Autobiography of a Corpse May 20 2020 An NYRB Classics Original Winner of the 2014 PEN Translation Prize Winner of the 2014 Read Russia Prize The stakes are wildly high in Sigizmund Krzhizhanovsky's fantastic and blackly comic philosophical fables, which abound in nested narratives and wild paradoxes. This new collection of eleven mind-bending and spellbinding tales includes some of Krzhizhanovsky's most dazzling conceits: a provincial journalist who moves to Moscow finds his existence consumed by the autobiography of his room's previous occupant; the fingers of a celebrated pianist's right hand run away to spend a night alone on the city streets; a man's lifelong quest to bite his own elbow inspires both a hugely popular circus act and a new refutation of Kant. Ordinary reality cracks open before our eyes in the pages of *Autobiography of a Corpse*, and the extraordinary spills out.

The Anticipatory Corpse Oct 17 2022 In this original and compelling book, Jeffrey P. Bishop, a philosopher, ethicist, and physician, argues that something has gone sadly amiss in the care of the dying by contemporary medicine and in our social and political views of death, as shaped by our scientific successes and ongoing debates about euthanasia and the "right to die"—or to live. The

Anticipatory Corpse: Medicine, Power, and the Care of the Dying, informed by Foucault's genealogy of medicine and power as well as by a thorough grasp of current medical practices and medical ethics, argues that a view of people as machines in motion—people as, in effect, temporarily animated corpses with interchangeable parts—has become epistemologically normative for medicine. The dead body is subtly anticipated in our practices of exercising control over the suffering person, whether through technological mastery in the intensive care unit or through the impersonal, quasi-scientific assessments of psychological and spiritual "medicine." The result is a kind of nihilistic attitude toward the dying, and troubling contradictions and absurdities in our practices. Wide-ranging in its examples, from organ donation rules in the United States, to ICU medicine, to "spiritual surveys," to presidential bioethics commissions attempting to define death, and to high-profile cases such as Terri Schiavo's, *The Anticipatory Corpse* explores the historical, political, and philosophical underpinnings of our care of the dying and, finally, the possibilities of change. This book is a ground-breaking work in bioethics. It will provoke thought and argument for all those engaged in medicine, philosophy, theology, and health policy.

Stinky Corpse Flowers Jul 02 2021 "The huge corpse flower rarely blooms, sometimes once every ten years. When it does, it gives off a strong scent—the stink of a rotting corpse! The gross smell has a purpose, as readers of this fascinating volume will learn. It has everything to do with a main subject of the elementary science curriculum: pollination. Other science topics covered include plant life cycles and structures. Fact boxes add even more expert information, while full-color photographs offer an up-close look at a unique, high-interest plant"--

The Code of Criminal Procedure (Act X of 1882) Apr 18 2020

Text, Theory, Space Nov 25 2020 Focusing on two white settler societies, South Africa and Australia, this book investigates the meaning of 'the South' as an aesthetic, political geographical and cultural space. This is a landmark in post-colonial theory and criticism. *Text, Theory, Space* is a landmark in post-colonial criticism and theory. Focusing on two white settler societies, South Africa and Australia, the contributors investigate the meaning of 'the South' as an aesthetic, political, geographical and cultural space. Drawing upon a wide range of disciplines which include literature, history, urban and cultural geography, politics and anthropology, the contributors examine crucial issues including: * defining what 'the South' encompasses * investigating ideas of space, history, land and landscape * claiming, naming and possessing land * national and personal boundaries * questions of race, gender and nationalism

The Psychic Hold of Slavery Apr 23 2023 What would it mean to "get over slavery"? Is such a thing possible? Is it even desirable? Should we perceive the psychic hold of slavery as a set of mental manacles that hold us back from imagining a post-racist America? Or could the psychic hold of slavery be understood as a tool, helping us get a grip on the systemic racial inequalities and restricted liberties that persist in the present day? Featuring original essays from an array of established and emerging scholars in the interdisciplinary field of African American studies, *The Psychic Hold of Slavery* offers a nuanced dialogue upon these questions. With a painful awareness that our understanding of the past informs our understanding of the present—and vice versa—the contributors place slavery's historical legacies in conversation with twenty-first-century manifestations of antiblack violence, dehumanization, and social death. Through an exploration of film, drama, fiction, performance art, graphic novels, and philosophical discourse, this volume considers how artists grapple with questions of representation, as they ask whether slavery can ever be accurately depicted, trace the scars that slavery has left on a traumatized body politic, or debate how to best convey that black lives matter. *The Psychic Hold of Slavery* thus raises provocative questions about how we behold the historically distinct event of African diasporic enslavement and how we might hold off the transhistorical force of

antiblack domination.

Harnessing the Power of the Criminal Corpse Jun 25 2023 This open access book is the culmination of many years of research on what happened to the bodies of executed criminals in the past. Focusing on the eighteenth and nineteenth centuries, it looks at the consequences of the 1752 Murder Act. These criminal bodies had a crucial role in the history of medicine, and the history of crime, and great symbolic resonance in literature and popular culture. Starting with a consideration of the criminal corpse in the medieval and early modern periods, chapters go on to review the histories of criminal justice, of medical history and of gibbeting under the Murder Act, and ends with some discussion of the afterlives of the corpse, in literature, folklore and in contemporary medical ethics. Using sophisticated insights from cultural history, archaeology, literature, philosophy and ethics as well as medical and crime history, this book is a uniquely interdisciplinary take on a fascinating historical phenomenon.

A Treatise on the Law of Torts, Or, The Wrongs which Arise Independent of Contract Jan 20 2023

Wisdom Wide and Deep Sep 23 2020 "If you are interested in Dharma study, this book belongs in your library."---Phillip Moffitt, author of *Dancing with Life* "This book can be the guide for cultivating the inner calm we long for."---Christina Feldman, author of *Compassion: Listening to the Cries of the World* "This handbook respects both the ancient tradition and the needs of contemporary lay practitioners, without compromising either. Shaila Catherine blends scriptural references, personal examples, and timeless stories with detailed meditation instructions. The combination of pragmatic style and theoretical knowledge produces a striking invitation for the reader to apply these instructions and master the complete practice for awakening."---from the foreword by Pa-Auk Sayadaw, author of *The Workings of Kamma* "Catherine has managed a difficult feat---to be simultaneously encyclopedic and charming, all with extraordinary clarity. This meditation manual is a first for the West and will surely become a classic and a support for generations of practitioners."---Kate Wheeler, editor of *In This Very Life: Liberation Teachings of the Buddha* "Wisdom Wide and Deep is a powerful inspiration both for those who would like a glimpse of what's possible and for those intrepid explorers of the mind who want to bring these teachings to fulfillment. Highly recommended."---Joseph Goldstein, author of *A Heart Full of Peace* "Written in clear, practical language, this book converts theory into direct experience. It is a detailed exploration of deep calmness as well as insight. The West needs such manuals."---Christopher Titmuss, author of *Light on Enlightenment* "A valuable work as both a practice guide and a reference manual."---Guy Armstrong, insight meditation teacher

The Religious System of China: book I. Disposal of the dead May 24 2023

To Have and to Hold Feb 09 2022 From amassing sacred relics to collecting celebrity memorabilia, the impulse to hoard has gripped humankind throughout the centuries. But what is it that drives people to possess objects that have no conceivable use? *To Have and To Hold* is a captivating tour of collectors and their treasures from medieval times to the present, from a cabinet containing unicorn horns and a Tsar's collection of teeth to the macabre art of embalmer Dr. Frederick Ruysch, the fabled castle of William Randolph Hearst, and the truly preoccupied men who stockpile food wrappers and plastic cups. An engrossing story of the collector as bridegroom, deliriously, obsessively happy, wed to his possessions, till death do us part.

Annual Report Jul 14 2022

The Oxford Handbook of the Archaeology of Death and Burial Jul 22 2020 The Oxford Handbook of the Archaeology of Death and Burial reviews the current state of mortuary archaeology and its practice, highlighting its often contentious place in the modern socio-politics of archaeology. It contains forty-four chapters which focus on the history of the discipline and its current scientific techniques and methods. Written by leading, international scholars in the field, it derives its examples and case studies from a wide range of time periods, such as the middle palaeolithic to the twentieth century, and geographical areas which include Europe, North and South America, Africa, and Asia. Combining up-to-date knowledge of relevant archaeological research with critical assessments of the theme and an evaluation of future research trajectories, it draws attention to the social, symbolic, and theoretical aspects of interpreting mortuary archaeology. The volume is well-illustrated with maps, plans, photographs, and illustrations and is ideally suited for students and researchers.

The Cruel Radiance Aug 15 2022 In *The Cruel Radiance*, Susie Linfield challenges the idea that photographs of political violence exploit their subjects and pander to the voyeuristic tendencies of their viewers. Instead she argues passionately that looking at such images—and learning to see the people in them—is an ethically and politically necessary act that connects us to our modern history of violence and probes the human capacity for cruelty. Grappling with critics from Walter Benjamin and Bertolt Brecht to Susan Sontag and the postmoderns—and analyzing photographs from such events as the Holocaust, China's Cultural Revolution, and recent terrorist acts—Linfield explores the complex connection between photojournalism and the rise of human rights ideals. In the book's concluding section, she examines the indispensable work of Robert Capa, James Nachtwey, and Gilles Peress and asks how photography should respond to the increasingly nihilistic trajectory of modern warfare. A bracing and unsettling book, *The Cruel Radiance* convincingly demonstrates that if we hope to alleviate political violence, we must first truly understand it—and to do that, we must begin to look.

The Body Keeps the Score Jul 26 2023 An expert on traumatic stress outlines an approach to healing, explaining how traumatic stress affects brain processes and how to use innovative treatments to reactivate the mind's abilities to trust, engage others, and experience pleasure--
