In this essay on "what the imagination has made of the phenomenon of echo," John Hollander examines aspects of the figure of echo in light of their significance for poetry. Looking at echo in its literal, acoustic sense, echo in myth, and echo as literary allusion, Hollander concludes with a study of the rhetorical status of the figure of echo and an examination of the ancient and newly interesting trope of metalepsis, or transumption, which it appears to embody. Centered on ways in which Milton's poetry echoes, and is echoed by, other texts, The Figure of Echo also explores Spenser and other Renaissance writers; romantic poets such as Keats, Shelley, and Wordsworth; and modern poets including Hardy, Eliot, Stevens, Frost, Williams, and Hart Crane. This book has implications for literary theory and holds great practical interest for students and teachers of American and English literature of all periods. A LOS ANGELES TIMES BOOK PRIZE WINNER A BOSTON GLOBE BEST BOOK OF 2021 Booker Prize-shortlisted and New York Times bestselling author Paul Auster's comprehensive, landmark biography of the great American writer Stephen Crane. With Burning Boy, celebrated novelist Paul Auster tells the extraordinary story of Stephen Crane, best known as the author of The Red Badge of Courage, who transformed American literature through an avalanche of original short stories, novellas, poems, journalism, and war reportage before his life was cut short by tuberculosis at age twenty-eight. Auster's probing account of this singular life tracks Crane as he rebounds from one perilous situation to the next: A controversial article written at twenty disrupts the course of the 1892 presidential campaign, a public battle with the New York police department over the false arrest of a prostitute effectively exiles him from the city, a star-crossed love affair with an unhappily married uptown girl tortures him, a common-law marriage to the proprietress of Jacksonville's most elegant bawdyhouse endures, a shipwreck results in his near drowning, he withstands enemy fire to send dispatches from the Spanish-American War, and then he relocates to England, where Joseph Conrad becomes his closest friend and Henry James weeps over his tragic, early death. In Burning Boy, Auster not only puts forth an immersive read about an unforgettable life but also, casting a dazzled eye on Crane's astonishing originality and productivity, provides uniquely knowing insight into Crane's creative processes to produce the rarest of reading experiences—the dramatic biography of a brilliant writer as only another literary master could tell it. Running the supernatural society of New York is not as fun as it sounds, especially when you still have to answer to your ex-girlfriend's fiancé. Toby doesn't mean to bring Casey into the chaos of his life, but he can't resist the girl who makes him smile when he thought no one else ever could. Jared's in New York checking out a security risk for his best friend, the king. He plans to return to New Orleans quickly, but not if it means losing his chance with the brunette who pretends she wants nothing to do with him. In over her head with a bunch of winged creatures who most definitely are not angels, Casey has to figure out who to trust with her life and maybe her heart. In one of his letters Hart Crane wrote, "Appollinaire lived in Paris, I live in Cleveland, Ohio," comparing—misspelling and all—the great French poet's cosmopolitan roots to his own more modest ones in the midwestern United States. Rebelling against the notion that his work should relate to some European school of thought, Crane defiantly asserted his freedom to be himself, a true American writer. John T. Irwin, long a passionate and brilliant critic of Crane, gives readers the first major interpretation of the poet's work in decades. Irwin aims to show that Hart Crane's epic The Bridge is the best twentieth-century long poem in English. Irwin convincingly argues that, compared to other long poems of the century, The Bridge is the richest and most wide-ranging in its mythic and historical resonances, the most inventive in its combination of literary and visual structures, the most subtle and compelling in its psychological underpinnings. Irwin brings a wealth of new and varied scholarship to bear on his critical reading of the work—from art history to biography to classical literature to philosophy—revealing The Bridge to be the near-perfect synthesis of American myth and history that Crane intended. Irwin contends that the most successful entryway to Crane's notoriously difficult shorter poems is through a close reading of The Bridge. Having admirably accomplished this, Irwin analyzes Crane's poems in White Buildings and his last poem, "The Broken Tower," through the larger context of his epic, showing how Crane, in the best of these, worked out the structures and images that were fully developed in The Bridge. Thoughtful, deliberate, and extraordinarily learned, this is the most complete and careful reading of Crane's poetry available. Hart Crane may have lived in Cleveland, Ohio, but, as Irwin masterfully shows, his poems stand among the greatest written in the English language. In the fourth and final installment, everything is on the line. Merrick's life is in the balance and Lily is their only hope. Ellie and her new powers are miraculous, but also problematic; if she's with the bunker family, they won't be able to sense when the Lighters are there. There are many new members to the bunker and sparks will fly, and with the food shortage, they will all have plenty to deal with. Miguel is intrigued with Rylee, her past and her spunk. Ryan and Elli are barely scratching the surface of their relationship. Cain and Lillian will have to deal with Daniel, who has no qualms about showing his true feelings for her. And Sherry and Merrick... what will happen to this happenstance family who have worked so hard to come together? Can they all survive? Can they all withstand the new enemy that is right outside their door? Can they beat the Lighters, once and for all... How can a poem transform a life? Could poetry change the world? In this accessible volume, spoken-word stars Andrea Gibson and Megan Falley roll out the welcome mat and prove that poetry is for everyone. Whether lapsed poetry lovers, aspiring poets, or total novices, readers will learn to uncover verse in unexpected places, find their way through a poem when they don't quite "get it," and discover just how transformative poetry can be. This is a gorgeous and inspiring gift for any fan of the written word. "Jude has spent the whole twenty one years of his life running. From what, he wasn't quite sure. His mother tried to keep him safe; a low profile, a constant move on the horizon, a week's pay always stashed away. She tried to instill in him that he was special somehow. He never felt different. He was so completely normal and vanilla that he wondered if it had all been in her head. But then she was murdered and all he saw was a running silhouette of a man as his mother said three final words to him. Three words that changed his whole being. Never stop running... Now he's semi-settled into a big town. The college is huge and easy to blend into. It's been three months since he had to move because 'Biloxi', as he calls the man who killed his mother, found him once more. Then Marley, an eighteen year old girl who is as infuriating as she is blissfully ignorant of her gorgeousness, smashes into his car with hers. Then smashes into his life as he realizes that whatever it is he has that Biloxi wants, she has it, too. And now, they're after them both."--Page 4 of cover. The star and creative force behind Mr. Show and Arrested Development pens his "first and final book, chronicling his meteoric rise and abysmal fall in the literary world." After a decade spent in isolation in the Ugandan jungles thinking about stuff, David Cross has written his first book. Known for roles on the small screen such as "never-nude" Tobias Funke on Arrested Development and the role of "David" in Mr. Show With Bob And David, as well as a hugely successful stand-up routine full of sharp-tongued rants and rages, Cross has carved out his place in American comedy. Whether deflating the pomposity of religious figures, calling out the pathetic symbiosis of pseudo-celebrity and its leaching fandom, or merely pushing the buttons of the way-too-easily offended P.C. left or the caustic, double-standard of the callous (but funnier) right, Cross has something to say about everyone, including his own ridiculous self. Now, for the first time, Cross is weaving his media mockery, celebrity denunciation, religious commentary and sheer madness into book form, revealing the true story behind his almost existential distaste of Jim Belushi ("The Belush"), disclosing the up-to-now unpublished minutes to a meeting of Fox television network executives, and offering up a brutally grotesque run-in with Bill O'Reilly. And as if this wasn't enough for your laughing pleasure in these troubled times, some of the pieces splinter off with additional material being created online in exclusive video and animated web content created solely for the book—a historical first (presumably)! With a mix of personal essays, satirical fiction posing as truth, advice for rich people, information from America's least favorite Rabbi and a top-ten list of top-ten lists, I Drink for a Reason is as unique as the comedian himself, and cannot be missed. Maggie and Caleb are married, leaders of their people, parents to their children, and happier than they ever dreamed, even with the visions they saw of it to prove it so. The council is still rebelling against Maggie's changes, but this time it's different. It's almost as if something...or someone is behind them, pulling the strings and making decisions for them. And Maggie is having strange visions that only she can see, leaving Caleb helpless to help her. But when her visions start to warn her that their daughter, Ava, will one day be in danger, they'll do anything it takes to find out what's going on and how to stop it, even paying a visit to a previous Visionary. Maggie and Caleb must find out who or what is behind it all and stop them before Maggie is one vision too late.
