(Circular E), Employer's Tax Guide - Publication 15 (For Use in 2021) Mar 05 2021 Employer's Tax Guide (Circular E) - The Families First Coronavirus Response Act (FFCRA), enacted on March 18, 2020, and amended by the COVID-related Tax Relief Act of 2020, provides certain employers with tax credits that reimburse them for the cost of providing paid sick and family leave wages to their employees for leave related to COVID-19. Qualified sick and family leave wages and the related credits for qualified sick and family leave wages are only reported on employment tax returns with respect to wages paid for leave taken in quarters beginning after March 31, 2020, and before April 1, 2021, unless extended by future legislation. If you paid qualified sick and family leave wages in 2021 for 2020 leave, you will claim the credit on your 2021 employment tax return. Under the FFCRA, certain employers with fewer than 500 employees provide paid sick and family leave to employees unable to work or telework. The FFCRA required such employers to provide leave to such employees after March 31, 2020, and before January 1, 2021. Publication 15 (For use in 2021)

The Employer's Payroll Question and Answer Book Feb 13 2022 Once upon a time payroll was pretty simple. Figure each employee's gross pay, subtract federal, state and local taxes (and possibly three or four other deductions) and write a check for the net amount. Nothing stays simple for long though -- pretty soon along came direct deposit, 401(k) plans, cafeteria plans, vehicle allowances, the Earned Income Tax Credit, garnishments, third party sick pay, paycards, and a raft of other complications. For many small companies, payroll went from taking an hour or so each pay period to a process that can consume a whole day or more. And that's just to produce the paychecks -- there are usually various files to be written and reports to be filled out as well. Unless you have an accountant or a payroll service to handle things payroll can be a very confusing, time-consuming task. For a new employer it can be frustrating just figuring out how to get started; and even employers who've been at it for a while can run into problems when new situations arise or payroll laws change. The purpose of this book is to give a quick overview of what every employer needs to know about payroll. There are a number of sources of information for employers that can provide more detailed explanations of different topics (IRS Publication 15 or "Circular E" being the most important one). Appendix A lists a few additional sources and many others can be found using internet search engines. NOTE: The information in this book deals primarily with payroll laws and practices in the United States.
