World renowned for its biological diversity and model conservation system, Costa Rica is home to a wide variety of amphibians and reptiles, from the golden toad to the scorpion lizard and the black-headed bushmaster. Jay M. Savage has studied these fascinating creatures for more than forty years, and in *The Amphibians and Reptiles of Costa Rica* he provides the most comprehensive, up-to-date treatment of their biology and evolution ever produced. Savage begins with detailed discussions of the natural and cultural history of Costa Rica, setting the stage for a detailed treatment of each of the 396 species of amphibians and reptiles that may be found there. Each species account synthesizes and analyzes everything that is known about the animal's anatomy, behavior, geographic distribution, systematics, and evolutionary history and provides keys for identifying amphibians and reptiles in the field. In addition to distribution maps and systematic and morphological illustrations, the book includes color photographs of almost every known species, many taken by the distinguished nature photographers Michael and Patricia Fogden. Because Costa Rica has played, and continues to play, a pivotal role in the study of tropical biology as well as in the development of ecotourism and ecoprospecting, and because more than half of the amphibians and reptiles in Costa Rica are also found elsewhere in Central America, *The Amphibians and Reptiles of Costa Rica* will be an essential book for a wide audience of nature lovers, naturalists, ecotourists, field biologists,

conservationists, and government planners. He is a super soldier king, a wondrous hand of genius doctor! Returning to the flower garden to look for his junior, only to be entangled by peach blossoms and drawn into the vortex of battle amongst the Wealthy Class ... From then on, a monstrous bodyguard was born! He flirted with beauties, punished bullies, and made a name for himself! Cultivating ancient martial arts and special techniques, step by step, he stepped onto the peak of life! On the Ionian island of Hyos, where James Pibble has been sent to protect millionaire Thanassi Thanatos, it is difficult to know what is true. Is there really a lizard that will poison you if it drowns in your milk? Is the man from the Home Office there to kill? Or to save? Or just to play cricket with the local boys under local rules? Why does the grubby English girl live in a hut in a vineyard? She has a mysterious past, true. But then so has everyone else, and most of them have mysterious presents as well . . .

Cooper and his mom run an antique business in upstate New York, where Cooper does most of the work, since his mom tends to get lost in her own thoughts. He rides his bike, Squeaky, to garage sales looking for treasures, sets the resale prices, and orders the groceries. There's never much money left after he pays the electric bill, and he dreams of finding something that would make life easier. Then one day he comes home with a metal detector and begins searching his backyard. What he finds sends him on an historical adventure and journey of self-discovery. Imagine The Sopranos, with snakes! The Lizard King is a fascinating account of a father and son family business suspected of smuggling reptiles, and the federal agent who tried to take them down. When Bryan

Christy began to investigate the world of reptile smuggling, he had no idea what he would be in for. In the course of his research, he was bitten between the eyes by a blood python, chased by a mother alligator, and sprayed by a bird-eating tarantula. But perhaps more dangerous was coming face to face with Michael J. Van Nostrand, owner of Strictly Reptiles, a thriving family business in Hollywood, Florida. Van Nostrand imports as many as 300,000 iguanas each year (over half the total of America's most popular imported reptile), as well as hundreds of thousands of snakes, lizards, frogs, spiders, and scorpions. Van Nostrand was suspected of being a reptile smuggler by Special Agent Chip Bepler of the U.S. Fish and Wildlife Service, who devoted years of his life in an obsessive quest to expose The Lizard King's cold-blooded crimes. How this cat-and-mouse game ended is engrossing and surprising. The book "Biodiversity of Wetlands and Forests: A Nature Trail" focuses on biodiversity of wetlands and forests with special emphasis on field observations of plants, reptiles, birds and mammals recorded by the author in various geographical provinces of Gujarat, India. It highlights the need of biodiversity conservation, causes and concerns, exploitation of biodiversity, habitat destruction, interaction of man and technology with biodiversity, policy framework for biodiversity conservation, and wilderness and forests. Moreover, it summarizes a review on birds with special emphasis on geographical and ecological distribution of avifauna of north-western India, birds in ancient times with myths and motifs, an integral association of trees and birds, birds migration, magnetic orientation of birds, and

mythological beliefs about birds. The present book covers exhaustive information on wetlands for tourism, important wetlands of national importance, wise use, characteristics and prime importance of wetlands as enduring habitats, and threats to viable wetlands. It emphasizes significant wetlands as abode for avifauna, wetlands as bird habitats, significant factors for survival of wetland birds, importance of wetlands for birds' population, influence of wetlands on waterfowl population, wetland loss and decline of bird diversity, threats to avian habitats, and conservation and management strategies for potential avian ecosystems and legal policy framework for sustainability of waterbirds. The book is written in articulate manner citing notable sightings of some unique floral and faunal elements in the forested pockets. It encompasses archetypal records of plants, animals and birds along with their distinctive occurrence, feeding patterns, conservation, and management of threatened biodiversity, and many more. It describes some remarkable, noteworthy and astonishing sightings of species inhabiting in potential niches, habitats and ecosystems of Western India. Here, the author has shared his incidental as well as subsisting experiences in amazing habitats amidst the nature trails of forested patches and thickets. This book will undoubtedly enrich and enhance the knowledge and awareness of naturalists in the field. This book is a blend of two previously published books by the same author (Hiren B. Soni, Ph.D.) viz. 'Biodiversity, Birds and Wetlands', and 'Biodiversity and Birds: A Field Journey'. This book is published to be handy and helpful to every reader and amateur of the world. Author believes that it would surely be a ready-reference for

every researcher as well as nature lover in each and every corner of the world. The Order of the Owls find the legendary City of Ravagers and uncover more than just ancient treasures of the fierce pirates who lived there. The gymnasium was packed as Jimmy Torrance stepped into the ring for the final event of the evening that was to decide the boxing championship of the university. Drawing to a close were the nearly four years of his college career—profitable years, Jimmy considered them, and certainly successful up to this point. In the beginning of his senior year he had captained the varsity eleven, and in the coming spring he would again sally forth upon the diamond as the star initial sacker of collegedom. His football triumphs were in the past, his continued baseball successes a foregone conclusion—if he won to-night his cup of happiness, and an unassailably dominant position among his fellows, would be assured, leaving nothing more, in so far as Jimmy reasoned, to be desired from four years attendance at one of America's oldest and most famous universities. The youth who would dispute the right to championship honors with Jimmy was a dark horse to the extent that he was a freshman, and, therefore, practically unknown. He had worked hard, however, and given a good account of himself in his preparations for the battle, and there were rumors, as there always are about every campus, of marvelous exploits prior to his college days. It was even darkly hinted that he was a professional pugilist. As a matter of fact, he was the best exponent of the manly art of self-defense that Jimmy Torrance had ever faced, and in addition thereto he outweighed the senior and outreached him. The boxing

contest, as the faculty members of the athletic committee preferred to call it, was, from the tap of the gong, as pretty a two-fisted scrap as ever any aggregation of low-browed fight fans witnessed. The details of this gory contest, while interesting, have no particular bearing upon the development of this tale. What interests us is the outcome, which occurred in the middle of a very bloody fourth round, in which Jimmy Torrance scored a clean knock-out.... One of the most imaginative writers of the twentieth century, Edgar Rice Burroughs created popular and exciting heroes such as Tarzan and John Carter, whose thrilling adventures continue to entertain millions of readers across the world. This comprehensive eBook presents most complete edition possible of Burroughs' works in the US, with numerous illustrations, rare texts, informative introductions and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to Burroughs' life and works * Concise introductions to all the novel series * ALL the novels in the US public domain (works published prior to 1923), with individual contents tables * Rare novels available in no other collection * Features the original first edition text of TARZAN OF THE APES – the only digital edition to contain the purely unaltered text, with 1,193 more words than the digital text found in all other collections – discover the true Tarzan first edition! * Images of how the books were first printed, giving your eReader a taste of the original texts * Excellent formatting of the texts * Special Contextual Pieces section, with reviews, articles and essays evaluating Burroughs' contribution to literature * Scholarly ordering of texts into chronological order and literary genres

Please note: novels published after 1922 are unable to appear in the collection due to US copyright restrictions. When new texts become available in your public domain, they will be added to the eBook as a free update. Please visit

www.delphiclassics.com to browse through our range of exciting titles Lambda Award-winning novelist Blair Mastbaum and writer Will Fabro have put together a fun and edgy anthology of hot new fiction by young gay writers. With works by Mastbaum, Fabro, Mark Edmund Doten, Michael Tyrell, Sam J. Miller, and more, Cool Thing has something for everyone. Edgar Rice Burroughs (September 1, 1875 – March 19, 1950) was an American author, best known for his prolific output in the adventure, science fiction, and fantasy genres. Best-known for creating the characters Tarzan and John Carter, he also wrote the Pellucidar series, the Amtor series, and the Caspak trilogy. Tarzan was immediately popular, and Burroughs capitalized on it in every way possible, including a syndicated Tarzan comic strip, movies, and merchandise. Tarzan remains one of the most successful fictional characters to this day and is a cultural icon. Burroughs's California ranch is now the center of the Tarzana neighborhood in Los Angeles, named after the character. In Barsoom Series: A PRINCESS OF MARS THE GODS OF MARS WARLORD OF MARS THUVIA, MAID OF MARS THE CHESSMEN OF MARS THE MASTER MIND OF MARS In Tarzan series: TARZAN OF THE APES THE RETURN OF TARZAN THE BEASTS OF TARZAN THE SON OF TARZAN TARZAN AND THE

OUTLAW OF TORN THE EFFICIENCY EXPERT THE
GIRL FROM FARRIS'S THE GIRL FROM HOLLYWOOD
THE MAD KING Organized by month, 360 hands-on
activities and ideas for everyday of the year. Each month
begins with a pre-planned activity calendar indicating
learning skills and appropriate age level. A minimum amount
of preparation with a broad range of subjects including
nature, animals, holidays and the human body. The book
“Ecological and Environmental Science: A Research
Perspective” is a compilation of authors' original research
papers, scientific articles, review articles, popular articles,
general articles, and short notes on forest ecology, wetland
ecology, plant ecology, bird ecology, and animal ecology.
The book is a perfect amalgamation of burgeoning and thrust
topics spanning biodiversity, and conservation and
management of floral and faunal elements including ecology
and biodiversity of phytoplankton, zooplankton, aquatic
macrophytes, mangroves, terrestrial plants, animals
(butterflies, reptiles, mammals) and birds. It covers

ecological and environmental factors affecting abiotic and biotic components prevailed in forest, desert, grassland and wetland habitats and ecosystems. The present book highlights field studies and laboratory investigations carried out by the authors during their research journey of 22 years (1998-2020). It discusses phenology, ethnobotanical, ethnomedicinal and aesthetic values of plants, resource use patterns by local inhabitants, socio-cultural aspects, livelihood dependency, rare and endangered plants, animals and birds, anthropogenic pressures, conservation and management strategies of endemic, exotic, and invasive species, and so on. The book covers unique and promising research topics e.g. hydrochemistry, geochemistry, biomonitoring of heavy metals in aquatic and terrestrial plants, metal remediation, environmental modeling, environmental archaeology, environmental bioindicators, environmental forensics, etc. The authors believes that this book is a perfect blend of their research work on two integral branches of biology i.e. ecology and environmental science, which will undoubtedly enrich and enhance the knowledge and awareness of laymen and scientific community world over especially in the field of ecology and biodiversity of plants, animals, and birds, associated with physical, chemical, biological, ecological and environmental factors. The present book would certainly be useful and handy as a ready-reference material for students, academicians, researchers, scientists, ecological and environmental consultants, restoration specialists, practitioners, conservationists, and biodiversity managers at regional, national and global platform. At the height of World War II,

lizard-like extraterrestrials arrive on Earth determined to conquer the planet, and American, British, German, and Russian forces begin fighting a whole new battle. Whether a long-time fan of Beverly Cleary or a newcomer to her award-winning books for children, this eight-book digital collection of the complete Ramona Quimby series will be a perfect addition to any bookshelf. Kids everywhere feel connected to Ramona's unique way of looking at the world as she tries to adjust to new teachers, encounters bullies at school, and puts up with her bossy older sister. The scrapes she gets herself into—like wearing pajamas to school or accidentally making egg yolk shampoo—are funny and heartwarming, and sometimes embarrassing. No matter what, Ramona's lively, curious spirit shines through. Titles included in this collection: *Beezus and Ramona*; *Ramona the Pest*; *Ramona the Brave*; *Ramona and Her Father*; *Ramona and Her Mother*; *Ramona Quimby, Age 8*; *Ramona Forever*; *Ramona's World Provides* examples from twenty artists along with information on their tools, methods, and influences. From scholarly journals, Trivers (anthropology and biological sciences, Rutgers U.) has selected five of his papers published between 1971 and 1976, and another five published between 1982 and 2000. He has added accounts of how they were written, and short postscripts to bring readers up to date or at least point them to more recent work on the issues discussed. Annotation (c)2003 Book News, Inc., Portland, OR (booknews.com). The drought in South Australia was really biting hard, especially for the people in the marginal rainfall regions. The Nickols family at Kimba on the Eyre Peninsula were having a hard time after three

bad drought years. Bank interest had sky-rocketed and all of the off-farm income as shearing or harvest work had dried up also, as the sheep and grain numbers had vanished. The bank is threatening to sell the farm to recover the debt. Neighbours of the Nickols Two bachelors Bert and Harry Kelly had been opal mining at Coober Pedy and had paid off the bank overdraft. John and Tony Nickols travel to Coober Pedy and drill onto a seam of good opal. The men find a nest of opal dinosaur eggs worth a lot of money .What ensues is some cunning thieves trying to rob them of their money and opal . These men are killed in an accident in a very strange way which makes world news and the opal eggs very famous.

Lizard's Tale By: Faye Jones Lizard's Tale inspires others to make their own path through life. It is about day to day life, standing boldly for your personal beliefs, living life on your terms, and yet always respecting others and being true to your values. A unique man who faced obstacles with wit and charm, who loved unconditionally and enjoyed life to the fullest, Ralph Lane Jones earned the nickname 'Lizard' due to his ability to slither, jump and spot opportunities for winning against opponents. He viewed life as a challenge to become a winner in the game of life. He won. A heart-racing middle-grade adventure mystery set on the streets of Singapore against the backdrop of World War II, exploring issues of belonging, race and diversity This comprehensive collection contains: A Princess of Mars At the Earth's Core Jungle Tales of Tarzan Out of Time's Abyss Pellucidar Tarzan and the Ant Men Tarzan and the Golden Lion Tarzan and the Jewels of Opar Tarzan of the Apes Tarzan the Terrible Tarzan the Untamed The Beasts of Tarzan The

Chessmen of Mars The Efficiency Expert The Girl from Hollywood The Gods of Mars The Land That Time Forgot The Lost Continent The Mad King The Monster Men The Moon Maid The Mucker The Oakdale Affair The Outlaw of Torn The People That Time Forgot The Return of Tarzan The Son of Tarzan Thuvia, Maid of Mars Warlord of Mars Edgar Rice Burroughs, American speculative fiction writer, best known for his prolific output in the adventure, science fiction and fantasy genres. His most well-known creations include Tarzan of the Apes, John Carter of Mars (Barsoom series) and Carson Napier of Venus (Amtor series).

WORLDWAR: BOOK 4 At the bloody height of World War II, the deadliest enemies in all of human history were forced to put aside their hatreds and unite against an even fiercer foe: a seemingly invincible power bent on world domination. With awesome technology, the aggressors swept across the planet, sowing destruction as Tokyo, Berlin, and Washington, D.C., were A-bombed into submission. Russia, Nazi Germany, Japan and the U.S. were not easily cowed, however. With cunning and incredible daring, they pressed every advantage against the invader's superior strength, and, led by Stalin, began to detonate their own atom bombs in retaliation. City after city explodes in radioactive firestorms, and fears grow as the worldwide resources disappear; will there be any world left for the invaders to conquer, or for the uneasy allies to defend? While Mao Tse-tung wages a desperate guerrilla war and Hitler drives his country toward self-destruction, United States forces frantically try to stop the enemy's push from coast to coast. Yet in this battle to stave off world domination, unless the once-great military

powers take the risk of annihilating the human race, they'll risk losing the war. The fatal, final deadline arrives in Harry Turtledove's grand, smashing finale to the Worldwar series, as uneasy allies desperately seek a way out of a no-win, no-survival situation: a way to live free in a world that may soon be bombed into atomic oblivion. Your client is innocent. Your wife is guilty. Who would you fight for? * 'Quite simply, THE PLEA is one of the most purely entertaining books you'll read this year' John Connolly 'A gripping thriller' Ian Rankin * When David Child, a major client of a corrupt New York law firm, is arrested for murder, the FBI ask con artist-turned-lawyer Eddie Flynn to persuade him to testify against the firm. Eddie is not someone who is easily coerced, but when the FBI reveal that they have incriminating files on his wife, he knows he has no choice. But Eddie is convinced the man is innocent, despite overwhelming evidence to the contrary. With the FBI putting pressure on him to secure the deal, Eddie must find a way to prove his client's innocence. But the stakes are high - his wife is in danger. And not just from the FBI . . . * Praise for race-against-time legal thriller writer, Steve Cavanagh: 'A fantastic thriller writer' Mark Billingham 'Cavanagh stands head and shoulders above the competition, with his skilfully plotted, action-packed and big-hearted Eddie Flynn novels . . . highly intelligent, twist-laden and absolutely unputdownable' Eva Dolan, author of the critically acclaimed Tell No Tales 'What a thriller! Breathlessly brilliant and fiendishly clever' Miranda Dickinson 'A cleverly constructed legal thriller combined with a classic locked-room mystery. Eddie Flynn is fast becoming one of my favourite fictional

heroes and Cavanagh one of my favourite thriller writers.' S.J.I. Holliday, author of Black Wood 'Raymond Chandler could have created Eddie Flynn. THE PLEA is Phillip Marlowe and Michael Connolly's Mickey Haller combined, with a bit of Jim Thompson's THE GRIFTERS thrown in. A superb read with a main character destined to be one of the most talked about in crime fiction.' Howard Linskey, author of The Search * If you like John Grisham, Lee Child and Michael Connelly, you will LOVE the gripping and twisty Eddie Flynn series: 1. The Defence 2. The Plea 3. The Liar 4. Thirteen * Each Eddie Flynn thriller can be read as a standalone or in series order * The singer/songwriter displays his gift for creating witty, laid-back Southern stories in a collection of bizarre tales and thoughtful essays. My love for animals continues in this book as I reflect on all the animals who have been a part of my life. They want to please us, but they also have wills of their own, which sometimes gets them into trouble. This book explores the humorous side of animals and the funny situations they and their owners get into. It also talks about the heart ache of loving and losing your special companion. But when you reflect on your life with them, you wouldn't change a thing. You cherish every memory. Animals are amazingly loyal, curious, and creative, so laugh, cry, and smile with me through my journey and remember the paw prints on your heart. The wrenching events of the Civil War transformed not only the United States but also the men unexpectedly called on to lead their fellow citizens in this first modern example of total war. Jacob Dolson Cox, a former divinity student with no formal military training, was among those who rose to the challenge.

In a conflict in which “political generals” often proved less than competent, Cox, the consummate citizen general, emerged as one of the best commanders in the Union army. During his school days at Oberlin College, no one could have predicted that the intellectual, reserved, and bookish Cox possessed what he called in his writings the “military aptitude” to lead men effectively in war. His military career included helping secure West Virginia for the Union; jointly commanding the left wing of the Union army at the critical Battle of Antietam; breaking the Confederate supply line and thereby helping to precipitate the fall of Atlanta; and holding the defensive line at the Battle of Franklin, a Union victory that effectively ended the Confederate threat in the West. At a time when there were few professional schools other than West Point, the self-made man was the standard for success; true to that mode, Cox fashioned himself into a Renaissance man. In each of his vocations and avocations—general, governor, cabinet secretary, university president, law school dean, railroad president, historian, and scientist—he was recognized as a leader. Cox’s greatest fame, however, came to him as the foremost participant historian of the Civil War. His accounts of the conflict are to this day cited by serious scholars and serve as a foundation for the interpretation of many aspects of the war. (Copied from back cover) One poem per day. 365 Days. Started on my birthday (April 21) and ended 1 year later, this book is sometimes thought provoking, sometimes inspiring, and even entertaining. The first of yearlong book projects, 365 Days offers, in poetic form, a rare glimpse "behind the curtain" so to speak, allowing the reader to see the process behind making and

publishing the material All the top gang leaders have been replaced. But nobody told Jacob Smith, leader of the Beefeaters. Hired to provide security for an old friend's gang, Jacob receives the surprise of a lifetime. Now he scrambles to unite his people and defend London against something so terrible, nobody believes his tale. To save his pub and his wedding plans, he must heist a bank used by the crookedest of crime bosses. Can two Christian gang members make a difference in the coming battles? Bryana is a little girl taking a long train ride to Liberty City for the annual Fall Festival and a long-awaited reunion with her friend Rabbit, who is...well, a rabbit. Through her letters to Bryana, Rabbit introduces the reader to the overconfident Dragon (who she believes is just a lizard); vain and mean Bonnie Fox; her social diva of a mother; scatterbrained Razzle, the otter; Ricket, the small rat, whose endless desire to fly results in a rocket ride that makes sausages rain down from the sky; and many other characters that make adjusting to life in a new town challenging for a small rabbit. As Rabbit makes friends, she discovers the meaning of community, and learns that diversity is pretty awesome. The Lizard's Bite is the fourth in the Nic Costa series, David Hewson's detective novels of love and death in Italy. Life was never black and white in Italy . . . Something about the place both disturbed and interested him. Venice reminded him of a bad yet familiar relative, dangerous to know, difficult to let go. As their exile in Venice draws to a close, Roman detectives Nic Costa and Gianni Peroni are ordered to investigate an apparently open-and-shut case, a fire in a glass foundry that has claimed two lives, so all they want is

to wrap it up quickly. However, as they dig more deeply into the insular glass-making community on Murano and the strange Arcangeli family, things don't quite add up. With increasing pressure from above to finish quickly, events spiral quickly out of control – with devastating consequences
