The Insider's Guide to Technical Writing Oct 02 2021 Every complex product needs to be explained to its users, and technical writers, also known as technical communicators, are the ones who do that job. A growing field, technical writing requires multiple skills, including an understanding of technology, writing ability, and great people skills. Whether you're thinking of becoming a technical writer, just starting out, or you've been working for a while and feel the need to take your skills to the next level, The Insider's Guide to Technical Writing can help you be a successful technical writer and build a satisfying career. Inside the Book Is This Job for Me? What does it take to be a technical writer? Building the Foundation: What skills and tools do you need to get started? The Best Laid Plans: How do you create a schedule that won't make you go crazy? How do you manage different development processes, including Agile methodologies? On the Job: What does it take to walk into a job and be productive right away? The Tech Writer Toolkit: How do you create style guides, indexes, templates and layouts? How do you manage localization and translation and all the other non-writing parts of the job? I Love My Job: How do you handle the ups and downs of being a technical writer? Appendixes: References to websites, books, and other resources to keep you learning. Index

**An Insider's Guide to the UN** Jul 23 2023 Thoroughly revised and updated, a new edition of the most popular guide to the UN for students and interested readers Prominent NPR journalist Linda Fasulo's guide to the United Nations has established a reputation as the most lively, authoritative, and insightful book on its subject. The fourth edition comes at a time when nuclear proliferation has moved to the top of the Security Council's agenda, followed closely by the Syrian crisis, the effects of climate change, and international terrorism. Thoroughly revised and updated, with many new profiles and interviews with the organization's current diplomats, this edition remains an indispensable resource for anyone wishing to understand the role and structure of the UN.

The Insider's Guide to Sake Nov 15 2022 This introductory handbook to sake presents over 100 brands for all tastes and budgets, tips for beginners and connoisseurs, and an explanation of the brew-master's skills. The history and intricacies of sake are revealed as well as a list of producers, restaurants and retail outlets in Japan. Anyone who has ever been to Japan has probably fallen under the spell of a soothing cup of sake at one time or another. An encounter with Japan's favorite libation is bound to be memorable, yet despite its growing popularity worldwide, information on this eminently drinkable

*The Insider's Guide to Independent Film Distribution* Aug 20 2020 Innovation in technology means that almost anyone can make an independent film these days. Although this may be good news for aspiring filmmakers, it also means that the oversupply of independent films on the market has caused acquisition prices to dramatically decrease. As a result, producers and investors rarely recover their initial investment in the films they make. But don't be discouraged! Use this book to learn the realities of the market in advance and map out a winning distribution plan. This comprehensive manual for filmmakers and producers dedicated to film distribution and the marketplace could mean the difference between getting your film out to the public and keeping it "in the can." Learn how to sell your movie to a studio, a cable network, a video distributor, or international buyers. Self-distribution and other alternatives to traditional distribution are also considered. As well, you'll hear some success stories from producers and hear directly from buyers what they are seeking. Stacey Parks has worked with dozens of hungry filmmakers to get their films a distribution deal and knows how frustrating the whole process can be. Let her tell you how you can take control of your filmmaking career and start getting your work seen by audiences with a few little-known distribution secrets. Features include: \* Interviews and case studies with producers and distributors \* Ten Ways to Market Your Film for Self-Distribution \* Sales Projections per Territory \* Distribution Resource Listings \* Negotiation tips for distribution agreements \* Sample distribution agreements

*The Insider's Guide to Culture Change* Jun 29 2021 Culture transformation expert Siobhan McHale defines culture simply: "It's how things work around here." The secret to the success or failure of any business boils down to its culture. From disengaged employees to underserved customers, business failures invariably stem from a culture problem. In The Insider's Guide to Culture Change, acclaimed culture transformation expert and global executive Siobhan McHale shares her proven four-step process to demystifying culture

transformation and starting down the path to positive change. Many leaders and managers struggle to get a handle on exactly what culture is and how pervasive its impact is throughout an organization. Some try to change the culture by publishing a statement of core values but soon find that no meaningful change happens. Others try to unify the culture around a set of shared goals that satisfy shareholders but find their efforts backfire as stressed employees throw their hands up because “leadership just doesn’t get it.” Others implement expensive new IT systems to try to bring about change, only to find that employees find “workarounds” and soon go back to their old ways. The Insider’s Guide to Culture Change walks readers through McHale’s four-step process to culture transformation, including how to: Understand what “corporate culture” really is and how it impacts every aspect of the way your organization operates Analyze where your culture is broken or not adding maximum value Unlock the power of reframing roles within your company to empower and engage your employees Utilize proven methods and tools to break through deeply embedded patterns and change your company mind-set Keep the momentum going by consolidating gains and maintaining your foot on the change accelerator With The Insider’s Guide to Culture Change, watch your employees go from followers to change leaders who drive an agile culture that constantly outperforms.

The Insider's Guide to Working with Universities Jun 10 2022 "This book is an introduction to universities for business people who are board members or who take leadership positions in higher education. Lack of understanding the core mission of colleges and universities limits the effectiveness of business people in higher education, and this book provides the information they need to be more successful. It covers topics such as the similarities and differences between businesses and universities, the variety among educational institutions, the role of government especially in higher education, the different types of faculty and how they got to be faculty, and how they are motivated and rewarded. ... [It] describes the nature of governance in academic organizations, and how it is shared among boards, administration and faculty ... it also describes the types of research conducted by faculty, and how research performance is assessed, as well as how classroom education has changed since most board members attended college"--

Getting In Mar 19 2023 "For undergraduates in STEM fields, the experience of working in a lab or other research position has become an increasingly important credential for many career paths. Landing such a position can be difficult, with hundreds of applicants for perhaps a dozen openings in the most competitive cases. But finding a meaningful research experience also involves knowing what to look for and how to present yourself effectively, skills that represent a hidden curriculum for many students. In this book, an expert lab manager and a longtime principal investigator share their secrets for securing these positions, both in summer undergraduate research programs and in labs operating during the academic year. They offer advice on the application and interview processes for undergraduates who often do not know how to prepare appropriately professional emails, cover letters, CVs, and interview responses. They address students in a wide variety of STEM fields at both research-intensive universities and primarily undergraduate institutions. And they focus on how first-generation college students and those from low-income backgrounds and communities historically underrepresented in science can learn to negotiate the hidden curriculum and claim their place in research settings. This new edition also serves as a companion to the authors' social accounts, including @YouInTheLab and @TheLabMentor, where they offer advice on lab life at many levels"--

The Insider's Guide to the Colleges Feb 18 2023 Now in its 27th year, The Insider's Guide to the Colleges is an intelligent, sometimes irreverent, compilation of student-written articles about every aspect of college life, from cafeteria food to academics to the campus social scene.

**An Insider's Guide to Building a Successful Consulting Practice** Nov 03 2021 Whether you’re a beginner just starting up a consulting practice, or a veteran looking for ways to invigorate your existing business, An Insider’s Guide to Building a Successful Consulting Practice is an invaluable resource. Featuring real stories from consultants in diverse industries, the book offers simple yet powerful ways to: Identify a market and narrow your focus • Make a smooth transition from employee to independent consultant • Sell effectively even if you’ve never sold before • Establish visibility through speaking, writing, and networking • Build credibility by leveraging the credibility of others • Set prices based on value • Develop a marketing strategy and divide your time between marketing and delivering your services • Keep plenty of work in your pipeline • Adapt and thrive in any market condition • And much more Complete with the results of an original survey of 200 successful independent consultants, this handy guide provides the kind of real-life advice you need to build a thriving business.

*Catch and Release* Mar 27 2021

**The Insider's Guide to Grantmaking** Apr 27 2021 Unlike many formal professions, foundation grantmaking is a calling with no training programs and little definitive literature on the latest and best practices. Written for program officers and of considerable value to grantseekers, this volume is the first and only practical guide to making foundation grants and developing essential skills for effective and ethical grantmaking. Author Joel J. Orosz provides: \* The history, structure, and function of foundations in society. \* The complex role that program officers play in their day-to-day activities. \* Real-world advice on a myriad of tasks--from meeting with applicants and reviewing their proposals to assisting the funded project and managing foundation initiatives. \* A useful overview for those new to the field, helps more experienced program officers to think more deeply about their work, and shares rich insights for the thousands of nonprofit leaders who pursue foundation grants.

The Insiders' Guide to Factual Filmmaking Jan 25 2021 The Insiders’ Guide to Factual Filmmaking is an accessible and comprehensive ‘how to’ guide about the craft of making documentaries for TV, online or social media. Filmmaker Tony Stark distills a long career at the BBC and as an independent producer to explain the conceptual, visual, editorial and organisational skills needed to make impactful and stylish factual films. Interviews with top industry professionals in the UK and US - commissioners, executive producers, filmmakers, strand editors and media lawyers – add valuable insight and authority to this book. For more experienced filmmakers The Insiders’ Guide tells you how to get the green light for undercover investigations, how to tell film stories online and on social media, and how to budget a factual film. This is a key text for anyone who wants to succeed in the rapidly changing, competitive freelance markets in Britain and America. It provides expert guidance to students on filmmaking courses, journalists wanting to move from print to video and non-professionals with an interest in film-making. Whatever the final destination of your film – and whatever the budget - The Insiders’ Guide provides a vital roadmap. The book’s accompanying website is a ‘show-me’ resource for new directors: with 24 specially-shot film clips illustrating the key rules of filmic grammar and sequence shooting – together with downloadable versions of essential production forms.

**Like Nobody's Business** Oct 22 2020 How do university finances really work? From flagship public research universities to small, private liberal arts colleges, there are few aspects of these institutions associated with more confusion, myths or lack of understanding than how they fund themselves and function in the business of higher education. Using simple, approachable explanations supported by clear illustrations, this book takes the reader on an engaging and enlightening tour of how the money flows. How does the university really pay for itself? Why do tuition and fees rise so fast? Why do universities lose money on research? Do most donations go to athletics? Grounded in hard data, original analyses, and the practical experience of a seasoned administrator, this book provides refreshingly clear answers and comprehensive insights for anyone on or off campus who is interested in the business of the university: how it earns its money, how it spends it, and how it all works.

The Insider's Guide to the Psychology Major Jul 19 2020 This book provides an overview of the psychology major, subdisciplines within the field, graduate programs and the admissions process, career opportunities for all degree types, internships, and free resources

for students.

**The Frontlines of Peace** Jan 17 2023 In *The Frontlines of Peace*, Severine Autesserre, award-winning researcher and peacebuilder, examines the well-intentioned but systematically flawed peace industry. The author sheds light on how typical aid interveners have been getting it wrong, and, more importantly, how a few of them have been getting it right. With real-life examples drawn from across the globe, Autesserre reveals that peace can grow in the most unlikely circumstances, with the help of the most unlikely heroes. She makes the compelling case that we must radically change our approach if we hope to build lasting peace around us--no matter where we live.

The Insider's Guide to Working with RFID Nov 22 2020 *The Insider's Guide to Working with RFID* is a collection of the most popular and informative articles and guides found at RFID Insider, the widely regarded trade publication of atlasRFIDstore.
