs. This inspiring call to action shines a light on the bright minds whom history forgot, and shows us how they will continue to shape our world in ways we can no longer ignore. Welcome to the Broad Band. You're next.

Steel Drivin' Man Aug 21 2020 The story of John Henry, the mighty railroad man who has become a towering figure in American culture, is told in this portrait of the most recorded folk song in American history.

Marvel Comics Oct 15 2022 The defining, behind-the-scenes chronicle of one of the most extraordinary, beloved, and dominant pop cultural entities in America's history -- Marvel Comics -- and the outsized personalities who made Marvel including Martin Goodman, Stan Lee, and Jack Kirby. "Sean Howe's history of Marvel makes a compulsively readable, riotous and heartbreaking version of my favorite story, that of how a bunch of weirdoes changed the world...That it's all true is just frosting on the cake." --Jonathan Lethem For the first time, *Marvel Comics* tells the stories of the men who made Marvel: Martin Goodman, the self-made publisher who forayed into comics after a get-rich-quick tip in 1939, Stan Lee, the energetic editor who would shepherd the company through thick and thin for decades and Jack Kirby, the WWII veteran who would co-create Captain America in 1940 and, twenty years later, developed with Lee the bulk of the company's marquee characters in a three-year frenzy. Incorporating more than one hundred original interviews with those who worked behind the scenes at Marvel over a seventy-year-span, *Marvel Comics* packs anecdotes and analysis into a gripping narrative of how a small group of people on the cusp of

failure created one of the most enduring pop cultural forces in contemporary America.
