Combining southern warmth with unabashed emotion and side-splitting hilarity, Fannie Flagg takes readers back to Elmwood Springs, Missouri, where the most unlikely and surprising experiences of a high-spirited octogenarian inspire a town to ponder the age-old question: Why are we here? Life is the strangest thing. One minute, Mrs. Elner Shimfissle is up in her tree, picking figs, and the next thing she knows, she is off on an adventure she never dreamed of, running into people she never in a million years expected to meet. Meanwhile, back home, Elner's nervous, high-strung niece Norma faints and winds up in bed with a cold rag on her head; Elner's neighbor Verbena rushes immediately to the Bible; her truck driver friend, Luther Griggs, runs his eighteen-wheeler into a ditch—and the entire town is thrown for a loop and left wondering, "What is life all about, anyway?" Except for Tot Whooten, who owns Tot's Tell It Like It Is Beauty Shop. Her main concern is that the end of the world might come before she can collect her social security. In this comedy-mystery, those near and dear to Elner discover something wonderful: Heaven is actually right here, right now, with people you love, neighbors you help, friendships you keep. Can't Wait to Get to Heaven is proof once more that Fannie Flagg "was put on this earth to write" (Southern Living), spinning tales as sweet and refreshing as iced tea on a summer day, with a little extra kick thrown in. The coauthor of the "excellent" Mr. and Mrs. North mysteries presents another unbeatable team: Captain Heimrich and NYC police officer Nathan Shapiro (The New Yorker). Capt. M. L. Heimrich of the New York State Police may not have the flash of hard-boiled city detectives, but there's no lead the intrepid investigator won't follow until his every hunch is satisfied . . . Lt. Nathan Shapiro of the NYPD would rather be anywhere else than rural New York investigating lawyer Stuart Fleming's claims of bribes and point-shaving schemes involving football players at Dyckman University. He's a city cop and the country makes him nervous. When he arrives at the headquarters of New York State Police Troop K, Shapiro's day goes from bad to worse as Captain Heimrich informs him that Fleming's been shot dead. Now, with a homicide on their hands, the city lieutenant and the country captain must get in the game and investigate the crime together. As they dig into the scandal, Shapiro and Heimrich uncover more than some football dirty dealings. Seems there's an entire gambling racket that won't hesitate to tackle any

problems with unnecessary roughness . . . Murder Can't Wait is the 16th book in the Captain Heimrich Mysteries, but you may enjoy reading the series in any order. "Under the steady hand of old pro Lockridge, this culminates in a murder that requires imaginative police treatment." -Kirkus Reviews

It's the summer of 1979. A fifteen-year-old boy listens to WNEW on the radio in his bedroom in Brooklyn. A monotone voice (it's the singer's) announces into dead air in between songs "The Talking Heads have a new album, it's called Fear of Music" - and everything spins outward from that one moment. Jonathan Lethem treats Fear of Music (the third album by the Talking Heads, and the first produced by Brian Eno) as a masterpiece - edgy, paranoid, funky, addictive, rhythmic, repetitive, spooky and fun. He scratches obsessively at the album's songs, guitars, rhythms, lyrics, packaging, downtown origins, and legacy, showing how Fear of Music hints at the directions (positive and negative) the band would take in the future. Lethem transports us again to the New York City of another time - tackling one of his great adolescent obsessions and illuminating the ways in which we fall in and out of love with works of art. Coco and her grandmother set out from their houses to visit, but keep missing each other along the way.

I Can't Wait To Be On TV! is a beautifully illustrated work of fiction for children aged 7-10. It brings a modern twist to an old Grimm's folk tale with hints of *101 Dalmatians* and *Animal Farm*. Martin Luther King's classic exploration of the events and forces behind the Civil Rights Movement—including his Letter from Birmingham Jail, April 16, 1963. "There comes a time when the cup of endurance runs over, and men are no longer willing to be plunged into the abyss of despair." In 1963, Birmingham, Alabama, was perhaps the most racially segregated city in the United States. The campaign launched by Dr. Martin Luther King, Jr., and the Civil Rights movement on the segregated streets of Birmingham demonstrated to the world the power of nonviolent direct action. In this remarkable book—winner of the Nobel Peace Prize—Dr. King recounts

the story of Birmingham in vivid detail, tracing the history of the struggle for civil rights back to its beginnings three centuries ago and looking to the future, assessing the work to be done beyond Birmingham to bring about full equality for African Americans. Above all, Dr. King offers an eloquent and penetrating analysis of the events and pressures that propelled the Civil Rights movement from lunch counter sit-ins and prayer marches to the forefront of American consciousness. Since its publication in the 1960s, *Why We Can't Wait* has become an indisputable classic. Now, more than ever, it is an enduring testament to the wise and courageous vision of Martin Luther King, Jr. Includes photographs and an Afterword by Reverend Jesse L. Jackson, Sr. Choose Right. Education policies have too often ignored how conditions outside of school can alter life chances for young people, especially

students of color, before they even reach the classroom. More recently, COVID-19 has made it impossible to overlook the needs of the whole child, both inside and outside of school. The authors assert that responding to a number of factors like air quality, housing, public health, community safety, segregation, and neighborhood conditions are essential to improving academic outcomes and student health. Our Children Can't Wait urges readers to reconsider what education policy is, what it could be, who it is for, and who should be directly shaping it at all levels of government. Experts present a new equity roadmap by bridging scholarship, ideas, and original thinking on education policy as a vehicle for setting a redemptive path forward for reckoning with race in America. Book Features: Presents a new, evidence-based blueprint for addressing persistent gaps in education opportunity through a number of interrelated social policies. Includes contributing authors from 17 organizations and universities, representing a powerful national network of scholars. Goes beyond diagnosing or identifying challenges to present solutions in the form of tools and promising models. Offers strategies for preventing more students from experiencing homelessness or entering the criminal justice system through strategic investments. Addresses timely issues that are in the hearts and minds of many key stakeholders in no small part due to the COVID-19 pandemic. FRIED GREEN TOMATOES AT THE WHISTLE STOP CAFE “It’s very good, in fact, just wonderful.”—Los Angeles Times Folksy and fresh, endearing and affecting, Fried Green Tomatoes at the Whistle Stop Cafe is the now-classic novel of two women in the 1980s: of gray-headed Mrs. Threadgoode telling her life story to Evelyn, who is in the sad slump of middle age. The tale Mrs. Threadgoode tells is also of two women—of the irrepressibly daredevilish tomboy Idgie and her friend Ruth—who back in the thirties ran a little place in Whistle Stop, Alabama, a Southern kind of Cafe Wobegon offering good barbecue and good coffee and all kinds of love and laughter, even an occasional murder. And as the past unfolds, the present—for Evelyn and for us—will never be quite the

same again. . . . CAN'T WAIT TO GET TO HEAVEN "Funny and utterly charming."—The Miami Herald It's the strangest thing. After a group of upstart humans are sentenced to hell, they develop a 100 year master plan to get more humans to hell. Their plan conceived in the late 1800's consists of a series of inventions that will provide Satan with unbelievable reach to humans. Unfortunately, the plan does not receive a warm reception in hell.

"Year - 1890 - Satan stood in his office surveying hell through the window. His concern grew as he analyzed his market reports on the number of souls arriving in hell. The results looked worse than ever...his regime was at a critical juncture at this point in history. If this flat growth in soul acquisition continued, good would reign over evil." In frustration, Satan glanced at his desk, spying the two strategic plans to boost his soul-a-meter. One plan, the safest choice, recommended continuing with the current strategies. The other plan, presented by a new addition to hell, Sal, not only had him quite confused, but the old guard of hell despised it. He contemplated his options and just wasn't sure what to do...Satan read the title of the plan, "Satan's One Hundred-Year Master Plan." He was aghast! One hundred years—wow—"Why should I wait one hundred years?" What happens to the master plan? Can Sal "win" in hell? Can Sal and Barb be together? All these questions will be answered through this unprecedented emotional ride through life in the most terrorizing existence. With the answer to the ultimate question, "what if our world is really not an accident, but rather crafted by the king of evil over 100 years ago?"

Imagine the past as our future American stage and film actress Kay Francis moved quickly from a brief run on Broadway during the late 1920s to her film debut in *Gentlemen of the Press* (1929) and the Marx Brothers film, *The Cocoanuts* (1929). Kay starred in nearly two dozen important films between 1929 and 1931, yet today she is largely forgotten, yet when author Scott O'Brien gained access to Kay's personal diaries, he discovered the woman behind the mask: Kay's compassionate nature, her concern for others, her great contributions on behalf of those serving in the armed forces during World War II, and the financial legacy she contributed to *The Seeing Eye*, an organization that trains dogs for the blind. Discover her godson's portrait of a woman who lived in the moment and generated a great deal of loving warmth, amplified by many rare unpublished photos, interviews from co-workers, friends, and family. The face behind the fame finally emerges in a complete the picture of one of Hollywood's most glamorous and intriguing stars. "I cannot tell you how thrilled I am with this book that author Scott O'Brien did on a magnificent lady that I was fortunate enough to have played her daughter in two movies . . . Mr. O'Brien's book shows what lengths he goes to substantiate his stories and facts without filling in with apocryphal tales." –Sybil Jason, author of *My Fifteen Minutes and 5 Minutes More* "A superb biography . . . a sympathetic look at a complicated woman and a talent actress. Yet while the biographer looks at his subject sympathetically, he doesn't make Kay Francis a saint. He brings forth a flesh and blood well-rounded human being with faults and foibles like everybody else, but who was essentially kind-hearted and misused by the studio in the later part of her film career. In the end Kay triumphs, and so does this well-written and researched book!" – Charles Tranbergm, author of *I Love the Illusion – The Life and Career of Agnes Moorehead*

“Extensively researched, considered, well-written. He talked to everybody. He nailed down facts, such as her real birthday—she was actually younger than some books have said—and he did right by his subject.” –Mick LaSalle, film reviewer for the San Francisco Chronicle

Don’t wait to read this picture book about three friends who are each waiting for something worthwhile—and practicing patience while they’re at it! William was waiting on his front porch. Annie was waiting in her backyard. And, in his house on the corner, Thomas was waiting, too. But what are they each waiting for? When will it arrive? These three stories of three eagerly waiting friends come together in the end, where everything—especially friends and family—is worth the wait. This epic exploration of thirteen countries takes Gandolfi across desert and over mountains, through the Amazon forest and the length of the Appalachians. Guide books may warn of thieves, bandits, corrupt police and border officials; Gandolfi writes of the remarkable kindness and generosity he encounters. Courtesy, patience and good humour are his passports while hurry is his anathema. Whether in village or city, his joy is

in leisurely conversation. Gauchos, oil workers, peasant farmers, officials, owners of vast haciendas, Venezuelan revolutionaries, students at Texas A&M - all excite his curiosity and he faithfully records their opinions while submitting his own thoughts, beliefs and fears to an often merciless inspection. Above all this is a jubilant chronicle of hope and understanding, of new friendships, glorious country, sublime architecture, good food, and ultimately, an old man's determination to surmount his years. Outrageously irresponsible and undeniably liberating, Gandolfi's travels will fire the imaginations of every traveller, young or old. This book honors the voices of African Americans of the Civil War era through their letters, inviting readers to engage personally with the Black historical experience. Amidst bloody battles and political maneuvering, thousands of African Americans spent the Civil War trying to hold their families together. This moving book illuminates that struggle through the letters they exchanged. Despite harsh laws against literacy and brutal practices that broke apart Black families, people found ways to write to each other against all odds. In these pages, readers will meet parents who are losing hope of ever seeing their children again and a husband who walks fifteen miles to visit his wife, enslaved on a different plantation. The collection also includes tender courtship letters exchanged between Lewis Henry Douglass and Helen Amelia Loguen, both children of noted abolitionists, and letters sent home by the young women who traveled south to teach literacy to escaped slaves. Roberts' expert curation allows readers to see the wider historical context. The transcriptions are accompanied by reproductions of selected original letters and photographs of the letter writers. FRESH ANGLE ON HISTORY: Roberts reframes the Civil War era by telling the story of American slavery through letters. And by

focusing on the strong bonds of love that these letters represent, she offers a deeply human and relatable version of history. AUTHORITATIVE YET ACCESSIBLE: Throughout the book, Roberts provides expert context while weaving compelling stories about the individual letter writers. Readers can connect with history directly by reading actual words from the time and seeing photographs of both the letters and the writers. NUANCED PERSPECTIVE: As Americans wake up to the complex legacy of race in this country, Roberts' book challenges a notion of a monolithic Black experience during the Civil War. BEAUTIFUL BOOK: This handsome hardcover provides an elegant presentation, complete with images throughout. While intense and often tragic, the stories carry inspiration for how to live and love through incredibly difficult times. This will make a truly meaningful addition to any book collection. Perfect for: Readers of Black history, Civil War history, and American history History students Letter writers Fans of historical letters From America's funniest golf novelist comes an eye-opening, true-life account of his corkscrew, mid-life career change predicament: for years he taught special education students who didn't necessarily want to be taught anything-much less come to school. But who ultimately teaches the teacher? Exactly, the students do. In this warm-hearted schoolhouse memoir-at sharp turns wildly hilarious, heartbreaking, and ferociously revealing, written in a hugely engaging vignette form rich in situational humor-you'll witness a teacher trying to herd cats with world-class whimsy, classroom creativity, and a wiggly rubber chicken. Bits and pieces placed together in just the right way create a collage or an assemblage. I Couldn't Wait To Tell You, a "word-assemblage," weaves together seemingly fragmented snippets from the lives of two sisters as they experience the joys and frustrations of growing up

and of parting too soon. True stories of the intense bond between sisters artfully constructed to convey their lives in mid-20th century America, *I Couldn't Wait to Tell You* is both a celebration of life and a coming to grips with death. By revealing the difficult journey towards acceptance of her sister's death, Ethyl Katz provides an intimate affirmation of the power of love and family through acute observation of the real moments which create a lifetime. Both funny and touching, *I Couldn't Wait to Tell You* is a "secret garden" for anyone interested in life and living.

Dr. King's best-selling account of the civil rights movement in Birmingham during the spring and summer of 1963. On April 16, 1963, as the violent events of the Birmingham campaign unfolded in the city's streets, Dr. Martin Luther King, Jr., composed a letter from his prison cell in response to local religious leaders' criticism of the campaign. The resulting piece of extraordinary protest writing, "Letter from Birmingham Jail," was widely circulated and published in numerous periodicals. After the conclusion of the campaign and the March on Washington for Jobs and Freedom in 1963, King further developed the ideas introduced in the letter in *Why We Can't Wait*, which tells the story of African American activism in the spring and summer of 1963. During this time, Birmingham, Alabama, was perhaps the most racially segregated city in the United States, but the campaign launched by King, Fred Shuttlesworth, and others demonstrated to the world the power of nonviolent direct action. Often applauded as King's most incisive and eloquent book, *Why We Can't Wait* recounts the Birmingham campaign in vivid detail, while underscoring why 1963 was such a crucial year for the civil rights movement. Disappointed by the slow pace of school desegregation and civil rights legislation, King observed that by 1963—during which the country celebrated the one-hundredth anniversary of

the Emancipation Proclamation—Asia and Africa were “moving with jetlike speed toward gaining political independence but we still creep at a horse-and-buggy pace.” King examines the history of the civil rights struggle, noting tasks that future generations must accomplish to bring about full equality, and asserts that African Americans have already waited over three centuries for civil rights and that it is time to be proactive: “For years now, I have heard the word ‘Wait!’ It rings in the ear of every Negro with piercing familiarity. This ‘Wait’ has almost always meant ‘Never.’ We must come to see, with one of our distinguished jurists, that ‘justice too long delayed is justice denied.’” A straightforward text featuring just 150 words and twenty-five two-page illustrations, executed in simple black line drawings with red embroidery thread, follows the emotional bond between a husband and wife, in an evocative portrait of all of life's passages.
