a curious, engaging, and creative rethinking of all the different things a book can be. In this uniquely skewed look at the purpose and function of a “book”, Keri Smith offers an illustrated guide that challenges readers to creatively examine all the different ways This Is Not a Book can be used. With intriguing prompts, readers will discover that the book can be: A secret message—tear out a page, write a note on it for a stranger, and leave it in a public place. A recording device—have everyone you contact today write their name in the book. An instrument—create as many sounds as you can using the book, like flipping the pages fast or slapping the cover. This Is Not a Book forces you to ask, “If it’s not a book, what is it then?”—with a kaleidoscope of possible answers. Ulrich L. Lehner reintroduces Christians to the true God—not the polite, easygoing, divine therapist who doesn’t ask much of us, but the Almighty God who is unpredictable, awe-inspiring, and demands our entire lives. Stripping away the niceties with a sling blade, Lehner shows that God is more strange and beautiful than we imagine, and wants to know and transform us in the most intimate way. With his iconoclastic new book God Is Not Nice, Lehner, one of the most promising young Catholic theologians in America, challenges the God of popular culture and many of our churches and reintroduces the God of the Bible and traditional Christianity. As Lehner writes in the book’s introduction,

"We all need the vaccine of the true transforming and mysterious character of God: The God who shows up in burning bushes, speaks through donkeys, drives demons into pigs, throws Saul from his horse, and appears to St. Francis. It's only this God who has the power to challenge us, change us, and make our lives dangerous. He sweeps us into a great adventure that will make us into different people." This book is not safe. It may startle and annoy many people—including those who purport to teach and preach the Gospel, but are missing it, according to Lehner. *God Is Not Nice* intends to overthrow all of our popular misconceptions about God, inviting us to ask deeper questions about the nature of our lives and our relationship with him. When you're finished with *God Is Not Nice*, you may find the idols you constructed in God's name smashed, replaced with a God who will ask you to live an entirely different life full of hope and transformation.

THE INCREDIBLE  
DISCOVERY THAT THE BOOK OF REVELATION HAS  
BEEN A MONSTROUS DECEPTION WHICH HAS  
FOOLED CHRISTIANS FOR ALMOST 2000 YEARS

The Apocalypse, also known as the Book of Revelation is the last book of the New Testament. It begins with these words: "The Revelation of Jesus Christ, which God gave unto him, to show unto his servants things which must shortly come to pass; and he sent and signified it by his angel unto his servant John: Who bare record of

the word of God, and of the testimony of Jesus Christ, and of all things that he saw." (Revelation. 1:1) Those words are not those of Jesus Christ, contrary to the claims of its author. Transmitted through an unnamed angel, they are part of a monstrous deception that has plagued Christianity ever since they were first penned. Furthermore, contrary to popular belief, the Apocalypse was not written by John the Apostle, the son of Zebedee nor is it. Who then wrote the Apocalypse? He is the same person that John the Elder confronted in the Roman Baths of Ephesus and called "the enemy of the Truth." If as I will show, that the Book of Revelation was written by this person, then clearly, he is an enemy of the Truth, the Apocalypse cannot be included the Christian Canon of the New Testament This book expands upon the scholarly work, "The Apocalypse" written by R.H. Charles in 1920, the famous scholar widely recognised as the greatest authority of his time matters of Jewish eschatology and apocrypha. Now take heed of a prophecy that Jesus made about a future time after his crucifixion. "Watch out that you are not deceived. For many will come in my name, claiming, 'I am he, ' and, 'The time is near.' Do not follow them." (Luke 21:8) Do not follow anyone who says "the time is near" Jesus says. Do not be deceived he says. Yet this is exactly what the writer of the Apocalypse says. "Do not seal up the words of the prophecy of this scroll,

because the time is near." (Revelation 22:10) As a Christian, as long as you adhere to the words of Jesus and the Apostles recorded in the Gospels and the other writings of the New Testament, then the council of John the Elder, the disciple that Jesus loved and the author of the Fourth Gospel, will serve you well. "So He said to the Jews who had believed Him, 'If you continue in My word you are truly My disciples. Then you will know the truth and the truth will set you free.'" (John 8:32) May this book set you free, but this it will not do unless you are willing look past your prejudices, seek the truth and read it. You will not regret it if you do. In 2008, the Musée des Beaux-Arts de Lyon acquired a painting called The Flight into Egypt which was attributed to the French artist Nicolas Poussin. Thought to have been painted in 1657, the painting had gone missing for more than three centuries. Several versions were rediscovered in the 1980s and one was passed from hand to hand, from a family who had no idea of its value to gallery owners and eventually to the museum. A painting that had been sold as a decorative object in 1986 for around 12,000 euros was acquired two decades later by the Musée des Beaux-Arts de Lyon for 17 million euros. What does this remarkable story tell us about the nature of art and the way that it is valued? How is it that what seemed to be just an ordinary canvas could be transformed into a masterpiece, that a decorative object could become a

national treasure? This is a story permeated by social magic the social alchemy that transforms lead into gold, the ordinary into the extraordinary, the profane into the sacred. Focusing on this extraordinary case, Bernard Lahire lays bare the beliefs and social processes that underpin the creation of a masterpiece. Like a detective piecing together the clues in an unsolved mystery he carefully reconstructs the steps that led from the same material object being treated as a copy of insignificant value to being endowed with the status of a highly-prized painting commanding a record-breaking price. He thereby shows that a painting is never just a painting, and is always more than a piece of stretched canvass to which brush strokes of paint have been applied: this object, and the value we attach to it, is also the product of a complex array of social processes – with its distinctive institutions and experts – that lies behind it. And through the history of this painting, Lahire uncovers some of the fundamental structures of our social world. For the social magic that can transform a painting from simple copy into a masterpiece is similar to the social magic that is present throughout our societies, in economics and politics as much as art and religion, a magic that results from the spell cast by power on those who tacitly recognize its authority. By following the trail of a single work of art, Lahire interrogates the foundations on which our perceptions of value and our

belief in institutions rest and exposes the forms of domination which lie hidden behind our admiration of works of art. Lust isn't just a guy problem – it's a human problem. And unless we honestly confront it, lust will destroy our relationships and our lives. Joshua Harris, author of the runaway bestseller *I Kissed Dating Goodbye*, calls a generation bombarded with images of sexual sin back to the freedom and joy of holiness. This "PG-rated" book – straightforward without being graphic – speaks to those entrenched in lust or just flirting with temptation. Honestly sharing his own struggles, Harris exposes lust's tactics and helps readers create a personal plan for fighting back. Men and women will find hope in God's grace and learn the secrets to lasting change. Neither sex nor sexuality is our enemy. We need to rescue our sexuality from lust so we can experience it as God intended. Bestselling author Joshua Harris shows you how lust deceives you. Specific and honest without being graphic, this book—for both men and women—will guide you in creating a custom plan for fighting lust and celebrating purity. Praise for *Sex Is Not the Problem (Lust Is)* "For your joy and Christ's honor, I commend this book to you. It is realistic, practical, and hope-giving." -John Piper, pastor of Bethlehem Baptist Church, Minneapolis "A beautiful blend of grace and truth. Joshua Harris raises high standards of holiness while carefully avoiding legalism. I

highly recommend it." -Randy Alcorn , bestselling author of The Treasure Principle and The Purity Principle "I am very encouraged that my longtime friend Josh Harris has written a book about lust. May God use this book to keep many from allowing their minds to become 'the devil's playground.'" -Rebecca St. James, singer/songwriter

Story Behind the Book "I was preparing a message on lust when I realized that the book I wanted to consult hadn't been written. That book would make it clear that only Jesus Christ can free us from the hopeless treadmill of shame and guilt that so many well-intentioned people end up on. It would instill a love for holiness and a hatred for sin without dragging the reader's imagination through the gutter. And it would be for both men and women, because I've learned that lust isn't just a guy problem—it's a human problem." -Joshua Harris "A fantastically smart, funny, and thoughtful thriller."—Nico Yoon, #1 New York Times best-selling author of Everything, Everything and The Sun Is Also a Star

These days it is impossible to get away from discussions of whether the book will survive the digital revolution. Blogs, tweets and newspaper articles on the subject appear daily, many of them repetitive, most of them admitting ignorance of the future. Amidst the twittering, the thoughts of Jean-Claude Carrire and Umberto Eco come as a breath of fresh air. This thought-provoking book takes the form of a conversation in which Carrire and Eco discuss everything from how to define the first book to what is happening to knowledge now that infinite amounts of information are available at the click of a mouse. En route there are delightful digressions into

personal anecdote. We find out about Eco's first computer and the book Carrire is most sad to have sold. And while, as Carrire says, the one certain thing about the future is that it is unpredictable, it is clear from this conversation that, in some form or other, the book will survive. 'A storming book. The next best thing to sitting in Umberto Eco's living room after dinner; a dream collection of lucid and fascinating discussions' Nick Harkaway 'Hurrah for philosopher and novelist Umberto Eco and playwright and screenwriter Jean-Claude Carrire, who have come together to praise the medium... Fans of Eco and Carrire will be charmed' Time Out 'An entertainingly free-range dialogue about writing past, present and future' Independent On July 12 1966, the Medical Care Insurance Act was passed by the federal House of Commons after a ferocious public debate that pitted the vast majority of Canadians against a powerful alliance of business, insurance companies, and doctors. More than thirty years later, the same battle is being fought all over again. Only now, the forces opposed to medicare are more ideologically unified, more richly endowed, and tied to transnational corporations whose power exceeds that of entire countries. In Profit Is Not the Cure, Maude Barlow traces the history of medicare in Canada. She compares it with both public and private systems in other parts of the world. And she contrasts it with the brutally divisive

system that exists in the United States, where forty-four million people have no medical insurance, and millions more get minimal care through profit-driven health maintenance organizations. From the point of view of most patients, the United States health-care model is a disaster. But the proponents of privatization in Canada, supported by the right-wing media and corporate lobbyists, are determined to impose American-style "reforms" on the Canadian public. Three provinces – British Columbia, Alberta, and Ontario – are moving ahead rapidly to enlarge the role of commerce in the provision of health-care services. They are introducing user fees, delisting procedures that previously were covered, and encouraging private corporations to move into areas that used to be the exclusive domain of the public system. While the prime minister and federal cabinet have paid lipservice to the principles of medicare, they have made it clear by their actions that they will do nothing to impede the destruction of those principles by the provinces. In fact, their enthusiastic support of NAFTA, and the impending Free Trade Agreement of the Americas (FTAA) and General Agreement on Trade in Services (GATS), has made the defence of medicare increasingly difficult. Canadians overwhelmingly support medicare. Many, however, have been persuaded that it is a luxury we can no longer afford. Maude Barlow argues that this proposition is

wrong. An earlier generation fought a bitter battle to bring medicare into existence. Another battle must be fought now to save it. But we owe it to the founders of the system, as well as to future generations, to take up the cause again. This important book shows the way.

Why We Can't Sleep meets Furiously Happy in this hilarious, heartfelt memoir about one woman's midlife obsession with Benedict Cumberbatch, and the liberating power of reclaiming our passions as we age, whatever they may be. Tabitha Carvan was a new mother, at home with two young children, when she fell for the actor Benedict Cumberbatch. You know the guy: strange name, alien face, made Sherlock so sexy that it became one of the most streamed shows in the world? The force of her fixation took everyone—especially Carvan herself—by surprise. But what she slowly realized was that her preoccupation was not about Benedict Cumberbatch at all, as dashing as he might be. It was about finally feeling passionate about something, anything, again at a point in her life when she had lost touch with her own identity and sense of self. In *This Is Not a Book About Benedict Cumberbatch*, Carvan explores what happens to women's desires after we leave adolescence...and why the space in our lives for pure, unadulterated joy is squeezed ever smaller as we age. She shines a light onto the hidden corners of fandom, from the passion of the online communities to

the profound real-world connections forged between Cumberbatch devotees. But more importantly, she asks: what happens if we simply decide to follow our interests like we used to—unabashedly, audaciously, shamelessly? After all, Carvan realizes, there's true, untapped power in finding your "thing" (even if that thing happens to be a British-born Marvel superhero) and loving it like your life depends on it. If you have some penetration to see Jesus' teaching in four Gospels, you know that Jesus doesn't call Jehovah as God or Father. God or Father seen with the word of truth are not different expression with a morality, a true self, a void, the sky, nothing said in the Oriental Philosophy. Over 2000 years the Christian has been called or believed as "pray as name of Jesus, Amen" but captured in the religion fence, turn away their faces from the word of truth, the true Jesus' teaching and volunteering a slave action cheated by the false of Jehovah with begging and imploring as if the key of relief for Jesus' death of cross and the revival miracle, they don't live the true love or the life mercy in not escaping from all the bidding or scare. Now we have to live in the true freedom and happiness going beyond living and death getting a perceive treasure likely to Jesus escaping from mind illusion with the treasure map of the word given to us by Jesus, the way, the truth and the life as the light drives out the darkness. Being spiritually awakened, that is, you

see the God, meet and this is the relief to enter into the God's heaven with the forever life. Reviews: "Jesus is not Jehovah's son" is very awful and shocking idea. What they just believe the different of Jehovah and Paul is like to get a graph from a horn bush. Luther couldn't change the religion but this book called the big revolution over the religion. -- Man Sung Park, Carpenter Jesus is not the Son of Yahweh (Jehovah) is the one of the greatest book that defines the truth that Jesus want to teach easily and clearly. As the writer say, if we would know the truth that teaches by Jesus, the Christianity and Buddhism would meet each other and the human would finds the true freedom and happiness which is high dimension over the religion. -- Seung Taek Lee, Prof of University of Foreign Studies This book is to understand easily for Christianity problem that views the reader's mind deeply. This book is not picked up various stories but is expressed what the writer who realized the truth felt and saw through in deep mind. The Gospel in Brief written by Leo Tolstoy is even for the starting to question for Christianity but this book is important to complete Jesus' teaching. --Jung Bu Jo, Student of Theological School Read this book, what oppose other's religions and we call heresy or Satan in same religions is because they all don't know the truth. I respect more Jesus, foresighted leader realized, after read this book. I hope it's not only all the people find the order and the

peace met each other, but also all the religion by this book. --Ye Jin Lee, Teacher of Middle School Why don't Theologians and Ministers know this contents yet? They can't find the truth to know easily like this for 2000 years long. The refinding the truth in Jesus' teaching is the most popular, important event in the world and it will be a bright light for all human. --Woo Nyun Lee, Farmer I went church for 50 years long, but in my mind I always got a question and a doubt. However, this book clears a the question and doubt. I've never heard the book detailed and lectures quoted like this Bible for Jesus' Teachings. I knew now that praying in the Church "the Apostles' Creed" or the doctrine of Christ are not fixed anything else. -- Jun Su Kim, Rep. Publishing Firm.

"Jesus said if the person who would eat my flesh and blood, they will live forever." It does not mean that if they believe the blood split from Jesus and the revival of Jesus, they got a forgiveness and a relief and go to the heaven. This book defines that if they follow Jesus' teaching and get the new life beyond the life and death. -- Chang Suk Kim, Homemaker It's the first time to see the uninteresting and difficult book. It's uneasy to understand and a lot to accept in my mind. But it's a book of low balance to blame whom or to support. I am going to compare the contents of this book and t [In Pa 2, Chapter 1, Genesis, Mr Ridout seeks to show, as a supplementary figure, a semblance to a pre-creation in

the six days work of creation. There is no scriptural reference to, or necessity of, such a pre-creation. In Mr. Ridout's day the infant science of geology overwhelmed people with the vastness of the geological record. Some without faith, sought to make from this a theory of evolution. Many Christians, unable to apprehend the geological record in the time-span of man's history sought to find a space for it in a pre-creation, or 'gap', before the six days. For many years it has been appreciated by many Christians that the geological record is very largely one of the cataclysmic global flood as described in Genesis and referred to elsewhere in the Scriptures e.g. 1 Peter 3:20; 2 Peter 2:5; 2 Peter 3:3-6. (Men do not oppose long ages or a pre-creation view as such, they oppose any idea of 'God' and of 'judgment' as in Noah's flood.) Clearly such a flood would have left the remains of all types of life sorted by type in sediments soon hardened into rock. The earth in Genesis 1:1 was 'unformed and unfilled' — it is not necessary to understand it as 'wrecked'. These pre-creation ideas introduce even greater theological difficulties such as death before sin, and death operating where God had stated that all that He had made was very good. The fact that fossil creatures are either identical to modern creatures, including apes and men, or of a similar nature, point to the first creation pre-flood scene. It should also be mentioned that a long ages world view

introduces more scientific difficulties than it seeks to solve, e.g. features of the universe which could not be as we now see them if there had been the long ages which are mooted. This is not the place to expand on this, but there is much literature available on the subject, both scriptural and scientific. Ed. on earth.” —Rev. Francis J. Hoffman, JCD, Ex. Director of Relevant Radio, Author of *Marriage Insurance: 12 Rules to Live By* Christopher Hitchens, described in the *London Observer* as “one of the most prolific, as well as brilliant, journalists of our time” takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell’s *Why I Am Not a Christian* and Sam Harris’s recent bestseller, *The End Of Faith*, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope’s awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix. The renowned Internet commentator and author of *How to Fix the Future* “expos[es] the greed, egotism and narcissism that fuels the tech world” (*Chicago Tribune*). The digital revolution has contributed to the world in many positive ways, but we are less aware of the Internet’s deeply negative effects. *The Internet Is Not the Answer*, by longtime Internet skeptic Andrew Keen, offers a comprehensive look at what the Internet is doing to our

lives. The book traces the technological and economic history of the Internet, from its founding in the 1960s through the rise of big data companies to the increasing attempts to monetize almost every human activity. In this sharp, witty narrative, informed by the work of other writers, reporters, and academics, as well as his own research and interviews, Keen shows us the tech world,warts and all. Startling and important, *The Internet Is Not the Answer* is a big-picture look at what the Internet is doing to our society and an investigation of what we can do to try to make sure the decisions we are making about the reconfiguring of our world do not lead to unpleasant, unforeseen aftershocks. "Andrew Keen has written a very powerful and daring manifesto questioning whether the Internet lives up to its own espoused values. He is not an opponent of Internet culture, he is its conscience, and must be heard." —Po Bronson, #1 New York Times–bestselling author

With mounting disbelief, Regan Trent realises that the death of her beloved mother has left her totally at her stepfather's mercy. But mercy is a foreign concept to Sherwyn Huntley. To this ruthless man, Regan is simply an obstacle between him and the Trent fortune. Denied a place at her mother's funeral, cruelly separated from her younger brother, promised in marriage to a sadistic pervert, Regan prefers to take her chance in the wide world. But Huntley will stop at nothing to achieve his cruel ambitions . . . The idea of "The Rapture" -- the return of Christ to rescue and deliver Christians off the earth -- is an extremely popular interpretation of the Bible's Book of Revelation and a jumping-off point for th

best-selling "Left Behind" series of books. This interpretation, based on a psychology of fear and destruction, guides the daily acts of thousands if not millions of people worldwide. In *The Rapture Exposed*, Barbara Rossing argues that this script for the world's future is nothing more than a disingenuous distortion of the Bible. The truth, Rossing argues, is that Revelation offers a vision of God's healing love for the world. *The Rapture Exposed* reclaims Christianity from fundamentalists' destructive reading of the biblical story and back into God's beloved community. Few subjects invoke such passion as the history and current situation of Jews in Western societies. David Goldberg, a progressive Rabbi with many years' experience of dealing with other faiths and other Jews, takes the most difficult issues of this fraught relationship and confronts them head on. He argues that it is wrong to equate anti-Semitism with anti-Zionism, that it is far more difficult to be a Muslim in twenty-first century Britain than it is to be a Jew, that Israel is far too often treated sentimentally and that the identification of Israel with the Holocaust - memorializing the latter and sacralising the former - has had baneful effects. His discussion of the perennial question, 'who is a Jew?', is equally trenchant: he rejects all strict rabbinic criteria, proposing that a Jew is simply anyone who insists that he or she is one. Forthright, challenging and witty, *This is Not the Way* will spark

How many lives fit in a lifetime? When Hero De Vera arrives in America--haunted by the political upheaval in the Philippines and disowned by her parents--she's already on her third. Her uncle gives her a fresh start in the Bay Area, and he doesn't ask about her past. His younger wife knows enough about the might and secrecy of the De Vera family to keep her head down. But their daughter--the first American-born daughter in the family--can't resist asking Hero about her damaged hands. An increasingly relevant story told with startling lucidity, humor, and an uncanny ear for the intimacies and shorthand of family ritual, *America Is Not the Heart* is a sprawling, soulful debut about three generations of women in one family struggling to balance the promise of the American dream and the unshakeable grip of history. With exuberance, grit, and sly tenderness, here is a family saga; an origin story; a romance; a narrative of two nations and the people who leave one home to grasp at another. The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly

images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self. Lisa Martin's new poetry collection seeks the kind of lyric truth that lives in paradox, in the dwelling together of seeming opposites such as life and death, love and loss, faith and doubt, joy and sorrow. Here readers will find a range of moods, tones, and subjects, as well as both traditional and contemporary forms—from sonnets to prose poems. This is a collection imbued with the light of an enduring, if troubled, faith. With its focus on spirit, ethics, and how to live well, *Believing* is not the same as *Being Saved* offers a tender meditation on the moments that make a life. There's a way of speaking as if the difference matters, as if the road home is finite—everything begins and ends somewhere, like your hand in mine, or how last light fractures in the limbs of pine—while beyond my window, a coyote follows a trail into the dusk that only it can see. — from "Map for the road home"
