## On War Aug 09 2021

*The Abuse of Evil* Jan 26 2023 Since 9/11 politicians, preachers, conservatives and the media are all speaking about evil. In the past the discourse about evil in our religious, philosophic and literary traditions has provoked thinking, questioning and inquiry. But today the appeal to evil is being used as a political tool to obscure complex issues, block serious thinking and stifle public discussion and debate. We are now confronting a clash of mentalities, not a clash of civilisations. One mentality is drawn to absolutes, moral certainties, and simplistic dichotomies of good and evil. The other seriously questions an appeal to absolutes in politics and criticizes the simplistic division of the world into the forces of evil and the forces of good. In *The Abuse of Evil* Bernstein challenges the claim that without an appeal to absolutes, we lack the grounds for acting decisively in fighting our enemies. The post 9/11 abuse of evil corrupts both democratic politics and religion. The stakes are high in this clash of mentalities in shaping how we think and act in the world today - and in the future.

*Kingdom Come* Mar 28 2023 The sequel to the best-selling Christian fiction series that has sold over 63 million copies! Reunite with all your favorite characters and see how they fare in this capstone final title of the Left Behind saga. The horrors of the Tribulation are over, and Jesus Christ has set up his perfect kingdom on earth. Believers all around the world enjoy a newly perfected relationship with their Lord, and the earth itself is transformed. Yet evil still lurks in the hearts of the unbelieving. As the Millennium draws to a close, the final generation of the unrepentant prepares to mount a new offensive against the Lord Himself—sparking the final and ultimate conflict from which only one side will emerge the eternal victor.

**The Regime** Oct 23 2022 The second prequel traces the rise of the

Antichrist and the journey of the main characters—including Rayford, Chloe, and Buck—toward the Rapture where the seven-year Tribulation awaits them. 250,000 first printing.

*The End of Meaning* Apr 24 2020 The specter of the apocalypse has always been a semiotic fantasy: only at the end of all things will their true meaning be revealed. Our long romance with catastrophe is inseparable from the Western hermeneutical tradition: our search for an elusive truth, one that can only be uncovered through the interminable work of interpretation. Catastrophe terrifies and tantalizes to the extent it promises an end to this task. 9/11 is this book's beginning, but not its end. Here, it seemed, was the apocalypse America had long been waiting for; until it became just another event. And, indeed, the real lesson of 9/11 may be that catastrophe is the purest form of the event. From the poetry of classical Greece to the popular culture of contemporary America, *The End of Meaning* seeks to demonstrate that catastrophe, precisely as the notion of the *sui generis*, has always been generic. This is not a book on the great catastrophes of the West; it offers no canon of catastrophe, no history of the catastrophic. *The End of Meaning* asks, instead, what if meaning itself is a catastrophe?

*The Old Regime and the Revolution* Jan 14 2022

*Armageddon* Dec 25 2022 2004 Christy Award finalist! The scattered Tribulation Force is drawn toward the Middle East, as are all the armies of the world, when human history culminates in the battle of the ages. During the last year of the Great Tribulation, safe houses are no longer safe and the world has become a powder keg of danger. Except for those already in Petra, everyone has been forced to relocate as the Antichrist ratchets up the pressure in the world's most treacherous game. As the Trib Force waits for the coming of Christ, Chloe Williams is drawn out of the safe house to investigate something suspicious. Buck and Tzion travel to Jerusalem while Nicolae Carpathia orders an attack on the city, and Rayford becomes seriously injured outside Petra. Who will survive Armageddon? A repackage of the eleventh book in the New York Times best-selling Left Behind series.

**Revelations** Jun 06 2021 A startling exploration of the history of the most controversial book of the Bible, by the bestselling author of *Beyond Belief*. Through the bestselling books of Elaine Pagels, thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels. As one of the world's foremost religion scholars, she has been a pioneer in interpreting these books and illuminating their place in the early history of Christianity. Her new book, however, tackles a text that is firmly, dramatically within the New Testament canon: *The Book of Revelation*, the surreal apocalyptic vision of the end of the world . . . or is it? In this startling and timely book, Pagels returns *The Book of Revelation*

to its historical origin, written as its author John of Patmos took aim at the Roman Empire after what is now known as "the Jewish War," in 66 CE. Militant Jews in Jerusalem, fired with religious fervor, waged an all-out war against Rome's occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple. Pagels persuasively interprets Revelation as a scathing attack on the decadence of Rome. Soon after, however, a new sect known as "Christians" seized on John's text as a weapon against heresy and infidels of all kinds—Jews, even Christians who dissented from their increasingly rigid doctrines and hierarchies. In a time when global religious violence surges, *Revelations* explores how often those in power throughout history have sought to force "God's enemies" to submit or be killed. It is sure to appeal to Pagels's committed readers and bring her a whole new audience who want to understand the roots of dissent, violence, and division in the world's religions, and to appreciate the lasting appeal of this extraordinary text.

**Progress and Poverty** Jul 28 2020 First published in 1879, "Progress and Poverty" is the ground-breaking treatise on the relationship between industrialization and poverty by Henry George, the American social theorist and economist. A huge commercial success when it was published and one of the best-selling books in America in the late 19th century, George's work had a profound influence on economists, politicians, and social reformers all over the world. In "Progress and Poverty", George attempted to understand why the technical and economic progress of the Industrial Age was so often accompanied by increases in poverty and human suffering. These "boom and bust" cycles in the economy had devastating impacts on countless numbers of people and George sought to find better solutions to these pressing problems. The solution that he proposed was radical at the time: a tax on land so that the value of private property could protect the most vulnerable from the fluctuations in the larger economy. Many of his ideas were instrumental to a new progressive social movement and have been adopted by several countries in the century since his work was first published

*Left Behind* Mar 16 2022 After millions of people around the world vanish in one moment, in what many claim to be the Rapture, Rayford Steele begins a search for the truth amidst global chaos.

*Seeing Like a State* Mar 04 2021 "One of the most profound and illuminating studies of this century to have been published in recent decades."—John Gray, *New York Times* Book Review Hailed as "a magisterial critique of top-down social planning" by the *New York Times*, this essential work analyzes disasters from Russia to Tanzania to uncover why states so often fail—sometimes catastrophically—in grand efforts to engineer their society or their environment, and uncovers the conditions common to all such planning disasters. "Beautifully written, this book calls into sharp relief the nature of the

world we now inhabit.”—New Yorker “A tour de force.”— Charles Tilly, Columbia University

**Left Behind SC Books 1-6 Boxed Set** Apr 16 2022 This collection includes six soft cover editions of the best-selling Left Behind series. Left Behind products have sold more than 40,000,000 copies and continue to be a national phenomena.

**The First Blast of the Trumpet Against the Monstrous Regiment of Women** Sep 09 2021

The Second Machine Age: Work, Progress, and Prosperity in a Time of Brilliant Technologies Dec 01 2020 A pair of technology experts describe how humans will have to keep pace with machines in order to become prosperous in the future and identify strategies and policies for business and individuals to use to combine digital processing power with human ingenuity.

**American Prometheus** Jul 08 2021 THE INSPIRATION FOR THE MAJOR MOTION PICTURE OPPENHEIMER • “A riveting account of one of history’s most essential and paradoxical figures.”—Christopher Nolan #1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE WINNER • The definitive biography of J. Robert Oppenheimer, one of the iconic figures of the twentieth century, a brilliant physicist who led the effort to build the atomic bomb for his country in a time of war, and who later found himself confronting the moral consequences of scientific progress. In this magisterial, acclaimed biography twenty-five years in the making, Kai Bird and Martin Sherwin capture Oppenheimer’s life and times, from his early career to his central role in the Cold War. This is biography and history at its finest, riveting and deeply informative. “A masterful account of Oppenheimer’s rise and fall, set in the context of the turbulent decades of America’s own transformation. It is a tour de force.” —Los Angeles Times Book Review “A work of voluminous scholarship and lucid insight, unifying its multifaceted portrait with a keen grasp of Oppenheimer’s essential nature.... It succeeds in deeply fathoming his most damaging, self-contradictory behavior.” —The New York Times

The Black Book of Communism Feb 12 2022 This international bestseller plumbs recently opened archives in the former Soviet bloc to reveal the accomplishments of communism around the world. The book is the first attempt to catalogue and analyse the crimes of communism over 70 years.

**The Rapture** Aug 21 2022 In this the final prequel to the blockbuster series, the story features the Rapture three-quarters of the way through the book and then follows characters such as Irene and Raymie (and others) up to heaven, where they are able to see events in the Tribulation from heaven’s perspective. The story alternates between events on earth immediately after the Rapture (covering lots of things the authors wished they could have covered in the original volumes) and characters in heaven and how they view the chaotic events on earth.

*The Left Behind Prequels Collection: The Rising / The Regime / The Rapture* Jul 20 2022 This collection bundles all 3 of the blockbuster Left Behind Prequels by Tim LaHaye and Jerry B. Jenkins together into one e-book for a great value! #1: The Rising The Rising begins a new

Left Behind series that will give you a glimpse into the lives of your favorite characters before the Rapture. Have you ever wondered what life was like before the Rapture for Rayford, Irene, and Chloe Steele, Bruce Barnes, Buck Williams, and Tsion Ben Judah? Plus, see why Viv Ivins plays such a pivotal role in Nicolae Carpathia’s life. What were the events surrounding Nicolae’s sudden rise to power? How did he become filled with evil? You will find all these answers and more in this exciting new series! In *The Rising*, Marilena Carpathia has only one dream: to be a mother. So when a mysterious clairvoyant promises the fulfillment of this dream, Marilena does not hesitate. Through genetic engineering and the power of the prince of darkness himself, Marilena is about to become a chosen vessel, one who will unknowingly give birth to the greatest evil the world has ever known. Halfway around the world, God’s plans are subtly being carried out too. Young Ray Steele is determined to avoid one day taking over the family business. Instead, Ray sets his heart on becoming a pilot. Soon Carpathia’s and Steele’s lives will intersect. And good and evil will clash in an explosion that will shake the world. The eternal battle for souls has come to earth. The world hurtles toward the countdown to the Rapture. #2: *The Regime* Dynamic Romanian multimillionaire Nicolae Carpathia’s sphere of influence steadily grows as he parlays his looks, charm, charisma, and intellectual brilliance into success in business and politics. But is it mere coincidence that those who oppose or offend him suffer to the point of death? Meanwhile, a young Buck Williams begins his journalistic career. Pilot Rayford Steele gains more responsibility at work and at home. Scientist Chaim Rosenzweig begins work on a secret formula that could change the world. All three go about their daily lives, unaware of each other or of the powerful young man from Romania. Around the world, the stage is being set for the cataclysmic event that will change the world forever. #3: *The Rapture* In this the final prequel to the blockbuster series, the story features the Rapture three-quarters of the way through the book and then follows characters such as Irene and Raymie (and others) up to heaven, where they are able to see events in the Tribulation from heaven’s perspective. The story alternates between events on earth immediately after the Rapture (covering lots of things the authors wished they could have covered in the original volumes) and characters in heaven and how they view the chaotic events on earth.

**Open and Unabashed Reviews on the Regime** May 30 2023 In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "The Regime: Evil Advances Before They Were Left Behind." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

**The Remnant** Aug 28 2020 While a million people converge on the ancient city of Petra in preparation for the "Glorious Appearing," the Global Community begins to bomb the city, while believers elsewhere in the world face martyrdom at the hands of the Antichrist.

*An End to Evil* Sep 21 2022 An End to Evil charts the agenda for what’s next in the war on terrorism, as articulated by David Frum, former presidential speechwriter and bestselling author of *The Right Man*, and Richard Perle, former assistant secretary of defense and one of the most influential foreign-policy leaders in Washington. This world is an unsafe place for Americans—and the U.S. government remains unready to defend its people. In *An End to Evil*, David Frum and Richard Perle sound the alert about the dangers around us: the continuing threat from terrorism, the crisis with North Korea, the aggressive ambitions of China. Frum and Perle provide a detailed, candid account of America’s vulnerabilities: a military whose leaders resist change, intelligence agencies mired in bureaucracy, diplomats who put friendly relations with their foreign colleagues ahead of the nation’s interests. Perle and Frum lay out a bold program to defend America—and to win the war on terror. Among the topics this book addresses: • why the United States risks its security if it submits to the authority of the United Nations • why France and Saudi Arabia have to be treated as adversaries, not allies, in the war on terror • why the United States must take decisive action against Iran—now • what to do in North Korea if negotiations fail • why everything you read in the newspapers about the Israeli-Arab dispute is wrong • how our government must be changed if we are to fight the war on terror to victory—not just stalemate • where the next great terror threat is coming from—and what we can do to protect ourselves *An End to Evil* will define the conservative point of view on foreign policy for a new generation—and shape the agenda for the 2004 presidential-election year and beyond. With a keen insiders’ perspective on how our leaders are confronting—or not confronting—the war on terrorism, David Frum and Richard Perle make a convincing argument for why the toughest line is the safest line.

**For Good and Evil** Dec 13 2021 Records the impact of taxation on events in world history, from ancient Egypt to the present, and concludes that taxation has been a force that has shaped world history and has had a direct bearing on the civilization process.

The Regime Jun 30 2023

**How Evil Works** Nov 23 2022 David Kupelian, veteran journalist and bestselling author of *The Marketing of Evil*, probes the millennia-old questions of evil—what it is, how it works, and why it so routinely and effortlessly ruins our lives—once again demonstrating his uncanny knack for demystifying complex, elusive, and intimidating subjects with fresh insights into the hidden mechanisms of seduction, corruption, religion, and power politics. Analyzing today’s most electrifying news stories and hot-button topics, Kupelian explores such profoundly troubling questions as Why are big lies more believable than little ones? How does terrorism really work? Why do so many celebrities who “have it all” end up self-destructing? Why are boys doing worse in school today than girls? Why do we treat the problems of anger and depression with drugs? . . . and much more. Fortunately, once we really understand “how evil works”—both in our own lives and in the world at large—evil loses much of its power and the way out becomes more clear.

**An Historical and Moral View of the Origin and Progress of the French Revolution** May 06 2021 In addition to her works on feminist thought and the education of women, Wollstonecraft also wrote historical texts such as this work dedicated to the French Revolution and its effects throughout Europe.

**The Regime** Sep 02 2023 Nicolae Carpathia will do anything to get to the presidency as the stage is being set for the cataclysmic event that will change the world forever.

**Evil Days** Nov 11 2021 For the past thirty years-under both Emperor Haile Selassie and President Mengistu Haile Mariam-Ethiopia suffered continuous war and intermittent famine until every single province has been affected by war to some degree. Evil Days, documents the wide range of violations of basic human rights committed by all sides in the conflict, especially the Mengistu government's direct responsibility for the deaths of at least half a million Ethiopian civilians.

**The Rising** Feb 24 2023 The Rising begins a new Left Behind series that will give you a glimpse into the lives of your favorite characters before the Rapture. Have you ever wondered what life was like before the Rapture for Rayford, Irene, and Chloe Steele, Bruce Barnes, Buck Williams, and Tsion Ben Judah? Plus, see why Viv Ivins plays such a pivotal role in Nicolae Carpathia's life. What were the events surrounding Nicolae's sudden rise to power? How did he become filled with evil? You will find all these answers and more in this exciting new series! In The Rising, Marilena Carpathia has only one dream: to be a mother. So when a mysterious clairvoyant promises the fulfillment of this dream, Marilena does not hesitate. Through genetic engineering and the power of the prince of darkness himself, Marilena is about to become a chosen vessel, one who will unknowingly give birth to the greatest evil the world has ever known. Halfway around the world, God's plans are subtly being carried out too. Young Ray Steele is determined to avoid one day taking over the family business. Instead, Ray sets his heart on becoming a pilot. Soon Carpathia's and Steele's lives will intersect. And good and evil will clash in an explosion that will shake the world. The eternal battle for souls has come to earth. The world hurtles toward the countdown to the Rapture.

**Don't Be Evil** Oct 30 2020 A penetrating indictment of how today's largest tech companies are hijacking our data, our livelihoods, our social fabric, and our minds—from an acclaimed Financial Times columnist and CNN analyst WINNER OF THE PORCHLIGHT BUSINESS BOOK AWARD • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FOREIGN AFFAIRS AND EVENING STANDARD “Don't be evil” was enshrined as Google's original corporate mantra back in its early days, when the company's cheerful logo still conveyed the utopian vision for a future in which technology would inevitably make the world better, safer, and more prosperous. Unfortunately, it's been quite a while since Google, or the majority of the Big Tech companies, lived up to this founding philosophy. Today, the utopia they sought to create is looking more dystopian than ever: from digital surveillance and the loss of privacy to the spreading of misinformation and hate speech to predatory algorithms targeting the weak and vulnerable to products that have been engineered to manipulate our desires. How

did we get here? How did these once-scrappy and idealistic enterprises become rapacious monopolies with the power to corrupt our elections, co-opt all our data, and control the largest single chunk of corporate wealth—while evading all semblance of regulation and taxes? In Don't Be Evil, Financial Times global business columnist Rana Foroohar tells the story of how Big Tech lost its soul—and ate our lunch. Through her skilled reporting and unparalleled access—won through nearly thirty years covering business and technology—she shows the true extent to which behemoths like Google, Facebook, Apple, and Amazon are monetizing both our data and our attention, without us seeing a penny of those exorbitant profits. Finally, Foroohar lays out a plan for how we can resist, by creating a framework that fosters innovation while also protecting us from the dark side of digital technology. Praise for Don't Be Evil “At first sight, Don't Be Evil looks like it's doing for Google what muckraking journalist Ida Tarbell did for Standard Oil over a century ago. But this whip-smart, highly readable book's scope turns out to be much broader. Worried about the monopolistic tendencies of big tech? The addictive apps on your iPhone? The role Facebook played in Donald Trump's election? Foroohar will leave you even more worried, but a lot better informed.”—Niall Ferguson, Milbank Family Senior Fellow at the Hoover Institution, Stanford, and author of The Square and the Tower The Death of Character May 18 2022 The Death of Character is a broad historical, sociological, and cultural inquiry into the moral life and moral education of young Americans based upon a huge empirical study of the children themselves. The children's thoughts and concerns-expressed here in their own words-shed a whole new light on what we can expect from moral education. Targeting new theories of education and the prominence of psychology over moral instruction, Hunter analyzes the making of a new cultural narcissism.

**Do Not Disturb** Jan 02 2021 A powerful investigation into a grisly political murder and the authoritarian regime behind it: Do Not Disturb upends the narrative that Rwanda sold the world after one of the deadliest genocides of the twentieth century. We think we know the story of Africa's Great Lakes region. Following the Rwandan genocide, an idealistic group of young rebels overthrew the brutal regime in Kigali, ushering in an era of peace and stability that made Rwanda the donor darling of the West, winning comparisons with Switzerland and Singapore. But the truth was considerably more sinister. Vividly sourcing her story with direct testimony from key participants, Wrong uses the story of the murder of Patrick Karegeya, once Rwanda's head of external intelligence and a quicksilver operator of supple charm, to paint the portrait of a modern African dictatorship created in the chilling likeness of Paul Kagame, the president who sanctioned his former friend's assassination.

**Nicolae** Apr 28 2023 It has been nearly two years since the day of the mass disappearances. In one cataclysmic instant, millions all over the globe simply vanished, leaving everything but flesh and bone behind. Global war has erupted, and the Tribulation Force sets a suicidal course that places them in direct opposition to the rise of Antichrist. A repackage of the third book in the New York Times best-selling Left

Behind series.

**Exceptional State** Jun 26 2020 Exceptional State analyzes the nexus of culture and contemporary manifestations of U.S. imperialism. The contributors, established and emerging cultural studies scholars, define culture broadly to include a range of media, literature, and political discourse. They do not posit September 11, 2001 as the beginning of U.S. belligerence and authoritarianism at home and abroad, but they do provide context for understanding U.S. responses to and uses of that event. Taken together, the essays stress both the continuities and discontinuities embodied in a present-day U.S. imperialism constituted through expressions of millennialism, exceptionalism, technological might, and visions of world dominance. The contributors address a range of topics, paying particular attention to the dynamics of gender and race. Their essays include a surprising reading of the ostensibly liberal movies Wag the Dog and Three Kings, an exploration of the rhetoric surrounding the plan to remake the military into a high-tech force less dependent on human bodies, a look at the significance of the popular Left Behind series of novels, and an interpretation of the Abu Ghraib prison photos. They scrutinize the national narrative created to justify the U.S. invasions of Afghanistan and Iraq, the ways that women in those countries have responded to the invasions, the contradictions underlying calls for U.S. humanitarian interventions, and the role of Africa in the U.S. imperial imagination. The volume concludes on a hopeful note, with a look at an emerging anti-imperialist public sphere. Contributors. Omar Dahbour, Ashley Dawson, Cynthia Enloe, Melani McAlister, Christian Parenti, Donald E. Pease, John Carlos Rowe, Malini Johar Schueller, Harilaos Stecopoulos

The Regime Aug 01 2023 Dynamic Romanian multimillionaire Nicolae Carpathia's sphere of influence steadily grows as he parlays his looks, charm, charisma, and intellectual brilliance into success in business and politics. But is it mere coincidence that those who oppose or offend him suffer to the point of death? Meanwhile, a young Buck Williams begins his journalistic career. Pilot Rayford Steele gains more responsibility at work and at home. Scientist Chaim Rosenzweig begins work on a secret formula that could change the world. All three go about their daily lives, unaware of each other or of the powerful young man from Romania. Around the world, the stage is being set for the cataclysmic event that will change the world forever.

**The Dictator's Handbook** Jan 31 2021 Explains the theory of political survival, particularly in cases of dictators and despotic governments, arguing that political leaders seek to stay in power using any means necessary, most commonly by attending to the interests of certain coalitions.

Dred Scott and the Problem of Constitutional Evil Apr 04 2021 Dred Scott and the Problem of Constitutional Evil , first published in 2006, concerns what is entailed by pledging allegiance to a constitutional text and tradition saturated with concessions to evil. The Constitution of the United States was originally understood as an effort to mediate controversies between persons who disputed fundamental values, and did not offer a vision of the good society. In order to form a 'more

perfect union' with slaveholders, late-eighteenth-century citizens fashioned a constitution that plainly compelled some injustices and was silent or ambiguous on other questions of fundamental right. This constitutional relationship could survive only as long as a bipartisan consensus was required to resolve all constitutional questions not settled in 1787. Dred Scott challenges persons committed to human freedom to determine whether antislavery northerners should have provided more accommodations for slavery than were constitutionally strictly necessary or risked the enormous destruction of life and property that preceded Lincoln's new birth of freedom.

**Bad Pharma** Oct 11 2021 Argues that doctors are deliberately misinformed by profit-seeking pharmaceutical companies that casually withhold information about drug efficacy and side effects, explaining the process of pharmaceutical data manipulation and its global consequences. By the best-selling author of Bad Science.

**Strengthening Forensic Science in the United States** Sep 29 2020 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool

for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

**The Left Behind Fantasy** May 25 2020 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995. Jerry Falwell pronounced it the most important series of books in the history of modern Christianity. Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it. But according to real biblical scholarship, this series is seriously flawed. Based on a misreading of many scriptures, including Daniel and the Book of Revelation, it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence in expectation of an impending doom and the sudden, unexpected return of Jesus. In this book, William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books, critiquing them in the light of genuine biblical scholarship and common sense.

**Eichmann in Jerusalem** Jun 18 2022 The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of The Origins of Totalitarianism Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in The New Yorker in 1963. This revised edition includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, Eichmann in Jerusalem is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.
