The purpose of this book is to fight against the lies of Satan with indisputable facts of absolute truth found only in the Word of the Lord, otherwise known as the Bible. These indisputable facts, addressed in this book, answer the following questions: Is God capable of causing His Holy Scriptures to reach us today, accurately translated from the original languages in which they were written? Is God capable of speaking into existence, out of nothing, the trillions of galaxies that make up the heavens and the universe? Is God capable of causing His absolute truth to be applicable to all of us today, thousands of years after His absolute truth was actually written? Is God capable of truly blessing the nation whose God is the Lord? Is God capable of expressing to us that which is true forgiveness? Is God capable of fulfilling His promise of eternal life? Satan's answer to all of these questions is a resounding "No, God is not capable." The research in this book details people and organizations who have offered indisputable facts that God is capable of accomplishing all of the above. It is my fervent desire to get this book into the hands of as many people as possible so that it can be used as a tool to fight the lies of Satan and, more importantly, promote the absolute truths found in the Word of the Lord, otherwise known as the Bible. It is my fervent prayer that the information and suggested actions in this book are used as tools to promote the absolute truths that God really does "bless the nation whose God is the Lord" and that the Word of the Lord, otherwise known as the Bible, is just as applicable in our lives today as it was when it was written all of those thousands of years ago. What are the purposes and priorities that really govern a theological school? What are realistic expectations of theological education? What would be the ideal theological school, and what is theological about it? Theologian David Kelsey addresses these questions and other concerns regarding

theological schooling, and offers suggestions on how to analyze and reconceive "theological schooling" in productive ways. Christians live in a culture with more questions than ever - questions that affect one's acceptance of the Bible as authoritative and trustworthy. Now, discover easy-to-understand answers that reach core truths of the Christian faith and apply the biblical worldview to a wide variety of subjects. We might believe in God's love in the abstract, but we often live our lives without experiencing it in any deep or lasting way. In this warm, engaging book, pastors Cyd and Geoff Holsclaw share personal stories and simple, clear teaching from the story of Scripture that God not only likes us and wants to be with us, he also wants to work through us to bless the whole world. Award-winning reporter and author Lee Strobel uses his investigative skills to address the primary objections to Christianity. New York Times bestselling author and Bible expert Bart Ehrman reveals how Jesus's divinity became dogma in the first few centuries of the early church. The claim at the heart of the Christian faith is that Jesus of Nazareth was, and is, God. But this is not what the original disciples believed during Jesus's lifetime—and it is not what Jesus claimed about himself. How Jesus Became God tells the story of an idea that shaped Christianity, and of the evolution of a belief that looked very different in the fourth century than it did in the first. A master explainer of Christian history, texts, and traditions, Ehrman reveals how an apocalyptic prophet from the backwaters of rural Galilee crucified for crimes against the state came to be thought of as equal with the one God Almighty, Creator of all things. But how did he move from being a Jewish prophet to being God? In a book that took eight years to research and write, Ehrman sketches Jesus's transformation from a human prophet to the Son of God exalted to divine status at his resurrection. Only when some of Jesus's followers had visions of him after his death—alive again—did anyone come to think that he, the prophet from Galilee, had become God. And what they meant by that was not at all what people mean today. Written for secular historians of religion and believers alike, How Jesus Became God will engage anyone interested in the historical developments that led to the affirmation at the heart of Christianity: Jesus was, and is, God. Parenting is a school for spiritual formation, says author Gary Thomas, and our children are our teachers. The journey of caring for, rearing, training, and loving our children profoundly alters us forever...even when the journey is sometimes a rough one. Sacred Parenting is unlike any other parenting book on the market. This is not a "how-to" book that teaches readers the ways to discipline their kids or help them achieve their full potential. Instead of a discussion about how parents change their children, Sacred Parenting turns the tables and demonstrates how God uses children to change their parents. Stepping beyond the overly-tilled soil of method books, parents can learn a whole new side of parenting. They'll be encouraged by stories

that tell how other parents handled the challenges and difficulties of being a parent—and how their children transformed their relationship with God. The lessons the author writes about are timeless. But in this edition, Thomas adds in some additional insights and stories that he’s learned and lived over the past fifteen years of his own parenting. Gary has found that the lessons have remained much the same but there are new applications for the readers in this generation who are just now coming to his book. The question of Jesus’s divinity has been at the epicenter of theological discussion since the early church. At the Council of Nicea in AD 325, the church fathers affirmed that Jesus the Son of God is “true God from true God.” Today, creeds such as this are professed in churches across the world, and yet there remains confusion as to who Jesus is. To some, Jesus is a radical prophet—nothing more than a footnote in history. To others, Jesus is the only Son of God, fully God and fully man—the author of history entering history. Is Jesus Truly God? is an accessible resource, bridging the gap between the pulpit and the pew as it traces the rich roots of creedal Christology through the Scriptures, strengthening the reader’s understanding of Jesus as fully God and fully man. Does God control everything that happens on the earth today? Most Christians believe He does. They believe God makes arbitrary decisions in the affairs of men. This idea that God is in control, often referred to as the sovereignty of God, creates significant challenges for believers today. It kills intimacy with God, causes confusion, and creates a victimhood mindset in followers of Jesus. Fortunately it’s not true. God is not controlling everything that happens today. He is not responsible for all the evil in our world. This short read exposes the Biblical truth of the matter, explains some of the problems this false idea of God creates in the lives of believers, and empowers the reader to experience God far more intimately as His children and heirs to His Kingdom. Christopher Hitchens, described in the London Observer as “one of the most prolific, as well as brilliant, journalists of our time” takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell’s Why I Am Not a Christian and Sam Harris’s recent bestseller, The End Of Faith, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope’s awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix. Information is the cornerstone of life, yet it is something people don’t often think about. In his fascinating new book, In the Beginning Was Information, Dr. Werner Gitt helps the reader see how the very presence of information reveals a Designer. Have you ever wondered if God is real? Every believer has faced this question at some time and answering it is not easy. Believers are often confronted by nonbelievers with ideas and opinions that may seem logical at first glance. This book is an attempt by the author to give evidence for the

existence of God. There is no proof of God, but there is a great deal of evidence that points toward God's existence. This book is for those who have doubted at one time or another or have been confronted by someone else who doubts. A recent string of popular-level books written by the New Atheists have leveled the accusation that the God of the Old Testament is nothing but a bully, a murderer, and a cosmic child abuser. This viewpoint is even making inroads into the church. How are Christians to respond to such accusations? And how are we to reconcile the seemingly disconnected natures of God portrayed in the two testaments? In this timely and readable book, apologist Paul Copan takes on some of the most vexing accusations of our time, including: God is arrogant and jealous God punishes people too harshly God is guilty of ethnic cleansing God oppresses women God endorses slavery Christianity causes violence and more Copan not only answers God's critics, he also shows how to read both the Old and New Testaments faithfully, seeing an unchanging, righteous, and loving God in both. Have you ever wondered if God is real? Have you asked either yourself or others, "Is God truly real?" only to never receive a definitive answer? Perhaps, you've grown up in a Christian household, or are a devout Christian, or perhaps you are a nonbeliever. But whoever you are, at your core, you do not know for sure if God is truly real. This book unlocks the truth of how real God is and how alive He is in our lives today. In this book, Pastor Ae Cha, through her personal relationship with God, shares individual testimonies revealing in detail how God answered her to prove that He indeed is real. Within the chapters of this book, she not only reveals that God is real and alive, but she also demonstrates that God is a loving and caring Father. These stories illustrate in detail how much our Heavenly Father cares and loves His greatest creation—"humanity. Each story reveals how He loves you and yearns to be in a personal relationship with you. Contained within each chapter is the revelation of how God is with you when you need a job, when you are facing severe health issues, dealing with feelings of unbelief and doubt, mistaken understandings about His character, and so much more. Within the pages of this book lies the answer of whether or not "God is Real" and the truth of His existence and never-ending love to help you in every area of life. Does God exist? This is probably the most debated question in the history of mankind. Scholars, scientists, and philosophers have spent their lifetimes trying to prove or disprove the existence of God, only to have their theories crucified by other scholars, scientists, and philosophers. Where the debate breaks down is in the ambiguities and colloquialisms of language. But, by using a universal, unambiguous language—namely, mathematics—can this question finally be answered definitively? That’s what Dr. Stephen Unwin attempts to do in this riveting, accessible, and witty book, The Probability of God. At its core, this groundbreaking book reveals how a math equation developed more than 200 years ago by noted European philosopher Thomas Bayes can be used to calculate the probability that God exists. The equation itself is much more complicated than a simple coin toss (heads, He’s up there running the show; tails, He’s not). Yet Dr. Unwin writes with a clarity that makes his mathematical

proof easy for even the nonmathematician to understand and a verve that makes his book a delight to read. Leading you carefully through each step in his argument, he demonstrates in the end that God does indeed exist. Whether you’re a devout believer and agree with Dr. Unwin’s proof or are unsure about all things divine, you will find this provocative book enlightening and engaging. “One of the most innovative works [in the science and religion movement] is The Probability of God...An entertaining exercise in thinking.”—Michael Shermer, Scientific American “Unwin’s book [is] peppered with wry, self-deprecating humor that makes the scientific discussions more accessible...Spiritually inspiring.”--Chicago Sun Times “A pleasantly breezy account of some complicated matters well worth learning about.”--Philadelphia Inquirer “One of the best things about the book is its humor.”--Cleveland Plain Dealer “In a book that is surprisingly lighthearted and funny, Unwin manages to pack in a lot of facts about science and philosophy.”--Salt Lake Tribune A common objection to belief in the God of the Bible is that a good, kind, and loving deity would never command the wholesale slaughter of nations. Even Christians have a hard time stomaching such a thought, and many avoid reading those difficult Old Testament passages that make us squeamish. Instead, we quickly jump to the enemy-loving, forgiving Jesus of the New Testament. And yet, the question doesn't go away. Did God really command genocide? Is the command to "utterly destroy" morally unjustifiable? Is it literal? Are the issues more complex and nuanced than we realize? In the tradition of his popular Is God a Moral Monster?, Paul Copan teams up with Matthew Flannagan to tackle some of the most confusing and uncomfortable passages of Scripture. Together they help the Christian and nonbeliever alike understand the biblical, theological, philosophical, and ethical implications of Old Testament warfare passages. Pastors, youth pastors, campus ministers, apologetics readers, and laypeople will find that this book both enlightens and equips them for serious discussion of troubling spiritual questions. A brief rebuttal to several points of Biblical theology by this well known debater is the subject of this booklet which is one of the authors most popular books. In conjunction with ONE PRAYER, a month-long multi-church campaign unifying many different, diverse churches nationwide, this compilation book features reflections by 17 of the best and brightest participating pastors, including Andy Stanley, Francis Chan, Jentezen Franklin, Perry Noble, Steven Furtick, and others. From devastating natural disasters to deadly highway accidents, tragedies occur every day around the world and in our own lives. As we face death, grief, loss, we become angry and our faith is tested as we ask, “Is God really in control?” Navigator author Jerry Bridges helps answer that question positively in this topical Bible study, offering comfort and hope by exploring the greater purposes and character of God. Useful for men, women, and teens, the book includes discussion questions. Jesus is Alive!--Jesus Returns to Heaven--Choosing to Belong--Tell Others--Glossary. This updated edition by one of the world's leading apologists presents a systematic, positive case for Christianity that reflects the latest work in the contemporary hard sciences and humanities. Brilliant and accessible. Over half of Americans believe in a literal heaven, in a literal hell. Most people who hold these beliefs are Christian and assume they are the age-old teachings of the Bible. Ehrman shows that eternal rewards and punishments are found nowhere in the Old Testament, and are not what Jesus or his disciples taught. He recounts the long history of the afterlife, ranging from The Epic of Gilgamesh up to the writings of Augustine, focusing especially on the teachings of Jesus and his early followers. Ehrman shows that competing views were intimately connected with the social, cultural, and historical worlds out of which they emerged. -- adapted from jacket In recent years, a number of works have appeared with important implications for the age-old question of the existence of a god. These writings, many of which are not by theologians, strengthen the rational case for the existence of a god, even as this god may not be exactly the Christian God of history. This book brings together for the first time such recent diverse contributions from fields such as physics, the philosophy of human consciousness, evolutionary biology, mathematics, the history of religion, and theology. Based on such new materials as well as older ones from the twentieth century, it develops five rational arguments that point strongly to the (very probable) existence of a god. They do not make use of the scientific method, which is inapplicable to the question of a god. Rather, they are in an older tradition of rational argument dating back at least to the ancient Greeks. For those who are already believers, the book will offer additional rational reasons that may strengthen their belief. Those who do not believe in the existence of a god at present will encounter new rational arguments that may cause them to reconsider their opinion. Andrew Farley's experience as a Christian was first characterized by self-effort as he tried to please God at any cost. His ruthless religion resulted in spiritual burnout and disillusionment with church. Only then did he discover what relaxing in Jesus means and how enjoying God's intimate presence can transform everyday life. Using a unique story-driven format, God without Religion dismantles common religious misconceptions, revealing the true meaning of being filled with the Spirit the facts about judgment, rewards, and God's discipline the simple truth behind predestination and the divisions it causes the problem with the popular challenge to "live radical" Pulling no punches, Farley shows how the truth about these controversial issues can liberate and unify believers as we discover how to rest in the unconditional love of God. Start seeing God's goodness all around you! In God is Really Good, discover that God's goodness is all around us we just need to learn how to see it! Get ready to follow Sparrow and his friends as they go on a journey to learn just how good God really is. The world can feel like a very big, scary place for kids sometimes and it can be easy to get wrapped up in its big problems but, we can rest safely knowing that that even when things worry us, God takes care of everything and that He is always good. Based on the teaching of

Pastor Bill Johnson, God is Really Good features a fun new story written by Seth Dahl, Bethel Church's children's pastor, and illustrations by Lamont Hunt. This inspiring story will help children learn to see the presence of God's goodness all around them and tell the difference between the good things that come from God and the bad things that do not. This practical guide to hearing God's voice shows how an ordinary man who was committed to hearing God and obeying Him became the founder of the largest interdenominational missions organization in the world. Loren Cunningham's dream began with a vision - waves of young people moving out across the continents announcing the Good News of Jesus Christ to the whole earth. Decades later, Loren's vision has grown into an interdenominational movement of Christians from around the world who are dedicated to presenting the Gospel to this generation. How did God move Loren's dream from vision to reality? He led Loren and his wife, Darlene, through a series of tough lessons in guidance. The exciting story of Youth With A Mission has much to teach us about the art of listening to God as we seek to be used by Him. Is That Really You, God? is not only a practical guide to hearing God's voice, but also an amazing testimony to how following His direction can impact our lives and our world for the glory of God's kingdom. International statesman and conference speaker Loren Cunningham and his wife, Darlene, are the founders of Youth With A Mission. They currently live at the YWAM University of the Nations center in Kona, Hawaii. Loren speaks and teaches internationally. His extensive missionary travels have taken him to every country on earth. Pages: 203 (paperback) Could stress be a warning signal that you're not living out your true purpose? Research studies show that 90% of all doctor visits are caused by stress. Countless statistics and basic observation demonstrate that stress has become an epidemic in our society and may well be America's #1 health problem. Ever wonder how much money you've spent attempting to medicate and eliminate the stress in your life? How has stress kept you from moving forward toward accomplishing your God-given dreams? How many years have you lost due to the claws of stress? When we are stressed, society has taught us to: sleep, eat, shop, watch TV, play video games, go to counseling, take medication, take a vacation, etc. This is like applying a band-aid to a broken bone. These solutions are temporary at best, a cheap and temporary promise of relief. Here's what's interesting. The majority of Christians, who profess to follow a supernatural God, are just as tired and stressed as the rest of the society. Doesn't that seem strange? The Bible says that Jesus came to give us abundant life. We were meant to soar on wings like eagles. We were designed to live like we were more than conquerors. Isaiah promises that those who hope in the Lord will run and not grow weary, walk and not be faint. The Bible also says that we would do greater things than Jesus did. Believe it or not, there are actually Christians out there who have gone from being stressed and exhausted to living a life of strength and supernatural peace—all by discovering and living out their one true purpose. So... how do we go from being stressed to being more than conquerors? Here is an illustration to demonstrate the answer... Two men are driving to work

one morning, each in their own car, taking the same freeway, going to the exact same job. One is angry and stressed due to the terrible traffic condition. The other is happy and relaxed, enjoying the extra time to sing worship songs and talk to the Lord. What's the difference between these two men? Their purpose. The fact is, your purpose will always determine your stress level. If you are one who lives a life of stress, could there be a chance that you have fallen for a counterfeit life purpose? Here's Michael's story of stress: For years Michael lived a life of stress. Except, he fancied himself as one who did a really good job at "managing" the stress that accompanied years in a sales career. Then Michael's life took a turn. He hit a two-year span where he moved his family five times, had four different jobs and lost thousands of dollars from a real estate venture. He also lost all of his equity from his real estate properties, got scammed from a franchise he purchased, accumulated debt and lost a loved one very close to him—all the while trying to provide for his wife and two children. In desperation, Michael lived on his knees, begging God for help. He buried himself in prayer and Bible study like he never had in the past. The main subject of his study was the subject of stress. Halfway through this dark two-year tunnel, the Lord revealed to him the counterfeit purposes that he had been living by, based on lies. Through the hardship of those two years, despair caused Michael to search for God's power and intimate love. He realized that it was one thing for him to know about his heavenly Father's love but it was another thing to believe and experience it. Michael learned that regardless of how much he wanted to get deeper in his relationship with God, he couldn't move forward unless he discovered and released the lies that had been like heavy shackles in his life. Through Scripture, the Lord taught him life's ultimate purpose and he, in response, took the plunge and immersed himself in this purpose. As Michael lived out this true purpose, he fell deeply in love with his heavenly Father. Stress unexpectedly lifted off his back. Peace and joy slowly consumed his very being. Though he was never pursuing peace and joy—he found that they came as a result of his time with God. Beyond not feeling the stress anymore, Michael noticed that there were some other significant differences in his life. Things that normally annoyed him now hardly bothered him at all. He had more energy and a love for life. Chronic illnesses disappeared right before his eyes. All of these benefits were results of Michael pursuing and living out life's true purpose. Most churchgoers today have done their best to do the right things. With a robust spirit of self-determination, they go to church, pray, read the Bible and volunteer endless hours at their church—all the while truly wanting to know how to get close to God. But this pattern of self-determination neglects to show the fruits of one who is soaring on wings like eagles. They have unknowingly embraced counterfeit life purposes—based on lies—that have resulted in stress. Based on biblical principles, proven scientific research and medical evidence, What Does God Really Want is a groundbreaking book that shines new light on the root cause of stress. In this book, you will discover: * How to identify and avoid the four most common counterfeit life purposes. * Why stress is life's great lie detector and

alarm system. * The undeniable stress-health connection. * A scientifically proven and biblical method to overcoming stress. * How to go from just knowing to finally experiencing the Father's love. * How God uses stress to direct you back to your true life purpose. * Seven practical habits for living the promised abundant life. Join Michael Trillo for a revolutionary way to look at stress and remove the lies that have prevented you from truly enjoying a loving relationship with your heavenly Father--the perfect and loving Dad that many of us have always wished and longed for. God is Really, Really Real is designed to help teach children 30 essential biblical doctrines in a creative, yet effective way. As children interact with both the picture book and doctrines, they will become better equipped to understand and confront future doubts and challenges to their faith. Depending on the developmental age of each child, you can use all or some of these helps to communicate the individual truths: With younger children, it might be a good idea to begin by talking about a specific doctrine heading like, "What are some things that God created?" For older children, you can read, discuss, and memorize each statement and its meaning like, "God has always been alive and He has created everything!" Divided into three sections (an illustrated children's book, a section on 30 doctrines, and info for parents) to help you teach the doctrinal truths of God's Word! Each of the essential doctrines has a heading, a statement, a Scripture verse, a short explanation, and an in-depth "Help Them Understand" paragraph for parents. Each concludes with some great "Tuck-in Questions" for bedtime. Invest a few moments a day and guide your child in establishing a vital foundation of biblical truth. There is nothing more precious than helping our children grow in Christ! Women desire to live well. However, living well in this modern world is a challenge. The pace of life, along with the new front porch of social media, has changed the landscape of our lives. Women have been told for far too long that being on the go and accumulating more things will make their lives full. As a result, we grasp for the wrong things in life and come up empty. God created us to walk with him; to know him and to be loved by him. He is our living well and when we drink from the water he continually provides, it will change us. Our marriages, our parenting, and our homemaking will be transformed. Mommy-blogger Courtney Joseph is a cheerful realist. She tackles the challenge of holding onto vintage values in a modern world, starting with the keys to protecting our walk with God. No subject is off-limits as she moves on to marriage, parenting, and household management. Rooted in the Bible, her practical approach includes tons of tips that are perfect for busy moms, including: Simple Solutions for Studying God's Word How to Handle Marriage, Parenting, and Homemaking in a Digital Age 10 Steps to Completing Your Husband Dealing With Disappointed Expectations in Motherhood Creating Routines that Bring Rest Pursuing the Discipline and Diligence of the Proverbs 31 Woman There is nothing more important than fostering your faith, building your marriage, training your children, and creating a haven for your family. Women Living Well is a clear and personal guide to making the most of these precious responsibilities. For the past two years, Craig

Groeschel (www.lifechurch.tv) and his church have hosted an international multi-church campaign called ONE PRAYER, a month-long concerted focus on unifying the many different, diverse churches participating by praying together and serving their local communities. In 2009, ONE PRAYER campaign attracted over 2,000 churches and over 1,000,000 church members. Many of these churches are high-profile evangelical churches with pastors who are also successful authors and speakers. The campaign continues to attract interest from more and more churches and ministries. The 2010 campaign, scheduled for June, is expected to grow by 50 percent. This compilation book features chapters by seventeen passionate church leaders, including Andy Stanley, Francis Chan, Jentezen Franklin, Perry Noble, Steven Furtick, and others. The renowned science writer, mathematician, and bestselling author of Fermat's Last Theorem masterfully refutes the overreaching claims the "New Atheists," providing millions of educated believers with a clear, engaging explanation of what science really says, how there's still much space for the Divine in the universe, and why faith in both God and empirical science are not mutually exclusive. A highly publicized coterie of scientists and thinkers, including Richard Dawkins, the late Christopher Hitchens, and Lawrence Krauss, have vehemently contended that breakthroughs in modern science have disproven the existence of God, asserting that we must accept that the creation of the universe came out of nothing, that religion is evil, that evolution fully explains the dazzling complexity of life, and more. In this much-needed book, science journalist Amir Aczel profoundly disagrees and conclusively demonstrates that science has not, as yet, provided any definitive proof refuting the existence of God. Why Science Does Not Disprove God is his brilliant and incisive analyses of the theories and findings of such titans as Albert Einstein, Roger Penrose, Alan Guth, and Charles Darwin, all of whose major breakthroughs leave open the possibility— and even the strong likelihood—of a Creator. Bolstering his argument, Aczel lucidly discourses on arcane aspects of physics to reveal how quantum theory, the anthropic principle, the fine-tuned dance of protons and quarks, the existence of anti-matter and the theory of parallel universes, also fail to disprove God. In this second edition of Lama Sabachthani, the author emphasized the perils intrinsic in faulty translation or transliteration of the Original language of the Holy Bible; phenomenon that inevitably leads to erroneous interpretation precipitating colossal implications. He showed this monumental hazard by analyzing what is claimed to be the Words of Jesus Christ on the Cross. What did He say; "lama Sabachthani" meaning "Why have You Sacrificed Me" or "Lama Azavthani" interpreted as "Why have You forsaken Me? Did anyone hear exactly what He said? The author also cast a casual spotlight on the so-called Temptation of Jesus Christ", and posed the following questions; (1), Was there really a "Temptation? And (2), Is the said "Temptation not, a Parable? The full floodlight is on the catastrophic consequences of inaccurate translations that birth grave misinterpretations and decontextualization of intended objectives of the Messiah; as in "Why have You forsaken Me". He argues robustly, almost violently that God,

did not forsake Christ, nor does He abandon anyone, at all. Bill Johnson helps answer some of your most controversial and challenging questions about the goodness of God! To build your life on the solid foundation of Gods goodness, you must be willing to ask the tough questions. Pastor Bill Johnson draws from over 40 years of ministry leadership and experience with God to Biblically answer some of your most frequently-asked questions about Gods goodness: Is God really in control of everything? Is God the same in both the Old and New Testaments? If God is good, and wants to heal people, why do people still get sick? The truth in these pages will help you answer the most important and foundational question of all: Is God really good? Do You Believe in True Love? See how God is at work in the hearts of His people—knitting together hearts in a love that forever endures. From the author of the bestselling novel The Shack and the New York Times bestsellers Cross Roads and Eve comes a compelling, conversational exploration of twenty-eight assumptions about God—assumptions that just might be keeping us from experiencing His unconditional, all-encompassing love. In his wildly popular novels, Wm. Paul Young portrayed the Triune God in ways that challenged our thinking—sometimes upending long-held beliefs, but always centered in the eternal, all-encompassing nature of God's love. Now, in Wm. Paul Young's first nonfiction book, he invites us to revisit our assumptions about God—this time using the Bible, theological discussion, and personal anecdotes. Paul encourages us to think through beliefs we've presumed to be true and consider whether some might actually be false. Expounding on the compassion fans felt from the "Papa" portrayed in The Shack—now a major film starring Sam Worthington and Octavia Spencer—Paul encourages you to think anew about important issues including sin, religion, hell, politics, identity, creation, human rights, and helping us discover God's deep and abiding love.
