The following themes run through the **POWERFUL POTENTIAL of PARENT(S)**: Parent impact is greatest in childhood; parent potential continues throughout life. Each life stage builds upon the previous one; early childhood home experiences are foundational. Every adult is a unique mentor and role model; two parent(s) double the messages to offspring. Each generation sets the course for the next one; this ongoing cycle bridges past to present and to future. Practical recommendations are laid out in handbook format (61 pages) for every stage of human growth; they can serve as a referent "checklist". Also, each chapter ends with reflective questions that encourage introspection and promote meaningful dialogue. The writing is an easy read.
