Augustine and the Art of Ruling in the Carolingian Imperial Period Aug 16 2022 The Open Access version of this book, available at <http://www.tandfebooks.com/doi/view/10.4324/9781351116022>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 licence. DOI

*<https://doi.org/10.4324/9781351116022> Published with the support of the Swiss National Science Foundation. This volume is an investigation of how Augustine was received in the Carolingian period, and the elements of his thought which had an impact on Carolingian ideas of 'state', rulership and ethics. It focuses on Alcuin of York and Hincmar of Rheims, authors and political advisers to Charlemagne and to Charles the Bald, respectively. It examines how they used Augustinian political thought and ethics, as manifested in the *De civitate Dei*, to give more weight to their advice. A comparative approach sheds light on the differences between Charlemagne's reign and that of his grandson. It scrutinizes Alcuin's and Hincmar's discussions of empire, rulership and the moral conduct of political agents during which both drew on the *De civitate Dei*, although each came away with a different understanding. By means of a philological-historical approach, the book offers a deeper reading and treats the Latin texts as political discourses defined by content and language.*

The Cambridge Intellectual History of Byzantium Jul 27 2023 This volume brings into being the field of Byzantine intellectual history. Shifting focus from the cultural, social, and economic study of Byzantium to the life and evolution of ideas in their context, it provides an authoritative history of intellectual endeavors from Late Antiquity to the fifteenth century. At its heart lie the transmission, transformation, and shifts of Hellenic, Christian, and Byzantine ideas and concepts as exemplified in diverse aspects of intellectual life, from philosophy, theology, and rhetoric to astrology, astronomy, and politics. Case studies introduce the major players in Byzantine intellectual life, and particular emphasis is placed on the reception of ancient thought and its significance for secular as well as religious modes of thinking and acting. New insights are offered regarding controversial, understudied, or promising topics of research, such as philosophy and medical thought in Byzantium, and intellectual exchanges with the Arab world.

Marija Terezija Jul 15 2022 Monografija o Mariji Tereziji se pridružuje številnim obeležitvam 300. obletnice rojstva cesarice Marije Terezije, ki so potekale v letu 2017. Vladarica je bila v preteklosti pogosto objekt znanstvenega raziskovanja, a večinoma v tujem zgodovinopisju. Slovensko zgodovinopisje se je do sedaj z njenim življenjem in vladanjem ukvarjalo sorazmerno malo.

Pričujoča monografija tako prinaša številne nove ugotovitve in nove poglede na Marijo Terezijo in njeno dobo. Pri monografiji je sodelovalo več kot dvajset priznanih raziskovalcev, večinoma iz Slovenije, nekaj pa tudi iz tujine. Izhodišče prispevkov je slovenski prostor in vplivi cesaričnih reform nanj. Te reforme so bile korenite, temeljite in dolgoročne, kar pomeni, da njihove učinke čutimo še danes, čeprav se tega morda ne zavedamo. Druga rdeča nit monografije pa je ohranjanje spomina na Marijo Terezijo na Slovenskem kot tudi v njenih nekdanjih deželah, ki so danes samostojne države (Avstrija, Madžarska, Hrvaška in Češka). Monografija je napisana pretežno v slovenskem jeziku, medtem ko so prispevki tujih avtorjev v tujem jeziku (nemško, angleško, italijansko in hrvaško) z daljšim slovenskim povzetkom.

Philoponus and the Rejection of Aristotelian Science Dec 08 2021 A substantially revised and supplemented edition of the collected volume originally published, by Duckworth, in 1987.

The Alkaloids May 13 2022 Specialist Periodical Reports provide systematic and detailed review coverage of progress in the major areas of chemical research. Written

by experts in their specialist fields the series creates a unique service for the active research chemist, supplying regular critical in-depth accounts of progress in particular areas of chemistry. For over 80 years the Royal Society of Chemistry and its predecessor, the Chemical Society, have been publishing reports charting developments in chemistry, which originally took the form of Annual Reports. However, by 1967 the whole spectrum of chemistry could no longer be contained within one volume and the series Specialist Periodical Reports was born. The Annual Reports themselves still existed but were divided into two, and subsequently three, volumes covering Inorganic, Organic and Physical Chemistry. For more general coverage of the highlights in chemistry they remain a 'must'. Since that time the SPR series has altered according to the fluctuating degree of activity in various fields of chemistry. Some titles have remained unchanged, while others have altered their emphasis along with their titles; some have been combined under a new name whereas others have had to be discontinued.

The Law of God Nov 19 2022 The law of God: these words conjure an image of Moses breaking the tablets at Mount Sinai, but the history of the alliance between law and divinity is so much longer, and its scope so much broader, than a single Judeo-Christian scene can possibly suggest. In his stunningly ambitious new history, Rémi Brague goes back three thousand years to trace this idea of divine law in the West from prehistoric religions to modern times—giving new depth to today's discussions about the

*role of God in worldly affairs. Brague masterfully describes the differing conceptions of divine law in Judaic, Islamic, and Christian traditions and illuminates these ideas with a wide range of philosophical, political, and religious sources. In conclusion, he addresses the recent break in the alliance between law and divinity—when modern societies, far from connecting the two, started to think of law simply as the rule human community gives itself. Exploring what this disconnection means for the contemporary world, Brague—powerfully expanding on the project he began with *The Wisdom of the World*—re-engages readers in a millennia-long intellectual tradition, ultimately arriving at a better comprehension of our own modernity. “Brague’s sense of intellectual adventure is what makes his work genuinely exciting to read. *The Law of God* offers a challenge that anyone concerned with today’s religious struggles ought to take up.”—Adam Kirsch, *New York Sun* “Scholars and students of contemporary world events, to the extent that these may be viewed as a clash of rival fundamentalisms, will have much to gain from Brague’s study. Ideally, in that case, the book seems to be both an obvious primer and launching pad for further scholarship.”—*Times Higher Education Supplement**

Primacy in the Church from Vatican I to Vatican II Feb 27 2021 The primacy of the bishop of Rome, the pope, as it was finally shaped in the Middle Ages and later defined by Vatican I and II has been one of the thorniest issues in the history of the Western and Eastern Churches. This issue was a primary cause of the division between the two Churches and the events that followed the schism of 1054: the sack of Constantinople by the crusaders in 1204, the

appointment by Pope Innocent III of a Latin patriarch of Constantinople, and the establishment of Uniatism as a method and model of union. Always a topic in ecumenical dialogue, the issue of primacy has appeared to be an insurmountable obstacle to the realization of full unity between Roman Catholicism and the Orthodox Christianity. In this timely and comprehensive work, Maximos Vgenopoulos analyzes the response of major Orthodox thinkers to the Catholic understanding of the primacy of the pope over the last two centuries, showing the strengths and weaknesses of these positions. Covering a broad range of primary and secondary sources and thinkers, Vgenopoulos approaches the issue of primacy with an open and ecumenical manner that looks forward to a way of resolving this most divisive issue between the two Churches. For the first time here the thought of Greek and Russian Orthodox theologians regarding primacy is brought together systematically and compared to demonstrate the emergence of a coherent view of primacy in accordance with the canonical principles of the Orthodox Church. In looking at crucial Greek-language sources Vgenopoulos makes a unique contribution by providing an account of the debate on primacy within the Greek Orthodox Church. Primacy in the Church from Vatican I to Vatican II is an invaluable resource on the official dialogue taking place between the Orthodox Church and the Roman Catholic Church today. This important book will be of broad interest to historians, theologians, seminarians, and all those interested in Orthodox-Catholic relations.

Kapelski pasijon Nov 26 2020
Pasijonska igra iz Železne Kaple je eno največjih odkritij starejšega slovenskega slovstva in slovenske dramatike zadnjih let. Rokopis, zapisan ob koncu 18. stoletja, vsebuje besedilo starejših verzij pasijona, ki izvirajo iz izgubljene slovenske jezuitske dramatike 17. stoletja. Igra obsega kar tri samostojne predstave: na Veliki četrtek dopoldan, zvečer pred Velikim petkom in na Velikonočni ponedeljek. Kapelski pasijon je poleg Škofjeloškega pasijona drugo slovensko dramsko besedilo baročne dobe, po obsegu pa je s 123 odstavki in 2.758 verzi eno najobsežnejših v slovenski dramatiki. Neznani pisec rokopisa je ob koncu 18. stoletja začetne prizore predelal, da bi pasijon rešil pred prepovedmi. Toda

v rokopis je vključil tudi nekatere odlomke najstarejše slovenske dramske tradicije, ki jih ne najdemo nikoder drugod: misterijska prizora o Materi Božji in spokorjenem Grešniku ter o tehtanju pokojnikove Duše sta prvovrstni baročni besedili, ki ju je kapelski pisec rešil in ohranil slovenski literaturi.
