*Africa. Ediz. illustrata* Mar 04 2022 Africa is a source of amazing bio-diversity and home to some of the planet's most spectacular landscapes. The sights of this awe-inspiring continent are captured with consummate skill and sensitivity by master lensman Michael Poliza. Poliza started as a child actor on German TV, then founded several highly successful IT ventures in the US and Germany. Poliza now focuses mainly on film and photography, including work for the Discovery Channel. **Irene Brin** Feb 03 2022 A well-known figure in the world of culture between the wars, Irene Brin started out in the early 30's as a reporter of society news, writing articles on fashion chiefly for the magazine "Bellezza" from 1945 to the early 60's. Caratozzolo's portrait depicts Brin as an extraordinarily effective promoter of Italian culture abroad, thanks to her unprecedented role as Rome editor for "Harper's Bazaar." She helped to build the image of Italian fashion, and made Italian designers fully aware of the value of their creations. While celebrating the unique and traditional qualities of Italian fashion, Brin was also far ahead of her time in understanding and embracing the international, even global directions that fashion was beginning to take, and that would prove to be its future.

*Luisa Via Roma. Window on a Fashion Future World. Ediz. Illustrata* Mar 16 2023 "This adventure into fashion follows a milliner's shop on Via Roma, Florence, that went on to become a hugely important international e-shop and concept store. Over the course of ninety years of history and constant metamorphosis in the world of fashion, LuisaViaRoma has never stopped evolving and embracing new experiments, opening itself up to unexpected and sometimes provocative linguistic and creative forms. This is a story, told through images, of a launching platform directed toward the new and the diverse, in a city devoted to experimentation and artistic thought. The core of the volume centers on images of LuisaViaRoma's window displays, particularly the contribution of the artist Kyle Bradfield between the 1980s and 1990s during the effervescent period when postmodern Florence served as a laboratory of signs, alchemies, and interpretations of the real. There will also be a focus on Weststuff magazine, which wove together fashion, art, and music, conceived by Andrea Panconesi with Stefano Tonchi and Maria Luisa Frisa. A part of the book will be dedicated to the celebratory fashion show from 2019 conceived by Carine Roitfeld." -- Publisher website, viewed May 25, 2021.

**Yves Saint Laurent Accessories** Nov 12 2022 An exclusive homage to - and retrospective of - the iconic fashion designer's couture accessories. 'One can never overstate the importance of accessories. They are what turns a dress into something else. I like dresses to be sober and accessories to be wild', Yves Saint Laurent, 1977. Yves Saint Laurent Accessories is the first book to date to shed light on the breathtaking

accessories created by one of the most influential fashion designers of all time. From his first collection in 1962 to his acclaimed final presentation in 2002, Yves Saint Laurent created exquisite jewellery, hats, shoes, and handbags to complement and enhance each of his couture creations. Beautifully designed, in a small format evocative of a jewellery box, the book offers an unprecedented glimpse into the highly confidential archives of The Yves Saint Laurent Foundation in Paris, which is home to over 20,000 remarkable accessories. The book features specially commissioned photography of the accessories alongside a treasure trove of rare materials including preparatory sketches, intimate portraits of Saint Laurent at work, behind-the-scenes snapshots of models, catwalk photographs, and advertising campaigns.
