Spanish - Applied New Testament Commentary Aug 02 2021 Spanish Language Edition The Applied New Testament Commentary is an easy-to-read, down-to-earth commentary on the text of the New Testament. It can be used with any version of the Bible and includes: bull; bull;General Articles on important aspects of the Christian faith bull;An Introduction to each book of the New Testament bull;Word definitions bull;Clear explanations of Bible text bull;How to apply the Bible to everyday life "Dr. Tom Hale is an experienced medical missionary in Nepal, and his commentary is essentially a missionary's commentary. Although he has done his biblical homework, and he thinks theologically, he does not write from the ivory tower of academia. His concern is rather for the grass roots of newly planted churches. He is familiar with the problems they face and the questions they ask. He wrestles with the need for cross-cultural application. He is committed to the unity of the church and urges us to give one another the liberty of interpretation in those secondary areas in which we disagree. And his straightforward, easy-to-read style includes both a simple vocabulary and short sentences. Inevitably a one-man commentary will not please everybody. But he has struggled to rid himself of bias, so that there is very much here for all Bible students to learn, whatever their cultural or denominational background. In fact the Applied New Testament Commentary should help to promote mutual understanding, tolerance and respect among Christian people." John Stott All Souls, Langham Place, London

We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject to birth and death." Although the journey is challenging, Eckhart Tolle uses simple language and an easy question and answer format to guide us. A word of mouth phenomenon since its first publication, The Power of Now is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.

The Third Testament May 23 2023 'Michael Crichton meets The Matrix' Daily Mail Previously published as *Biblical*. An apocalyptic, mind-melting thriller on an epic scale that will make you question your own reality and even your sanity. What would you do if you found out that your future had already happened? All around the world, people start to see things that aren't there, that cannot be. Visions, ghosts, events from the past playing out in the present. To start with, the visions are unremarkable: things misplaced in time and caught out of the corner of the eye; glimpses of long-dead family or friends. But, as time goes on, the visions become more sustained, more vivid, more widespread. More terrifying. As the visions become truly apocalyptic, some turn to religion, others to science. Only one man, driven by personal as well as professional reasons, is capable of finding the real truth. But the truth that psychiatrist John Macbeth uncovers is much, much bigger than either religion or science. A truth so big it could cost him his sanity. And his life.

Will Sep 22 2020 The instant #1 New York Times bestseller! "It's the best memoir I've ever read." —Oprah Winfrey "Will Smith isn't holding back in his bravely inspiring new memoir . . . An ultimately heartwarming read, Will provides a humane glimpse of the man behind the actor, producer and musician, as he bares all his insecurities and trauma." —USA Today Winner of the NAACP Image Award for Outstanding Literary Achievement One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film that anyone has ever had. Will Smith's transformation from a West Philadelphia kid to one of the biggest rap stars of his era, and then one of the biggest movie stars in Hollywood history, is an epic tale—but it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F*ck*, Will is the story of how one person mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself.
