From Alfred to Zulu, Michael Caine has been Britain's best-loved actor for half a century. Now, for the first time, he reveals the truth behind his remarkable life. From his time as an evacuee during the Blitz to his front-line military service in the Korean War, from his early days as an assistant stagehand to becoming Peter O'Toole's understudy, from walk-on parts in local theatres to blowing the bloody doors off with his legendary roles in Zulu and The Italian Job, Caine's life was never simple or easy. Discussing his little-known childhood and family alongside his hard-fought journey from London to Hollywood, Caine writes with astonishing candour about the good years and the lean years, bringing his unique charm and humour to his anecdotes and memories of a sprawling movie-making career. If you worked in Hollywood in the last few decades, you've probably worked with Michael Caine - and his accounts of his relationships with other superstars, both on and offscreen, make this autobiography essential reading for any fan not just of Michael Caine, but of film in general. Computer games run in a classified war studies centre in London. Nuclear submarines prowl beneath Arctic ice. And war games go into real time. Patrick Armstrong - possibly the same reluctant hero of The

Ipcress File - is sent to investigate. June 11, 1940 - where is Winston Churchill? A compelling history of Blitzkrieg: the 'lightning war' by which Hitler and his generals overwhelmed the Allied armies in Western Europe. 'Blitzkrieg' begins with a chilling portrait of Hitler's rise to power in pre-war Germany, setting the stage for the outbreak of the Second World War and his conquests of Poland and Norway. This riveting history sets out clearly the tactical thinking behind Blitzkrieg and focuses an expert's eye on the materiel - pre-eminently the Panzer tank - that made it possible. Concluding with a compelling account of the campaigns that drove the German armies through the Low Countries and into France, Deighton reveals the Führer's 'fatal flaw', which made possible the evacuation of Allied forces from Dunkirk. 'Blitzkrieg' is the story of Hitler's triumph and Europe's darkest hour. Few writers have understood it as well as Deighton - an ex-RAF pilot - and perhaps none has been able to describe it so tellingly. Known for his visual style as well as for his experimentation in virtually every genre of narrative cinema, award-winning director Sidney J. Furie also has the distinction of having made Canada's first ever feature-length fictional film in English, A Dangerous Age (1957). With a body of work that includes The Ipcress File (1965), Lady Sings the Blues (1972), and The Entity (1982), he has collaborated with major stars such as Marlon Brando, Frank Sinatra, Robert Redford, and Michael Caine, and his films have inspired some of Hollywood's most celebrated directors, including Stanley Kubrick and Quentin Tarantino. In this first biography of the prolific filmmaker, author Daniel Kremer offers a comprehensive look at the director's unique career. Furie pioneered techniques such as improvisation in large-scale film productions, and sometimes shot his films in sequence to develop the characters from the ground up and improve the performers' in-the-moment spontaneity. Not only has Stanley Kubrick acknowledged that Furie's The Boys in Company C (1978) informed and influenced Full Metal Jacket (1987), but Martin Scorsese has said that he considers The Entity to be one of the scariest horror films of all time. However, Furie was often later criticized for accepting lowbrow work, and as a result, little serious study has been devoted to the director. Meticulously researched and enhanced by Kremer's close relationship with the filmmaker, this definitive biography captures the highs and lows of an exceptional but underexamined career, taking readers behind the scenes with a director who was

often ahead of his time. A modern serial killer - hunting an ancient secret. A woman is left to die as the rebuilt Globe theatre burns. A deadly serial killer is on the loose, modelling his murders on Shakespeare's plays. But why is he killing? And how can he be stopped? A Soviet space scientist defects to win academic freedom, but western intelligence has other plans for him, and sends an unnamed spy - perhaps the same reluctant hero of *The Ipcress File* - to look after him. But what follows is a blood-streaked trail across three continents... Three confidence tricksters - two blokes and a bird - had a style that earned them millions. From the author of *Jurassic Park*, *Timeline*, and *Sphere* comes a captivating thriller about a deadly extraterrestrial microorganism, which threatens to annihilate human life. Five prominent biophysicists have warned the United States government that sterilization procedures for returning space probes may be inadequate to guarantee uncontaminated re-entry to the atmosphere. Two years later, a probe satellite falls to the earth and lands in a desolate region of northeastern Arizona. Nearby, in the town of Piedmont, bodies lie heaped and flung across the ground, faces locked in frozen surprise. What could cause such shock and fear? The terror has begun, and there is no telling where it will end. 'The classic and gripping spy novel of Cold War Berlin' *Guardian* 1963 Berlin is dark and dangerous. The anonymous hero of *The IPCRESS File* has been sent to help arrange the defection - in an elaborate mock coffin - of a leading Soviet scientist. But, as he soon discovers, this deception hides an even deadlier truth. One of the first novels written after the construction of the Berlin Wall, *Funeral in Berlin* revels in the murky, chilling atmosphere of a divided city. Osborne Sr., (Mike), tells his story to document the former Spy Manager's history while providing unique insights for others to understand his rise to become a spy manager that supervised CIA agents and assets in over 30 countries. Book Design, Edited and Cover by Gary Revel The first four 'Secret Files' from the master of fictional espionage, Len Deighton, containing the international exploits of Britain's uber-cool sixties spy, Harry Palmer, together in one e-bundle for the first time. Charming, engaging, and surprisingly forthright, Michael Caine gives us his insider's view of Hollywood and the story of his brilliant second act When he was in his late fifties, Michael Caine believed his glamorous, rags-to-riches Hollywood career had come to an end. The scripts being sent his way were worse and worse. When one script really disappointed, he called the producer to complain about the part. The producer said, "No, no, we don't want you for the lover, we want you for the father." Salvation came in the unlikely form of his old friend Jack Nicholson, who convinced him to give acting one more shot. What followed was not only an incredible personal transformation but also one of the most radical comebacks in film history. Learning to accept his new role both on camera and in his own life, Caine went on to win his second Oscar, be knighted by the queen, and deliver some of his best performances to date. Now he shares the spectacular story of his life, from his humble upbringing in London's poverty-stricken Elephant and Castle, his military service, touching marriage and family life, and lively adventures with friends, to legendary meetings with fellow stars, forays as a restaurateur, and hilarious off-screen encounters from his glittering five-decade career. Caine's The Elephant to Hollywood brings his gift for storytelling and his insider's view to a tale that is funny, warm, and deeply honest. The classic spy thriller of lethal computer-age intrigue and a maniac's private cold war, featuring the same anonymous narrator and milieu of The IPCRESS File. A secret agent is charged with finding and returning a missing biochemist, but what begins as a straight-forward case quickly becomes a deadly conspiracy. Penal

Colony No. 74, AKA White Eagle, lies some 600 kilometres north of Yekaterinburg in Russia's Sverdlovskaya Oblast. Imprisoning the country's most brutal criminals, it is a winter-ravaged hellhole of death and retribution. And that's exactly why the Englishman is there. Six years ago, Raglan was a soldier in the French Foreign Legion engaged in a hard-fought war on the desert border of Mali and Algeria. Amid black ops teams and competing intelligence agencies, his strike squad was compromised and Raglan himself severely injured. His war was over, but the deadly aftermath of that day has echoed around the world ever since: the assassination of four Moscow CID officers; kidnap and murder on the suburban streets of West London; the fatal compromise of a long-running MI6 operation. Raglan can't avoid the shockwaves. This is personal. It is up to him to finish it - and it ends in Russia's most notorious penal colony. But how do you break into a high security prison in the middle of nowhere? More importantly, how do you get out? An unnamed spy - perhaps the same reluctant hero of *The Ipcress File* - is sent to Paris to deliver a file of nuclear secrets to a French doctor, but soon finds himself sucked into a twilight world of sex, blackmail and hidden motive, where friend and enemy become indistinguishable. 'Deighton really is something special' Sunday Times Len Deighton's only collection of short stories explores the devastating experiences of ordinary soldiers across over two thousand years of war. From Hannibal's march on Rome to the American Civil War, and from a British Hurricane pilot in the Second World War to a modern conflict played out in the Mexican borderlands, each of these stories shows the effects of war on the human character, and how it can lead to extraordinary deeds, both great and terrible. 'Len Deighton is a fearless observer of the deceptive human world' John Gray In February 1941 British Command surrendered to the Nazis. Churchill has been executed, the King is in the Tower and the SS are in Whitehall... Lena Grey offered no defense for murdering her husband, and served fourteen long years in prison. But within months of her release his body is found in a disused morgue, recently killed. Who was the man she killed before, and why did she lie about his identity? Detective Inspector Francis Sadler and his Derbyshire team investigate, but before Lena can be questioned further she vanishes and her sister Kat begins to receive mysterious packages. As her inquiries begin to collide with the murder investigation, a link to the sisters' teenage lives emerges. The
