**Hillary.com** Dec 20 2022  
Doug Doucette uses his 35  
years of combined experience

as a lawyer and software applications analyst to provide an insightful look at Hillary Clinton's email scandal. It began by Clinton using her personal email account on her private, secret mail server from her home. For four years, Clinton, America's top diplomat, used that site for all her official State Department email affairs.

**Clinton's Email Scandal** Feb 22 2023 This book explores the Hillary Clinton email scandal while she served as Obama's Secretary of State between January 2009 and February 2013. The scandal arose when Clinton elected to use a personal email address on a private, secret mail server for all her personal and official emails. This work examines every aspect of the scandal including the FBI investigation, the conspiracy by Clinton, some of her aides and the Department of State and others to cover-up her illegal email activities while unsuccessfully seeking the Presidency in 2016. See how Clinton's email put Donald Trump in the Oval

Office.

**The Deleted E-Mails of Hillary Clinton** Jun 26 2023 "Remember that time Hillary

Clinton admitted that she deleted thousands of e-mails from her ultra-secret personal e-mail address while Secretary of State? ... Now, thanks to John Moe and WikiLoox, the lost messages have been retrieved and placed in this dossier. For the first time, we'll get a look inside HRC's well-coiffed head, reading intimate conversations with family (Bill, Chelsea), friends (Ruth Bader Ginsburg, Oprah, Beyoncé), and frenemies (Obama, Palin, Putin) alike. We'll also learn essential details about her private life, from her pop-culture obsessions to her thoughts on yoga, baking cookies, 'Scandal,' and much more."--Page 4 of cover.

**Effective Emails** Aug 16 2022

Do you want less frustrating emails at work? Would you like replies that actually answer your questions? How about getting your team to send shorter, clearer messages? If you answered yes to any of these questions this book is for you (and your team!) Effective Emails is a straightforward guide to removing the pain

from writing and receiving emails at work. It is the communication skills class we should all have been taught at school but weren't. NOTE: This is NOT a sales & marketing book. You will not learn anything about sending cold emails, setting up auto sequences, or selling or any kind. This book is focused on how to communicate effectively with colleagues, clients, and the people you work with day to day. This book shows you the formula for a clear, concise business emails. You'll learn how to: Improve the chances of someone reading your email. Get your point across quickly. Get faster, clearer, and more complete replies. Avoid the frustration of group and chain emails. And more... In each chapter Chris Fenning shares techniques and step-by-step methods developed in his own career, combined with advice from other communication experts. Each page turns vague advice of "write shorter messages" into simple frameworks you can apply to every email you send at work.

Examples are given throughout the book along with a case study that shows how to turn a long, unstructured email into something clear and easy to understand. If you have you ever thought to yourself: "Did they read my message? Why haven't they replied yet?" "Why did they only answer one question when I obviously sent them three?" "Urgh I hate email chains sooooo much!" "They copied my boss! What did I do to deserve that?" If you've ever thought these things, this book is for you. Then this book is for you. Inside you will find the exact steps you can take to never thinking those things again. When you use the secrets in this book, your employer, colleagues, and team mates will pay attention to what you write. And who knows, they may even thank you for it! FAQ Question: Is this just another book telling me what I should or should not write as a greeting? Answer: Definitely not. This book is about effective business communication via email, the

word you use to greet someone is one of the least important things when it comes to conveying your message clearly. In this book there is perhaps one page about greetings. The rest is about how to create and structure meaningful messages. Question: Will this book help me write sales and marketing messages? Answer: No it will not. There is no sales or marketing methods in this book. The focus of Effective Emails is to give people tools to help them communicate better with their team mates, colleagues, managers, clients, and other people they interact with in the normal course of their work. Sales teams will benefit from this book when communicating with other teams inside their company, but not when selling to customers.

The Not So Secret Emails of Coco Pinchard Jul 27 2023 This

was by far one of the funniest books I've read in the past year. Very 'Bridget Jones' but less stuffy and more 'Sex and the City' meets crazy family. -- 'Heather' (Amazon reader)"I couldn't put it down. I literally laughed out loud several times... and who wouldn't want to read through a stranger's correspondence? Fabulous book. --'Noel' (Amazon reader)So refreshing not to have a cliché rom-com where you know exactly how everything is going to pan out! If you want a great British comedy give this a read! -- 'Miss LL Colmer' (Amazon reader)Product DescriptionCoco Pinchard was never a single thirty-something. She married young, had a son, and put her dream to be a writer on hold.Now her first novel is published.

Husband Daniel has greyed nicely into a silver fox, and son Rosencrantz is grown up. It should be time to enjoy life. That is, until the annual family Christmas when her hideous mother-in-law Ethel comes to stay, and Coco opens her gift from Daniel. It's not the jewellery she chose, but an iPhone. This marks the start of Daniel's mid-life crisis and she catches him in bed with a younger woman.The iPhone becomes a confessional of sorts, through emails to her friends Chris, an ageing trustafarian and Marika a slightly alcoholic schoolteacher. Coco documents her seemingly endless (and often entertaining!) run of bad luck.Then she meets the hunky Adam and she's back in the world of dating as a single forty-something...Read the emails that tell the hilarious tale of Coco picking up the pieces, in this fun, feel good Romantic Comedy.

**English for Scammers** May 13 2022 Curious as to why no one has claimed their UK lotto winnings from you? Why no

one wants to call about the box of cash valued at Seven million five hundred thousand Dollars US (7,500,000.00 Dollars)?

Why no one is responding to your PASSIONATE REQUEST FOR JOINT MUTUAL INVESTMENTS BENEFITS? If so, this book is for you. Every day, it seems, we get heart-breaking emails like this one: I see know reasons why you are been so skeptical about your bank draft presently in our custody. We can tell you why. It's your English. Your English is ... bad. Inaccurate.

Ungrammatical. Inappropriate. While this book is not written for scammers, its purpose is to help you avoid writing like a scammer and having your business letter wind up in someone's junk mail folder. No one wants that. What you want is to have your business letters read and acted upon - because you're in business. English for Scammers analyzes common mistakes, drawn from genuine correspondence, and tells you how to improve your writing so that it is appropriate for standard business letters

written in English. Each unit contains exercises and an answer key. A final exam at the end offers a comprehensive review of all topics. Topics include: \* Proper forms of address \* Openings and closings \* Spelling \* Punctuation and capitalization \* HOW MANY CAPITAL LETTERS ARE TOO MANY \* Basic grammatical constructions \* Common sentence patterns for business letters\* Appropriate tone and register \* When it is advisable to refer to your esophageal cancer; your religious faith; your charitable intentions; your connections with the UN, plane crash victims, and dead lottery winners; and more Use English for Scammers to hone your 419 letters - or even to write honest, clear, direct business correspondence. The choice, dear readers, is yours.

*Email Copywriting Codex* Oct 26 2020 Slick Yellow Book REVEALS The "Secrets" On How To Make More Sales From Email Copywriting If you'd like to quickly double your sales using nothing but simple, ugly,

plain-text emails, then this book written by a guy (who routinely generates 5 to 6-figure "email" revenue for his clients) will show you how. Introducing the "Email Copywriting Codex." This book contains "everything" you need to know to write email copy that sells. It shows you (in painstaking, borderline sadistic, detail) the principles, strategies, and techniques that you can use to generate the maximum revenue from your email list by writing emails that people love to open, read, and buy from. It also includes lots of sample emails you can model, psychoanalysis of my top performing email copy, and even a brief case study of how I helped one of my clients generate \$100,000 in less than 30 days using emails. Like I said, "everything" you need to know to write email copy that sells. ;-) But here's the thing: It's kinda expensive. It's quite the "short" book, too -- more than 140+ pages or so. (So if you tend to judge the value of a book based on the number of pages it has, then you might

want to skip this one.) It's low on fluff and heavy on implementation. And it's designed that way. Because my goal for you is to open the book, read it in one or two sittings, and immediately apply what you've learned the same day you read it. Sounds good? If yes, then here are some of the awesome info you'll find inside: How often should you actually send emails to your list? A weird copywriting technique demonstrated by a woman who gave birth "without" getting pregnant. Why telling your subscribers to LEAVE your list is one of the best ways to build loyal readership. Exactly where to position your emails in the sales journey process. My "eyebrow-raising" advice about writing your very first Welcome Email. A "deadly" email copywriting secret that literally suffocated a man to death while hanging upside down. 2 simple "tweaks" I've done in my client's email marketing strategy that brought us \$100,000 sales in less than 30 days. How to use the "Dear

Abbie" email copywriting method to covertly disable the "Marketing Bullcrap Radar" of your readers. A sneaky way to write emails that can create rabid customers by willfully "annoying" them. The correct way to use emails to recover 80% of your potential "lost" revenue. A nerve-wracking tactic (used by two notorious world leaders) to "force" people to tune in and listen to what they have to say. Hands down the best "tool" to use if you want to eliminate writer's block, write emails faster, and take the sting out of the email writing process. The #1 dumbest mistake that hopeless romantic guys do BUT could easily be the #1 most profitable strategy for email copywriters. The "funny" reason why my client was so happy that I made his Open Rates drop. What many business owners do in their email marketing that triggers people to report them as "spammers." How to use the "John Wick Principle" to stop people from ignoring and deleting your emails. And so

much more! So here's the deal: Email Copywriting Codex is a book designed to teach you "everything" you need to know when it comes to writing email copy that sells. Grab your copy today, follow what I teach you, and watch your sales from emails explode!

*Hillary Clinton Email Scandal: The Private Email Server Controversy* May 25 2023 The Clinton Email Scandal emerged in March 2015 when it became known that Hillary Clinton during her time as the United States Secretary of State, she exclusively used her family's private email server for official communications. This was not the official protocol as she should always be using the official State Department's email accounts that are maintained on federal servers. Many of the emails that were sent by her were official communications and had to later be marked as classified retroactively by the State Department. This controversy came to the public spotlight during the 2016 presidential bid of Hillary Clinton and the

hearings held by the United States House Select Committee on Benghazi.

**Emails from a Ninja** Dec 08 2021 Some say the origins of Ninjutsu, the art of the ninja, can be traced back to almost 900 years ago in Japan. The techniques, knowledge and training of these warrior assassins was kept a secret as generations of ninja families used this information to ply their trade. As can be imagined, outsiders would never be let into this mysterious and often dangerous world. Over centuries of war and fighting among various clans, the ninja raised their martial art to the highest level and were often sought after when impossible missions were needed to be carried out. Since the end of World War II in 1945, the need for such assassins dwindled and many ninja families were forced to begin training foreigners in order to keep their traditions alive. While the rest of the world now had access to some of the ninja's knowledge and techniques,

many things were still kept secret within tight-knit groups of specific ninja families.

Today, the Internet allows us to have access to many ninja items, techniques and some of the superficial history. What is severely lacking is an upfront and personal account of how a modern-day, real ninja lives his life. This book is just that--a rare story of a Japanese ninja as he communicates by email with his American son-in-law. These fascinating, everyday accounts put the reader in the front seat of watching a true ninja master as he goes about his daily life and more often than not, shows us that the 'way of the warrior' is just as interesting as it is entertaining. You will have a hard time putting this book down.

*A Citizen'S Perspective* May 21 2020 This book is a compilation of my columns for the Montgomery County Sentinel during the period leading up to and including the 2016 election season. These weekly columns for the Sentinel, which began in February of 2015, comprise the content of this book. The topics are topics that captured the attention of the members of our society. As such, these columns represent a snapshot of the issues we have faced and my analysis of them. I have categorized the columns under six themes relating to societal challenges, such as those that we experienced somewhat recently in Baltimore and

Charleston; needed steps to improve our communities, such as our failing infrastructure; today's political landscape, including voter identification to fix a nonexistent problem; the impact of Supreme Court rulings; campaigns and candidate interviews; and the economy, which includes the ever-shrinking middle class and its relation to the Reagan cure-alltrickle-down economics. More than anything, these columns are intended to capture the hypocrisy rampant throughout today's society. As you will see as you read these columns in order from earlier to later, some prognostication was a bit more accurate than others. Please consider the time frame within which each column was written as you read them. While the columns cover more than just what has turned out to be a presidential election like no other before it, it is the 2016 election that is the main focus of this book. However, it was always my intention in writing these columns to capture the many challenges we face as a society,

provide you with my own personal perspective on those challenges, and motivate the reader to consider widening his or her own perspectives on the various issues reflected in the columns. I will leave it to the reader to determine if I succeeded.

### **Exposed! Hillary Clinton's Secret Emails!** Apr 24 2023

Exposed! Hillary Clinton's Secret Emails digs deep into her private correspondence from the time she and her husband left the White House to when someone finally had enough balls to complain she was jeopardizing national security. PJ reassures her readers these emails are the real deal. She got them from the Chinese guy who delivers her take-out, and everyone knows the Chinese are great at three things: sweet and sour pork, math, and hacking computers. Does Hillary get slammed in this parody? Absolutely. But no liberal or conservative is safe. PJ Jones pokes fun of people from both ends of the political spectrum, bringing everyone together for

a rip-snorting laugh (although she'll settle for a few smiles and maybe some accidental flatulence). \*\*\*Warning\*\*\* This book is not intended for... Stupid people. Not pointing any fingers (Jonathan Gruber). People with weak hearts, stomachs, or bladders. People with politically correct yardsticks wedged up their asses. This book is intended for... People who live in Colorado and like brownies. People with a crude and outrageous sense of humor. People who think apathetic and corrupt politicians are a joke. *The Secret Lives of Emails* Jan 21 2023 What happens to things lost in the Internet? Where do those lost emails go? And just what are they doing wherever it is that they went? *The Secret Lives of Emails* chronicles the adventures of Emal, a lost email. Naked, friendless, and mostly clueless, Emal wants to find his way home. But in his way stand miles of tubes full of things that seem intent on killing him. He'll need to battle trolls, avoid the lolcats, and try

not to get deleted, while also taking down corporations and saving Net Neutrality. And he really wouldn't mind making a friend in the process. Will he answer the ultimate question . . . Is the Internet made of cats? Under the influence of Douglas Adams and Jasper Fforde, A.J. Ramsey brings the world of the Internet alive. The adventures will continue with book two in the very near future. Or the past. Depending on if H.G. Wells gets his way.

**Email Emperor** Jun 14 2022 If you'd like to ramp up your sales using a simple email 'system', then this crash course on email copywriting can show you how. But first, some ground rules: This email system will only work if you have 1) an email subscriber list of qualified leads, and 2) a proven offer... if you do, this is what you'll learn in this short book: \*How to ethically 'spy' on your customers so you know exactly what they want, sometimes before they do (if you get this right, you'll never wonder what your next offer will be)\*Why this 'A-List'

copywriter thinks you're being too specific about your solution in your copy and what you should be harping on instead\*How to use 'The Hero's Journey' to massively ramp up your response (when you understand this idea, you understand one of the underpinnings of all human choice & desire... this gives you an incredible ability to persuade and influence your readers)\*The most heinous of all the marketing sins (this heathenous idea infects far too many businesses... resulting in shallow pockets, thinning hairlines, and an early grave)\*The "National Enquirer" secret to why most market research is baloney (I'll give you a hint: This involves 'The Bible')\*The "Prince of Print" secret to 'mailing like Gma' (this idea goes way back to the days of Direct-Mail)\*How to make money from a "celebrity-obsessed culture" (this has been used by many marketers to grow their jolly wallets... when you do this, you can leverage the marketing efforts of businesses like Netflix)\*A

simple way to communicate that is 'hardwired' into the way humans think (chances are you already do this almost every day... but adding this to your emails effectively turns off all 'BS' detectors)\*How to use untrue stories to make sales (this is 100% legal and 100% ethical... plus, you can write emails very quickly doing this)\*How the "World's Most Feared Negotiator" flipped the script to sell to people in ways they enjoyed (this is more of a mindset thing than anything else... and it's monkey simple)\*The dog trainer's secret to resistance-free sales \*The "Snowflake" principle to creating a one-of-a-kind brand (funnily enough, your Mom probably gave you this advice when you were young... if only you had listened!)\*Two "Direct-Response 101" ways to kill the kitty with massive curiosity (these ways are so good that I'm using them to write these bullets)\*The "90/10" rule to teasing the heck out of your prospects\*The secret to "striking while the hammer is hot" (doing this will give you

the best chances to make sales to fresh prospects... and will also build your brand the right way over time)\*The Radio Broadcasters secret to writing great emails \*The Spartan Warrior secret to getting your way (this is an ancient communication style used by the Spartans to create immortal brands... don't believe me? King Leonidas and his 300 Spartan warriors are still talked about and celebrated to this day)\*One of email's superpowers that lets it 'swab the deck' of sales pages any day \*A simple change you can make to your Email Service Provider in less than a minute, that can drastically grow your personal brand (this won't happen overnight, but making this switch can grant your brand tons more recognition over time)\*Why this Ex-Disney employee recommends spending time and money on details only a fraction of your customers will ever see\*How to 'trick' your audience's subconscious into liking you (yes this is legal and ethical)\*How to 'flip the switch'

in your own subconscious to easily and reliably burp out more content than your audience can chew\*How to use the emails you're already writing to boost SEO and potentially drive organic search traffic to build your list (this will add maybe 2 minutes to your daily 'grind' and also serves as your FAQ file)\*And more...This book is short and designed to be read in just one or two sittings. You can easily use the information inside to be making sales via email as early as tonight!

### **Secrets to Email Marketing**

Apr 19 2020 Lin Wilder, author of Our Fool Proof Prospecting System and A Search for the Sacred, lays out the fundamentals of an email marketing plan in her newest book, Secrets to Email Marketing. Wilder lays to rest some of the negative press that has befallen email marketing via some concise and verifiable data demonstrating that email marketing is not only alive and

well but may be the preferred method in these days of Twitter, Linked In and Face Book. In her second chapter which she calls The Second Secret, Wilder does a fairly comprehensive job of explaining the history leading up to the Can Spam Act and offers simple and practical advice about how to comply with the laws affecting network marketing and MLM. But the meat of this very readable little book is contained in her three chapters on best practices for emailing, advice on headlining and her excellent section on what she calls "writing power copy." Her treatment of social media and its impact on marketing is a little light but understandable since most major companies are still experimenting with marketing via social media. I liked her lists, attention to the import of basic writing skills and her liberal use of experts sprinkled throughout the book. The author states that she intends the book to be read by those brand new to an online business but the information

contained here applies as well to those of us who have been marketing for years.

All of the guesswork is taken away, and by following this series, you will avoid most of the common mistakes made by new and even experienced online entrepreneurs. All is revealed, nothing is left out The beauty of this series is that you can pick up any book on whatever topic you need at this moment. Or you can purchase each book as it is released. Or ultimately, you can purchase the entire series in a bundle However you choose to use the information offered in this and the other books in this series, you will be moving forward with intention and strategy for success in

your business. About the Author I come with over 20 years of experience building businesses on the Internet. That's right I've been on the Internet since 1993. I have worked with several hundred businesses, from entrepreneurs and small businesses to Fortune 100 companies, including 3M, Dell, Advanced Micro Devices (AMD), the University of Texas at Austin, and Hyundai Steel USA. NONE of my books are about making money online by clicking a button. All of that stuff you read online from the "gurus" is total garbage. There is no easy, fast way to make millions. Sorry. If that's what you're looking for, look elsewhere for people who will lie to you and take your money. I'm not going to do that. My passion is taking the mystery out of the Internet and explaining in clear, easy-to-understand terms how to make money online. I strive to inspire you and prove to you that you can do it, and show you the exact step-by-step process many others just like you have successfully used. Scroll up and

### **Corporate Marketing With Email Campaigns** Mar 31

2021 Email marketing is a direct marketing platform by which a commercial message is sent to a group of people using email (electronic mail). In deeper marketing terms, every email sent to a potential or current customer is a form of email marketing. In email marketing, emails can be used to send ads, request business patronage, or solicit sales or donations, with the sole aim of building loyalty, trust, or brand awareness. Email marketing can be done to either opt in lists or a current customer database. Majorly, the term 'email marketing' is usually used to refer to sending email messages with an aim of enhancing the relationship of a business (product or service provider) with its current or previous customers, to establish customer loyalty for continuous patronage,

acquiring new customers or convincing current customers to purchase something immediately.

*The Petraeus Files* Sep 05 2021

WARNING: The satire you are about to read will change the way you look at our nation's leaders. FOREVER. In November 2012, General David Petraeus stepped down from his post as director of the CIA when it was exposed that he'd had an affair with his biographer, Paula Broadwell. The political scandal that unfolded would eventually include four-star generals, socialites, FBI agents, the Army, a stuffed Sasquatch, and the entire cast of TLC's *Sister Wives*. Hundreds, thousands—maybe millions—of e-mails were exchanged between these parties. Their computers have been seized by the government, and those e-mails would likely never see the light of day. . . . However, access to these confidential documents has been obtained by a most unlikely source: comedian Ted Travelstead.

Through a perfect storm of dumb luck, desperation, and a favor from a friend with a working computer, Travelstead managed to secure these e-mails. He has pored over reams of pages to give you an inside look at *The Petraeus Files*. Prepare to be amazed by: \*The coded phrases Gen. Petraeus and his mistress Paula Broadwell used to keep their rendezvous private, and the numerous nicknames they had for each other ("Peaches: I want your plums in my juicer.") \*Florida socialite Jill Kelley's official titles: Vice Consul of Sweet Times, Ambassador of Lady Town, Lil' Mayor Push-N-Pull, and Undersecretary of All Things Considered, to name a few. \*Gen. John Allen's previously unknown penchant for Nip/Tuck fan fiction With exclusive e-mails, chats, photographs, and illustrations, this is a book that will change the way you look at the military, our nation's leaders, and the phrase "rear admiral." **Secret of Email Marketing** Nov 26 2020 Email marketing has become a cornerstone of

*The Trumping of America* Jan 29 2021 Trump alone is not to

blame... How does it reflect on North American societal values when wealth trumps humanity, selfish individualism trumps compassion, the need to be entertained and to win trumps the truth, and racism and misogyny are rewarded with the most powerful position in the world? The political rise of Donald Trump, from the cutthroat Republican primary process to his move to the White House, has ushered in a new age of politics in the United States. This is a comprehensive analysis of the events surrounding the 2016 presidential election and the unprecedented first year of Donald Trump's presidency. Pamela Hines highlights the growing distortion of American democracy, which threatens political systems around the world. As a Canadian living just across the border, Hines provides a unique perspective on the international impact of the election; explores the roles of religion, racism, nationalism, and gender bias; and critiques the media and its reckless coverage of Trump's ascension.

The Trump presidency is a wake-up call to citizens of the free world. Democracy is at risk, yet power remains in the hands of the people. This assault on democracy can be curtailed only if voters make informed decisions and understand the consequences of their choices—while they still have the right to choose.
