From the moment I started reading, I was transported to the small town of Sunset Ridge where I spent the day. I ignored anything and everything that had to do with adulting. --Reviewer This could be Hallmark Alaska. Cheesy, fun, Alaska and then there's Ed -the 2000 lb moose that has befriended the town of Sunset Ridge. --Reviewer This is a wonderful book. If you like a deep good, page turner this book for you. --Reviewer What a fun book! I fell in love with Ed, the moose. And the town of Sunset Ridge, Alaska. What a treasure to find a place like that to live. --Reviewer When I travel to the small town of Sunset Ridge for the reading of my great aunt's will, I have no idea that my sisters and I are about to inherit a lodge. Or that my rugged Alaskan neighbor is the caretaker I'll be spending all my time with. Falling for Ford Harris would be unwise. I'm supposed to get the lodge listed for sale and leave. Not to mention that he hasn't dated anyone since his wife died four years ago. The little sister he's super protective over let it slip that he swore off ever falling in love again. But he's cooking me dinner, showing me around town, and saving me from getting trampled by the town's favorite moose. Don't even get me started on the way my brain short circuits when I catch him shirtless and towel-drying his hair. The truth is? I'm falling hard, and I wish I didn't have to leave. If you love fun, small town romance, Moose Be Love is packed full of that charm—a fun cast of characters, a quirky small town Alaskan setting, and a swoony-romance with all the feels. All inspired by the decade the author lived in Alaska. Like a fresh wind, Sam Keen sweeps away tired self-help nostrums and reams of "bad advice from Dr. Lonelyhearts" to reveal a stunningly new map of love in all its forms. Love is not something we "fall" into, claims Keen, but a complex art combining many skills and talents that take a lifetime to learn fully. At the center of his book are sixteen distinct "elements of love": ranging from attention—a precious gift we can bestow on co-worker, friend, child, and spouse alike—to more exclusive gifts like desire and sexuality. Combining stories, poems and quotes with insights from modern psychology and spiritual tradition, Keen brilliantly explores the elements of memory and solitude in love, the importance of both enjoyment and commitment, and how we can cultivate the essential qualities of empathy and compassion. Each piece ends with suggestions for strengthening our daily practice of the element, so that we constantly enlarge our ability to love in all our relationships. The final section of the book is a soaring meditation on the claim that "those who love know God," an invitation to experience our place in the universe through the eyes of love. Each one of us is created for relationship. To prosper in life the way God intends; body, soul, and spirit, you must understand His design for relationships and what that means for you. In To Love & To Be Loved, author Lisa Schwarz teaches that loving others and being loved by others is intertwined. One without the other is an incomplete puzzle, and reconciling with God, with yourself, and with others is the only way to firmly establish the healthy relationships you seek. The flowers growing in this garden reflect the emotions of the one planting and feeding them. We get what we give. "Love Grows Love" is a simple reminder that what we extend to others, others give us in return. The world is a reflection of our actions, thoughts and beliefs. A beautiful way to explain emotions to a child. A simple and deep book for the whole family. Love grows love. Fear grows fear. Acceptance grows acceptance. Anger grows anger. Kindness grows kindness. What will you grow? This groundbreaking book from the best-selling authors of Getting the Love You Want and coauthors of Giving the Love that Heals is the first to address the biggest unexplored issue facing couples today: Most of us are better at giving love than accepting it. We don't realize all the ways that our resistance to appreciation, praise, compliments, and accepting help from others hurts us and cripples our relationships. Many partners learn how to give love, but many more undermine their relationships by for-getting something that is equally important -- learning to receive it. According to the authors, the root of the problem is the self-rejection that began in childhood, when our parents

and caretakers unintentionally failed to nurture or directly rejected traits, characteristics, or im-pulses when we were children. We end up rejecting in ourselves whatever our caretakers ignored or rejected in the course of our childhoods. When we become adults, this makes it impossible to let in the love we want and need, even when our partners offer it. As a result, we dismiss compliments, minimize gestures of affection, and create obstacles to true intimacy. In this book, Harville Hendrix and Helen LaKelly Hunt, co-creators of Imago Relation-ship Therapy, offer a definitive guide to breaking the shackles of self-rejection and embracing the love our partners offer. Receiving Love is a very personal book for Drs. Hendrix and Hunt, and much of their own journey is the inspiration for it. Drawing on their renowned expertise, the wide clinical experience of hundreds of Imago therapists, and their own personal experience, the authors are able to offer detailed guidance on how to conquer the problems that come from self-rejection and embrace the gifts that are abundant in every person's life, if only we knew how to accept them. With its groundbreaking theory, challenging processes, and inspiring examples, this book holds the key to loving relationships that last. This book will challenge you to grow, improve your life, and increase your A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is

love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better. Years ago, Clara survived a vicious bear attack. But it turns out her scars aren't as fixable as she hoped, and when her boyfriend begins to press for a forever commitment, she has second thoughts about New York. Then Rhodes, a student teacher in her English class, forces her to acknowledge her writing talent, and everything becomes even more confusing--especially with the feelings she's starting to have about him. Now all Clara wants to do is hide from the tough choices she has to make. When her world comes crashing down around her, Clara has to confront her problems and find her way to a decision. Will she choose the life of her dreams or the life that someone she loves has chosen? Which choice is scarier? We were made to love and be loved. Loving ourselves and others is in our genetic code. It's nothing other than the purpose of our lives—but knowing that doesn't make it easy to do. We may find it a challenge to love ourselves. We may have a hard time letting love in from others. We're often afraid of getting hurt. It is also sometimes scary for us to share love with those around us—and love that isn't shared leaves us feeling flat and unfulfilled. David Richo provides the tools here for learning how to love in evolved adult ways—beginning with getting past the barriers that keep us from loving ourselves, then showing how we can learn to open to love others. He provides wisdom from Buddhism, psychology, and a range of spiritual traditions, along with a wealth of practices both for avoiding the pitfalls that can occur in love relationships and for enhancing the way love shows up in our lives. He then leads us on to love's inevitable outcome: developing a heart that loves universally and indiscriminately. This transcendent and unconditional love isn't just for a heroic few, Dave shows, it's everyone's magnificent calling. #1 NEW YORK TIMES BESTSELLER "[A] poetic reckoning of the importance of love in a child's life . . . eloquent and moving."—People "Everything that can be called love --

Be Not Afraid of Love is a stunning collection of interconnected essays and affirmations that follow Mimi Zhu's journey toward embodying and re-learning love after a violent relationship. They found that in words. In sharing their own intimate encounters with oppression, healing, joy and community, Mimi invites readers all over the world to reflect deeply on their own experiences, with the intention of acting as a guide to undoing the hurt or uncertainty within them. This book is a continuation of that re-learning, exploring the intersections of love and fear in self-esteem, friendship, family dynamics and romantic relationships, and extending out to its effects on society and the greater political realm. Mimi's powerful and provocative words will guide and inspire readers to lean into love with softness. Heartrending and revolutionary, Be Not Afraid of Love is a testament to the strength and adaptability all humans possess, and a tribute to love in all its forms. A deeply-reported examination of why "doing what you love" is a recipe for exploitation, creating a new tyranny of work in which we cheerily acquiesce to doing jobs that take over our lives. You're told that if you "do what you love, you'll never work a day in your life." Whether it's working for "exposure" and "experience," or enduring poor treatment in the name of "being part of the family," all employees are pushed to make sacrifices for the privilege of being able to do what we love. In Work Won't Love You Back, Sarah Jaffe, a preeminent voice on labor, inequality, and social movements, examines this "labor of love" myth—the idea that certain work is not really work, and therefore should be done out of passion instead of pay. Told through the lives and experiences of workers in various industries—from the unpaid intern, to the overworked teacher, to the nonprofit worker and even the professional athlete—Jaffe reveals how all of us have been tricked into buying into a new tyranny of work. As Jaffe argues, understanding the trap of the labor of love

will empower us to work less and demand what our work is worth. And once freed from those binds, we can finally figure out what actually gives us joy, pleasure, and satisfaction. An awesome, globe-spanning, and New York Times bestselling journey through the beauty and power of mathematics What if you had to take an art class in which you were only taught how to paint a fence? What if you were never shown the paintings of van Gogh and Picasso, weren't even told they existed? Alas, this is how math is taught, and so for most of us it becomes the intellectual equivalent of watching paint dry. In Love and Math, renowned mathematician Edward Frenkel reveals a side of math we've never seen, suffused with all the beauty and elegance of a work of art. In this heartfelt and passionate book, Frenkel shows that mathematics, far from occupying a specialist niche, goes to the heart of all matter, uniting us across cultures, time, and space. Love and Math tells two intertwined stories: of the wonders of mathematics and of one young man's journey learning and living it. Having braved a discriminatory educational system to become one of the twenty-first century's leading mathematicians, Frenkel now works on one of the biggest ideas to come out of math in the last 50 years: the Langlands Program. Considered by many to be a Grand Unified Theory of mathematics, the Langlands Program enables researchers to translate findings from one field to another so that they can solve problems, such as Fermat's last theorem, that had seemed intractable before. At its core, Love and Math is a story about accessing a new way of thinking, which can enrich our lives and empower us to better understand the world and our place in it. It is an invitation to discover the magic hidden universe of mathematics. Relationship is a precious tool that offers us the opportunity to awaken to the love that often lies dormant within us. Yet, unfortunately, over the course of my journey as a seeker of truth, I have found relationship to be the cause of great anguish for many people. When a relationship becomes difficult, it is easy to blame one's partner—the "other"—and to be consumed by the feeling of having been treated unfairly because we are disappointed that the one we loved is not fitting our internal idea of what a loved one "should" be. When relationship is viewed as a battlefield, with two people stuck in an endless war, it seems impossible to find a truly loving connection. This situation is what led me to write this book. To offer some light and guidance on the path toward understanding what "real" or authentic love looks like in a relationship and how to uncover it hidden beneath the sometimes destructive and frequently confusing idea that we generally think of as love. My book is an attempt to address the missing elements in contemporary relationships and to bring us back into alignment with our higher purpose of living from a place of authentic love within those relationships. To help put us back on track with the divine nature of real love by examining the mostly unconscious role that we play in sabotaging our own love story—a role that keeps us from finding true love. To this end, I offer what I call the New Marriage. In order to participate in the New Marriage, we have to have the courage to face our own deep wounds that cause us to bring negativity into our love connections. We have to take a courageous look at what prevents us from finding our truest happiness

in love. Many of us have been taught that making our partner happy is the most important part of relationship. But without a healthy foundation and understanding of ourselves, this can create dependency, resentment, and an endless striving to please. In my book, I address much of what I have learned about relationship over the years—from my students and from the laboratory of my own life. I suggest a way out of the battlefield and on to the path of love and sexuality as a deep expression—a prayer—that can heal and free us from the repression of unhealthy attachment. It is my hope that as we examine relationship at its deepest level, we will open up to understanding relationship as a divine instrument that can lead us toward illumination of our divine spirit. In fact, I believe relationship is the most precious and effective tuning device that we find on our evolutionary journey, worthy of our deepest study and respect. Our lives are about relationship and if we can heal those relationships, we can start to heal our families and begin to heal the wounds of the world. The goal of New Marriage is to awaken unconditional love that overflows into a world in which harmony, peace, and love reign. Thank you for joining me on this journey. May authentic love awaken across the world. About the Author Sri Prem Baba was born in São Paulo, Brazil and studied psychology and yoga.
